Edison Power Constructors, Inc.	Mesa, AZ	\$8,203,891.19
Wilson Construction Co.,	Camby, OR	\$9,703,623.66

\*Non-Responsive

BID DESCRIPTION: The contractor shall furnish all labor, materials, tools, equipment, and incidentals, unless otherwise specified for the installation of 69 kV pole line and underground facilities on the Riverside Reliability Project (RTRP). The project will include installing wood and steel poles, string overhead conductors, transferring third party attachments and removing abandoned lines and equipment along RTPP route. The project will also include the installation of one half (.5) miles of underground cable and terminations, along with replacement of fencing and repairing temporary repairs to streets and sidewalks.

Bid Recommended For Award (Includes Sales Tax)

☒ 10% Surety Included    ☒ Contract    ☐ 10% Surety not required    ☒ Purchase Order

Lowest responsive Bidder

Amount of Award

PAR Electrical Contractors, Inc.

\$7,937,234.31

COMMENTS:

The Purchasing division has evaluated the bids received and recommends award be made to the lowest responsive and responsible bidder. The Public Utilities department concurs with this recommendation and will be submitting a report.
