Subject: Re: [External] 8390 Janet Townhome project resubmittal

Hello Regine,

Thank you very much for your help in this project. After back and forth the conversations for electrical issues with Ms. Revuelta, I needed more time to address her concerns for 4 new locations of transformer pads. With that delay, I would like to continue the project to be in the next meeting date.

Thank you,

Thanh Nguyen | P.E.
