Riverside, CA 92522

Jessica,

Mutual Propane would be pleased to extend the existing contract terms and conditions for additional year(s). Effective July 1, 2023 through August 31, 2026.

Under the "Acceptance of Proposal " section of the current agreement it states that "This agreement shall continue in force and be binding upon the parties for a period of 1 year(s) from acceptance date, and thereafter from year-to-year unless cancelled by either party". It is our practice to not modify terms and pricing after an agreement is out of contract.

Thank you for your continued business, Mutual Propane will continue to provide the City of Riverside with reliable service.

Sincerely,

Josh Hibbard
