Subject: [External] Fairmount Golf Course

Dear Mayor Bailey

Rusty, I suppose starting at the top is a little bold but how better to get the ball rolling. You know me well enough, with my time on the Mayor's Commission on Aging and my 35+ years of golf course experience that would be my approach. The city has done such a great job restoring the golf course to a place that everyone enjoys and appreciates. However, in the recent couple of months it has

gone backwards, and I am aware of a broken pipe in the irrigation system, to beginning to look like a "goat pasture" again. I see this as a direct connection to the superintendent and his attention to detail. Let's not let all this effort go down the drain. It needs some help. If I can be of any help at all please do not hesitate to contact me.

Sincerely
Leonard Doup
Retired Engineer
Retired MCOA member and chair
