We invite you to visit, learn and network in our renowned and historic community centrally located between the mountains and the Pacific Ocean. Riverside's motto, "Seizing Our Destiny", is an excellent example as to why the City of Riverside was named the 2012 Intelligent Community of the Year by the International Intelligent Community Forum. This prestigious group studies the economic and social development of cities worldwide in the 21st century. We are also known for our title "City of Arts and Innovation." One only need visit our charming and historical, yet modern city, to know how it feels to be "a Riversider." We invite you to share in our destiny, as we help you fulfill yours, to have an outstanding 20th anniversary conference.

Riverside is the largest city in Riverside County, with a population of well over 300,000 and covering nearly 100 square miles of land. Riverside is home to numerous historic buildings, including the Old Historic Courthouse and the Historic Fox Theater, where the original *Wizard of Oz* and *Gone with the Wind* movies premiered. The Theater, which is within walking distance of the downtown hotels and Riverside Convention Center, currently hosts top-rate live shows. There are several museums and other entertainment venues within walking distance of the hotels, as well as many restaurants for an excellent dining experience. In addition, the downtown area is only a 45-minute drive to Disneyland, Knott's Berry Farm, and Palm Springs, which is known for its lavish golf courses. For those seeking coastal adventure, "Surf City" Huntington Beach, Laguna Beach, and Newport Beach, are easily accessible by automobile and all offer an abundance of entertainment, dining, and shopping locations.

Working closely with the Riverside Convention and Visitors Bureau, we have proposed a tentative schedule for your conference. An example of our combined efforts can be found in the sample brochure titled "Bridging the Distance Between Community and Police." Please refer to the
