Applicants receiving a federal award subject to BABAA requirements may not use federal financial assistance funds for infrastructure projects unless:

(a) All iron and steel used in the project are produced in the United States – this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;

(b) All manufactured products used in the project are produced in the United States – this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and
(c) All construction materials are manufactured in the United States – this means that all manufacturing processes for the construction material occurred in the United States.

The "Buy America" preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. It does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a "Buy America" preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

Per section 70914(c) of BABAA, FEMA may waive the application of a "Buy America" preference under an infrastructure program in certain cases.

On July 1, 2022, OMB approved FEMA's General Applicability Public Interest Waiver of the BABAA requirements to be effective for a period of six months, through January 1, 2023. Applicants will not be required to follow the BABAA requirements for FEMA awards made, and any other funding FEMA obligates, during this waiver period. For any new awards FEMA makes after January 1, 2023, as well as new funding FEMA obligates to existing awards or through renewal awards where the new funding is obligated after January 1, 2023, Applicants will be required to follow the BABAA requirements unless another waiver is requested and approved.

40. Advancing Effective, Accountable Policing and Criminal Justice Practice to Enhance Public Trust and Public Safety

The Applicant must comply with the requirements of section 12(c) of Executive Order 14074. The Applicant is also encouraged to adopt and enforce policies consistent with Executive Order 14074 to support safe and effective policing.
