

Museum of Riverside Five-Year Strategic Plan 2022–2027

Approved for adoption by the Museum of Riverside Board on April 27, 2022. Approved by City Council on _____.

Mission

As a center for learning, the Museum of Riverside interacts with the community to collect, preserve, explore, and interpret the cultural and natural history of Riverside and its region.

Plan Background

Envision Riverside 2025 – the City’s Strategic Plan

The Museum of Riverside (Museum) has been a department of the City of Riverside since its founding in 1924. The City is pivotal to the past and future success of the Museum. It is the largest single funder of the Museum and wholly owns six properties overseen by the Museum. The Museum must remain sensitive to government relationships and mindful of the need for nimble and creative planning to adjust to realities that may affect Museum funding and operations.

In October 2020, Riverside City Council approved a new strategic plan for the City. Its strategic priorities are both idealistic and practical:

- ✓ Arts, Culture, and Recreation
- ✓ Community Well-Being
- ✓ Economic Opportunity
- ✓ Environmental Stewardship
- ✓ High-Performing Government
- ✓ Infrastructure, Mobility, and Connectivity

Each priority is to be informed by the following cross-cutting threads:

- ✓ Community Trust
- ✓ Equity

- ✓ Fiscal Responsibility
- ✓ Innovation
- ✓ Sustainability and Resiliency

The Museum’s activities inherently support the City priority titled Arts, Culture, and Recreation. Further, the Museum can play a large role in enhancing Community Well-Being. While the Museum is not the driver of the City’s other priorities, it can contribute to all. Further, insofar as the Museum’s activities contribute to more general goals supporting education, tourism, and creative placemaking, the Museum can be a key player.

Museum-Specific Assessments

The Museum Department continues a multi-year process of addressing concerns raised by professional assessments and reviews conducted in 2016 and 2017 by the American Alliance of Museums’ Re-Accreditation Visiting Committee and by Museum Management Consultants, Inc., San Francisco. These reports contain valid recommendations that remain to be implemented. This symbol— ◊ —indicates actions that address those recommendations.

The museum field as a whole is also guided by the American Alliance of Museums’ (AAM) own [strategic plan](#). The principles and goals it foregrounds will continue to inform the Museum’s goals. The AAM’s priorities include Social & Community Impact, DEAI & Anti-racism, the Museum Community, and the Way We Work.

Introduction

Renewal of Museum's Five-Year Plan

The Museum of Riverside approaches the renewal and extension of its five-year Strategic Plan (Plan) with the goal of adjusting it to the delays to some of the Museum's most important goals caused by the pandemic that began in March 2020. Some of the actions in the 2019-2024 plan have been completed, and the Museum remains broadly committed to the ideals and Curator of Natural Historyer-term goals stated in that version of the Plan.

Institutional evolution and change in the coming five-year period pivot on four key functions:

- ✓ **Renovation, Expansion, and Access**
 - Main Museum
 - Harada House and Interpretive Center
 - Heritage House
- ✓ **Inspiring and Connecting**
 - Celebrating a Century
 - Outreach, Identity, and Engagement
 - Education and Digital Resources
- ✓ **Stewardship**
 - Collections Management
 - Supporting Community
 - Supporting Scholarship
- ✓ **Maximizing Resources**
 - Growing the Museum Team
 - Diversifying Revenue

New Plan for 2022 through 2027

The Strategic Plan for fiscal years 2022-2023 through 2026-2027 emphasizes goals that advance the Museum beyond its baseline activities and responsibilities.¹ The Plan is the result of multiple discussions between August 2021 and March 2022 among staff, the Museum of Riverside Board, the Riverside Museum Associates, the Harada House Foundation, other City staff, and stakeholders who are eager for the return of a fully operational and accessible Museum of Riverside. The Museum recommits to its mission and its many communities. Many of the goals and initiatives in this Plan are unique to the unusual circumstances prevailing when it was written and are aimed to continue the multi-year process of institutional overhaul and reinvention that began in 2017. This process aims to equip the Museum to serve 21st-century audiences and enter its second century of operation. The actions are 1) integral to larger goals and professional ideals, 2) central to effective Museum operations, 3) future-focused, and 4) aspirational. The Plan reaffirms the Museum’s goal to serve as a center for learning and as an indispensable community cultural resource.

Some assumptions underlie this Plan. First, genuine program growth and achieving best practices in all areas where they were previously lacking will require additional resources, staff in particular. Second, actions in this Plan that entail exploratory research may not necessarily result in the decision to implement a new exhibition, program, or project. Third, programs and activities that are not supported by existing resources—including human resources—may not be pursued even if they align closely with the Museum’s mission.

Staff are indicated by name for positions that are filled at this time this Plan is approved. Positions not filled are indicated by title. Responsibility for actions tied to vacant positions filter up to the filled position above. When new staff are recruited, revisions will be made during quarterly status reports. Advisory bodies indicated are those directly associated with the Museum and established to provide support solely to the Museum. It is understood that other City departments and individuals will play advisory and other roles who may not all be named in this Plan.

- * = Indicates a staff position not created and / or filled at the time of Plan approval. Until the position is filled, responsibility reverts to the individual to whom that absent staffer would have reported. Positions not filled will result in modification of plan goals, timetables, or both.
- ◇ = Supports a recommendation from the 2016-2017 Museum Management Consultants’ assessment and/or the AAM Re-Accreditation Visiting Committee’s report.
- green = Information in green in the Financial Impact column indicates an action for which revenues may exceed or partially offset costs.
- RMA = Riverside Museum Associates

¹ The Plan does not describe ongoing activities and community collaborations fundamental in any year, nor does it restate position descriptions or professional standards.

	Revitalized docent program		
	Expand university internships		

	Adult program development		
	Digital program development		

Strategic Goal: RENOVATION, EXPANSION, AND ACCESS

As of the initial date of this plan, only one of the Museum’s four sites intended for public access is accessible—Heritage House. The highest priorities of the Museum include 1) completing the renovation, expansion, and reopening of the main museum, 2) opening for the first time Harada House and its Interpretive Center, 3) expanding and improving access to Heritage House, and 4) expanding program outreach to the community. A re-envisioning of the main museum began in 2019 and has passed through a key approval stage, the Budget Engagement Commission. In July 2021, the fundraising goal for Harada House was achieved, which permits the rehabilitation to proceed, including its Interpretive Center.

Strategic Goal: INSPIRING and CONNECTING

The Museum’s 100th anniversary is a one-time opportunity that can no Curator of Natural Historyer be anticipated to be celebrated in a new downtown museum building. A high priority is developing multiple ways to celebrate this milestone throughout the anniversary year 2024. ProCurator of Natural Historyed closure of the Museum’s main site also demands additional emphasis on reaching our communities beyond our walls, including re-envisioning what an “exhibition” is, reconsidering communications, adapting educational programming for use both on- and off-site, and meaningful evaluation. These may include experiential learning opportunities such as drop-in programs outdoors, curriculum-based school tours, camps conducted at Parks or Library facilities, special events, lectures, performances, and other informal enrichment programs.

Strategic Goal: STEWARDSHIP

Work remains to bring documentation and preservation of the Museum’s collections up to standard. Many of these tasks will require more than five years, based on foreseeable staffing resources. Incremental milestones must be established to maintain progress on this behind-the-scenes function. Improved documentation and appropriate storage for all collections—Permanent, Community Collection, Education / Teaching Collection, Live Collection, and Library—is a prerequisite to effective public access to Riverside’s stories.

Key actions center on:

Strategic Goal: MAXIMIZING RESOURCES

The Museum’s resources include its community—the source of its stories and collections. An ethic that places the public and its experiences first must pervade all activities. Other resources include the Museum’s staff, facilities, collections, funding sources, reputation, and institutional history. Maximizing resources inherently includes conscious attention to sustainability. Sustainability means more than ensuring that the Museum’s financial needs are aligned with its funding. It includes environmental and cultural imperatives as well. To adopt a well-known and widely adopted definition of the concept, the Museum embraces an interpretation that “meets the needs of the present without compromising the ability of future generations to meet their own needs.”³ The Museum has a Curator of Natural History history of respect for cultural diversity, which will be further developed aCurator of Natural History with a more explicit embrace of environmentally sustainable operational choices. To integrate sustainable choices into all operations, policy and procedural statements will reflect this emphasis.

Key actions center on:
