DISCUSSION:

Number and Role of Boards and Commissions

Through discussion at the July 6, 2022, ICGC meeting, it was recommended an extensive review

of Boards and Commissions be completed to provide insight into the possible consolidation and alignment to the Envision Riverside 2025 Strategic Plan. To allow for a thorough review, staff recommends removing the list and reporting structure of Boards and Commissions identified in Resolution No. 23618 and addressing the purview and reporting structure of Boards and Commissions through the development and adoption of a separate resolution.

A benefit in addressing the role and number of Boards and Commissions through a separate resolution would allow ICGC to ensure the review of Resolution No. 23618 remains focused on City Council Rules of Procedure and Order of Business. Additionally, through a separate resolution, the Committee would be offered the flexibility of periodically reviewing Board and Commission composition, focus, and reporting structure.

Addition of a Model Deaf Community Commission

The Model Deaf Community Committee (MDCC) was created in April 1998 to promote unity between Riverside's deaf and hard of hearing communities. Although assigned as a Regional Organization to a designated Councilmember after an election year, traditionally monthly meetings were coordinated by the Mayor's Office. Coordination consisted of securing a meeting location and interpreter. In alignment with Regional Organization assignments, the budget allocation for interpreter services was moved from the Mayor's Office to the City Council Office effective July 1, 2022.

On August 11, 2022, a meeting was held with the City Manager's Office, Mayor's Office, City Clerk's Office, City Councilmembers assigned as Regional Organization representatives to the MDCC, and current members of the MDCC. Through discussion, it was recommended the MDCC be formalized as a City Council recognized commission. As a recognized commission, agendas items would be subject to Brown Act/Sunshine Ordinance requirements and the commission would follow a similar reporting structure to existing Boards and Commissions. Membership composition and duties or functions of the commission are proposed as follows:

Membership

- Pursuant to Sections 800 and 803 of the Riverside City Charter, the Model Deaf Community Commission shall be comprised of eleven (11) members appointed by the Mayor and City Council.
- Membership composition shall include one representative from Wards 1, 2, 4, 5, 6, & 7, two representatives from Ward 3, one youth member, and two at-large members.

Powers, Duties, and Functions

- Serve in an advisory capacity to help create an integrated community that promotes full participation in society, education and employment, effective communication, and cultural awareness.
- Review community policies, programs, and actions which affect persons within the deaf community and make appropriate recommendations to City Council.
- Render advice and assistance as requested to other City boards, commissions, and City departments on matters affecting members of the deaf community.
- Perform other functions, community outreach, and duties as may be directed by the City.

A benefit in establishing a City Council recognized Model Deaf Community Commission includes providing the standard level of support of a commission including publication of agendas, public meetings, and formalized meeting formats. A perceived disadvantage of establishing a new City Council recognized Model Deaf Community Commission could be the proposed outlined powers, duties, and functions of the new commission could be considered the purview of an existing Board or Commission. Another possible disadvantage could be transitioning the existing MDCC members into the proposed membership composition pursuant to Sections 800 and 803 of the Riverside City Charter.
