Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

Note: Board and Commission Chairs may be called upon to serve as members of an adjudicating body to review complaints alleging violations of the City's Code of Ethics and Conduct by elected officials or members of boards and commissions.

COMMUNITY POLICE REVIEW COMMISSION:

Have you ever been convicted of a felony or misdemeanor? ☐ Yes ☐ No

CPRC applicants must undergo a limited background check by the Police Department prior to serving on the Commission due to the sensitivity and confidentiality of the materials you will review that have certain legal restrictions. The background check consists of the following:

Completion of a Background Personal Information form; live scan fingerprint process through the FBI and Department of Justice, a local police records check, a records check of the National Crime Information Center (NCIC), and a DMV records check that includes vehicles registered to the applicant. The purpose of the DMV records check is due to liability issues since Commissioners occasionally drive their personal vehicles to public outreach events. The background check takes approximately two weeks to complete.

WHY YOU WANT TO SERVE ON A CITY BOARD OR COMMISSION:

(474 Characters Max)

Since I moved to Riverside 22 years ago much has changed. My family and friends have benefited from exciting improvements in parks, recreation, environmental quality, schools, and economic development. None of this would have happened without the hard work of both our public servants and our private citizens and all progress critically depend on responsible, reliable, and affordable water and energy. I have received much. Board service is a way for me to give back.

EXPERIENCE OR SPECIAL KNOWLEDGE PERTAINING TO AREA(S) OF INTEREST:

(474 Characters Max)

As a teacher and researcher in the environmental sciences, I am broadly familiar with many of the policy goals of RPU, as well as with the science that frames the opportunities and constraints faced by our Public Utilities. Through my waste management experience, I am familiar with the need to plan ahead, to assure financial stability, to operate responsively and efficiently, to evaluate environmental opportunities and concerns, and to affirmatively engage the public.

EDUCATIONAL BACKGROUND:

(474 Characters Max)

I earned a B.S. in Agricultural and Biological Engineering from North Carolina State University in 1986. I attended Cornell University for graduate work earning M.S. (1990) and Ph.D. (1992) degrees in the Department of Agricultural and Biological Engineering. My areas of concentration were Soil and Water Engineering, as well as Water Resource Systems Engineering (under Civil and Environmental Engineering faculty), and Biogeochemistry (Ecology).

OCCUPATIONAL EXPERIENCE:

(474 Characters Max)

I have more than 20 years of experience as a professor and Cooperative Extension Specialist in the Department of Environmental Sciences at UC Riverside. I supervise graduate students, teach, write grants and manage a budget. My courses include Solid Waste Management, Physical Hydrology, and a large Contemporary Issues course. As UC Waste Management Specialist, I work statewide with both government and industry on beneficial uses for municipal wastes.

Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

Note: Board and Commission Chairs may be called upon to serve as members of an adjudicating body to review complaints alleging violations of the City's Code of Ethics and Conduct by elected officials or members of boards and commissions.

COMMUNITY POLICE REVIEW COMMISSION:

CPRC applicants must undergo a limited background check by the Police Department prior to serving on the Commission due to the sensitivity and confidentiality of the materials you will review that have certain legal restrictions. The background check consists of the following:

Completion of a Background Personal Information form; live scan fingerprint process through the FBI and Department of Justice, a local police records check, a records check of the National Crime Information Center (NCIC), and a DMV records check that includes vehicles registered to the applicant. The purpose of the DMV records check is due to liability issues since Commissioners occasionally drive their personal vehicles to public outreach events. The background check takes approximately two weeks to complete.

Dear Investigation Staff:

It is a pleasure to provide this letter to support the application of Richard A. Naggar to serve as a Deputy Probation Counselor in the Orange County Probation Department. I want to convey my strongest recommendation for Richard's application.

I have known Richard for over two years. He is mature, organized, and socially adroit. Richard is culturally sensitive, experienced in supervising youth, and thoughtful. He has held a number of positions in sales, real estate management, and food services. He would be a superb role model for youth.

He is an outstanding parent – I know his children – and he is involved with a number of community youth service programs. He has served as a counselor for a rape crisis center and assisted the YMCA. Richard will complete his Associate of Arts degree from Los Angeles Harbor College in June, 2002. When Richard completed my Introduction to Sociology course he earned a grade of "A".

I believe Richard would be a tremendous asset to the Orange County Probation Department. If you have questions or need additional information to act positively on Richard Naggar's application, please telephone me at (323) 526-5563.

Re: Richard Alan Naggar
Letter of Reference

To Whom It May Concern:

As the "point man" for a corporation in a lawsuit in which I represent another party, I have known Mr. Richard Naggar for approximately one (1) year.

It has been my pleasure to have made Mr. Naggar's acquaintance as he has been honest and forthright -- without guile or deception. He has a clear understanding of the legal process and the law. I have found Richard to be ethical and extremely hardworking -- someone any organization would be proud to have as their representative.

I have heard nothing but good things about Richard. Similarly, I have nothing but good things to say about him. I wish him the best in any endeavor, which he might pursue.

Sincerely,

Re: Letter of Recommendation
For: Richard Alan Naggar

To Whom It May Concern:

My name is Dr. Robert Mitchell. Currently, I am a attorney and partner at the law firm of Lobb Cliff & Lester, LLP, and have been an attorney for almost 18 years. I have also taught political science at Santiago Community College from 1998 to 2006. The recommendation in this letter is based on my personal knowledge of Mr. Naggar and not on behalf of the law firm.

It has been my pleasure to have interacted with Mr. Naggar in his capacity as the point of contact for Fidelity Homes Inc a corporate client of the firm. It is my understanding that his current position is Director of Business Development as well as Director of Sales, Marketing, and Property Management for Fidelity. Richie has made my job considerably easier by grasping not only the legal concepts, but also because of his understanding of the motives and idiosyncrasies of people. Mr. Naggar applies this knowledge to the miscellaneous arenas of the Real Estate Industry. His skills in communicating and interpreting complex issues allow him to navigate with ease through the multiple personalities regardless of what side you are on. Being clear, precise, and laser like in his responses helps keep everyone on the same page with forward movement.

Always on time or early for meetings, his contribution keeps us focused and on the mission. This results in saved time and money. During the course of lengthy litigation, I had the opportunity to observe his ethics, honesty, and integrity – all of which are above reproach. Even more compelling is the fact that when he does not know something, he states it, and then goes about finding a solution. It is a pleasure to watch Mr. Naggar masterfully applying these skills.

Mr. Naggar would be an asset to any organization, firm, or corporation and I wholeheartedly recommend him to you. I would be pleased to discuss Mr. Naggar further if anyone would so wish.

Sincerely,

To whom it may concern:

Richie Naggar as asked that I provide him with a letter of reference. It is my pleasure to do so.

I first came to know Rich when the company he worked for, Vosi Technologies, contacted us to explore a complex legal case. Richie was the point of contact and we hit it off. He has a very professional demeanor and is able to interpret and simplify complex issues. He also interacted very well with all our professional staff and always left everyone on a positive, upbeat note. It appears that Richie was the go to guy for the company and the company point of contact. His communication skills are superior and his presentation of any given situation is thorough. We worked together for about 1.5 years. In all during that time, I found him to be consistent and reliable and honest.

In regards to his character, I have found him to be open and readable at all times. He has mastered the ability to be honest, straightforward, but compassionate at the same time. We found Richie to be a hard worker and well liked by everyone.

I was impressed of the media coverage that Richie created for the company. Everyone that we spoke to that knows him, speaks very well of him. He presents himself and the company extremely well.

It is a pleasure to interact with a rule player, that is someone that plays by the ground rules. He is that type of person. By adhering to company policies and procedures, an atmosphere of trust and high standards thrives. He brings that attribute to bear and everyone ends up on the same page. He is a good foundation to build on. Without prompting, he would continually keep us updated and provided the glue that kept us together and kept us moving forward. He also has a genuine capacity to solve problems and take the initiative.

I would highly recommend this man to any organization or team that wishes to add a value and insurance to the bottom line. If you need further information, please don't hesitate to contact me.

To Whom It May Concern:

Richie Naggar has asked that I prepare a letter of referral on his behalf, which I do with the greatest pleasure.

I have worked with Mr. Naggar for the past three years in connection with his employment with the Orange County research and development company, Vosi Technologies, Inc. As Vosi's Intellectual Property attorney, I have had virtually constant contact with Mr. Naggar as a result of his capacity as Vosi's head of marketing, and Vosi's implicit "all around" task master.

During my involvement with Mr. Naggar, I have seen him work on such diverse projects as litigation coordinator, licensing liaison, marketing manager, and human resources director, among many others. I have found his skills and judgement exemplary. Moreover, he brings an attitude and disposition which makes him welcome to work with. No job is too small or too big for Mr. Naggar as he brings overflowing energy and enthusiasm to every project which he works upon.

Finally, there is absolutely no question that he exhibits the very highest degree of integrity. I have seen this demonstrated time and time again.

Thank you very much for considering this recommendation. Please contact me if I can furnish any additional information or clarification.

RE: Richard A. Naggar

It is a pleasure for me to write a Letter of Recommendation in respect of Richard whom I have had the opportunity to work with in various community and economic development activities during the past year.

I have found Richard a very competent and professional. As a seasoned community and business leader, I have observed his ability to complete challenging assignments. He and I have worked quite closely during the past year on various economic development projects setting up various opportunities for the surrounding region. He assisted in developing a community outreach program and insured that all protocols for the project were followed as per the client's direction.

Since working with Richard, I have observed that he has made significant progress in his career development and has assumed more areas of responsibility. He has mastered each new assignment with ease and has won the praise of those public and private sector managers that his firm deals with on a daily basis. I am very proud to count Richard Naggar as a colleague and I am especially proud of his dedication to duty and I know he will excel in any endeavor he undertakes.

Mr. Naggar is a thoroughly likeable gentleman, who has a keen sense of humor, and a mature sense of responsibility and always has the welfare of his peers at heart.

I would recommend Richard with out reservation to anyone who requires an intelligent, honest, hardworking and competent individual who they can trust in any area of their organization.

To Whom It May Concern:

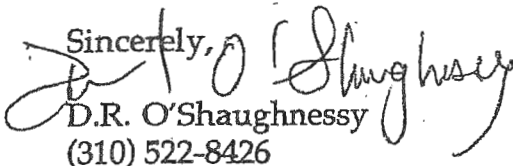

My name is David Ramsey O'Shaughnessy, and I am a full-time instructor of philosophy and humanities at Los Angeles Harbor College. I am writing this letter on behalf of one of my students -- Richard Allen Naggar.

I am very familiar with Mr. Naggar in that he completed with me four general education speech, humanities, and philosophy classes here at LAHC. Mr. Naggar earned As in all four courses, and clearly demonstrated the skills and commitment worthy of such top grades.

More noteworthy even than his grades is Mr. Naggar's persona. He is mature, warm, encouraging, and sensitive in extraordinary degrees. His presence added much to all of the classes, and I was always glad to have him on board. Over the semesters, I came to think of him as more than a student, but also as a friend. I believe him to be a good person.

I recommend Richard Allen Naggar without reservation, and would be glad to be contacted on his behalf.

To whom it may concern:

I would like to recommend Richard Alan Naggar (Richie). I came to know Richie through my son John. They met at Mimi's Cafe around 1993-1994. They have become good friends and have accomplished much together.

Rich is a remarkable man. My sister, who lives in Ojai, was having a problem with a tenant. Rich has a strong background in landlord/tenant laws and relations. He is very knowledgeable about contracts and general court proceedings. He volunteered to see her and guide her through a stressful, complicated procedure. She is elderly and had just lost her husband. The gesture was noble. The results worked out for the best with his help.

A few years later, my son was harassed. This person was about to take matters into his own hands over a failed business arrangement. Unprovoked physical, mental and emotional threats were made against my son. The police were contacted, and we were told that there was very little to be done unless it escalated into unlawful activity. While Rich was visiting with my son at his place of business, this individual drove by and made intimidating gestures. Rich was able to intervene in a calm and collected manner. He instructed the young man to pursue his disagreement in court and not take matters into his own hands. Rich is gifted in communication skills and was able to reason with this man, who was at the time, quite irrational. Subsequently, the man took Rich's advice and took the matter to court where he ultimately lost. I look back and see the difference that Rich made in that situation for all of us. His faith in the laws of the land and his fellow man are the foundation of his success.

On another occasion, I had the misfortune of hiring a contractor who did not complete repairs per our agreement on my home. Rich has extensive experience in construction and legal matters. He was able to guide me to a solution without my seeking expensive counsel.

My son has discovered a good friend who is honest and knowledgeable in the practical events of life. The fact that he truly cares makes it a compelling story. If you are considering Rich Naggar for any position, I congratulate you on your choice. If you have any questions regarding this young man, please do not hesitate to contact me.

Sincerely,

Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

Note: Board and Commission Chairs may be called upon to serve as members of an adjudicating body to review complaints alleging violations of the City's Code of Ethics and Conduct by elected officials or members of boards and commissions.

COMMUNITY POLICE REVIEW COMMISSION:

Have you ever been convicted of a felony or misdemeanor? ☐ Yes ☒ No

CPRC applicants must undergo a limited background check by the Police Department prior to serving on the Commission due to the sensitivity and confidentiality of the materials you will review that have certain legal restrictions. The background check consists of the following:

Completion of a Background Personal Information form; live scan fingerprint process through the FBI and Department of Justice, a local police records check, a records check of the National Crime Information Center (NCIC), and a DMV records check that includes vehicles registered to the applicant. The purpose of the DMV records check is due to liability issues since Commissioners occasionally drive their personal vehicles to public outreach events. The background check takes approximately two weeks to complete.

It is the policy of the City of Riverside to promote the full integration and participation of persons with disabilities into all areas of economic, political and community life. In order to adequately represent the needs of residents with access and functional needs, the following criteria applies:

- Members should consist of both persons with and without disabilities.
- Members should represent a cross-section of the City's disability groups and include persons with professional experience representing or supporting persons with disabilities.

HOW WOULD YOUR EXPERIENCE OR QUALIFICATIONS HELP THE COMMISSION ON DISABILITIES MEET ITS MEMBERSHIP GOALS?

(1650 Characters Max)

I am 73 years of age and life experiences has been a good teacher. My 25 plus years with the California Department of Corrections and Rehabilitation (CDCR) as a Community Resources Manager (CRM) allowed me the opportunity to be involved in different areas of the hiring process for State employees. Some of those areas were the Limited Examination and Appointment Program (LEAP). My involvement with this program gave me the opportunity to identify those individuals with special needs.

I also had to be knowledgeable of the Americans with Disabilities Act (ADA).

The powers, duties and functions of the Commission on Disabilities are:

- Advise the City Council on all matters affecting persons with disabilities in the community.
- Review community policies, programs, and actions which affect persons with access and functional needs and make appropriate recommendations to the City Council.
- Render advice and assistance as requested to other City boards and commissions, to City departments, and to private agencies on matters affecting persons with disabilities.
- Identify the needs of persons with access and functional needs and create a public awareness of these needs in areas such as employment, housing, transportation, media, physical, and communication accessibility and other needed areas.
- Promote greater awareness of the changing life patterns, opportunities, and responsibilities of persons with access and functional needs.
- Promote the total integration of persons with disabilities into all aspects of community life.
- To participate in various public outreach activities and functions that require a commitment of time on evenings and weekends.
- Perform other functions and duties as may be directed by the City Council.

Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

Note: Board and Commission Chairs may be called upon to serve as members of an adjudicating body to review complaints alleging violations of the City's Code of Ethics and Conduct by elected officials or members of boards and commissions.

COMMUNITY POLICE REVIEW COMMISSION:

Mission and Summary

I believe in challenging the status quo in almost everything I do. I think creatively and often differently. The way I challenge the status quo is by designing manufacturing processes that incorporate beautiful, innovative design and that are simple to operate and user friendly. My processes often integrate technology in surprising ways and are efficient, lean operations.

With a background in design, tool making, process engineering, along with deep experience with six sigma, lean principles, safety, and ergonomic design I bring a broad suite of tools to projects. I also like to work in the realm of the recently possible. I just happen to be in the manufacturing automation business.

Experience

Senior Engineering Specialist: Process and Hardgoods Development at 3M ESPE, Irvine, CA: June 1999 - Present

Functioning as the bridge between technology and the business needs, I am the architect and implementer of advanced process systems for manufacturing. Currently, I've been deeply engaged in implementing conventional and collaborative robots, and advanced vision systems.

My other interests are laser processing of materials, anti-counterfeiting/grey marketing issues, and the IT grey space (the computing area between factory floor PLCs and the process or business LAN data). I improve manufacturing cost, quality, speed, and total throughput by implementing unique process solutions.

Looking towards new technologies that are ready or nearly ready to implement in manufacturing within the next two to four years I often track emergent technologies over time, until they are ready to roll out to the factory floor.

Tooling Supervisor at 3M ESPE Irvine, CA: June 1996 - March 1999

Supervised a team of skilled craft persons. As a service organization the focus was insuring daily production and operational issues were identified and mitigated. As the organizational leader for the tooling and hardwoods group responsible for identifying and implementing solutions to gaps in skill sets as well as negotiating general human resource issues.

Acquired and Implemented a four axis CNC mill, a Mori Seiki, which incorporates a Lemoine digitizing probe system. This system was designed to capture data from human teeth for the purpose of manufacturing dental crowns.

Senior Process Engineer at 3M, Columbia MO: June 1991 - June 1996

Process engineer responsible for an high volume electronics connector and semi-conductor chip handling system manufacturer. Front line engineer with complete technical responsibilities including: mold design, mold validation, process optimization, process validation, and process transfer.

Traveled extensively to mold tooling suppliers and outsourced parts vendors to troubleshoot 3M product processes on remote sites as well as to train suppliers. Started molding operations in Seremban Malaysia, for 3M Electronic Products Division. Acquired process equipment, materials and trained local talent in operations. This was a long term project that transferred \$15MM in SVOP to 3M Malaysia operations.

RE: Human Relations Commission Opening

Dear City Clerk Nichol:

Enclosed, please find my application and current resume respectfully submitted for consideration for appointment to the City of Riverside Human Relations Commission. As a recent transplant to the City of Riverside, and with over 25 years in the nonprofit and public sector, I would be honored to bring both my passion for social justice and my previous experience – on personal, educational and professional levels – into the service of my newly adopted city.

There is a strong alliance between the mission of the HRC and of my own life's mission – and the more voices we have speaking up collectively to raise awareness and eliminate prejudice, intolerance and discrimination the better.

My mission, additionally, is not only to have a society free of these most base of human emotions and actions, but rather a society that flourishes because of the celebration of difference, one that sees the diversity of our City as a cause for celebration, a great wealth of human experience, a resource to be tapped, and a source of strength and empowerment for the communities we all seek to serve. As my family and I set down solid roots here, it would be an honor to work with City Council, the City Manager and the staff of Riverside for the continued betterment of our city.

Sincerely,

Lana J Haddad

WHY YOU WANT TO SERVE ON A CITY BOARD OR COMMISSION:

(474 Characters Max)

I have lived in the city of Riverside my entire life. I attend UCR here, and I work at the Fox Theater, as well as intern at Riverside Public Utilities. I've always had an admiration for Riverside's preservation of a "big city, small town charm" feel, and I want to ensure that that remains for future generations. My goal is to become Mayor of Riverside one day, and I hope to begin this long endeavor by joining a city board or commission to become further involved during my years at the university.

EXPERIENCE OR SPECIAL KNOWLEDGE PERTAINING TO AREA(S) OF INTEREST:

(474 Characters Max)

Currently I am a Water & Energy Efficiency Intern at Riverside Public Utilities. During my time here, I have learned what Riverside does particularly well to promote citywide sustainability, and what it could still use work in. With this knowledge and my ambition as a young student, I believe that I am able to bring different ideas to the table when necessary.

Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

Note: Board and Commission Chairs may be called upon to serve as members of an adjudicating body to review complaints alleging violations of the City's Code of Ethics and Conduct by elected officials or members of boards and commissions.

Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

Note: Board and Commission Chairs may be called upon to serve as members of an adjudicating body to review complaints alleging violations of the City's Code of Ethics and Conduct by elected officials or members of boards and commissions.

COMMUNITY POLICE REVIEW COMMISSION:

Have you ever been convicted of a felony or misdemeanor? ☐ Yes ☒ No

CPRC applicants must undergo a limited background check by the Police Department prior to serving on the Commission due to the sensitivity and confidentiality of the materials you will review that have certain legal restrictions. The background check consists of the following:

Completion of a Background Personal Information form; live scan fingerprint process through the FBI and Department of Justice, a local police records check, a records check of the National Crime Information Center (NCIC), and a DMV records check that includes vehicles registered to the applicant. The purpose of the DMV records check is due to liability issues since Commissioners occasionally drive their personal vehicles to public outreach events. The background check takes approximately two weeks to complete.

COMMISSION ON DISABILITIES:

It is the policy of the City of Riverside to promote the full integration and participation of persons with disabilities into all areas of economic, political, and community life. In order to adequately represent the needs of residents with disabilities, the following criteria applies:

OBJECTIVE

A position as a Moderate to Severe Special Education Professional

HIGHLIGHTS

Management has been a constant in my life, from toddler to the present. I am a very organized person and enjoy multi-tasking. I am active in the church. I am also active with my own children. Going back a few years!

I was the first to integrate an all white elementary school in Riverside (1962). I attended a Catholic Church school for Pre-school and Kindergarten. I am also part Sioux Indian. I am very familiar with diversity and multiculturalism. As a High School and Undergraduate pre-med/psychology Major, I volunteered at Riverside Community Hospital for several years, as a "Candy striper." A position where I assisted with patients' various needs. I also did volunteer work at a convalescent facility. My experiences have prepared me for a career in special education working with the moderate to severe disabled individuals of all ages.

My goal is to improve individual skills level to make transitioning a great experience whether it be inclusion into regular ed. Classes or living/life skills to make them as independent as possible. To help those who need help the most through education and resources.

This is a vast and growing area that requires many specialized educators, administrators and advocates. At some point in my career I will serve in each of these capacities.

A teacher's constant task is to take a roomful of live wires and see to it that they're grounded.

Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

Note: Board and Commission Chairs may be called upon to serve as members of an adjudicating body to review complaints alleging violations of the City's Code of Ethics and Conduct by elected officials or members of boards and commissions.

COMMUNITY POLICE REVIEW COMMISSION:

Have you ever been convicted of a felony or misdemeanor? ☐ Yes ☒ No

CPRC applicants must undergo a limited background check by the Police Department prior to serving on the Commission due to the sensitivity and confidentiality of the materials you will review that have certain legal restrictions. The background check consists of the following:

Completion of a Background Personal Information form; live scan fingerprint process through the FBI and Department of Justice, a local police records check, a records check of the National Crime Information Center (NCIC), and a DMV records check that includes vehicles registered to the applicant. The purpose of the DMV records check is due to liability issues since Commissioners occasionally drive their personal vehicles to public outreach events. The background check takes approximately two weeks to complete.

To Whom It May Concern

Subject: Thomas H. Safford, P.E.

I have known Tom Safford for approximately 22 years with 17 of those years at Western Municipal Water District as co-employees. Prior to coming to Western I was a civil engineering consultant and interacted with Tom on development projects needing plan approval within Western's area.

While at Western Tom served in several roles. These ranged from Supervising Engineer, Principal Engineer/Safety Officer, and Project Manager of Special Assignments. Given his education, experience and work ethic, he was able to work on a vast variety of issues. Examples include development of Western's Safety Program, assisting in the transition of Western taking over the water and sewer utilities of March Air Reserve Base, and many capital improvement projects such as pipelines, pumps and tanks.

In my opinion Tom's greatest strength is his cooperative nature and willingness to tackle new assignments. He has a very good nature about himself making it comfortable for co-workers, customers, developers and regulators to work well with him. His people skills have been honed by years of work experience, service on a variety of Boards and Commissions, and active involvement in industry associations. This skill set applied to projects is an asset. He also has the ability to listen and develop positions for decision-making which is a valuable resource to any organization.

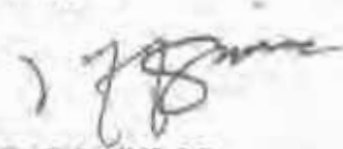

Tom has always shown a high level of professionalism, is dedicated to the organization he works for, and has a strong work ethic. In fact it was an odd day that Tom wasn't the first person at work each day.

You don't work at one organization for 27 years without adding value and being committed to what you do. Tom did both.

Tom has a vast amount of experience, excellent people skills, ability to make sound decisions, and can bring value to efforts he is engaged with. He is a quick learner and from my experience with him, would expect that he would quickly become an asset.

Should you have any questions, please feel free to contact me at 951.571-7221 or at jsims@wmwd.com.

Best Regards,

JEFFREY D. SIMS, P.E.

Subject: Application Renewal of Thomas H. Safford

Colleen H. Nicol, MMC:

Accompanying this letter is the renewal of application for service on the City of Riverside Planning Commission, Board of Public Utilities, or Airport Commission as requested in your letter of August 20, 2013. My preference would be for appointment to the Planning Commission but feel qualified to serve on any of the three named. I am interested in serving on these panels as a way of contributing to the future of Riverside as well as a return to a City that has served the Safford family very well for many years.

Please note that in addition to university degrees in management and engineering, I have lately retired after working for twenty-seven years as a senior staff engineer/project manager for Western Municipal Water District. I am also a military veteran and a former licensed private pilot. I have worked directly with many of the staff of the City of Riverside to include Mr. Todd Jorgenson, Water Operations Manager and Mr. Ken Gutierrez, former Director of Planning (and current interim Councilperson). Both of these individuals can attest to my professional experience and my working relations with the City of Riverside. More recently, I have worked with Mr. Paul Hamilton, Senior Plans Examiner of your Community Development Department in my role as an Elder and volunteer manager for an ADA Restroom installation project and City mandated Backflow Prevention Device Installations project for Magnolia Presbyterian Church in Riverside.

Thank you for the opportunity to renew my application to serve.

Sincerely,

[REDACTED]

Thomas H. Safford

Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

Note: Board and Commission Chairs may be called upon to serve as members of an adjudicating body to review complaints alleging violations of the City's Code of Ethics and Conduct by elected officials or members of boards and commissions.

COMMUNITY POLICE REVIEW COMMISSION:

Have you ever been convicted of a felony or misdemeanor? ☐ Yes ☒ No

CPRC applicants must undergo a limited background check by the Police Department prior to serving on the Commission due to the sensitivity and confidentiality of the materials you will review that have certain legal restrictions. The background check consists of the following:

Completion of a Background Personal Information form; live scan fingerprint process through the FBI and Department of Justice, a local police records check, a records check of the National Crime Information Center (NCIC), and a DMV records check that includes vehicles registered to the applicant. The purpose of the DMV records check is due to liability issues since Commissioners occasionally drive their personal vehicles to public outreach events. The background check takes approximately two weeks to complete.

RE: Recommendation in support of Steve Whyld for the City of Riverside Board of Public Utilities

To whom it my concern:

I have personally known Steve Whyld for over 35 years, initially as the outstanding the Planning Director for the City of Riverside with a reputation known through the development community for fairness and competency, and in later years as a member of our company consulting team, directing our land use analysis and entitlements.

I have the privilege to have worked with Steve on large, complex mixed use developments as well as the complete renovation of a 450,000 square foot office, industrial campus, located in the City of Riverside. This development required the replacement of antiquated electrical, water, sewer storm drainage and communication systems. I have found that Steve has a very unique set of knowledge and experience which will be very beneficial to the Utility Board

Steve has excellent writing and verbal communications skills as evidenced by his having guided the precreation of Specific Plans and presenting of our development objectives to city governmental agencies

Steve fully understands the needs of both the public and private sector in the development process for all aspects of commercial, office, industrial and institutional uses

You could not find a better board member than Steve Whyld.

It has given me great pleasure to offer this recommendation for Steve Whyld. Please do not hesitate to contact me to discuss his credentials further.

Sincerely,

David L. Ball AIA

You are welcome to provide a resume and/or letters of endorsement.

WHY YOU WANT TO SERVE ON A CITY BOARD OR COMMISSION: I have always had an interest in science, technology, engineering, and mathematics. Serving on the Board of Public Utilities will allow me to examine and analyze our utility's policies, its operation, the revenues, the expenditures, planning, and its regulation. We need new facilities, new equipment, and new technology to conserve and develop new water supplies and energy sources. I do my best to keep current in science and technology, hoping to find a full-time career that will enable me to contribute to these fields and perhaps be one of the few people to develop innovative ideas for new sciences in the twenty-second century.

EXPERIENCE OR SPECIAL KNOWLEDGE PERTAINING TO AREA(S) OF INTEREST: I used to be an adjunct professor in chemistry at many community colleges. I taught lecture, laboratory, and discussion periods. Earning the distinction of Distinguished Teacher in public speaking, I do my best to prepare speeches on current and future technology. I'm also preparing and writing books on chemistry for future colleges and universities and books for a general audience. I hope I can also write about my experiences about water and energy issues by being part of the Board of Public Utilities. I also had the opportunity to visit water treatment plants, how they work, and water conservation work in the community.

EDUCATIONAL BACKGROUND: I attended Highland Elementary School, University Heights Middle School, John Wesley North High School, and the University of California, Riverside. I've also graduated from the University of California, Davis in Northern California, and I'm also a graduate of The Eleanor Jean Foster Leadership Academy. I've attended Speech Bureau, and I have visited more than sixty different Toastmaster clubs for public speaking in Southern California. I've also completed an Extra Class License for Ham Radio, and I'm a graduate of Longview Pathways for the Riverside Office on Aging.

OCCUPATIONAL EXPERIENCE: I've held tutoring positions throughout the community helping students in K-12, college, and university level courses. One of my past students got accepted to Santa Clara School of Pharmacy, and when I used to teach at the community colleges, I had another student get accepted to the University of California, Santa Barbara. When I was volunteering at Riverside Community Hospital and Kaiser Permanente Riverside Medical Clinic, I did filing, organizing papers, organizing folders, and knowing how to take telephone calls.

PROFESSIONAL OR TECHNICAL ORGANIZATION MEMBERSHIPS:

Past Member of Terramatrix International, Member of The Santa Clara San Geronimo Chapter, and a Member of the National Wildlife Federation. I've also made donations to the Oklahoma-Texas Chapter, World Wildlife Foundation, and the National Resources Defense Council.

CIVIC OR COMMUNITY EXPERIENCE, MEMBERSHIPS, OR PREVIOUS PUBLIC SERVICE APPOINTMENTS:

I still hold my badge as a volunteer for Kaiser Permanente - Riverside Medical Center. I'm a member of Moreno Valley's Community Emergency Response Team, and as a member of GRID Alternative Energy Resources, I did some personal work programs for other people. I participated in the Great American Cleanup (Storm Drain Project). In the past, I held the position as Sergeant-at-Arms, Secretary, Vice President position, President, and Area B4 Governor.

To Whom It May Concern:

This letter is to express my interest in serving the City of Riverside as a volunteer commission member on either the Human Relations Commission or the Commission on Disabilities. I recently relocated to Riverside from the east coast, where I was very active in many local community initiatives. I have a strong desire to support and serve the community I live in, and I consider volunteering as an excellent way to share knowledge and resources in an effort to strengthen the community. I believe that my previous 20 years of experience as a paramedic in emergency medical services has provided me with a unique perspective on the diverse physical, cultural and socio-economic needs of a community like Riverside. Today, as the executive director for the Commission on Accreditation of Ambulance Services, I have the opportunity to influence significant changes to the way individuals and their physical and cultural needs are addressed within the EMS industry.

I possess an objective, helpful and patient nature and strong time management abilities that would lend itself to the expectations of these commissions. I enjoy solving problems for people and seeing a positive outcome achieved. My experience in emergency medical services has proven to be advantageous while relating to individuals and groups from diverse cultural backgrounds. Over the years I have developed a reputation with internal and external customers as being resourceful, objective and fair. I believe these qualities and experiences would be beneficial to the City of Riverside.

Thank you for your time and consideration. I look forward to speaking with you to discuss my application and the qualifications that I have to offer.

Sincerely,

Sarah L. McEntee

Dear Friends:

Enclosed is my application to serve on the Board of Public Utilities. A copy of my resume is also enclosed. I am very well qualified for this position and would bring both technical and managerial expertise to the board.

I have worked in the electric utility industry for 25 years, and my Ph.D. is in electric power systems engineering. While living in Sonoma County in the 1990's I also served on the board of the local water district, Sweetwater Springs.

I am a former employee of Southern California Edison, but have managed a small technical consulting firm, Aloha Systems, for the last 20 years. Aloha's clients include many investor-owned and municipal utilities (but not RPU), as well as large energy users such as industrial facilities or large commercial operations as well as local government agencies. Among our major present responsibilities is serving as the main technical and administrative consultants to the energy efficiency partnerships between Edison, the Gas Company, and the county governments of both Riverside and San Bernardino. We have also consulted to the California Public Utilities Commission as an evaluator of programs, and I personally help the Contractors State License Board write the test questions for both electrical and general contractors.

My education includes master's degrees in both business administration and electrical engineering. My doctoral dissertation analyzed ways that electric utilities could develop rate structures that encouraged peak load management, were financially beneficial to both the customers and the utility, and were physically beneficial to the electric power grid.

Although I am a new resident of Riverside, having moved from Irvine early in 2008, I had become very familiar with the city and the area through my consulting to the Riverside County Facilities Management Department. I believe that I would bring a wealth of experience and expertise to the Board of Public Utilities and would look forward to serving my city as a director.

Sincerely,

Aloha

Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

Note: Board and Commission Chairs may be called upon to serve as members of an adjudicating body to review complaints alleging violations of the City's Code of Ethics and Conduct by elected officials or members of boards and commissions.

COMMUNITY POLICE REVIEW COMMISSION:

Have you ever been convicted of a felony or misdemeanor? ☐ Yes ☒ No

CPRC applicants must undergo a limited background check by the Police Department prior to serving on the Commission due to the sensitivity and confidentiality of the materials you will review that have certain legal restrictions. The background check consists of the following:

Completion of a Background Personal Information form; live scan fingerprint process through the FBI and Department of Justice; a local police records check; a records check of the National Crime Information Center (NCIC); and a DMV records check that includes vehicles registered to the applicant. The purpose of the DMV records check is due to liability issues since Commissioners occasionally drive their personal vehicles to public outreach events. The background check takes approximately two weeks to complete.

Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

Note: Board and Commission Chairs may be called upon to serve as members of an adjudicating body to review complaints alleging violations of the City's Code of Ethics and Conduct by elected officials or members of boards and commissions.

COMMUNITY POLICE REVIEW COMMISSION:

Have you ever been convicted of a felony or misdemeanor? ☐ Yes ☐ No

CPRC applicants must undergo a limited background check by the Police Department prior to serving on the Commission due to the sensitivity and confidentiality of the materials you will review that have certain legal restrictions. The background check consists of the following:

Completion of a Background Personal Information form; live scan fingerprint process through the FBI and Department of Justice, a local police records check, a records check of the National Crime Information Center (NCIC), and a DMV records check that includes vehicles registered to the applicant. The purpose of the DMV records check is due to liability issues since Commissioners occasionally drive their personal vehicles to public outreach events. The background check takes approximately two weeks to complete.

COMMISSION ON DISABILITIES:

It is the policy of the City of Riverside to promote the full integration and participation of persons with disabilities into all areas of economic, political, and community life. In order to adequately represent the needs of residents with disabilities, the following criteria applies:

- Members should consist of both persons with and without disabilities.
- Members should represent a cross-section of the City's disability groups and include persons with professional experience representing or supporting persons with disabilities.

How would your experience or qualifications help the Commission on Disabilities meet its membership goals? (250 Characters Max)

Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

Note: Board and Commission Chairs may be called upon to serve as members of an adjudicating body to review complaints alleging violations of the City's Code of Ethics and Conduct by elected officials or members of boards and commissions.

COMMUNITY POLICE REVIEW COMMISSION:

Have you ever been convicted of a felony or misdemeanor? ☐ Yes ☒ No

CPRC applicants must undergo a limited background check by the Police Department prior to serving on the Commission due to the sensitivity and confidentiality of the materials you will review that have certain legal restrictions. The background check consists of the following:

Completion of a Background Personal Information form; live scan fingerprint process through the FBI and Department of Justice, a local police records check, a records check of the National Crime Information Center (NCIC), and a DMV records check that includes vehicles registered to the applicant. The purpose of the DMV records check is due to liability issues since Commissioners occasionally drive their personal vehicles to public outreach events. The background check takes approximately two weeks to complete.

Under existing California law, a member of a board or commission may not make, participate in making, or attempt to influence a governmental decision if it is reasonably foreseeable that the decision could have a material financial effect on that member, the member's immediate family, or any of his or her financial interests. There is also a special category of conflicts of interest which strictly forbids members and/or their employers from having financial interests in city contracts. Careful consideration should be given to this issue and applicants are encouraged to contact the City Clerk's Office if they have any questions.

Note: Board and Commission Chairs may be called upon to serve as members of an adjudicating body to review complaints alleging violations of the City's Code of Ethics and Conduct by elected officials or members of boards and commissions.

COMMUNITY POLICE REVIEW COMMISSION:

Have you ever been convicted of a felony or misdemeanor? ☐ Yes ☒ No

CPRC applicants must undergo a limited background check by the Police Department prior to serving on the Commission due to the sensitivity and confidentiality of the materials you will review that have certain legal restrictions. The background check consists of the following:

Completion of a Background Personal Information form; live scan fingerprint process through the FBI and Department of Justice, a local police records check, a records check of the National Crime Information Center (NCIC), and a DMV records check that includes vehicles registered to the applicant. The purpose of the DMV records check is due to liability issues since Commissioners occasionally drive their personal vehicles to public outreach events. The background check takes approximately two weeks to complete.
