1

The CARE Project, Inc.

The CARE Project, Inc., is a non-profit organization created by a breast cancer survivor to emotionally and financially support male and female breast cancer patients.

2

The CARE Project, Inc.

"We realize that while patients are undergoing and/or recovering from treatment, most cannot work full time and therefore their incomes are significantly less than usual. This means that everyday necessities become luxuries. We aim to help with those very needs so the patient can focus on healing".

-Carrie Madrid, Founder & President
