FTC: 10 Things You Can Do To AVOID FRAUD

1. Spot Imposters: Scammers pretend to be someone you trust.

2. Do online searches: Type a company or product name into your search engine with words like "review" "complaint" or "scam".

3. Don't believe your caller ID: Technology makes it easy for scammers to fake caller ID information.

4. Don't pay upfront for a promise: Someone might ask you to pay in advance for things like debt relief, credit and loan offers, or even prizes. Learn where to get real help with these issues at <u>consumer.ftc.gov</u>

5. Consider how you pay: Credit cards have significant fraud protection built in, but some payment methods do not. Wiring money is risky and nearly impossible to get your money back.

FTC: 10 Things You Can Do To AVOID FRAUD

6. Talk to someone: Before you give up your money or personal information, talk to someone you trust. Don't be rushed into making a decision.

7. Hang up on robocalls: If you answer the phone and hear a recorded sales pitch, hang up and report it the FTC. These calls are illegal.

8. Be skeptical about free trial offers: Some companies us free trials to sign you up for products and bill you every month until you cancel.

9.Don't deposit a check and wire money back: By law, the bank must make funds from deposited checks available within days, but uncovering a fake check can take weeks. If a check you deposit turns out to be c fake, you are responsible for repaying the bank.

10. Sign up for alerts from the FTC at ftc.gov/scams.
