Scope of Work for
City of Riverside

Date:
June 2022

Summary:

City of Riverside is considering hiring *The EcoHero Show* to promote organics recycling and food waste reduction to elementary schools.

About *The EcoHero Show*:

We believe monumental change begins with youth and combined our passions for hip-hop and sustainability to create *The EcoHero Show*. Since 2015, Mr. Eco and his EcoHero sidekicks have performed for schools around the globe, with the philosophy that every kid can change the world! Through our program, we introduce students to sustainability issues and how they can get involved. Performers teach dances or call & responses to each of their music videos. Between songs, various topics are discussed through storytelling & trivia to illustrate how students can have an impact on their ecosystem at home and at school.

Our Whole School Assemblies are 40 minutes long and developed for students in K – 6th grades. These are presented either virtually or in person. We will reach schools based on their preference this upcoming school year as there are still many uncertainties.

Our Classroom Presentations are 40 minutes long and developed for students in 2nd – 5th grades. These are presented virtually by streaming directly into individual classes.

Experience:

- *The EcoHero Show* has been hired by 120+ cities/counties in CA, with the majority using CalRecycle grants.
- We have performed environmental shows programming for 1,600+ schools in five countries reaching 800,000+ students.
- Our YouTube channel has 20,000+ subscribers and 2.6 million views
- *The EcoHero Show* has adapted their program to suit both in-person and live-streaming performances.

Our Assemblies will Accomplish the Following:

- Reinforce and create a sustainable culture at schools
- Education on proper organics recycling
- Education in food waste reduction
- Promote personal behavior change to adopt at school and home
- Inspire EcoHero leaders for their life

How Our Process Works:

- We handle all of the communications with schools. This includes promotion, scheduling, logistics management, and data collection.
- We work with you to incorporate messaging unique to your jurisdiction prior to our first performance.
- A schedule is sent out monthly and city/county staff are welcome to view the show if they would like.
- We send End-of-Year reports that outline the number of schools & students reached, testimonials, and survey results.
- Students can continue learning through *The EcoHero Club* and on our [YouTube](#) page. Teachers are also sent classroom curriculum should they wish to offer additional education on the topics presented after the show.

Follow-up Class Curriculum:

One of our performers, Jordan Anderson, has a teaching credential from UC Berkeley. He created additional learning activities for students to do in class following our shows. We cannot guarantee teachers will provide this lesson, but we will be sharing the materials with them so they have the option to do so.

Surveys & Testimonials:

We conduct surveys after each performance to receive immediate feedback from students, teachers, and assembly coordinators. The results of these surveys, as well as any testimonials received, will be included in the End-of-Year report sent to sponsors.

Long Term Impact:

It can be challenging to fully track the positive impact our shows are making on students in the long term. However, social media has allowed some of that to surface with students now in high school reaching out to us. Below is one of the comments we received on a YouTube video.

“Not sure if you remember me because it was several years ago, but you visited my elementary school called Harloe. I’m now a Freshman in high school. I need to give you a lot of credit for how you changed me. Before I was your average run of the mill kid crazed about video games. Now I am part of a student council encouraging community service and aspiring to become a law enforcement ranger of the national park service. It wasn’t all you that turned me out to be like this, but you certainly hit the on switch. I have major respect for your work and hope you can spread this knowledge to students everywhere!”

I need to give you a lot of credit for how you changed me. Before I was your average run of the mill kid crazed about video games. Now I am part of a student council encouraging community service and aspiring to become a law enforcement ranger of the national park service. It wasn’t all you that turned me out to be like this, but you certainly hit the on switch. I have major respect for your work and hope you can spread this knowledge to students everywhere!”
