Board of Library Trustees

TO: BOARD OF LIBRARY TRUSTEES

DATE: FEBRUARY 8, 2021

FROM: RIVERSIDE PUBLIC LIBRARY

SUBJECT: RIVERSIDE 2025 STRATEGIC PLAN

ISSUE:

Receive a report on the Riverside 2025 Strategic Plan from Donna Finch, Principal Management Analyst for the City Manager's Office.

RECOMMENDATION:

That the Board of Library Trustees receive a report on the Riverside 2025 Strategic Plan.

BACKGROUND:

In January 2020, the City Manager's Office issued a Request for Proposals (RFP) for a consultant to facilitate the development of a new strategic plan for the period of 2020-2025. Four proposals were received and evaluated by a cross-departmental team consisting of staff from the City Manager's Office, Finance Department and Information Technology Department. Following a review of all proposals, The Counseling Team International (Consultant) was selected as the most qualified firm to facilitate this project.

From February - July 2020, the Consultant conducted several one-on-one interviews with the Mayor, City Council, and key City staff to identify priorities for the city organization over the next five-year period. Based on the information provided during these interviews, a list of eight priority areas was developed and presented to the City Council for initial discussion at the Strategic Planning Workshop on July 14, 2020.

The City Council's collective discussion at the July 14th workshop brought to light several opportunities to consolidate the original eight priority areas into six Strategic Priorities that incorporate broad areas in which the City Council is passionate about and is willing to invest time, energy and resources to accomplish. Several Indicators were also identified for each Strategic Priority to help determine whether progress is being made toward achieving the intended result. Additionally, a list of recurring themes (identified as Cross-Cutting Threads) that were present in all priority areas was developed based on the City Council's discussion. These six Strategic Priorities, Indicators, and Cross-Cutting Threads were presented to City Council for further discussion at a second Strategic Planning Workshop on August 11, 2020, along with a draft Vision Statement that was created based on input provided by City Council through an

online survey distributed prior to the workshop.

During the August 11th workshop, significant input was provided by the City Council regarding modifications they would like to see made to the Cross-Cutting Threads, Strategic Priorities and Indicators. Staff captured the City Council's feedback and incorporated their recommendations into the various sections of the Strategic Plan, which was presented to the City Council for their review and approval on September 15, 2020.

On September 15, 2020, the City Council approved the Riverside 2025 Vision Statement, Cross-Cutting Threads, Strategic Priorities, Indicators and Goals for the Riverside 2025 Strategic Plan and directed staff to: 1) distribute the draft Riverside 2025 Strategic Plan to board and commission members for comment; 2) explore incorporation of the Anti-Racist Riverside recommendations into the Strategic Plan; and 3) return to the City Council on October 20, 2020 to present the final Riverside 2025 Strategic Plan document, including Actions to implement the Strategic Plan and Performance Metrics to measure progress toward achieving the City Council's Strategic Priorities.

On October 20, 2020, staff returned to City Council to present the updated Riverside 2025 Strategic Plan, which included clean-up revisions to the Goals and dozens of Actions to implement the Goals, as well Performance Metrics to measure the progress of the Goals and Actions in achieving the City Council's Strategic Priorities. Several Actions and Performance Metrics were included to adhere to the commitments made by City Council in their June 30, 2020 Resolution declaring racism a public health crisis (Attachment 1), as recommended by Anti-Racist Riverside. Following discussion, the City Council approved the City Council Strategic Policy for the Riverside 2025 Strategic Plan and authorized the City Manager to update the Operational Workplan as needed based on influencing factors impacting the City organization.

DISCUSSION:

Strategic Plan Structure

The Riverside 2025 Strategic Plan is comprised of two parts:

1. City Council Strategic Policy – sets forth the priorities and policy direction of the City Council to advance Riverside's potential and to frame the work efforts of City staff over the next five years. This section includes the Vision, Cross-Cutting Threads, Strategic Priorities, Indicators and Goals.
2. Operational Workplan – sets forth envisioned actions to be carried out by City staff to implement the City Council Strategic Policy, as well as related metrics to track the trendlines of progress toward achieving City Council priorities. This section includes the Actions and Performance Metrics.

Vision

The Vision is an ideal statement that captures the spirit of what the City Council wants the City organization to achieve as a result of implementing the strategic plan and its priorities. The Vision is stated in the present tense, describing what will result from the Strategic Plan. Below is the Envision Riverside 2025 Vision Statement as approved by the City Council on September 15,

2020.

ENVISION RIVERSIDE 2025

Riverside is a city where every person is respected and cherished, where equity is essential to community well-being, where residents support one another, and where opportunities exist for all to prosper. In Riverside, everyone comes together to help the community, economy and environment reach their fullest potential for the public good.

Cross-Cutting Threads

The Cross-Cutting Threads are recurring themes that exist throughout all areas of the Strategic Plan and should be reflected in all our outcomes. Below are the Cross-Cutting Threads as approved by the City Council on September 15, 2020.

- **Community Trust** – Riverside is transparent and makes decisions based on sound policy, inclusive community engagement, involvement of City Boards & Commissions, and timely and reliable information. Activities and actions by the City serve the public interest, benefit the City's diverse populations, and result in greater public good.
- **Equity** – Riverside is supportive of the City's racial, ethnic, religious, sexual orientation, identity, geographic, and other attributes of diversity and is committed to advancing the fairness of treatment, recognition of rights, and equitable distribution of services to ensure every member of the community has equal access to share in the benefits of community progress.
- **Fiscal Responsibility** – Riverside is a prudent steward of public funds and ensures responsible management of the City's financial resources while providing quality public services to all.
- **Innovation** – Riverside is inventive and timely in meeting the community's changing needs and prepares for the future through collaborative partnerships and adaptive processes.

- **Sustainability and Resiliency** – Riverside is committed to meeting the needs of the present without compromising the needs of the future and ensuring the City's capacity to persevere, adapt and grow during good and difficult times alike.

Strategic Priorities, Indicators and Goals

The Strategic Priorities are broad areas in which the City Council wants the City Team to invest time, energy and resources to accomplish the Vision. The Indicators, also known as signals of success, are categories of statistics that will enable the City to assess whether progress is being made toward achieving the Vision and Strategic Priorities. The Goals are general aspirations the City team will direct its efforts to advance a Strategic Priority. The table below identifies the Strategic Priorities, Indicators and Goals as approved by the City Council on October 20, 2020.

Actions & Performance Metrics

The City Manager's Office worked with the Executive Leadership Team to develop a list of Actions to achieve the Goals identified in the Riverside 2025 Strategic Plan. These Actions are intended to be cross-departmental and encourage collaborative efforts both within and outside the City organization to improve efficiencies and break down operational silos. Each of these Actions were developed with the Cross-Cutting Threads in mind of maintaining fiscal responsibility, building community trust, improving equity, fostering innovation, and ensuring sustainability and resiliency.

The City Manager's Office and Executive Leadership Team also identified several Performance Metrics that will help measure the City's progress in achieving the City Council's Strategic Priorities. The Performance Metrics are tied to each Indicator and are comprised of three different categories of data:

- 1) Operational metrics, which are measured using quantitative data collected through the City's daily operations and activities;
- 2) Community survey data, which measures public perception provided through the City of Riverside Quality of Life Survey and other community surveys; and
- 3) Community indicators, which are related to topics for which City efforts can influence through our actions, such as the economy and environment, but can also be impacted by outlying factors beyond the City's control.

As noted above, the Actions and Performance Metrics will comprise an Operational Workplan that is intended to be the "means" through which the City Council Strategic Policy (Vision, Cross-Cutting Threads, Strategic Priorities, Goals and Indicators) is achieved. The Operational Workplan will be evaluated and updated by the City Manager on an as-needed basis and in conjunction with the City's budget cycle in order to most effectively identify and implement the Actions needed to achieve the City Council's priorities. As updates are made to the Operational Workplan, benchmarks and targets will be established for the Performance Metrics based on the Actions identified in the Workplan.

Next Steps

The Priority Based Budgeting process is currently underway. Priority Based Budgeting will help build an understanding of how much money the City spends on programs and determine how closely each of our programs align with the City Council's Strategic Priorities, which will in turn produce insights on how best to allocate City resources. As we complete Priority Based Budgeting and move into the budget development process for Fiscal Year 2021/22, staff will have a better understanding of the resources available to complete the Operational Workplan and implement year one of the Riverside 2025 Strategic Plan.

FISCAL IMPACT:

As the City implements Priority Based Budgeting strategies, which will guide the budget development process for future fiscal years, the City Council's Strategic Priorities will play a critical role in helping the City make decisions on how to allocate resources. Therefore, it is anticipated that the Riverside 2025 Strategic Plan will have a significant fiscal impact; however, the extent of this impact is unknown at this time.
