

Riverside City Type 1 Engine

Scope of work for (2) Type 1 Pumpers

- 2-year warranty. Year one will be a factory warranty. Year two will be a dealer warranty.
- \$35,000.00 has been budgeted per unit to purchase a “Seek Attack Pro” and for tool mounting. Tool mounting details will be decided upon after the delivery inspection at Fire Apparatus Solutions in Fontana.
- \$4,000.00 has been budgeted per unit to purchase and install fire department decals and stripping.
- Radio/equipment. Please refer to quote #5942, which Johnson Equipment Company provided. All radio equipment will be purchased by Fire Apparatus Solutions and installed by Johnson Equipment Company.
- Three trips have been agreed upon to Holden, Louisiana. These trips will occur at the pre-construction meeting, mid-point inspection, and final inspection. Riverside City Fire Department will have (3) fire department personnel attend as representatives for their fire department per trip.
