  - Comments:
    - Ramon Macias: After 16 years you would think he would get something bigger than just a room at a community center. Wasn't he the longest standing council member in Riverside.

- 
- Griselda: I think he deserves more, and we should look to name a center after him or a large space like the new basketball court at Bordwell Park.
  - Jacqueline McNulty: As long we don't try and rename Bobby Bonds Park, I agree with renaming the room. We have a lot of culture and historic references with the current Bobby Bonds Park name.
  - Fred Stover: How long was Andy in office for? 16 years? He really should be recognized after that amount of time on council.
  - Flor: Si se debe reconocer a Andy por todo su trabajo y todo el apoyo que ha brindado para cambiar a nuestra comunidad. Translation: We should recognize Andy for all his work and for all his dedication to helping change our community.
