

Riverside Municipal Airport

Riverside Airport has become the leading destination for corporate and business aviation in Southern California's Inland Empire and is a convenient departure point for the Pacific Rim, Mexico, or any other business destination in North America.

Riverside Offers

- Complete landing and navigation systems for all-weather conditions.
- Full conference and catering facilities
- Uncongested airspace
- No noise mitigation
- Room for Expansion
- 100,000 Annual Flight Operations
- Tower-Controlled

NEW FOR SUMMER 2015: A prime 20-acre site on the Airport's west side is scheduled for development as a location for new hangars and aircraft service facilities.
