Subject = Sites (Supreme Oil Co.)		Public Thread
Q: Which sites are bobtail/tank wagon only?	Question added by: Laura Swanson	1/19/2022 11:39 AM PST
A: We have provided a report that indicates which locations have above or below ground tanks. Each location that has an above ground tank is accessible by a bobtail tank. Q: Is each location able to provide their average delivery size in gallons? This would be very helpful in determining freight rates.	Question added by: Laura Swanson	1/18/2022 3:16 PM PST
A: For most locations we were able to provide the average deliveries as well as the delivery size in gallon. Please see the attached Excel spreadsheet. The spreadsheet also indicates if the tank is above or below ground. There is one location, highlighted in yellow that was a duplicated that we removed.	Answered by: Dirk Buesing	1/26/2022 10:55 AM PST

Q: In regards to Pricing 6.1.5 "The location differentials attached will be part of this contract. Official copies of the 10:00 AM Colton OPIS daily unbranded rack average with CAR pricing shall accompany each invoice throughout the period of the contract." This violates OPIS copyright law. We cannot copy, share, or distribute copies of our OPIS report subscriptions. We can provide an emailed recap of the contract pricing on a daily or weekly basis however. Or the County can subscribe to the report directly with OPIS. Is this acceptable?	Question added by: Laura Swanson	1/18/2022 9:57 AM PST
A: In lieu of the OPIS report it is acceptable to provide an emailed recap of it preferably along with the invoice that is submitted.	Answered by: Dirk Buesing	1/20/2022 6:06 PM PST

A: No, vendors are not required to bid on all locations. Please also see the note in the description of this RFP. A: This question has been removed.	Answered by: Dirk Buesing	1/13/2022 1:51 PM PST

Subject = Pricing - Items (Downs Energy)		**Public Thread**
Q: For each line item of the bid, there is an alphanumeric field labeled extra item 1 that is required. We do not see an explanation of the purpose of this field. Any numbers entered in this field do not have an impact on pricing.	Question added by: Tom Coleman	12/29/2021 11:15 AM PST

Subject = Pricing - Items (Downs Energy)		**Public Thread**

Q: Please confirm that you are mandating / requiring freight to be broken out in the bid for each location and therefore mandating / requiring that they be invoiced that way. Also, please confirm our understanding of the following: Let's use as an example P3.3 and P3.4 - Fleet 4293 Orange Street Riverside 115,000 Unleaded Gallons. We will hypothetically say that the differential / margin is .01 per gallon and the freight is .03 per gallon. (The applicable OPIS value that you have defined is 3.2065) For P3.3 - Unit Price is 3.2165 x 115,000 = $369,897.50 Total Price For P3.4 - 115,000 total gallons to be delivered x .03 so the total freight charge is = $3,450	Question added by: Tom Coleman	12/29/2021 11:07 AM PST
A: As stated under 7.1.2 we are asking for the following: "7.1.2 On the price sheet that is attached under items, each location has a separate line for freight. Please complete with total applicable for freight per line, if freight is applicable. Freight must be separate from fuel charge. For acknowledgment of this section please provide an example on how your company calculates freight. If further clarification is required please post a question in the Q & A section of this RFP". Yes, we are requiring that you are quoting freight separately from the fuel differential. Therefore each line item/location is listed twice. Please make sure to provide an example on how your freight charges are calculated so that freight charges on invoices can be verified.	Answered by: Dirk Buesing	1/3/2022 9:35 AM PST

Subject = Freight Rate Adjustments (Downs Energy)		**Public Thread**
Q: How often will the winning bidder be allowed to submit freight rate adjustments during the course of the five year contract?	Question added by: Tom Coleman	12/28/2021 3:37 PM PST
A: Please refer to section "3. Compensation" of the Sample Professional Service Agreement in the Prerequisites Section of this RFP: "3.2 No price increases will be permitted during the first year of this Agreement (If applicable). All price decreases (for example, if CONTRACTOR offers lower prices to another governmental entity) will automatically be extended to the COUNTY. The COUNTY requires written proof satisfactory to COUNTY of cost increases prior to any approved price adjustment. After the first year of the award, a minimum of 30-days advance notice in writing is required to be considered and approved by COUNTY. No retroactive price adjustments will be considered. Any price increases must be stated in a written amendment to this Agreement. The net dollar amount of profit will remain firm during the period of the Agreement. Annual increases shall not exceed the Consumer Price Index- All Consumers, All Items - Greater Los Angeles, Riverside and Orange County areas \and be subject to satisfactory performance review by the COUNTY and approved (if needed) for budget funding by the Board of Supervisors".	Answered by: Dirk Buesing	1/3/2022 9:43 AM PST

Subject = Cardlock / Fleet Cards (Downs Energy)		**Public Thread**
Q: We do not see your cardlock / fleet card business included in this bid? Will that be included in a subsequent bid?	Question added by: Tom Coleman	12/28/2021 3:09 PM PST
A: The County's Fleet Fuel Card Program is not going to be included in this RFP. It will not go out as a separate RFP at this point in time.	Answered by: Dirk Buesing	1/3/2022 9:46 AM PST

Subject = Bid submittal for 2 entities in one (Southern Counties Oil Co, A CA Limited Partnership)		**Public Thread**
Q: We have 2 separate tax id's for our company based on the delivery sizes we are making. Under 4k and over 4k. Would you prefer one bid or 2 separate bids?	Question added by: Karen Koep	12/20/2021 4:14 PM PST
A: We would prefer one bid.	Answered by: Dirk Buesing	1/3/2022 9:48 AM PST

Subject = Tanks clarification (Southern Counties Oil Co, A CA Limited Partnership)		Public Thread
Q: We need to know if each specific tank is above ground or below?	Question added by: Karen Koep	12/20/2021 1:55 PM PST
A: We have contacted the end users to get clarification for each location and will post the answer as soon as we can.	Answered by: Dirk Buesing	1/3/2022 9:50 AM PST

Subject = Delivery time (Southern Counties Oil Co, A CA Limited Partnership)		Public Thread
Q: Is it acceptable if remote deliveries may take 48 hours to deliver?	Question added by: Karen Koep	12/20/2021 1:51 PM PST
A: Scope of Work - Fuel Delivery Services Section 6.2.1 Fuel shall be delivered to a specified point in the County of Riverside within 24 hours from the placement of the order. Subject = Metered delivery tickets (Southern Counties Oil Co, A CA Limited Partnership)		Public Thread
Q: Metered delivery tickets are not used for deliveries on loads over 4000 gallons. Refinery BOL's are generally used in place of metered delivery tickets for larger deliveries. Large trucks are not metered. Is this acceptable?	Question added by: Karen Koep	12/20/2021 1:49 PM PST
A: Yes	Answered by: Marlana McSkimming	1/4/2022 10:42 AM PST

Subject = Tanks (Southern Counties Oil Co, A CA Limited Partnership)		Public Thread
Q: Are tanks above ground or below ground? (need this ASAP)	Question added by: Karen Koep	12/17/2021 4:57 PM PST
A: We have contacted the end users to get clarification for each location and will post the answer as soon as we can.	Answered by: Dirk Buesing	1/3/2022 9:52 AM PST
Q: Since this information is still not provided, will we be able to add pump charges as a pass through fee on invoices for above ground tank deliveries for any Truck trailer or non-bobtail delivery? Bobtails have pumps. Not all Truck trailers do. So we would need to order truck trailer with a pump for above ground tanks and there is an extra charge for that.	Question added by: Karen Koep	1/11/2022 3:16 PM PST
A: We are going to add a line item for everyone to quote a separate Bobtail Charge.	Answered by: Dirk Buesing	1/20/2022 6:17 PM PST

Subject = Answers to questions (Southern Counties Oil Co, A CA Limited Partnership)		Public Thread
Q: Will you be waiting to answer all questions at once? or will you answer some sooner than later?	Question added by: Karen Koep	12/17/2021 4:44 PM PST

A: The correct price is $3.2420, see attached OPIS report	Answered by: Marlana McSkimming	1/4/2022 10:59 AM PST

A: I am not sure if I understand the question. Can you please email a screen print of what you are seeing to: dbuesing@rivco.org? I will post another answer after I have reviewed the email with the screen print.	Answered by: Dirk Buesing	1/3/2022 9:58 AM PST

A: Yes, we will add an item for Emergency Services Charges per hour.	Answered by: Dirk Buesing	1/3/2022 10:07 AM PST

Subject = Freight/Transportation line item (Southern Counties Oil Co, A CA Limited Partnership)		Public Thread
Q: To clarify minimum gallon line from previous question: This would be a minimum order quantity.	Question added by: Karen Koep	12/17/2021 4:24 PM PST
A: The price sheet is an annual delivery/usage report for each location. Example: Line item one is asking you to quote a differential on a 150 Gallon Diesel delivery. In Line item two we are asking you how much your freight charge would be for exactly that delivery.	Answered by: Dirk Buesing	1/3/2022 10:17 AM PST

Subject = Freight/Transportation Line item (Southern Counties Oil Co, A CA Limited Partnership)		Public Thread
Q: Were we going to be able to list this as a flat $ rate rather than a cents per gallon rate? If not can you add a minimum gallon line?	Question added by: Karen Koep	12/17/2021 4:22 PM PST
A: As stated in section 7.1.2: "7.1.2 On the price sheet that is attached under items, each location has a separate line for freight. Please complete with total applicable for freight per line, if freight is applicable. Freight must be separate from fuel charge. For acknowledgment of this section please provide an example on how your company calculates freight. If further clarification is required please post a question in the Q & A section of this RFP". Yes, freight can be entered as a flat rate for each delivery listed. However, please provide an example how your company is calculating freight so that freight charges can be verified on invoices. Q: Are taxes to be included or excluded in the differential?	Question added by: Karen Koep	12/17/2021 4:20 PM PST
A: No, base price only	Answered by: Marlana McSkimming	1/4/2022 10:43 AM PST

Subject = other agency participation (Merrimac Petroleum Inc)		Public Thread
Q: Are the other agencies listed obligated to purchase through this cooperative agreement, or can they choose to opt in or out?	Question added by: Mary Hazelrigg	12/7/2021 10:01 AM PST

A: All of the participating agencies have utilized the current contracts that are in place. Before posting this RFP the County of Riverside contacted each agency and asked them if they wanted to continue to utilized the new agreements and if they wanted to participate in this RFP process. However, the agencies are not required to purchase through the agreements that are going to be established as a result of this RFP.
