BACKGROUND:

The Riverside Police Department (RPD) and Riverside Unified School District (RUSD) have been in partnership with a School Resource Officer (SRO) program for over 24 years. The program is an extension of the community oriented policing philosophy whereby police officers are assigned to the public schools to provide a direct public safety resource to the various schools within the district. The model has proven to be an effective crime prevention tool,

enhances community trust between youth and law enforcement, and provides a direct resource to handle criminal investigations that occur on campus. Furthermore, officers' partner with school staff to reduce student truancy, present educational programs, and encourage students to be responsible for their own actions and to make informed decisions.

DISCUSSION:

RPD provides five SROs, one each at: Arlington High School, John W. North High School, Martin Luther King High School, Poly High School, and Ramona High School. The RUSD may request that the RPD provide additional services during evening and weekend District-sponsored events, including but not limited to, dances, athletic events, or performances that may occur at any school throughout the District. The RUSD will compensate the RPD for these supplemental services. The RUSD and the RPD would like to continue this partnership that supports positive youth development, crime reduction and school safety.

The SRO program costs will be shared equally between the City and the RUSD for a total estimated cost of \$1,063,310 per year to fund five SRO positions. Agreement compensation may be amended once per year during the term of the Agreement as Officer salaries and benefits change.
