# OUTREACH

## Create and Developing

Working on publication/outlets on what appropriate definition about Deaf and being a Deaf citizen to all city's governmental media, website, social media, publications.

**Key Performance ~Transparency~**

Effective Deaf stakeholders (community's and Deaf citizens) engagement factors in key performance. The strong and positive impact of Deaf citizens (20%) were in measurable and not that measurable from effective strategic objectives and priorities are being achieved. City staff have full-time support at the City Hall building.

**Stakeholder Engagement**

Effective Deaf stakeholders (community's and Deaf citizens) engagement factors in key performance. The strong and positive impact of Deaf citizens (20%) were in measurable and not that measurable from effective strategic objectives and priorities are being achieved. City staff have full-time support at the City Hall building.

**Vision Statement**

A strong vision statement encapsulates the aspirational goals of the government, guiding strategy-making and ensuring public health. It articulates the best possible for public welfare, safety and awareness.

# Create and Developing

Working on publication/outlets on what appropriate definition about Deaf and being a Deaf citizen to all city's governmental media, website, social media, publications.

# Vision Statement

A strong vision statement encapsulates the aspirational goals of the government, guiding decision-making and inspiring public support. It articulates the best possible for public welfare, safety and awareness.

# Key Performance ~Transparency~

## RECOMMENDATIONS

That the City Council:

1. Introduce and subsequently adopt an Ordinance of the City of Riverside, California establishing a Commission of the Deaf by amending Title 2 of the Riverside Municipal Code by adding Chapter 2.100 to advise the City Council on matters affecting members of the deaf community; and
2. For inaugural appointments only, assign one youth ex officio seat to a one-year term through March 1, 2024; assign Ward seats 1, 5, and 7, one Ward 3 seat, one Citywide seat, and one youth ex officio seat to a two-year term through March 1, 2025; and assign Ward seats 2, 4, and 6, one Ward 3 seat, and two Citywide seats to a four-year term through March 1, 2027.

13

RiversideCA.gov

City of Riverside

Effective Deaf stakeholders (Commissioners and/or Deaf citizens) engagement fosters in Key Performance~  
\*ASL Interpreter(s) and/or Certified Deaf Interpreter (CDI) serve as measurable values that demonstrate how effectively strategic objectives and productive are being achieved. City shall have full-time employee(s) at the City Hall building. \*

# Stakeholder Engagement

Effective Deaf stakeholders (Commissioners and/or Deaf citizens) engagement fosters collaboration and inclusivity in governmental planning. Soliciting feedback and involving diverse community voices enhances transparency and policy relevance.

## The GPAC is...

- An ad-hoc **advisory body** to decisionmakers
- A corps of **plan ambassadors**
- A vehicle for **broader outreach**
- Representative of diverse **points of view** and experiences
- Inclusive of all types and levels of **expertise**
- Critical to make the project team aware of **issues and priorities**
- A **two-way channel** for information

# Timeline: Short/Mid/long terms

## Short-term Milestones

1. Establish a Deaf community center in the capital city of the country.
2. Establish a Deaf community center in the capital city of the country.
3. Establish a Deaf community center in the capital city of the country.
4. Establish a Deaf community center in the capital city of the country.
5. Establish a Deaf community center in the capital city of the country.

## Mid-term Goals

Within the next 5 years, the Deaf community center will have established a strong presence in the capital city of the country, and will have established a strong presence in the capital city of the country.

## Long-term Vision

Within the next 10 years, the Deaf community center will have established a strong presence in the capital city of the country, and will have established a strong presence in the capital city of the country.

## Monitoring and Evaluation

1. Regular monitoring and evaluation of the center's activities.
2. Regular monitoring and evaluation of the center's activities.
3. Regular monitoring and evaluation of the center's activities.
4. Regular monitoring and evaluation of the center's activities.
5. Regular monitoring and evaluation of the center's activities.

## Short-term Milestones

In the next 6-12 months, key milestones include finalizing policy drafts, initiating community engagement guidelines, and allocating initial grants/budgets. These milestones lay the groundwork for achieving larger goals and keeping stakeholders informed.

- 1- MasterPlan 2030
- 2- Media accessibilities
- 3- ASL Interpreters -onsites; contracts; Videophones;
- 4- Live meetings accessible for the Deaf
- 5- Ongoing Outreach (in public; inside City Hall employees)

# Mid-term Goals

Over the next 1-3 years, mid-term goals focus on the implementation of community awareness programs to all city services/safety/programs, by increasing resources about Deaf awareness through Media/publications and survey. On-going major infrastructure projects with new annex, equipment, devices, and other details. These goals are critical for measuring progress toward the long-term vision.

# Long-term Vision

The 5-15 year long-term vision aims to achieve sustainable community development with measurable success indicators. This vision includes fostering better communications, more awareness resources, hiring, strong programs for Deaf community center, deaf low income housing, jobs and Deaf businesses with economic growth enhancing residents' quality of life through integrated City's open communication and policies.

# Monitoring and Evaluation

Regular monitoring and evaluation processes will occur throughout the implementation phase, utilizing data collection and feedback loops. This strategy ensures accountability and allows for adjustments based on real-time performance metrics.

- 1- Survey with Video inserted
- 2- Roundtable sessions
  - a- City Hall
  - b-Community-wide
- 3- Host several special events

# Challenges and Solutions

## Identifying Obstacles

Common obstacles include budget constraints, political opposition, and limited public participation. Identifying these obstacles early allows for proactive problem-solving and adjustment in the implementation stage.

## Risk Management Strategies

Risk management involves identifying potential risks to the project and developing strategies to mitigate them. This includes regular communication, transparency, and contingency planning.

## Collaborative Approaches

Collaboration with local organizations, stakeholders, and the public fosters a shared commitment to common goals. Engaging diverse perspectives often leads to innovative solutions and increased support for the project.

## That sums it up..

Effective implementation requires a combination of clear communication, proactive risk management, collaborative approaches, and robust feedback mechanisms. By addressing these key areas, projects can overcome obstacles and achieve their goals.

## Feedback Mechanisms

Establishing robust feedback mechanisms, both at local and global levels, promotes transparency and accountability. This allows for continuous improvement and adjustment of strategies based on community input and needs.

# Identifying Obstacles

Common obstacles include budget constraints, political opposition, and outdated policies that hinder progress. Recognizing these barriers early enables proactive solutions and adjustments to the governmental plan.....

# Risk Management Strategies

Effective risk management involves identifying potential risks through data analysis and scenario planning. Implementing mitigation strategies ensures that projects remain on track despite unforeseen challenges. Hard evidences and neglences are the challenges for the Deaf communities to pursue the goals.

# Collaborative Approaches

Collaboration with local organizations, stakeholders, and the public fosters a shared commitment to common goals. Engaging diverse perspectives often leads to innovative solutions and increased support for initiatives.

# Feedback Mechanisms

Establishing robust feedback mechanisms, such as surveys and public forums, promotes transparency and accountability. This allows for continual improvement and adjustment of strategies based on community input and needs.

# That sums it up..

## **Action Plan:**
