TO: HONORABLE MAYOR AND CITY COUNCIL DATE: OCTOBER 11, 2022

FROM: OFFICE OF HOMELESS SOLUTIONS WARDS: ALL

SUBJECT: HOMELESSNESS ACTION PLAN

ISSUE:

Approval of the Homelessness Action Plan.

RECOMMENDATIONS:

That the City Council approve the Homelessness Action Plan.

COMMITTEE RECOMMENDATION:

On September 26, 2022, the Office of Homeless Solutions presented the updated draft Homelessness Action Plan to the Housing and Homelessness Committee and incorporated recommendations into the final draft for council consideration. Two members of the Housing and Homelessness Committee, Chair Edwards, and Committee Member Cervantes, were present at the meeting each of whom voted to move the Five-Year Plan to Reduce Homelessness, HHAP-3, and HOME-ARP to the City Council for review and approval.

BACKGROUND:

The City of Riverside’s Office of Homeless Solutions, in collaboration with the Housing and Homelessness Committee, have developed a Homelessness Action Plan to reduce homelessness in the City. The City is building from the Envision Riverside 2025 Strategic Plan, the Housing & Homelessness Committee’s FY 2021/22 goals, and the City’s Housing First Policy. The plan will center around goals that work to prevent homelessness, increase housing production and affordability, increase shelter beds and services, build a regional infrastructure with other jurisdictions and organizations, expand public awareness about homelessness and housing, and identify funding opportunities.

To ensure the Homelessness Action Plan reflects the needs of Riverside’s stakeholders, the City held three hybrid community engagement meetings (simultaneously in-person and on Zoom) to inform the community, obtain feedback on the proposed goals and the activities within the goals and prioritize activities leveraging HHAP-3, HOME-ARP, Measure Z, and other existing funding streams. These community meetings featured both Spanish and American Sign Language (ASL) interpretation. The City hosted three Homeless Task Force meetings virtually and one in-person

where leaders and front-line staff who work with the homeless population and extremely low- to low-income residents had an opportunity to provide input on how to craft a feasible and useful Homelessness Action Plan. Additionally, our partners were asked to administer an end-user survey to collect valuable feedback from those experiencing homelessness. People experiencing homelessness and those with lived experience were invited to participate in a discussion held in-person to provide their feedback of the Homelessness Action Plan.

The three major themes of these meetings included: (1) the need to prioritize vulnerable groups experiencing homelessness; (2) supporting creative housing with low-barrier shelter options; and (3) getting all hands-on deck to help with the homelessness crisis. The meeting attendees also supported the following six goals to address homelessness:

1. Increase housing production with a focus on affordability;
2. Availability of services, with a focus on physical and mental health and substance use disorder treatment;
3. Prevent homelessness;
4. Increase availability and effectiveness of emergency shelters;
5. Expand public awareness; and
6. Build a coordinated regional infrastructure.

The Homelessness Action Plan (Attachment 1) includes each goal and the corresponding program policy deliverables, partnerships, city department leads, leveraged city resources, timelines, and goal alignments. To receive the HHAP-3 grant funds, the City had to submit a local homelessness action plan and HHAP-3 application by June 30, 2022. The HHAP-3 application, a component of the formally Five-Year Plan, required regional collaboration with the County and Continuum of Care (CoC) to complete the eight tables included in the application.

On June 28, 2022, the Office of Homeless Solutions presented the draft Homelessness Action Plan, HHAP-3, and HOME-ARP to City Council. Over several months the OHS engaged experts in the field, community members, and end-users to gather quantitative and qualitative data that informed the OHS of the importance of identifying gaps and the focus on addressing subpopulations. Further, data from the 2022 Point-in-Time Count, woven into information collected from stakeholders, supported the creation of new goals that the City intends to implement intentionally. Recommendations by City Council included coordination between the City and County to provide joint efforts to address homelessness across the City, preventing lawlessness and ensuring safety for all, review of the Crime Free Multi-Housing Program, affordable for sale options, and differentiation between CARE Court and HOME Court. Additionally, Councilmember Edwards requested that the OHS meet in person with the Task Force to receive feedback and to confirm that the plan incorporates the voice of all stakeholders.

DISCUSSION:

On August 17, 2022, the Office of Homeless Solutions led a meeting with Task Force members to review the draft Homelessness Action Plan problem statement, activities, and measurements to ensure that stakeholders' voices were captured throughout the plan. Feedback from the group included:

- Additional measuring tools to strengthen data collection;
- Individuals with lived experience are crucial in implementing the Action Plan;

- Identify what action is being taken toward meeting other goals to contribute to success; and
- The Plan aligns closely with the County's 2022-2027 County of Riverside Homeless Action Plan.

On September 1, 2022, the OHS led a meeting with individuals experiencing homelessness and those with lived experience to discuss the Homelessness Action Plan. Participants shared their struggles with utilizing housing vouchers, the need for compassionate field engagements, clean drinking water, shower utilization, and the importance of frequent safety checks at non-congregate shelters. Those experiencing homelessness and people with lived experience would like to continue meeting with the City throughout the implementation of the Action Plan to share experiences around gaps and success.

The proposed Homelessness Action Plan incorporates all stakeholder feedback received to date and looks to provide a foundation of goals and objectives to address homelessness. This document should be viewed as a living, breathing document and updated as needed to address the ever-changing needs of the homeless community as well as all residents of the City.
