BACKGROUND:

Summary

The Sheriff's Department, Aviation Unit has a 10,000-gallon double-wall, above-ground fuel storage tank located at the Hemet-Ryan Airport and a 12,000-gallon double-wall, above-ground fuel storage tank located at Thermal Aviation Hangar. An average of 130,000 gallons of Jet-A aviation fuel is consumed per year by the Sheriff's Department. For Sheriff's Department aircraft to continuously operate, jet fuel must be delivered approximately every two to three weeks.

Impact on Residents and Businesses

Approval of this Agreement will enable the Sheriff's Department Aviation Unit to continue operations for the safety of the residents and businesses within Riverside County.

SUPPLEMENTAL

Contract History and Price Reasonableness

The Purchasing Department, on behalf of the Sheriff's Department, issued a Request for Quote (RFQ) SHARC-475 for Jet-A aviation fuel. The RFQ was posted publicly, and six (6) vendors were notified of the bid, with one vendor submitting a bid response to the RFQ. The bid response was reviewed and evaluated based on the criteria outlined in the RFQ requirements, discounts offered, and overall cost to the County.

EPIC Aviation, LLC was determined to be the lowest most responsive and responsible bidder and it is therefore recommended that an inclusive contract be awarded to EPIC Aviation, LLC for Jet-A aviation to all Sheriff Aviation fuel storage tank locations. EPIC Aviation, LLC shall also make quarterly inspections of each fuel storage tank to assure the safety of operation and adherence to all County and State regulations.

23.2 Any waiver by COUNTY of any breach of any one or more of the terms of this Agreement shall not be construed to be a waiver of any subsequent or other breach of the same or of any other term of this Agreement. Failure on the part of COUNTY to require exact, full, and complete compliance with any terms of this Agreement shall not be construed as in any manner changing the terms or preventing COUNTY from enforcement of the terms of this Agreement.

23.3 In the event the CONTRACTOR receives payment under this Agreement, which is later disallowed by COUNTY for nonconformance with the terms of the Agreement, the CONTRACTOR shall promptly refund the disallowed amount to the COUNTY on request; or at its option the COUNTY may offset the amount disallowed from any payment due to the CONTRACTOR.

Any legal action related to the performance or interpretation of this Agreement shall be filed only in the Superior Court of the State of California located in Riverside, California, and the parties waive any provision of law providing for a change of venue to another location. In the event any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions will nevertheless continue in full force without being impaired or invalidated in any way.

23.12 This Agreement may be executed in any number of counterparts, each of which will be an original, but all of which together will constitute one instrument. The Parties agree to the use of electronic signatures, such as digital signatures that meet the requirements of the California Uniform Electronic Transactions Act (“CUETA”) Cal. Civ. The Parties further agree that the electronic signatures of the parties included in this Agreement are intended to authenticate this writing and to have the same force and effect as manual signatures. EXHIBIT "A"
SCOPE OF SERVICE

1. As used herein, whenever the following word/phrases occur in this Agreement, they have the following meaning:
 - a. **Jet-A Aviation Fuel:** Shall mean a narrow cut, kerosene type of fuel, produced to an ASTM specification and normally only available in the U.S.A. It has the same flash point as Jet A-1 fuel but a higher freeze point maximum (-40 deg. C). It is supplied against the ASTM-D-1655 (Jet A) specification.
 - b. **LA PLATTS Weekly Mean Index:** Fuel pricing should be based on the LA Platts Weekly Mean. This is the most widely accepted fuel price benchmark price by the world to buy and sell U.S. gasoline, diesel, LP-gas, jet fuel, crude, propane, kerosene, MTBE, etc. The LA Platts Weekly Mean Index remains completely unbiased and independent, and has no stake in fuel transactions.
2. The CONTRACTOR will be required to deliver full tanker truckload quantities of Jet-A Aviation Fuel to the Riverside COUNTY Sheriff's Department, Aviation Division and dispense into a 10,000 gallon (Bryant UL 142) double-wall, aboveground fuel storage tank located at the Hemet-Ryan Airport (HMT or KHMT) and dispense into a 12,000 gallon (Modern Welding Company, model no. 88X89X357) double-wall, aboveground fuel storage tank located at Thermal Aviation Hanger.
3. The estimated annual usage of Jet-A Aviation Fuel is 130,000 gallons per year. Since it is desired to maintain full truckload deliveries of 7,000 to 8,000 gallons, the frequency of deliveries will be approximately every 2 to 3 weeks. The quantities listed in this Agreement are annual estimates based on past usage and are not to be construed as commitment. No minimum or maximum usage amount is guaranteed or implied.

The Riverside COUNTY Sheriff's Department, Aviation Division will order/use non-major brand Jet-A Aviation Fuel only, unless an emergency exists.

4. The CONTRACTOR will be required to provide the following related additional services:
 - a. **Fuel Storage Tank Inspections:** The fuel provider shall make quarterly inspections of each fuel storage tank to assure safety of operation and adherence to all COUNTY and State regulations. The inspections will be scheduled with Sheriff personnel and accomplished by EPIC Fuels regional managers at **no additional cost to the COUNTY**. The Riverside COUNTY Sheriff's Department, Aviation Division shall be formally notified, in writing, by the fuel provider of the outcome of each inspection and the possible need for repairs, etc., should they become necessary. This includes providing and/or replacing signage for the tanks that are required by state/federal law.
5. The CONTRACTOR will be required to comply with the following pricing and invoicing requirements:

- a. Price: The price for Jet-A Aviation Fuel shall be based on Platts Los Angeles Jet Mean, prior week average plus a fixed differential of \$.20548 per gallon plus taxes. The Fixed Differential Cost includes the “mark-up” or “mark-down” and the transportation cost (F.O.B. Destination) to the locations indicated in Section 13.0 (Delivery/Site Locations).
 - b. Invoices and Contract Price: Invoices shall indicate the LA Platts Jet Fuel Report, Los Angeles – Average Rack Price on the day of delivery (keeping in mind that this is a full truck-load delivery) and the Fixed Differential Cost. Upon request by COUNTY, the CONTRACTOR shall provide a copy of the LA Platts Jet Fuel Report for the delivery day indicated. The COUNTY is exempt from Federal Excise Tax.
6. In addition to all the insurance requirements contained in the General Conditions (#116-200 – General Conditions) of this Agreement, the CONTRACTOR will be required to comply with the following insurance requirement and safety regulations:
- a. Pollution Liability Insurance: Contractor shall provide and maintain Pollution Liability Insurance coverage that shall not be less than \$1,000,000 per occurrence, per accident. The Policy shall name the COUNTY as an additional insured.
 - b. The Contractor shall comply with all air pollution control, water pollution, health, and safety ordinances, statutes, or regulations that apply to performance under the resultant contract.
 - c. The Contractor shall comply with all requirements of the Occupational Safety and Health Administration (OSHA) standards and codes as set forth by the U.S. Department of Labor and the State of California (Cal/OSHA).
