BACKGROUND:

The City of Riverside has approximately 2,300 employees who are eligible for benefits. As part of an attraction and retention tool, a comprehensive benefits package is offered to benefited employees. This package consists of medical and dental prepaid plans, i.e. Health Maintenance

Organizations (HMO's) and Dental Maintenance Organizations (DMO's) as well as freedom-of-choice Preferred Provider Organization (PPO) plans. Additional benefit plans include life insurance, accidental death and dismemberment insurance, short-term disability insurance, long term disability insurance, vision insurance, deferred compensation plans (457 and 401a), and a Section 125 flexible benefits plan.

The City partners with a benefits consultant to work as an independent, objective, strategic consulting firm that specializes in Employee Benefits and Insurance Programs and works to reduce future costs, enhance the benefits package, provide long term financial management strategies and ensure the City remains compliant with Federal/State legislation (i.e. Affordable Care Act) and other regulatory requirements. This relationship has proven most beneficial to the quality of benefit services that are provided to City employees, their families, retirees, and COBRA participants.

A Request for Proposal was issued by the City on September 26, 2024, for a benefits consultant. A total of four firms responded with proposals. The screening, interview, and selection committee was comprised of staff from the Human Resources Department. Two of the four firms who responded to the Request for Proposal were selected for finalist presentation/interviews. The outcome of the interview and selection process identified Keenan & Associates as the best qualified to perform benefits consulting services for the City of Riverside. The Human Resources Department recommends approval of the attached agreement for Professional Consulting Services for a period of three (3) years with the option to extend for two (2), two (2) additional year terms for a total contract term of up to seven (7) years.
