Riverside Police Department

All grant awards, including any adjustments to requested funding, were made by the Cannabis Grants Unit based on the merits of the Grant Application, scale of operation, and in accordance with the Request for Application (RFA) requirements and associated regulations. As a result, not all Project activities and items detailed in Schedule A are applicable. Refer to Schedule B - Detailed Budget Estimate for approved Budget line items and Project activities. Project activities and items that are not clearly identified/specified in the Grant Agreement must be submitted to and approved by CGU prior to purchase.

Project Description

The ongoing issue of driving under the influence plagues every city in the United States. The City of Riverside is no different, and the Riverside Police Department has taken great steps to combat the ongoing crisis. The Riverside Police Department (RPD) currently teaches SFST, ARIDE, and hosts DRE and DRE/SFST INSTRUCTOR schools in cooperation with the California Highway Patrol. The Riverside Police Department also provides training to parents of school children and teachers. RPD with the help of the Cannabis Tax Fund Grant, would provide funds to continue to facilitate DRE certification sites, continue to facilitate and fund instructors for SFST and ARIDE classes, provide funds for DUID saturation patrols, provide funds to attend the annual IACP Impaired Driving Traffic Safety conference, provide funds for oral fluid testing devices, and quarterly training for current DRE certified officers within the department. With the continued training of new officers, saturation patrols, and updated training for current DRE's, the number of DUI crashes and injury crashes in Riverside and adjacent cities can be decreased.

Problem Statement & Proposed Solution

From 2021-2023, the total number of injury collisions in the City of Riverside increased from 1,252 to 1,263. Fatal collisions decreased from 28 in 2021 to 22 collisions in 2023. DUI injury collisions increased from 125 to 126. Hit and run injury collisions remained effectively the same, increasing from 191 to 196 in 2023.

The Riverside Police Department would institute 30 extra saturation patrols annually. These saturation patrols would be available to ARIDE and DRE trained officers to detect and arrest drivers under the influence of illicit substances (Drugs). The patrols would consist of two officers paired for a duration of six hours. Officers would be responsible for conducting traffic stops on vehicles that are showing cues of an operator who appears to be under the influence of a drug.

The Riverside Police Department will purchase 3 Sotoxa Oral Fluid Testing devices and the necessary testing cartridges for certified DRE/ARIDE officers to use in conjunction with their patrol duties. The devices would be used as needed by patrol officers to confirm suspicion of DUI drugs.

The Riverside Police Department would make qualified instructors available to Riverside Unified School District (RUSD) and Alvord Unified School District (AUSD) for the purpose of instructing parents and teachers on drug impairment detection as well as education on current drug trends and dangers of drug use. The classes would be no longer than two hours and would require two instructors. Riverside Police Department would offer at least two classes between August 2024 and May 2025.

The Riverside Police Department would continue to train its officers in Standardized Field Sobriety Testing (SFST) and Advanced Roadside Impaired Driving Enforcement (ARIDE) with classes offered at the Riverside Police Department and taught by instructors at the Riverside Police Department. At least five officers would be training in both SFST and ARIDE by June 30, 2025. The department will provide four classes in each subject between July 1, 2024, and June 30, 2025.

The Riverside Police Department will conduct at least three certification sites in accordance with current IACP DECP standards.

The department will invest in oral fluid testing devices to ensure officers are properly evaluating subjects who are suspected of being under the influence of drugs.

Schedule A

Performance Measures/Scope of Work

Through officer training, public education and outreach, and rigorous enforcement, the Riverside Police Department will work to reduce DUID related crashes by 5% during this project. To achieve this goal, the Riverside Police Department must accomplish the following:

Goal #1 - Education and outreach: Change understanding and outlook on the dangers of Driving Under the Influence of Cannabis and other Drugs within the community. The Riverside Police Department will create presentations containing material to the costs and dangers of driving under the influence of Cannabis and other drugs.

Objective 1.A The Riverside Police Department will utilize current Drug Recognition Expert officers and instructors to prepare, present and educate parents and teachers of school children (ages 10 - 18 years of age) attending Riverside Unified School District and Alvord Unified School District on basic drug recognition and the dangers of driving under the influence of alcohol, cannabis, and other drugs. 3 events will be presented to the school districts. These events will occur during the 24-25 school year (projected August 2024 – June 2025).

Goal #2 - Enforcement:

Objective 2.A. Implement DUID Saturation patrols – The Riverside Police Department will conduct 30 saturation patrols per year (2 officers per saturation patrol in 6 hour shifts). These patrols will focus on areas known to have a high incidence of drug impaired crashes.

Goal #3 - SFST/DRE/ARIDE Classroom Instruction and DRE field Certification.

Objective 3.A. 5 RPD Officers certified in SFST/DRE instruction will train Officers throughout the state in SFST, ARIDE, and DRE. The classes will be open to RPD officers as well as students from agencies within California. Riverside Police Department will host 4 SFST, 4 ARIDE, and 4 DRE classes during the grant period (One class each quarter from 0800 -1700 hours) exact date TBD. The classes will be open to RPD officers and students from agencies within California. In order to attend ARIDE and DRE classes, students must have successfully passed an approved SFST class.

Objective 3.B. Riverside Police Department will conduct 3 - 4 certification sites (One in September 2024, One in November/December 2024, One or Two in May/June of 2025). Certification sites allow DRE students to complete their IACP certification as Drug Recognition Experts. Certification sites are 3 days in length requiring 1 Sergeant per day, 2-3 instructors, 6-8 Officers for field arrests.

Project Performance Evaluation

Using the data compiled during the grant, the Grant Director will complete a final Quarterly Performance Report (QPR). The Final Evaluation should provide a brief summary of the grant's accomplishments, challenges and significant activities. This narrative should also include whether goals and objectives were met, exceeded, or an explanation of why objectives were not completed.

Program Sustainability

This program is currently sustained by funds from the CHP Cannabis Tax Grant. The Riverside Police Department is currently searching for internal funds to sustain the above programs.

Administrative Support

The Riverside Police Department (RPD) Traffic Bureau has dedicated a full-time Administrative Sergeant who is responsible for overseeing the grant activities. The duties involve the scheduling of enforcement operations, planning of events/trainings, administrating overtime, press relations, and the preparation of all related grant reports. In oversight, provide a complementary aspect to our management of grant funds. Over the years, the RPD has increased the number of SFST instructors to nine. Also, the Riverside Police Department has three in-house DRE certified instructors and 15 DRE trained officers.
