## RECOMMENDATIONS

That the Planning Commission:

**1. RECOMMEND that the City Council FIND:**

- a. The draft project Environmental Impact Report (SCH No. 2022070337) has been completed in compliance with the California Environmental Quality Act (CEQA); and
- b. The proposed project will have a significant effect on the environment, but there are no feasible alternatives to the proposed project or mitigation measures that will avoid the significant environmental effects as identified in the Draft Environmental Impact Report for project specific and cumulative impacts to Transportation/Vehicle Miles Traveled.

**2. RECOMMEND that the City Council APPROVE** Planning Cases PR-2021-001053 (Tentative Tract Map, Planned Residential Development, Design Review, Agricultural Preserve, and Environmental Impact Report), based on the findings outlined in the staff report and summarized in the attached findings and subject to the recommended conditions of approval and mitigation measures.
