BACKGROUND

The City of Riverside Fire Department is currently under the purview of the 2017-2022 Strategic Plan. In order to continue momentum, the Department has embarked upon a **2023-2028 Strategic Plan planning process**. This process has ensured - and will continue to ensure - that the Department provides a high-level of emergency services as well as better understands and addresses current and emergent organizational needs.

The overall objective of the process is to discover how to tailor Fire Department services to satisfy the changing needs of Riverside residents while aligning with the City's 2025 Strategic Plan, Envision Riverside, and the 10th Edition Commission on Fire Accreditation International Accreditation Model.
