ELEVENTH STREET – REMOVAL OF PREFERENTIAL PARKING ZONES

The Public Works Department received a petition from eighty-eight percent (88%) of residents (15 of 17 residents) within the established No Parking Any Time and Timed No Parking Preferential Parking Zones (PPZs) on Eleventh Street between Redwood Drive and Pine Street requesting removal of the PPZs. Residents indicate that the existing PPZs were established years ago to address outside source park patron parking from nearby Mt. Rubidoux Park, which is no longer a concern since Ryan Bonaminio Park parking lot was constructed and provides alternative parking options to park patrons/hikers. Additionally, residents indicate that the PPZs pose an inconvenience by limiting their ability to host guests and move their vehicles within the neighborhood and that they do not wish to pay for PPZ permit applications, which are priced at \$42 per household for a three-year period. No one spoke regarding the matter.

Following discussion, it was moved by Vice Chair Madary and seconded by Member Cason to approve staff recommendation. The motion was carried unanimously, with Chair Bulinski, Board Members Loza, and K. Brown voting yes.
