filed by SEIU on behalf of its members regarding the way in which the City was calculating the EPMC. SEIU maintains that the EPMC should be calculated based on the employee's taxable compensation. The City had been calculating the EPMC transfer based on the employee's pensionable compensation. In resolution of this grievance, the City Council voted in closed session to settle this grievance with SEIU. The City has agreed that as of July 1, 2016, all future calculations of the EPMC transfer will be calculated based off of the employees' taxable compensation. The City Council voted to ratify the City Manager's signing of a settlement agreement with SEIU on this issue.
