BACKGROUND:

The Riverside Public Library actively pursues grant funding as an alternative funding source and/or supplement to City funds to enable unique program opportunities for the community. Grants offer valuable, unique opportunities for local jurisdictions to compete for funding sources available through, State, Federal, or other agencies to assist in covering the costs of selected projects.

On September 28, 2022, the Riverside Public Library was notified that the California State Library intended to award \$20,000 in 2022-23 LSTA CopyCat Grant to fund the Día de los Niños Project. CopyCat grants are intended to help libraries easily implement tried-and tested-programs and extend the impact of previously funded, successful LTSA projects.

DISCUSSION:

Día de los Niños (or “Día”) is a celebration every day of children, families, and reading that culminates yearly, typically on April 30th. Día is celebrated in libraries in states across the country as it emphasizes the importance of literacy for children of all linguistic and cultural backgrounds and is a nationally recognized initiative of the American Library Association. Situated in the most populous and one of the most diverse states in the country, California’s local libraries are uniquely positioned as cultural meeting spaces to offer Día programs that serve the needs of their multicultural and multilingual communities.

The Grant Program funds would support the Riverside Library’s efforts to engage with community partners by utilizing the eight library locations to host a series of programming throughout April 2023 to celebrate Día de los Niños with the emphasis on multiple cultures, heritage, families, children, and literacy.

The purpose of the Grant is to celebrate children and connect them to the world of learning through books, stories, and libraries; recognize and respect culture, heritage, and language as powerful tools for strengthening families and communities; nurture cognitive and literacy development in ways that honor and embrace a child’s home language and culture, and introduce families to community resources that provide opportunities for learning through multiple literacies

This Grant does not require the Library to provide matching funds. The project is anticipated to cost \$20,000 and the Grant would cover \$20,000 in materials and program costs. The grant term is through April 30, 2023.
