WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the California Legislature and signed into law by the Governor in April 2017 in order to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure the residents of the City of Riverside are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, the City of Riverside must adopt by resolution a list of all projects proposed to receive funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the City of Riverside has undergone a public process to ensure public input into this community's transportation priorities/the project list; and

WHEREAS, the City of Riverside used a Pavement Management Plan to develop the SB 1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the communities priorities for transportation investment; and

1 WHEREAS, the funding from SB 1 will help the City of Riverside maintain and rehabilitate  
2 multiple streets/roads and add/improve active transportation infrastructure throughout the City as  
3 identified and described in Exhibit A hereto and incorporated herein; and

4 WHEREAS, the 2018 California Statewide Local Streets and Roads Needs Assessment found

7 WHEREAS, the SB 1 project list and overall investment in our local streets and roads  
8 infrastructure with a focus on basic maintenance and safety, investing in complete streets
