DISCUSSION CALENDAR

MID-YEAR BUDGET, FISCAL YEAR 2024-2025 AND UPDATE FISCAL YEAR 2025-2026

Administrative Services Manager Mayra Ocampo presented on the Department Mid-Year Budget for Fiscal Year 2024-2025 and an Update on Fiscal Year 2025-2026.

Commissioner Dawson asked if the higher number of activities in May does increase the revenue, will it cover the shortfall of the estimated budget from the current budget.

Administrative Services Manager Ocampo stated that April and May have the higher numbers to help, when reports are being run not everything is input into the system by the end of the month.

Commissioner Dawson asked if the difference would close the shortfall.

Administrative Services Manager Ocampo stated that it does.

Commissioner Dawson asked if it is part of Parks' purview to provide landscape maintenance for the Special District Communities.

Deputy Director Anthony Zamora stated that the Special District Fund is where Homeowner Associations (HOA) put funds into accounts that are used for common maintenance areas such as parks, playgrounds and pools.

Commissioner Dawson asked if this is done under contract.

Deputy Director Zamora stated there are agreements with the HOA's to perform maintenance.

Commissioner Dawson asked what is the Special Capital Improvement Fund.

Director Pamela Galera stated that it is developer fees that are used to pay off bonds from the renaissance.

At this time, a Public Comment from an online caller was taken. Resident of La Sierra, Alfredo Poledo, Parks and Playground Consultant, talked about services he can offer the Department.

Commissioner Dawson asked what stage the department is in regarding the goal of installation of three pool heaters.

Deputy Director Zamora stated that heaters have been installed at Hunt and Villegas Parks, and one currently being installed at Reid Park.

Commissioner Dawson asked what type of heaters were installed.

Deputy Director Zamora stated a standard gas heater.

Commissioner Dawson asked why we are still installing natural gas units.

Deputy Director Zamora stated that buildings have limited space. There was not sufficient room to install heat pumps. Time and budget did not allow the buildings to expand.

A motion was made to accept the report on the Department Mid-Year Budget for Fiscal Year 2024-2025 and an Update on Fiscal Year 2025-2026.

Motion: Forbes
Second: Johnson
Ayes: All
