Transportation Board

2026 Work Plan

Mission

The City of Riverside and the Transportation Board are committed to advancing multi-modal transportation network initiatives, ensuring the safe, efficient, sustainable, and equitable usage of the right of way, and movement of pedestrians, bicyclists, and motorists.

1. **Ensure all Wards are represented at Transportation Board meetings by establishing a board member attendance of 80%.**
2. **Recommend pilot and long-term complete streets-oriented improvements for regulatory compliance and community safety enhancement including, but not limited to, pedestrian crossings & corridors, bicycle facilities, neighborhood traffic calming, speed limits signs, truck restrictions signs, parking signs, turn restriction signs, etc.**
3. **Provide recommendations during annual review of the City's Traffic Signal Synchronization Master Plan and proposed Capital Improvement Projects.**
4. **Explore innovative transportation solutions to address neighborhood community challenges and solicit feedback through public outreach and engagement efforts.**
5. **Develop individualized Safe Routes to School Action Plans, engage in updates to the Riverside PACT and establish the Vision Zero Action Plan, design the South Main Complete Streets Project, and coordinate with the Police Services Department to review the Major Accident Investigation Team (MAIT) report.**
6. **Participate in the Citywide General Plan and Climate Action Plan Updates.**

Transportation Board Key Policy & Planning Documents
