FY 2021-2022 BUDGET

Honorable Mayor and City Council,

With immense appreciation for the Riverside community's resilience in light of the multitude of challenges faced and opportunities embraced in the past fiscal year, I am proud to present to you and the Riverside community the Fiscal Year 2021-2022 Budget in accordance with Article VI, Section 601 of the City's Charter.

As we look forward to the year ahead and beyond, the City Team is guided and motivated by your vision statement included in the October 2020 adopted Envision Riverside 2025 Strategic Plan: Riverside is a city where every person is respected and cherished, where equity is essential to community well-being, where residents support one another, and where opportunities exist for all to prosper. In Riverside, everyone comes together to help the community, economy and environment reach their fullest potential for the public good. The ends to which the City Team works are represented by your Strategic Plan (and the strategic priorities and cross-cutting threads within), the daily municipal operations provided by the City Team, as well as unplanned opportunities and challenges that surface. Recently, for example, residents have identified the following community services that are important to them – all of which are embraced by your Envision Riverside 2025 Strategic Plan:

- Addressing homelessness
- Maintaining city streets
- Retaining local businesses
- Maintaining 9-1-1 response/police and fire/paramedic services
- Keeping public areas and parks clean and safe
- Investigating and preventing property crimes
- Preparing for and recovering from public health emergencies
- Preventing and preparing for wildfires

The means with which the City Team pursues its work include funding, mindset, training and education, time, tools, technology, and equipment, infrastructure, partnerships, dedicated personnel, effort, innovation, and the like. The budget for Fiscal Year 2021-2022 is the City of Riverside's primary financial tool for linking day-to-day activities, near-term goals, and capital improvements with the resources available to achieve them – while keeping in mind (through a financial plan) long-term goals and resources. As California appears to be getting the upper hand on Covid-19, the City of Riverside's budgeting process for this fiscal year re-engaged much of the typical processes of pre-pandemic times including involvement of multiple City Boards and Commissions and in-depth City Council workshops and meetings, in order to (among other things):

- Review, clarify and refine goals and priorities; and
- Allocate resources according to those goals and priorities

The foundation of the priority-based budget (PBB) system, which is the financial decision-making tool linked to your adopted Envision Riverside 2025 Strategic Plan, is built, and has offered insights to this fiscal year's budget process. As a priority-driven tool, the PBB represents a bold step to help better align what the City Team does with the priorities defined by the City Council. Between now and December 2021, the PBB system will be refined and improved to be a tool for the City Council and its City Team to more effectively align means and ends as well as prepare for building Riverside's next two-year budget for Fiscal Years 2022-2023 and 2023-2024.

What are the top issues facing the City's fiscal health? To begin:

1. **General Fund structural deficit** – Local government provides public services to residents; behind the public services are public employees dedicated to advancing the quality of life of residents and businesses. Approximately 80% of the City of Riverside's general fund revenue supports the personnel who provide public services. Of the personnel expenses, approximately 74% represents salaries and 26% represents fringe benefits. Expenses pertaining to personnel have historically outpaced revenue growth. To address this issue in the short-term, the City continues to identify a vacancy savings target that is required to be achieved in order to fulfill our fiduciary requirements to balance the City's budget. We will continue to engage departments and bargaining partners to address this issue.
2. **Legal challenges** – Across the State of California, litigation continues to threaten municipal utilities' General Fund Transfers (GFT). For Riverside, the GFT pertaining to the Electric Fund totals approximately \$40 million per year, and about \$7 million annually for the Water Fund GFT. In 2013, Riverside voters affirmed the continuance of the GFT from the Water Fund by a vote of nearly 68%. Regarding the GFT from the Electric Fund, the City will be placing a ballot initiative before voters in November which will provide the option of continuing the Electric GFT in some form. Conceptual contingency planning on the potential loss of the GFT from the Electric Fund will continue separately from this budget process pending the outcome of the November ballot measure.
3. **Subsidies** – The General Fund covers \$6.7 million of bond payments and fees related to four debt obligations for the Fox Plaza (including the Fox Theater, Box, Game Lab, and adjacent parking structure) and the Riverside Convention Center. Outstanding debt related to these venues totals \$67 million, with debt maturity ranging from 2032 to 2037. Continued pandemic closures likely increases the potential for subsidies. Funding opportunities have arisen during the pandemic; specifically, the City has recently applied for a Shuttered Venue Operating Grant from the Small Business Administration that, if the grant application is successful, would provide moderate relief from revenue losses pertaining to the Fox Plaza and the Riverside Convention Center. However, the true test of the resiliency in Riverside's local entertainment venues will be time and the public's re-engagement with entertainment opportunities in closed space venues.
4. **Unfunded accrued liabilities (UAL)** – As of the June 30, 2020 CalPERS actuarial report, the CalPERS UAL (also known as unfunded pension obligations) is \$210,133,569, a significant reduction from the prior liability of \$665,117,383. This was a direct result of the City issuing a Pension Obligation Bond (POB) in the amount of approximately \$432 million. The POB is projected to save approximately \$170 million in pension costs over the life of the bond should CalPERS investment returns achieve desired results. The POB saved the City approximately \$7 million per year in FY2020/21 and FY2021/22 to the General Fund and a similar savings result across all other City funds. With a current balance of \$10.5 million, the City will look to augment the Section 115 Pension Trust established to mitigate the ongoing CalPERS challenge through the use of one-time revenues and generation of surplus funds.
5. **Pandemic** – After 15 months, COVID-19 has taken a toll on community organizations, agencies, educational institutions, businesses and residents. The impacts of the pandemic on the City are many, ranging from loss of City funding from certain business sectors due to closures to reduced

revenues from delayed bill payments. The City, in partnership with many local and regional non-profits, invested significantly in community support and business assistance throughout the pandemic to maximize the resilience of residents and businesses. While various State and Federal funding resources have been helpful to address some impacts, the City's diverse economy has demonstrated resilience and the City Team continues to monitor and respond to pandemic-related financial impacts as they arise or are foreseen.

Throughout California, municipalities are generally challenged to match adequate resources with important community needs – Riverside included. This challenge, however, does not equate with a scarcity mindset when it comes to the City of Riverside. A scarcity mindset refers to viewing resources as finite, so that if known resources are used for one purpose, fewer resources are left for everything else. A scarcity mindset is not uncommon when resources become limited – and that mindset typically drives short-term thinking and limits organizations from achieving its goals; however, a scarcity mindset has never been part of the Riverside community fabric. This Fiscal Year 2021-2022 budget should be viewed as one that facilitates continued evolution of the City: it acknowledges the structural deficit the City is facing as well as implications and impacts to providing daily municipal operations; and, it also conveys optimism and focus on advancing the goals of your Envision Riverside 2025 Strategic Plan and includes investments representative of the ambitions to make a difference in the Riverside community.

An abundance mindset – which is the counter-opposite of a scarcity mindset – recognizes constraints and challenges but also embraces the “if there is a will there is a way” paradigm to accomplish possibility, promise and potential. The culture of the City, in partnership with the community, embraces an abundance mindset in the following ways:

- There is a focus on the assets of Riverside – and building upon those assets to add to Riverside's revenue generation and strengths.
- The City organization increasingly demonstrates a mindset of value added and win-win situations – and daily pursuit of a higher-performing government and facilitating investment of the non-profit and private sectors.
- The creative and innovative spirit of Riverside is abundant – this quality enables the City, in partnership with the community, to find new ways to advance the core tenets of the strategic plan.
- Gratitude and respect in service to the community is ever-present by the City Team – and the City organization recognizes that quality of life matters greatly to all people of Riverside and the City Team exists to serve the Riverside community.

The City Team understands and is invested in the abundance mindset represented in your Envision Riverside 2025 Strategic Plan and is also cognizant of the very real operational impacts of the structural deficit, subsidies, and the potential loss of the Electric General Fund Transfer (GFT); this Fiscal Year 2021-2022 budget provides related information with transparency and full disclosure, and includes three related threads:

- The budget addresses the General Fund structural deficit and the potential impacts of the pandemic on City finances.
- The budget considers a conceptual contingency plan in the event that the GFT is discontinued, in an amount to be determined.
- The budget sets a foundation for continuing to increase revenue generation and implement operational efficiencies for the City.

As Riverside emerges from the pandemic, the community mindset of possibility (i.e. “what if?”, “yes, and”, etc.) will expand, and the future of Riverside will be shaped by the City of Riverside viewing all pursuits through the Cross-Cutting Threads defined by the City Council's Envision Riverside 2025 Strategic Plan:

- Community Trust
- Equity
- Fiscal Responsibility
- Innovation
- Sustainability & Resiliency

This Fiscal Year 2021-2022 budget is a bridge between the pandemic-driven Emergency Budget for Fiscal Year 2020-2021 and the PBB-guided two-year budget for Fiscal Years 2022-2023 and 2023-2024. It takes a cautious and measured approach as we transition out of the pandemic and await resolution on the City's Service Protection Measure on an upcoming ballot. The pandemic was difficult – for everyone in Riverside – yet the lessons and innovations are being harnessed for a future of promise and potential. Thank you for your attention to this message and thank you for supporting the stewardship of public resources as the City Team endeavors to advance the public interest for all people in the City of Riverside.

DEPARTMENT EXPENDITURE DETAILS

The following schedule lists total proposed appropriations by department, fund, and major expenditure category. The schedule excludes the allocation of General Fund internal service departments produced by the cost allocation plan to provide a more informative picture of the department's operating costs within each fund. Significant changes between the FY 2020/21 Adopted Emergency Budget and the FY 2021/20 Proposed Annual Budget are annotated and explained.

(32) Change is primarily attributable to approximately \$7 million UAL savings resulting from the issuance of a Pension Obligation Bond; a \$1 million reduction in PERS Normal costs due to a CalPERS Normal rate reduction of 0.72% for the Safety retirement group; and a \$2.3 million increase in workers compensation due to the implementation of industry best practice to calculate rates based on five-year claims history.

(33) Change is primarily attributable to a \$1.3 million reduction in general liability insurance due to the implementation of industry best practice to calculate rates based on five-year claims history. An increase of approximately \$274,000 is included for the ongoing cost of body worn cameras approved by the City Council on September 15, 2020.

(34) FY 2020/21 budget included a vacancy savings target which decreased the personnel budget; FY 2021/22 is fully funded.

(35) Decrease is primarily due to a reduction in general liability insurance and a decrease in discretionary items based on historical trends. On May 25, 2021, the City Council approved an annual allocation of \$45,000 to motorhome removal and disposal costs.

(36) Addition of Spending Item #45 - Park and Neighborhood Specialists (PANS) Program; includes 20 new full-time equivalent positions. If this item is approved by Council as part of the adopted budget, the budget amounts will be recorded in the appropriate expenditure categories.

(45) FY 2020/21 budget included a vacancy savings target which decreased the personnel budget; FY 2021/22 is fully funded. Increase is partially offset by approximately \$244,000 in UAL savings resulting from the issuance of a Pension Obligation Bond.

(46) Increase is attributable to a rise in refuse/disposal fees, including approximately \$2 million in new recycling costs due to changes in the recycling market.

(47) Change is attributable to an increase in the Burrtec agreement for outsourced services due to a scheduled refuse rate increase and an increase in recycling costs.

(48) Increase represents the Refuse Fund's share of the new Pension Obligation Bond.

(50) Change is primarily attributable to an approximate \$700,000 increase in general liability insurance due to the implementation of industry best practice to calculate rates based on five-year claims history, as well as increases in refuse/disposal, maintenance, and repair costs.

(51) Increase represents the Sewer Fund's share of the new Pension Obligation Bond.

(66) Decrease is primarily attributable to UAL savings resulting from issuance of Pension Obligation Bond.

(67) Change is primarily attributable to the following (amounts listed are approximate): \$700,000 increase in general liability insurance due to the implementation of industry best practice to calculate rates based on five-year claims history; \$4 million reduction in electric transmission charges; \$1.3 million reduction in energy charges; \$8.3 million reduction in capacity charges; \$2.3 million increase in gas fuel purchases, \$780,000 reduction in decommissioning costs; and \$500,000 decrease in generating plants maintenance.

(68) The increase in debt costs is due to the issuance of the 2019A Electric Revenue Refunding bonds issued to finance electric capital projects; and the Electric Fund's share of the Pension Obligation Bond.

(81) The majority of activity not classified to departments is operating transfers required for accounting purposes, such as moving funding between related funds. Additionally, the Successor Agency activity is not department-specific as this is considered a separate legal entity. However, the appropriations require approval and are therefore included in the City's budget.
