WorkAbility I: The Basics

- The mission of WAI is to promote the involvement of key stakeholders including students, families, educators, employers and other agencies in planning and implementing an array of services that will culminate in successful student transition to competitive integrated employment (CIE), lifelong learning, and quality of life.
- Funded and administered by the California Department of Education to eligible students receiving special education services in middle school, high school, and adult transition programs since 1981.
- Partners with the California Department of Rehabilitation and the California Department of Developmental Services via Regional Centers through local partnerships agreements to provide Competitive Integrated Employment (CIE) for individuals with disabilities.
- Local programs partner with local businesses and agencies to provide pre-employment and employment services.
