### RECOMMENDATIONS

Staff Recommends that the Historic Preservation Fund Committee:

1. **APPROVE** the request for a one-year time extension for Planning Case P16-0575.

### BACKGROUND/HISTORY

On October 17, 2016, Karen Stegmann was awarded a Historic Preservation Fund Grant (HPFG) to complete exterior rehabilitation at a single-family residence located at 4957 Magnolia Avenue. The rehabilitation project includes: 1) Like-for-like reroofing of the residence; 2) exterior painting of the house and garage; and 3) repair of windows and screens (Exhibit 1). The HPFG contract was executed on January 16, 2018 with an expiration date of December 31, 2018.

On February 20, 2019, the Historic Preservation Fund Committee (HPFC) tentatively approved a one-year extension (Exhibit 2 & 3) pending City Council approval of a request by the HPFC to modify the HPFG General Provisions. The modification to the HPFG General Provisions granted the HPFC "the authority to revive an expired grant, if unusual circumstances and a hardship finding can be made."

On March 5, 2019, City Council approved the HPFC's request (Exhibit 4 & 5) to modify the HPFG General Provisions and a one-year extension was granted. An additional one-year extension was granted by the HPFC on February 7, 2020 (Exhibit 6 & 7).

## DISCUSSION

As part of the HPFC action, Item #9 of the agreement (Project End Date), that was executed by the City, was amended to read: "The Project shall be completed by December 31, 2020, or the date any appeals are final. Should any problems arise, a written request for an extension of the project must be submitted to the Historic Preservation Fund Committee at least 30 days prior to the expiration date."

On November 25, 2020, Staff received a written request from Mr. Stegmann requesting a time extension to complete the project (Exhibit 8). The request, made more than 30 days prior to the expiration of the contract, indicates that the project completion has been delayed due to a loss of income because of the COVID-19 pandemic and the inability to find a contractor to complete the reroofing portion of the project.
