Concilio Child Development Centers

Is a non-profit agency serving low-income families since 1980. Concilio is funded by California State Department of Education and provides Early Care and Education to children 3-5 years of age.

Mission Statement

Concilio's mission is to create a safe, healthy learning environment contributing to the development of self-esteem, independence and self-confidence for the children and families of our community.

Services

Are based on income "eligibility" and "need" guidelines put forth by the California State Department of Education. Family "need" includes employment, seeking employment, or enrolled in a vocational training program.

Our Program

Believes that children learn best from direct and personal exploration of the environment. Classrooms are multi-aged grouped preschool setting that provides continuity of care for children.

Staff

Are dedicated to meeting the needs of the whole child. Each teacher maintains a permit from the State of California on Teacher Credentialing. Staff are provided with professional development and training opportunities to keep them abreast of current knowledge.

Parent Involvement

The parent is the child's first teacher. There are many opportunities for parents to be involved in their child's education.

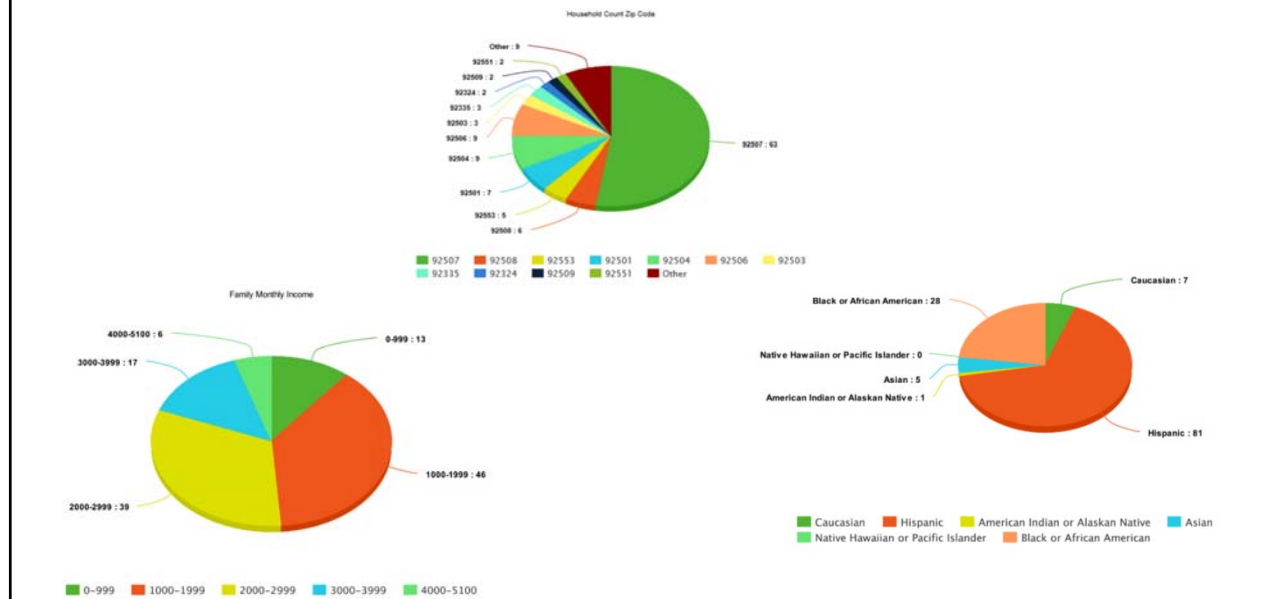

Nutrition and Physical Activity

Is an important component to our daily program. Our childcare facility complies with the County of Riverside Department of Public Health NAPP SACC Certification requirements. Children are served a nutritious breakfast, lunch, and afternoon snack. Standard physical activities are incorporated into the curriculum.
