IN NOVEMBER ALZHEIMER'S DISEASE AND CAREGIVERS ARE RECOGNIZED

- Alzheimer's is a type of Dementia. Dementia is the umbrella term.
- Alzheimer's is on the rise throughout the world.
- Worldwide, at least 55 million people are believed to be living with Alzheimer's disease or other dementias.
- 46,000 in Riverside County
- If breakthroughs are not discovered, this number will almost double every 20 years, reaching 78 million in 2030 and 139 million in 2050.
- In the time it takes to read this sentence out loud, another person somewhere in the world has been diagnosed with dementia. Every 3 seconds, someone in the world develops dementia.
