

an individual possessing eight or less catalytic converters but cannot identify a specific victim, who then must be able to positively identify the catalytic converter as theirs, then the officer may have to release the individual along with the catalytic converter(s).

The inability to identify the victims of catalytic converter thefts inhibits the ability to successfully prosecute individuals for thefts. The proposed Ordinance is necessary to provide the City of Riverside, in conjunction with the County of Riverside and surrounding cities, with an additional tool to protect the public, deter this criminal activity, and promote a more productive use of law enforcement resources.

The ordinance as proposed will help protect the citizens of Riverside and assist law enforcement by establishing a zero-tolerance policy for catalytic converter theft, establishing sanctions for possessing stolen catalytic converters, preventing offenders from profiting from the sale of catalytic converters, preventing recycling centers from purchasing unlawfully obtained catalytic converters, providing indirect justice to the victims of catalytic converter theft, and minimizing the fiscal and personnel impact to the City of Riverside in deterring and investigating catalytic converter thefts.

STRATEGIC PLAN ALIGNMENT:

This item contributes to **Strategic Priority 2 — Community Well-Being**, specifically, Goal 2.4 to Support programs and innovations that enhance community safety, encourage neighborhood engagement, and build public trust.

The item aligns with each of the five Cross-Cutting Threads as follows:

1. **Community Trust** — The ordinance is being proposed to the City Council to protect the citizens of Riverside and assist law enforcement by establishing a zero-tolerance policy for catalytic converter theft. It is being discussed with this Committee for public input and transparency.
2. **Equity** — The proposed ordinance will provide law enforcement with an additional tool to help ensure that every member of the community will be protected.
3. **Fiscal Responsibility** — No additional funding is required due to the proposed ordinance.
4. **Innovation** — The City continually analyzes timely and reliable information in order to develop informed policies and impellent new programs that meet the community's changing needs.
5. **Sustainability & Resiliency** — The proposed ordinance will enhance the City's preparedness for the future.

FISCAL IMPACT:

There is no fiscal impact associated with this report.
