Good Morning,

This is the second email I have sent you regarding this case. I have questions and concerns about this project. I live directly across the street and i am concerned about this massive project that will take place. I OBJECT 100% to this project and I am sure I am not alone in this object. Our street is quiet and closed and this would create excessive crowding on our street.

What is the process to formally protest or stop this project?

Elsa Barboza
