# City Council Memorandum

*City of Arts & Innovation*

**TO: HONORABLE MAYOR AND CITY COUNCIL** **DATE: MAY 11, 2021**

**FROM: AL ZELINKA** **WARDS: ALL**

**DIRECTOR OF EMERGENCY SERVICES**

**SUBJECT: RATIFY THE REVISED ORDER OF THE DIRECTOR OF EMERGENCY SERVICES FOR OUTDOOR DINING, SERVICE USES AND RETAIL**

## **ISSUES:**

Ratify the Revised Order of the Director of Emergency Services for Outdoor Dining, Service Uses and Retail due to the County of Riverside moving into the Orange (Moderate) Tier of California's Blueprint for a Safer Economy on April 7, 2021.

## **RECOMMENDATIONS:**

That the City Council:

1. Ratify the Revised Order of the Director of Emergency Services for Outdoor Dining, Service Uses and Retail due to the County of Riverside moving into the Orange (Moderate) Tier of California's Blueprint for a Safer Economy on April 7; and
2. Authorize the City Manager, or his designee, to amend the Temporary Outdoor Flex Space Permit Program, including making minor and non-substantive changes.

## **LEGISLATIVE HISTORY:**

The California Emergency Services Act (Government Code section 8550, et seq.), Government Code section 8630, and Riverside Municipal Code sections 2.68.010 and 9.20.060 empower the Director of Emergency Services and the Riverside City Council to proclaim a Local Emergency when the City Council is not in session when there exist conditions of disaster or of extreme peril to the safety of persons and property within the territorial limits of the City of Riverside which are or are likely to be beyond the control of the services, personnel, equipment, and facilities of the City and require the combined forces of other political subdivisions to combat. Said proclamations must be ratified by the City Council within seven days.

## **BACKGROUND:**

On March 4, 2020, Governor Newsom declared a state of emergency for the State of California as a result of the threat of COVID-19. On March 11, 2020, Governor Newsom issued his policy

recommending the cancellation of public gatherings of 250 people or more and limitations on gatherings of people who are at higher risk for COVID-19 to 10 people or fewer, and delaying or canceling meetings where attendees cannot observe at least six (6) feet of “social distance” from one another.

On March 8, 2020, the Riverside County’s Public Health Officer declared a local health emergency based on an imminent and proximate threat to public health from the introduction of COVID-19 in Riverside County. On March 10, 2020, the County of Riverside ratified the local emergency.

On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic.

On March 12, 2020, the Governor issued Executive Order N-25-20 which orders in part that “all residents are to heed any orders and guidance of state and local public health officials, including, but not limited to the imposition of social distancing measures to control the spread of COVID-19.”

On March 13, 2020, President Trump declared the COVID-19 pandemic a national emergency.

On March 13, 2020, the Director of Emergency Services declared a local emergency to increase the City’s efforts to protect the public from COVID-19. The City’s proclamation of local emergency notes that “there exists conditions of a disaster or of extreme peril to the safety of persons or property within the territorial limits of the City of Riverside that are beyond the control of the services, personnel, equipment and facilities of the City for the reason of COVID-19.” The declaration of local emergency was ratified by the City Council on March 17, 2020.

On April 28, 2020, Governor Newsom announced California’s Pandemic Resilience Roadmap, which includes four different stages for easing California’s stay-at-home order. Stage 2 allowed the opening of certain low risk uses with adaptations and safety guidelines in place.

On May 20, 2020, the County of Riverside submitted an attestation application to Governor Newsom requesting approval for the County of Riverside to move into the later stages of Stage 2 of the Governor’s Resilience Roadmap. On May 22, 2020, the Governor approved the attestation application and allowed the County of Riverside to allow specific business sectors, including dine-in restaurants (i.e. brewpubs, craft distilleries, breweries, bars, pubs, restaurants and wineries) and shopping centers (malls, destination shopping centers, strip and outlet malls, and swap meets) to move into the later stages of Stage 2 of the Governor’s Resilience Roadmap.

On May 26, 2020, the Director of Emergency Services issued an Order regarding Temporary Outdoor Flex Space for Restaurants, which was ratified by the City Council on June 2, 2020, in order to provide for flexible, creative and innovative approaches to assist local dine-in restaurants to achieve normal occupancy levels given physical distancing requirements and other modifications deemed necessary for public health.

On July 1, 2020, Governor Newsom ordered all bars, wineries and breweries to be closed as well as all indoor dining due to an increase in positive cases, hospitalizations, ICU bed use and other concerns relative to COVID-19.

On July 2, 2020, the City revised its Temporary Outdoor Flex Space Permit Program to allow for easier outdoor dining and to allow for other service uses and retail to operate outdoors.

On July 13, 2020, Governor Newsom ordered the closure of indoor operations including gyms and fitness centers, places of worship, indoor protests, offices for non-critical infrastructure sectors, personal care services (including nail salons, massage parlors and tattoo parlors), hair salons and

barbershops, and malls.

On August 24, 2020, the Director of Emergency Services issued an Order revising the Temporary Outdoor Restaurant Flex Space Order to allow for other service uses and retail to operate outdoors, including Special Purpose Commercial/Modular Mobile Food Facilities (SPCM/MFF).

On September 1, 2020, the City Council considered expanding opportunities for outdoor operations to allow them in City Parks and directed staff to expand the Temporary Outdoor Flex Space Program to provide these opportunities. In response to this request, the Director of Emergency Services issued an Order on September 9, 2020 to allow outdoor operations in City Parks.

On September 21, 2020, the Director of Emergency Services issued a Revised Order on the Temporary Outdoor Flex Space Permit Program, which established limits on occupant load for outdoor operations at City Parks. This Order supersedes the previous Orders issued by the Director of Emergency Services on August 24 and September 9, 2020, which have not been ratified.

On November 20, 2020, the Director of Emergency Services issued a Revised Order on the Temporary Outdoor Flex Space Permit Program to modify the hours of operation for non-essential businesses to adhere to the Governor's Limited Stay at Home Order, to allow approved heaters within outdoor flex spaces provided that safety requirements are followed, and to prohibit enclosed tent/membrane structures to ensure proper air flow. This Order was scheduled to be ratified by the City Council on December 8, 2020; however, the item was removed from the agenda due to additional changes made to the Temporary Outdoor Flex Space Program resulting from the Governor's December Regional Stay at Home Order.

On December 3, 2020, Governor Newsom announced a Regional Stay at Home Order, which was triggered when Intensive Care Unit (ICU) capacity drops below 15% in any designated Region, with the City of Riverside being located in the Southern California Region. The Regional Stay at Home Order for the Southern California Region went into effect on December 6, 2020, and on December 7, 2020, the Director of Emergency Services issued a Revised Order proclaiming that the Temporary Outdoor Flex-Space Permit Program was suspended, with the exception of places of worship and gyms which are allowed on private land as Category 1 or Category 2 or in City Parks as Category 5.

On January 25, 2021, Governor Newsom lifted the Regional Stay at Home Order statewide, allowing restaurants to reopen for outdoor dining and salons to resume appointments indoors.

On January 26, 2021, the Director of Emergency Services issued a Revised Order reinstating the Temporary Outdoor Flex-Space Permit Program.

On February 9, 2021, the City Council ratified the Revised Order of the Director of Emergency Service for outdoor dining, service uses and retail due to the December Regional Stay at Home Order dated December 7, 2021.

## **DISCUSSION:**

On April 7, 2021, Riverside County moved into the Orange (Moderate) Tier of California's Blueprint for a Safer Economy, whereas all businesses must continue to adhere to public safety and physical distancing requirements established by the Federal, State, and County guidelines.

On April 19, 2021, the Director of Emergency Services issued a Revised Order reinstating the Temporary Outdoor Flex-Space Permit Program with modifications and guidelines related to gatherings, live performances and entertainment as set forth in the attached program guidelines

(Attachment 2).

**FISCAL IMPACT:**

The total fiscal impact of the recommended actions of this report are unknown at this time.
