Good afternoon [REDACTED]

I am reaching out to you regarding the request for ADA (handicap) on-street parking in front of your residence. I wanted to see if you may provide your address or the property address inquiring about ADA on-street parking. This will help as an example in the preparation of a report for an on-street ADA residential program to present to the Transportation Board.

Thank you for your time and I hope to hear from you soon.

Sincerely,
