WORKSHOP

PLANNING CASE – PR-2022-001453 – AMENDMENT

WORKSHOP - Draft Amendments to Title 19 (Zoning) of the Riverside Municipal Code intended to implement the legalization of Cannabis Uses at the recommendation of the City Council Economic Development, Placemaking and Branding/Marketing Committee

Judy Egüez, Senior Planner, presented the proposed amendments to Title 5, 9 and 19. She noted that only Title 19 is under the purview of the Planning Commission. She informed the Commission and provided background regarding the Notice of Intent to Circulate Petition for the Riverside Cannabis Taxation and Regulation Act received by the City of Riverside, September 28, 2021.

The Planning Commission discussed issues such as distancing requirements from houses of worship, hospitals, and day care. Comparisons were made to the requirements of a liquor license. Too many requirements that would preclude a “mom and pop” business to start up. Increasing the distancing requirements to 1000 feet. Having these businesses spread out throughout the city, perhaps 2 per ward. Buffers between these individual shops, same as liquor stores.

Staff indicated they would explore options with the GIS mapping to include some of the issues mentioned by the Commission.

Chair Kirby noted that if the city does not step forward and set up some kind of regulations, it may end up with something that cannot be enforced. He indicated this was a good start.

The Planning Commission thanked staff for the presentation and took no formal action.
