TEAM SCORES EXPLAINED

Category	Possible Score	ASR
Development Narrative/Details	40	33

ASR presented a very detailed plan with specific site map and clear vision of the proposal, including expected job creation, visitor count, along with renderings of the concepts. Team included members with Olympic competition experience and expertise and provided detailed overview of adventure park elements.

36

RiversideCA.gov

TEAM SCORES EXPLAINED

Category	Possible Score	ASR
Development Experience	30	20

Both were found to have deep experience, although not in all aspects:

ASR has deep experience developing and operating outdoor adventure parks, with former Olympians and current international sports figures on the team to ensure top quality outdoor park is developed. They team with retail, housing, and hotel developers who are experienced but not as experienced as Lewis or the ASR sports team.

37

RiversideCA.gov

TEAM SCORES EXPLAINED

Category	Possible Score	ASR
Financial Capacity/Audits	20	9

ASR was found to have a large portfolio of interested investors including a letter of interest from an experienced developer for the Single-Family Market Residential development. Financing consists of traditional commercial lending. ASR presented a stronger revenue generating plan, necessary for long-term maintenance and upkeep of facilities without City contribution.

38

RiversideCA.gov

TEAM SCORES EXPLAINED

Category	Possible Score	ASR
Project Timeline	10	7

ASR has a solid timeline for development, particularly for the outdoor adventure center to meet Olympic timelines. ASR committed to moving forward with housing, retail and hotels at roughly the same time, although a month-by-month schedule was not provided.
