- Requests/Notes from the June 15, 2022 Meeting:
 - **Commissioner Iverson provided advanced notice that he would not be attending this meeting due to a pre-planned personal item**
 - CalFire Regional Urban Forester Greg Dion highly recommended that the City brings on a consultant to assist with the process. Planit GEO was recommended to reach out to.
 - CalFire Regional Urban Forester Greg Dion highly recommended the City hosts its own in-house database and not be reliant on contractors.
 - CalFire Regional Urban Forester Greg Dion stated that the CalFire grants are expected to be out in late Fall. He will be sending over past guidelines for us to review. **Please see attached**.
 - CalFire Regional Urban Forester Greg Dion highly recommended reaching out to consultants to help with the grant writing and submissions.
 - It was noted that greenery/trees outside hospital windows helps to improve recovery time. Kaiser Hospitals provide such areas.
 - Advertise/provide public service announcements about our urban forest at the Plaza, Galleria. Canyon Crest Town Center, Pandora.
 - Item to be Worked on from Request from the Land Use/Sustainability/Resilience Committee: Research ways of providing advanced notice to area residents when trees are being removed. It was recommended by the Commissioners to reach out to other City's on what they do, specifically City of Claremont. Please see attached Tree Policy Manual for the City of Claremont.
- Review of Current Draft of Urban Forestry Policy Manual
 - See Attached.
 - Any current comments/recommendations?
- Follow-Up:
 - Envision Riverside 2025 Strategic Plan Action 4.6.2 Update Urban Forestry Policies to Select Tree Species that Maximize Carbon Sequestration and Building Energy Reduction Potential. Street Trees Recommended for Southern California Book.

- Requests from the Land Use/Sustainability/Resilience Committee for the Ad-Hoc Committee to Explore:
 - Research ways of providing advanced notice to area residents when trees are being removed.
 - Research ways of planting new trees before trees are removed to help maintain continuity of the urban forest in neighborhoods
 - Work with additional community groups throughout the City (Riverside Neighborhood Partnership, Green Belt area)
 - Provide public outreach on the benefits and assets of the urban forest
 - Establish the difference between public and private trees
- Other Considerations for Updating the Manual:
 - Update the Cover
