City Council Memorandum

.....

TO: HONORABLE MAYOR AND CITY COUNCIL DATE: DECEMBER 13, 2022

FROM: PUBLIC WORKS DEPARTMENT WARD: 3

**SUBJECT: FINAL APPROVAL OF PARCEL MAP NO. 38138 – LOCATED AT 5407
CENTRAL AVENUE, BETWEEN REXFORD DRIVE AND STREETER AVENUE**

ISSUE:

Adoption of the Resolution of Acceptance for final approval of Parcel Map No. 38138.

RECOMMENDATION:

That the City Council adopt the Resolution of Acceptance for final approval of Parcel Map No. 38138.

BACKGROUND:

When a subdivision is proposed to be created through the tentative map process, a final map shall be filed for recording with the County Recorder pursuant to California Government Code Section 66466. No proposed subdivision shall be complete until such final map has been filed for recording and the lots/parcels are legally created. Often the recordation allows developers to secure funding, obtain letters of intent, facilitate construction agreements, and/or secure permits to break ground.

The preparation of tentative maps can be lengthy and costly as developers must hire a professional consultant team to prepare the tentative map, prepare architectural drawings and elevations, secure financing, and in many cases, developers must investigate soil conditions, and/or hire biologists to consider environmental and project impacts. The Subdivision Map Act allows for tentative maps to be recorded within 24 months, and the City adds an additional 12 months, for final approval unless time extensions are granted before the map expires.

This project was not eligible for any State mandated extensions, and the project did not require any City discretionary one-year extensions.

As part of the development process to subdivide a parcel into four or fewer parcels in the R-1-7000 - Single Family Residential Zone, a tentative parcel map (map) is required to be reviewed by the Development Review Committee and approved by the Community & Economic Development Director. Once a map is tentatively approved, the developer/property owner must satisfy specific conditions for approval and recordation of the final parcel map. The final parcel

map will be checked for conformance with the tentative parcel map, the associated conditions of approval and technical accuracy and, when found to be acceptable by City staff, will be transmitted to the City Council for acceptance. Final parcel maps, with dedications, requiring the City Clerk to accept dedications are presented before the City Council to adopt the Resolution of Acceptance for final approval of the respective parcel map.

DISCUSSION:

The subject property consists of one parcel on 0.29 acres, located at 5407 Central Avenue, between Rexford Drive and Streeter Avenue, in the R-1-7000 - Single Family Residential Zone, in Ward 3. Parcel Map No. 38138 is a proposal by AEC Moreno Corporation to subdivide one parcel into 2 parcels. On December 4, 2020, the Community & Economic Development Director approved Parcel Map No. 38138 (Planning Cases P20-0418, P20-0425, and P20-0426), subject to the completion of conditions (Attachment 3).

Staff has determined the developer has satisfied the necessary conditions required for final parcel map approval and recommends the final parcel map be accepted and approved pursuant to Section 18.090.060(C) of the Riverside Municipal Code. The Community & Economic Development Department (CEDD), Public Works (PW), Riverside Public Utilities (RPU), and Parks, Recreation, and Community Services (PRCS) Departments have indicated that the following specific conditions for map approval and recordation have been satisfied:

Table 2: Specific Conditions Satisfied for Final Map Approval and Recordation

Dept.	Division	Condition(s)	Condition(s) Satisfied
CEDD	Planning	CC&Rs prepared and recorded	04/01/2022
PW	Land Develop.	Fees Paid, approved off-site improvement plans, bonds provided for improvements	04/01/2022

The Acting Community & Economic Development Director concurs with the recommendations noted in this staff report.
