

## State Authorized Automatic Time Extensions (Subdivisions)

The Subdivision Map Act provides that subdivision maps (Parcel and Tract) be recorded within 36-months of final approval unless time extensions are granted PRIOR to the expiration. The City of Riverside Subdivision Code allows for up to 6 one-year discretionary time extensions. The Subdivision Map Act has been amended to include automatic time extensions for maps that meet specific requirements. This worksheet identifies how to apply these time extensions to existing subdivisions. A final map must be recorded before the expiration date of the Map. State Law prohibits retroactive time extensions of Maps.

Map Number	31799	APN/Address	243-230-018/243-230-019
