RE: FFY 2017 – FFY 2019 SNAP-Ed Funding

Dear Project Director:

This letter is to notify you that the County of Riverside Department of Public Health, Nutrition Education and Obesity Prevention (NEOP) program anticipates receiving additional carry-in funds from Federal Fiscal Year (FFY) 2017 to be available in FFY 2018; October 1, 2017 through September 30, 2018. The additional funding is contingent on final approval from the California Department of Social Services and the United States Department of Agriculture, Western Regional Office.

Please plan ahead and anticipate FFY17 carry-in in your FFY18 allocation:

FFY18 budget:	\$ 460,152.00
FFY 17 carry-in funds:	69,023.00
FFY 18 budget with carry-in funds:	\$ 529,175.00

Your grant agreement between the County of Riverside Department of Public Health and your agency will not require an amendment, at this time for the additional funds as the overall agreement total outlined in your three year grant agreement (October 1, 2016 through September 30, 2019) has not increased.

Please contact Lisa Lin or Rosie Lozoya directly with any questions.

Sincerely,

A handwritten signature in blue ink that reads "Gayle Hoxter".

Gayle Hoxter, Branch Chief
Nutrition Services and Health Promotion Branch

cc: Michael Osur, Assistant Director
Lucy Aldana, Administrative Services Officer

Sarah S. Mack, M.P.H., Director

Cameron Kaiser, M.D., Public Health Officer
