

## Transportation Committee Report

City of Riverside Public Works

### Riverside County General Plan Amendment No. 960

RiversideCa.gov

## Presentation Summary

- Background
- Mid-County Parkway
- Irvine/Corona Expressway
- Public Works Recommendations

RiversideCa.gov

## Background

- Councilmember Soubirous requested that Public Works evaluate GPA No. 960
- GPA No. 960: The County's major General Plan Amendment, previous was in 2003.
- CETAP: Identifies key transportation corridors for inclusion within the General Plan Circulation Element

RiversideCa.gov

## Background

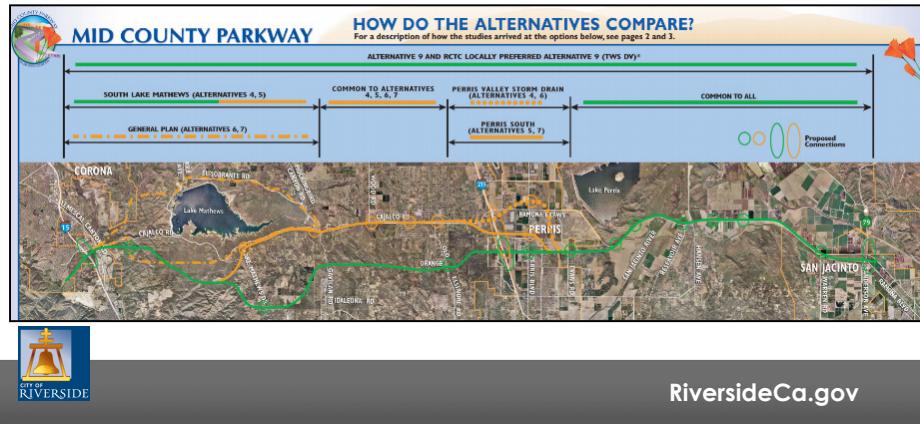

- GPA 960 contains revisions to the County's Circulation Element
- Several major changes anticipated to impact the City of Riverside involve the Mid-County Parkway (MCP), Cajalco Road, and the Irvine/Corona corridor

RiversideCa.gov

## Mid-County Parkway

- Previously Included Cajalco Road, now defined from I-215 to SR-79.
- Cajalco Rd is proposed to be removed from CETAP.

## Irvine/Corona Expressway

- Primary alternative was a tunnel concept linking I-15 to the 133 Toll Road
- Removed from GPA No. 960 Circulation Map
- Would connect to CETAP Cajalco Rd Alignment to provide an East-West Corridor to I-215

RiversideCa.gov

## Public Works Recommendations

- That the County maintain a CETAP Corridor parallel to Cajalco between I-215 and I-15 in the General Plan.
- That the County actively work towards a corridor to Orange County as an alternative to the 91 Freeway and preserve right of way to the greatest extent possible.

RiversideCa.gov

## Public Works Recommendations

- That the City request RCTC to re-initiate the CETAP process between the 15 and 215 freeways and restart the previous environmental studies
