

1 RESOLUTION NO.

2 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RIVERSIDE,  
3 CALIFORNIA, ENACTING AND IMPLEMENTING STAGE ONE OF THE  
4 CITY'S WATER CONSERVATION PROGRAM AS SET FORTH IN  
RIVERSIDE MUNICIPAL CODE CHAPTER 14.22. AND REPEALING  
RESOLUTIONS 22854 AND 22983.

5 WHEREAS, the City of Riverside ("City") owns and operates a water utility providing its  
6 residents with potable and non-potable water taken from local groundwater supplies, and has done so  
7 since 1913; and

8 WHEREAS, California endured six years of significant drought and severe impacts to  
9 California's water supplies and its ability to meet all of the demands for water in the State; and

10 WHEREAS, on April 1, 2015, Governor Brown issued Executive Order B-29-15, directing the  
11 Water Board to adopt emergency regulations "to achieve a statewide 25% reduction in potable urban  
12 water usage;" and

13 WHEREAS, SWRCB Resolution 2016-0007, adopted February 2, 2016, imposed statewide  
14 conservation for the period March 2016 through October 2016; and

15 WHEREAS, despite its adequate water supply and progressive water conservation policies, the  
16 City earnestly conserved water in accordance with the Governor's and SWRCB's directives; and

17 WHEREAS, to comply with the SWRCB's emergency regulations and the Governor's  
18 Executive Order B-36-15, on June 16, 2015, the City Council resolved to enact Stage Three of the  
19 City's Water Conservation Ordinance, as set forth in Riverside Municipal Code section 14.22, with  
20 Resolution 22854, which was extended by Resolution 22983 on March 22, 2016, expiring on  
21 November 7, 2016; and

22 WHEREAS, following a winter of improved water supply and conditions, on May 9, 2016,  
23 Governor Brown issued Executive Order B-37-16 calling on the SWRCB to adjust emergency water  
24 conservation regulations through the end of January 2017 in recognition of differing water supply  
25 conditions across the state; and

26 WHEREAS, pursuant to Executive Order B-37-16, the SWRCB proposed regulations to be  
27 considered on May 18, which would require individual urban water suppliers such as the City to self-  
28 certify the level of available water supplies they have assuming three additional dry years, and the

1 level of conservation necessary to assure adequate supply over that time; and

2 WHEREAS, the proposed regulations no longer require that urban water suppliers implement  
3 all requirements and actions of the stage of its water shortage contingency plan that imposes mandatory  
4 restrictions on outdoor irrigation of ornamental landscapes or turf with potable water; and

5 WHEREAS, given the improved water supply and conditions, and the regulations resulting  
6 therefrom, staff recommends that Stage One of the City's Water Conservation Ordinance, as set forth  
7 in Riverside Municipal Code section 14.22, be enacted and implemented by the City Council.

8 NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Riverside,  
9 California, based upon the foregoing facts, the staff report and other evidence submitted by staff, as  
10 follows:

11 Section 1. The City Council hereby determines that the State of California no longer orders  
12 it to implement Stage Three of its Water Shortage Contingency Plan, as set forth in Riverside  
13 Municipal Code Section 14.22.040, and therefore repeals Resolutions 22854 and 22983, and declares  
14 that Stage One is hereby enacted and implemented.

15 Section 2: This resolution and all related approvals and actions, is not subject to or exempt  
16 from the California Environmental Quality Act ("CEQA") for the following reasons: The SWRCB,  
17 at the direction of the Governor, has issued emergency regulations directing the City to enact the  
18 matters in this resolution. It is not a discretionary project. According to section 15002(i) of Title 14  
19 of the California Code of Regulations (the "State CEQA Guidelines"), "[w]here the law requires a  
20 governmental agency to act on a project in a set way without allowing the agency to use its own  
21 judgment, the project is called "ministerial," and CEQA does not apply." State CEQA Guidelines  
22 section 15369 "describes a governmental decision involving little or no personal judgment by the  
23 public official as to the wisdom or manner of carrying out the project" as not being discretionary. This  
24 resolution, and all related approvals and actions, as a modification of the City's UWMP, is exempt  
25 from CEQA under State CEQA Guidelines section 15282(v) which exempts "[t]he preparation and  
26 adoption of Urban Water Management Plans pursuant to the provisions of Section 10652 of the Water  
27 Code." Water Code section 10652 provides that "[CEQA] does not apply to the preparation and  
28 adoption of plans pursuant to this part or to the implementation of actions taken pursuant to Section  
10632." This resolution, and all related approvals and actions, is exempt as an emergency. Public

Resources Code section 21080(b)(4) exempts from CEQA “[s]pecific actions necessary to prevent or mitigate an emergency.” This resolution is exempt as a necessary act following the Governor’s April 25, 2014 executive order, which suspended CEQA’s application to the SWRCB’s adoption of emergency regulations pursuant to Water Code section 1058.5 to prevent the waste, unreasonable use, unreasonable method of use, or unreasonable method of diversion of water, to promote water recycling or water conservation.

Section 3: This resolution shall take effect immediately.

ADOPTED by the City Council this \_\_\_\_ day of \_\_\_\_\_, 2016.
