**Bid Withdrawn

BID DESCRIPTION: The project entails street improvements for Dwight Avenue from Linden Street to Minnesota Street. This project widens street segments to City Standards and constructs new curb, gutter, cross gutters, sidewalk, driveways, wheelchair ramps, relocates chain link fences, adjusts rolling gates, and resurfaces pavement. This project also includes installing new streetlights, including conduit trenching or boring, backfill and restoration. The City anticipates that there will be existing utility relocations.

Bid Recommended For Award (Includes Sales Tax)
