*Distinguished  
Budget Presentation  
Award*

PRESENTED TO

**City of Riverside  
California**

For the Fiscal Year Beginning

**July 1, 2015**

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Award to the City of Riverside, CA for its Annual Budget for the fiscal year beginning July 1, 2015.

In order to receive this award, a government unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

The City of Riverside is confident that the City's 2016-18 Biennial Budget continues to conform to program requirements. Accordingly, this budget document will be sent to GFOA.

## **Proposed Two-Year Budget for Fiscal Years 2016-2017 and 2017-2018, and 2016-2021 Five-Year Plan**

Honorable Mayor and City Council Members -

Your executive management is pleased to present for your consideration, discussion and, ultimately, approval, the City's first two-year budget and five-year plan. This is a new process for the City. It is a process designed to bring enhanced transparency to the City's finances, operations and strategic goals - both internally with employees and departments, and externally with the residents and businesses. City staff, particularly the Finance Department and the executive management team, have invested significant effort, time and creative thinking into the new process. We trust that the City Council and our internal and external constituents will be pleased with the results.

The transition to a two-year budget and five-year plan came at the same time as the City identified a substantial structural shortfall - \$7.2 million for Fiscal Year 2015-16, \$10.6 million for Fiscal Year 2016-17 and \$8.5 million for Fiscal Year 2017-18. Moreover, the accuracy of budget projections had to be verified, which required a significant investment of time and effort from the City's very small but highly capable budget team. As a consequence of that significant investment of time and effort, the City has a plan to address its financial challenges, as discussed further in this transmittal letter.

This document provides highlights of key financials, budget development themes, priorities and financial realities applicable to the upcoming two fiscal years, as well as challenges and opportunities for the following three years. Additional details are presented in applicable sections of the enclosed Proposed Budget / Five-Year Plan document.

## **The Bottom Line**

The City's Proposed Budget for Fiscal Year 2016-17 is \$990.3 million across all funds, of which \$277.4 million is in the General Fund (expenditures only). For Fiscal Year 2017-18, the All Funds expenditures are \$971.4 million of which the General Fund spending is \$281 million.

### **GENERAL FUND**

Significant structural shortfalls are projected for the next five fiscal years in the General Fund, including:

- \$10.6 million for Fiscal Year 2016-17
- \$8.5 million for Fiscal Year 2017-18
- \$7.7 million for Fiscal Year 2018-19
- \$8.8 million for Fiscal Year 2019-20
- \$0.6 million for Fiscal Year 2020-21

Note that the amount of each annual shortfall listed above is for that year and not in addition to the year before or after.

The City's administration has taken the following measures to address the fiscal challenges in the General Fund:

- The City Manager instituted a freeze on discretionary hiring and spending in the General Fund on May 13, 2016, to help alleviate the pressure of the \$7.2 million deficit in Fiscal Year 2015-16.
- Based on input from department directors, on April 19, April 26, May 3 and May 10, the City's executive management team recommended balancing measures to cover the FY 2016-17 and FY 2017-18 shortfalls – and to address imbalances in the following three fiscal years.

As the two-year budget document transmitted to you today was finalized, the City departments – with the City Manager's and Finance team's guidance – continued to refine the financials based on new information.

A table on the following page illustrates the General Fund position in the next five years, based on the financials included in the budget document, plus the aforementioned changes. The table starts with the original baseline numbers, and:

- Adds the net cost of the proposed Union Compensation Model, which ties employee compensation to the performance of the City's key revenues, and gradually transitions employees who are currently not paying anything towards their retirement to contribute the employee share of 8-9% over five years;
- Accounts for the anticipated savings from the upcoming update of the Cost Allocation Plan, which allocates central and administrative expenses to service-providing programs and functions, and is updated after the budget is developed and numbers finalized;
- Takes into account the anticipated higher Utility Users Tax and General Fund Transfer revenues from the Water fund due to the recently loosened water conservation requirements at the State level; and
- Lists known to date revisions to the initially proposed balancing measures.

City departments have proposed – and presented at City Council public hearings and meetings in April-May – a combined total of \$10.5 million in balancing measures against the revised baseline shortfall of \$10.6 million projected for FY 2016-17, and the \$8.5 million gap projected for FY 2017-18. If all proposed measures are implemented – along with the revisions listed in the table – the General Fund budget will be balanced in FY 2016-17, and a \$1.9 million surplus will be created in FY 2017-18. The surplus will be deposited into the General Fund reserves to partially offset the \$7.2 million withdrawal expected to occur in the current year.

Overall, **with the implementation of all of the proposed balancing measures, the General Fund Reserve is projected to gradually replenish from 12% in the first year of the budget to over 16% in the fifth.** Therefore, in year five (FY 2020-21), the City should finally have resources to start addressing a significant backlog of unfunded needs, particularly the deferred building maintenance gap of over \$2 million annually.

## **OTHER KEY FUNDS**

Approximately 86% of the City's total budget is comprised of the General Fund, Electric Fund, Water Fund, and Sewer Fund. While the General Fund's fiscal challenges and opportunities are substantially outlined in this letter, it is important to highlight the key elements and upcoming changes to the City's other major funds.

The Electric Fund's proposed budget totals approximately \$404 million in FY 2016/17 and FY 2017/18. The Electric Fund is supported almost exclusively by Charges for Services for residential and commercial electricity usage by the Utility's customers. As authorized by the City Charter, the Electric Fund will transfer an estimated \$39.6 million out to the General Fund in FY 2016/17 and approximately \$40.1 million in FY 2017/18. These funds are used by the City to augment the provisioning of core city services such as police, fire, parks, and street maintenance.

The Water Fund's proposed budget totals approximately \$90.4 million in FY 2016/17 and \$76 million in FY 2017/18. The largest difference between the two years is attributed to a large reduction in CIP projects of approximately \$16.3 million. Typically, CIP projects are funded out of reserves, appropriated when projects are ready to start. Without additional resources (e.g. bond measure), the Water Fund's capacity to fund CIP projects and stay in line with the City Council approved Water Fund reserve limits is constrained. The Water Fund is supported almost exclusively by Charges for Services for residential and commercial water usage. Again per the City Charter, the Water Fund will transfer approximately \$5.5 million out to the General Fund in FY 2016/17 and approximately \$5.7 million in FY 2017/18. Similar to the Electric Fund transfer, these funds are used by the City to augment the provisioning of core city services such as police, fire, parks, and street maintenance.

In concert with the core tenets of fiscal responsibility outlined in this letter, Riverside Public Utilities will be presenting the Board of Public Utilities and City Council with a 10-year outlook on revenues and expenditures. Specifically, the plan will focus on the revenue requirement to fund Utility 2.0, including ongoing operational, enhanced technology, and capital improvement needs to continue to provide the highest and most reliable quality water and electric services.

The Sewer Fund's proposed budget totals approximately \$77 million in FY 2016/17 and \$74 million in FY 2017/18. The largest difference between FY 2016/17 and FY 2017/18 relates to a decrease in CIP as the Sewer Treatment Expansion Project, the largest CIP project in the City's history, nears completion. Expenditures in the Sewer Fund include the cost of constructing and maintaining sewer lines and facilities and well as the

operational costs associated with the City's Water Quality Control Plant, which serves the residential and commercial sewer needs within the City as well as the Jurupa, Rubidoux, and Edgemont Community Service Districts. The Sewer Fund is supported almost exclusively by Charges for Services for residential and commercial sewer usage. The current five-year rate structure was approved by the City Council in May 2014; staff returns to the City Council each year to determine if the rate structure should be adjusted based on current revenues and expenses.

The Liability Funds, which pay for the City's Workers Compensation and General Liability claims, settlements, staffing, legal costs and insurance, currently carry sufficient cash to cover only 32% of long-term liabilities. This amount is projected to increase to 36% by the end of the five-year term. The City currently has no policy in place on what level of funding is sufficient for these funds. Staff is researching best practices, and will return to the City Council with a policy in the new fiscal year.

### **How Did We Get Here?**

The City of Riverside has enjoyed financial success in the past decade, most notably through the on-time and on-budget delivery of the nearly \$2 billion Riverside Renaissance capital improvement program. The City rode out the Great Recession with grace, while some of our neighbors in surrounding communities struggled to maintain even a basic level of government services.

That success, however, was partially due to budgeting practices that are no longer sustainable. Whether it was borrowing from other funds to prop up the City's General Fund, relying on one-time infusions of cash from property sales, or using the concept of "unfunded positions" or "managed savings" to backfill the budget by not filling some jobs throughout the year, Riverside has effectively delayed the impact of its spending decisions for years.

There is nothing ethically wrong with these practices, and they are certainly not illegal. Indeed, many cities employ some variation of such budgeting practices, and Riverside could have continued doing so for a few more years without encountering catastrophic financial difficulties.

However, reliance on such practices is not sustainable over the long term, and goes against the principles of prudence and conservatism in municipal budgeting – which are required to allow Riverside to grow and prosper while maintaining the level of excellent city services to which

residents and business owners have become accustomed. In short, some bills are now coming due.

The City's new administration has spent the last several months working to institute the fiscal discipline required to generate healthy and sustainable budgets well into the future. Changing past practices led to an acknowledgement of the City's structural fiscal challenges, as outlined above.

While the projected deficit numbers may seem scary, they are not surprising – the City has had an expenditure problem for years. As a matter of fact, in six out of the last eight years, the City has taken money from the General Fund Reserve – in most cases, to provide funding for various programs and services after the budget adoption.

Thanks to healthy reserves, this borrowing in prior years did not decimate the City's finances. However, we have reached the edge of the frontier when it comes to the use of reserves to balance the ongoing expenditures.

In Fiscal Year 2015-16, a \$7.2 million shortfall is currently projected – and it turns into an \$10.6 million shortfall for the next year, FY 2016-17. This is not because our revenues are declining – on the contrary, the

revenues are projected to increase by \$11 million next year. The General Fund expenditures, on the other hand, will grow by a larger amount - \$15 million over the FY 2015-16 projections – mainly due to pension, salary and benefit increases.

In the long term, these financial gaps are not sustainable, and must be addressed swiftly and with permanent measures. The City's long-term fiscal health – and our ability to continue servicing debt at affordable costs – depends on decisive actions we must take on this two-year budget.

## **Key Themes for the Upcoming Two-Year Budget and Five-Year Plan**

### **STRIVING FOR FINANCIAL ACCURACY**

The City's executive management sees accurate financial targets and projections as the essential foundations for the City's fiscal future. Management's focus on accuracy is reflected in the comprehensive effort, undertaken during this budget process, to fully understand and diligently project the City's two-year and five-year revenues and expenditures at the most detailed level.

- For revenues, this increased level of analysis includes comparing historical trends to information provided by consultants and the City's business community. Additionally, revenues have been thoroughly vetted through City departments, including capturing anticipated future policy and operating changes and their impacts on the City's finances.
- For expenditures, this effort included (for the first time in recent years) involving City departments in the analysis of their current and projected financial needs, resulting in increased accountability over budget numbers, better analysis of fiscal impacts, and accurately assessing the City's unfunded needs.

Importantly, the City's executive management is adhering to the principle of financial accuracy – also contributing to the principles of financial responsibility and discipline, as discussed below – by eliminating the following long-standing practices that in past years had led to artificially balanced budgets:

- *Use of Unfunded Positions:* The City historically budgeted for positions that had no funding allocated to them. This allowed City departments to hire people without funds to pay for them, thereby leading to overspending.

- *Over-Relying on Supplemental Appropriations:* As mentioned above, the City has had in place a practice of seeking additional General Fund funding for programs, services, positions and purchases that were not included in the original budget. These supplemental appropriations were sometimes offset by grants and other revenues, but often simply withdrew money from the General Fund Reserves.
- *Using the Concept of Managed Savings for Budget Balancing:* For years, the City has plugged balancing measures ranging from \$12.2 million (FY 2007/08) to \$2.6 million (FY 2010/11) to \$6.1 million (FY 2015/16) at the bottom line of the General Fund budget, to force revenues to balance expenditures by creating a theoretical category of “measures” which were to be administratively determined during the year. City departments often did produce such measures, mainly through vacancy savings. However, no specific reduction targets were ever established for each City department, and no plans were ever requested from them on how they would meet such targets. This method violated the principle of transparency by depriving the City Council of its charter role as the body established to prioritize budgetary expenditures. That is because this method gave executive staff unsupervised authority to balance a significant portion of the budget outside of the public eye and without the benefit of Council direction.

Starting with Fiscal Year 2016-17, the City’s General Fund budget allocates approximately 2% of Citywide reductions to each department based on their historical savings patterns. Departments have been provided very specific “managed savings” targets, and have plans to address them, as reflected in each departmental section of the budget document.

- *Under-Budgeting of Overtime:* In previous years, the Fire Department has been under funded for overtime by nearly \$1 million annually. The mandated overtime in Fire is related to a labor union Memorandum of Understanding (MOU) provision that requires a staffing backfill for the majority of employees when they are not at work (vacation, sick, etc.), which causes the department to incur overtime costs. The backfill requirement is primarily related to the need to have a mandatory minimum number of firefighters available to respond to emergency calls. To be clear: this mandatory minimum would have the full support of executive management even were the aforementioned provision not contained in the labor contracts. It is an essential component of

public safety for our firefighters, as well as for Riverside's residents and businesses.

FY 2016-2018 Two-Year Budget appropriately funds Fire Department's overtime to avoid the structural overtime issues related to the need to backfill staff.

- *Overuse of One-Time Revenues:* The City seemed to rely heavily on one-time revenues over the years, some as a result of property transfers with associated entities (such as the Riverside Public Utilities or the Redevelopment Agency), as well as land sales. The two-year budget presented here contains one-time property sales; however, these amounts are recommended for one-time development-related initiatives and not for ongoing expenses. In years three and five of the five-year plan, additional property sales are projected, as reflected in the attached budget document. It is intended that these amounts will eventually be used in year five to both replenish the City's reserves (a one-time measure) and to start addressing the currently unfunded deferred maintenance needs (some of which may be one-time or limited-duration).

#### **MAINTAINING FINANCIAL RESPONSIBILITY AND DISCIPLINE**

Riverside is in a better financial position than many other California cities as a direct result of the City Council's generally conservative fiscal management. Key indicators of the City's stability include a high and stable bond rating and maintenance of a healthy General Fund reserve over the years.

Given the projected budget deficits for the current and next two fiscal years, more needs to be done to ensure that the City remains financially strong. Your executive management team is committed to re-establishing and maintaining the City's fiscal stability. We will continue applying the principles of financial responsibility and discipline, along with focused management action, to strengthen, maintain and enhance the City's fiscal health.

- *Financial Responsibility* requires acknowledging and fully disclosing the City's critical funding requirements including the unfunded needs, particularly during the budget development process. Financially responsible decisions should be based on the City's policy priorities while keeping those measures in line with the reality of the City's finances. Another aspect is departmental responsibility over their budgets, reflected in the ability to constrain spending within the City Council-approved budget allocations. However, in order for the departments to be held

responsible, they must receive accurate budget allocations from the outset.

- *Fiscal Discipline* demands that City departments operate within their budget targets. This includes oversight by Finance, and requires collaborative relationships among departments, Finance, and the City Manager's Office to proactively address any potential issues. Both the fiscal responsibility and fiscal discipline principles are adhered to through quarterly financial updates to the City Council.
- *Management Action* calls for timely recommendations to the City Council to address any financial issues confronting the City. Although the City has been placing an increased emphasis on accuracy and financial responsibility, unforeseen economic events can still impact the City's fiscal position. In order to address such circumstances efficiently, management action must be swift and decisive – yet based on accurate information pertaining to both financial calculations and operating impacts.

#### **TAKING CARE OF ESSENTIAL SERVICES AND INFRASTRUCTURE**

The City faces enormous challenges in funding its existing programs and services, and identifying revenues for the critical needs that have been unfunded for years, including repair, maintenance and replacement of our buildings, roads and sidewalks, streetlights, and fleet including first responder vehicles.

The backlog of these critical unfunded needs is currently estimated at \$225,774,008 for the five-year planning period. Addressing this backlog will require significant additional resources including, but not limited to, new municipal revenues. No funding currently exists for these critical needs.

#### **TRANSPARENT AND PARTICIPATORY PROCESS**

This year for the first time, the budget process involved a variety of efforts designed to both inform and solicit feedback from the various internal and external stakeholders. These efforts included:

1. Internal budget discussions with all City departments in January 2016, to discuss their service challenges, efficiencies and opportunities, unfunded critical needs, and budget balancing measures.
2. Numerous public meetings with the various internal and external stakeholders in February and March 2015. These meetings both provided information, and even more importantly, solicited feedback from those attending as to the City's most critical needs. Meetings

were held throughout the community with residents, employees, various labor groups, and the business community.

3. A selected number of the above meetings were filmed, with videos played on the Government Television channel (GTV) and posted on the City's website as well as on EngageRiverside.com.
4. Easy to follow summaries of the City's budget ("Community Report" and "Budget Facts") have been published to provide a high-level overview of the City's finances, along with key anticipated challenges and opportunities. Intended to both educate and solicit input, the publications contain easy to understand infographics. They have been posted on the City's website and made available in print for the various internal and external constituents.
5. A few videos have been produced to educate and solicit input on the budget from the public, business community, City employees and labor unions. All have been aired on GTV, YouTube, the City's website, and EngageRiverside.com.
6. In April and May, all City departments presented to the City Council their contemplated balancing measures to address the projected FY 2016-18 shortfalls.

This transparent and participatory budget process, very different from prior City budget processes, provides the ability for all constituents and decision makers to collectively identify the current challenges and critical needs, and to propose solutions to address those challenges.

## **Key Changes in this Budget Document**

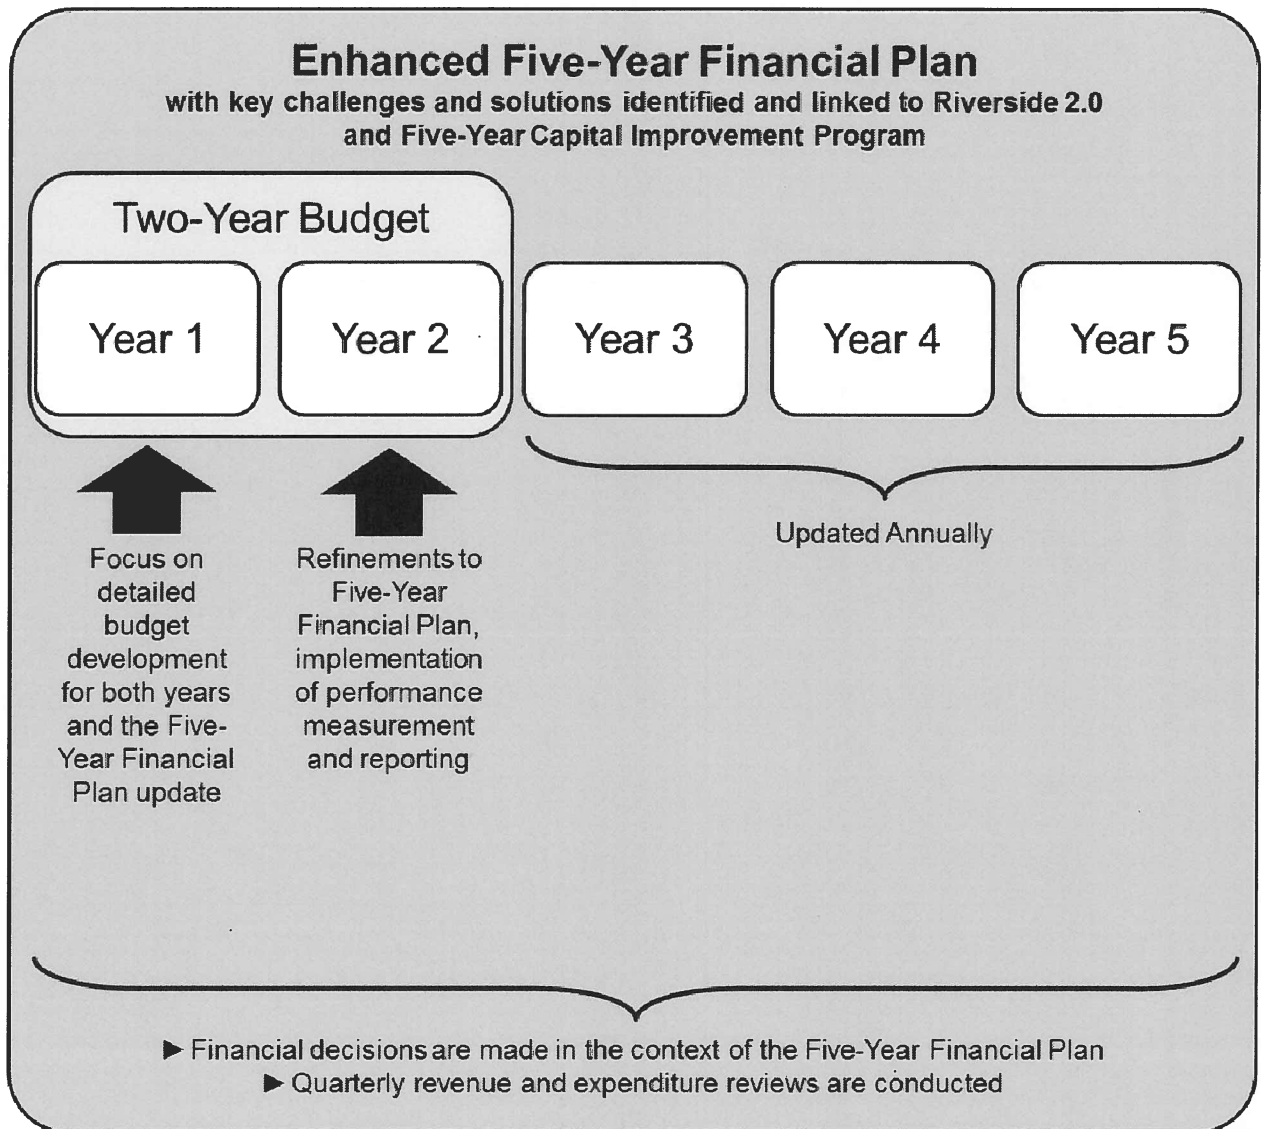

### **TWO-YEAR BUDGET IN THE CONTEXT OF A FIVE-YEAR PLAN**

Consistent with the City Council's direction at its December 8, 2015 meeting, the executive management team has prepared a two-year budget for fiscal years 2016/17 and 2017/18. Furthermore, this budget has been developed within the context of a five-year plan, which provides a financial framework to guide future policy and programmatic recommendations by management and decisions by the City Council.

Moving to a two-year budget will provide the City Council, departments and the public with greater certainty regarding ongoing funding and staffing for programs and services. It will eliminate the time required to produce, review, and approve the budget document every year. At the conclusion of the first year, the City Council will receive a mid-cycle review of year-end financials. The mid-cycle review process will provide the mechanism to 1) ensure that revenue and expenses forecast at the beginning of the first year remain accurate and 2) only if necessary,

amend the budget to address any significant revenue shortages and/or unknown and unforeseeable expenses.

Not having to prepare a budget every year creates opportunities for the City organization to focus upon the efficiency of our expenditures instead of the traditional annual budget, which is primarily concerned with the amount of expenditures. Therefore, instead of developing a full budget for the second year, the focus will be on *performance measurement and reporting*.

The two-year budget will provide *incentives for the City departments to be fiscally prudent and responsible*.

- At the end of the first year of the two-year budget, departments with savings will automatically carry over the unspent funds to the second year, barring any significant unforeseen revenue shortfalls. Similarly, departments that overspend in the first year will not be given higher budget allocation in the second year. They will have less to spend.
- At the end of the second year, departments with savings will be able to retain 50% of the unused funds for capital or other one-time needs. (This is barring any significant unforeseen revenue shortfalls.) The other 50% will be used to balance the General Fund, or returned to the General Fund reserves.

### **FIVE-YEAR FINANCIAL PLAN**

For the first time, the City's budget document (now prepared on a biennial basis) includes the five-year plan as a separate section. A significant amount of effort has been devoted by City's management and finance staff to prepare revenue and expenditure projections for the next five years, to serve as a framework for policy decisions on the two-year budget as well as in the future. Among other things, the five-year plan also allows us to illustrate fiscal impacts of budget decisions in June 2016 on the General Fund Reserves through June 30, 2021.

### **FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM**

This year, the City Council has received the first comprehensive Five-Year Capital Improvement Program (CIP) document. The first two years include anticipated funding sources for 87 projects in FY 2016/17 and 70 projects in FY 2017/18. The funded CIP projects are incorporated into the City's Proposed FY 2016/2018 Biennial Budget. The last three years of the CIP Plan, from FY 2018/19 through 2020/21, contain projects that are anticipated to be funded during the term of the Five-Year CIP Plan.

The CIP two-year budget is \$92,448,986 for fiscal year (FY) 2016/17 and \$64,768,933 for FY 2017/18. The CIP five-year plan presents a \$348,129,519 planned CIP revenue and expenditure budget for FY 2016/17 through FY 2020/21. This funded figure is different from – and in addition to – the unfunded critical operating needs referenced above.

The proposed CIP responds to the needs of our residents to ensure the streets, public buildings, sewer, water, and electric infrastructure, and parks are well maintained and operated for optimum health and safety, added value, increased efficiency and functionality, enhanced attractiveness and beautification, and compliance to legal mandates. The CIP document places equal emphasis on planning for new projects as

well as improving and preserving existing capital assets. In the next five years, \$50.6 million has been programmed for Transportation and Railroad-Related projects; \$4.8 million for Municipal Buildings and Facilities, such as library, police, and fire facilities; \$4.6 million for Parks, Recreation, and Community Services projects; and \$288.3 Million for upgrades to and expansion of the City's electric, water, sewer, and storm drain infrastructure.

Also for the first time, the City's CIP document includes a list of Unfunded CIP Projects. This is an initial attempt to identify and quantify the City's true CIP needs - not only in the short term, but also in the long term. Although the list is comprehensive and reflects a good assessment of the City's needs, it is by no means a complete list as more work needs to be done in the coming years to refine this list, create guidelines to prioritize projects, and prepare a strategic approach to fund and complete these unfunded projects.

As part of staff's due diligence, prior to the five-year CIP Plan being presented to the City Council, the CIP Plan was presented to the Planning Commission for review to determine consistency of the planned CIP projects with the General Plan 2025. On May 5, 2016, the Planning Commission reported to the City Council that the CIP is consistent with the City's General Plan and determined that the planned CIP projects are exempt from the California Environmental Quality Act.

#### **ANNUAL CONTINGENCY FUNDING**

The two-year budget includes \$500,000 per year for unanticipated spending contingencies, at the City Council's discretion. The intent is to minimize – and, ideally, prevent – supplemental appropriations throughout the year.

#### **OTHER KEY CHANGES**

The budget document being proposed is a complete revamp of the City's existing document, with significant additional details on revenues, expenditures and departmental operations. Also included in the budget document (Expenditure Summary) is the most current information on the outstanding Interfund Loans.

#### **Underlying Assumptions**

The Revenue Summary and Expenditure Summary sections discuss in detail assumptions used to develop the City's revenue and expenditure projections for the next five years. A significant amount of effort has gone into developing, vetting internally and externally, and documenting

these assumptions – to ensure the accuracy of budget projections, and enhance transparency of the budget information.

### **Conclusion and Recommendations**

Preparation of the fiscal year 2016-18 two-year budget culminates a complex process undertaken by all City Departments to ensure that the funding plan meets the City's fiscal realities, City Council's policy directives and public service priorities. It is recommended that the City Council:

1. Conduct a public hearing on June 14, 2016, to receive comments on the proposed fiscal year 2016-18 two-year budget;
2. Provide direction to staff regarding any modifications to be made prior to adoption of the two-year budget; and
3. Consider adoption of the final two-year budget during the evening session of the City Council's June 21, 2016, meeting.

Respectfully Submitted,

---

6 requirements, and the totals set forth therein for capital improvements.

7       Section 3: That the Finance Director is authorized to expend in accordance with the laws  
8 of the State of California and the laws and Charter of City of Riverside on behalf of the City Council  
9 new appropriations for departments, programs, and projects as stated in the "Adopted Budget for  
10 Fiscal Years 2016-2017 and 2017-2018" attached hereto and incorporated herein by reference.

11       Section 4: That, subject to availability of funds, the Finance Director is authorized to  
12 make the inter-fund transfers between funds as presented in the aforesaid budget document and as  
13 authorized by the City Council in monthly increments of one-twelfth each or such transfers may be  
14 made in lump sum amounts if necessary to finance a particular item, project, program or sub-  
15 program.

16       Section 5: That the Chief Financial Officer/City Treasurer is authorized to validate,  
17 sign, and pay all legal and contractual obligations of the City, including City Departments and  
18 agencies, with check warrants up to the amounts appropriated in this budget.

19       Section 6: That at fiscal year ending June 30, 2016, certain purchase orders exist as  
20 Outstanding Encumbrances representing contractual obligations of previously budgeted funds. Also  
21 budgeted funds for certain items or projects in various stages of acquisition or development have  
22 previously been approved or will be approved by the City Council to be carried forward to fiscal  
23 year 2016-2017 as Continuing Appropriations. The Outstanding Encumbrances and Continuing  
24 Appropriations are deemed to be rebudgeted as an addition to the budget amounts previously set  
25 forth in this resolution.

26       Section 7: That pursuant to Section 1104 of the Charter of the City of Riverside, the  
27 City Council may during the fiscal year amend or supplement the budget by motion adopted by the  
28

1 affirmative votes of at least five members so as to authorize the transfer of unused balances  
2 appropriated for one purpose to another purpose or to appropriate available funds not included in the  
3 budget.

4 Section 8: That this Resolution shall become effective immediately upon its passage.

5 ADOPTED by the City Council this 21st day of June, 2016.

## INTRODUCTION

Designated as one of “America’s Most Livable Communities,” the City of Riverside offers a highly educated and skilled workforce, lower land and facility costs for businesses, reliable City-owned municipal utilities, exceptional quality of life, affordable housing, and ease of access to transportation. The City is a rapidly growing urban center with 324,696 residents, currently ranked as the twelfth largest city in California and the sixth largest city in Southern California. Riverside is the largest city in, and is at the center of, the region known as the Inland Empire. With a population of over 4.4 million, the Inland Empire is ranked between Phoenix and Detroit as the 13<sup>th</sup> largest metropolitan statistical area in the United States by the U.S. Census Bureau, and is one of the fastest growing regions in the country.

Since Riverside was named the 2012 Intelligent Community of the year by the Intelligent Community Forum (ICF), the City has excelled in many key markers of success in the 21<sup>st</sup> century, including: high technology, workforce development, digital inclusion, arts, innovation, collaboration and social capital. Possessing a clear vision of the future, Riverside will continue to lead in the social and economic growth of the Inland Empire.

With a current student population of approximately 51,000, the City is home to four internationally recognized colleges and universities, including the prestigious University of California, Riverside. The City is located approximately 60 miles east of downtown Los Angeles and is centrally placed within a short distance from the Coachella Valley, San Bernardino Mountains, Southern California beaches, and Ontario International Airport.

## HERITAGE

*Main Street – 1890*

Founded in 1870 by John North and a group of Easterners who wished to establish a colony dedicated to furthering education and culture, Riverside was built on land that was once a Spanish rancho. Investors from England and Canada transplanted traditions and activities adopted by prosperous citizens; for example, the first golf course and polo field in Southern California were built in Riverside. The citrus industry in Riverside began in 1873 when Eliza Tibbets received two Brazilian navel orange trees from the Department of Agriculture in Washington, D.C. The trees thrived in the Southern California climate and the navel orange industry

grew rapidly. Within a few years, the successful cultivation of the newly discovered navel orange led to a California Gold Rush of a different kind: the establishment of the citrus industry, which is commemorated in the landscapes and exhibits of the California Citrus State Historic Park and the restored packing houses in the Downtown’s Marketplace District. By 1882, there were more than half a million citrus trees in California, almost half of which were in Riverside. The development of refrigerated railroad cars and innovative irrigation systems established Riverside as the wealthiest city per capita in the nation by 1895.

As the City prospered, a small guest hotel designed in the popular Mission Revival style grew to become the world-famous Mission Inn, favored by presidents, royalty, and movie stars. Postcards of lush orange groves, swimming pools, and magnificent homes have attracted vacationers and entrepreneurs throughout the years. Many relocated to the warm, dry climate for reasons of health and to escape Eastern winters. Victoria Avenue with its landmark homes serves as a reminder of European investors who settled here.

Riverside's citizens are proud of the City's unique character born of a tradition of careful planning, from the City's carefully laid out historic Mile Square to its 1924 Civic Center designed by Charles Cheney, the same planner responsible for San Francisco's Civic Center. Through the City's Office of Historic Preservation, Riverside is committed to preserving the past as a firm foundation for the future. Over 100 City Landmarks, 20 National Register Sites, and 2 National Landmarks have been designated by the City Council, all offering enjoyment and education to City residents and visitors. Riverside is fortunate to have a wealth of sites and buildings that provide a link to the city's past and a strong sense of place. This is the result of

*The Fox Performing Arts Center*

the hard work and careful planning of the city's Historic Preservation Program. Created by the City Council in 1969, the Historic Preservation Program identifies and advances the preservation of Riverside's historic neighborhoods, and civic and commercial resources. Examples include the Mission Inn, the Chinatown site, the National Packing House, Citrus Experiment Station, and engineering feats like the Gage Canal. Many of these landmarks are found in the Downtown's Mission Inn Historic District. California's Mission Revival style, born in Riverside, can be seen throughout the City, most notably in the Mission Inn, the Municipal Auditorium, the First Church of Christ Scientist, and the Fox Performing Arts Center.

*The Mission Inn*

The Mission Inn was developed from the Glenwood Tavern, owned by Captain Christopher Columbus Miller, who moved to Riverside in 1874 to survey land for the Gage Canal, which brought water to Riverside. His son, Frank, developed a lasting interest in culture and the arts and took over the expansion of the Inn. Over the years, he embellished and expanded it into a unique resort, known all over the world. It has played host to numerous movie stars, musicians, and heads of state. Ronald and Nancy Reagan honeymooned there, and Richard and Pat Nixon were married on its grounds. Teddy Roosevelt planted a tree in its courtyard; and a special chair, built for President William Howard Taft when he visited, is still in the Inn's collection.

Many of Riverside's historic buildings are open to the public including the Catherine Bettner home, restored and renamed the Heritage House, which is open for tours. The Riverside Art Museum was designed by America's most successful woman architect, Julia Morgan, famous for William Randolph Hearst's Castle in San Simeon. It was originally constructed for the YWCA on land donated by Frank

Miller. Benedict Castle was built as a private residence by Henry Jekel and is now available for special events and filming as are many of Riverside's historic homes and neighborhoods.

The unique City Raincross Symbol is derived from combining a replica of the mass bell used by Father Junipero Serra, missionary priest and founder of the California Missions, and the cross to which the Navajo and Central American Indians prayed for rain. Called the "Raincross" symbol, it was designed for the Mission Inn and given to the city by Frank Miller. The Raincross symbol has been identified with Riverside since 1907. Variations of the symbol are used extensively throughout Riverside in architecture, street signs and lighting standards, and it is used on the City flag. Playing on the nostalgia for the state's Spanish heritage and the romanticized images of the missions and the Indians portrayed by Helen Hunt Jackson in her novels, Miller, Matthew Gage, the Sunkist Cooperative, the Santa Fe Railroad, and other city boosters worked together to market Riverside as a Spanish Mediterranean Mecca. Riverside's

climate and landscapes continue to evoke this Mediterranean paradise. There is strong community support for historic preservation for a city that reveres its past and has built on that firm foundation.

## DEMOGRAPHICS

A city is defined by its assets, the most important one being the people that populate it and work within its boundaries. Riverside is distinctly proud of its highly diverse, sophisticated, and civic-minded people, and of its sense of place and legacy. The City has carefully planned for growth, while preserving local history, being cognizant of both the citrus-based past and the modern future.

## HOUSING, WORKFORCE, AND JOB GROWTH

With a median single family home price of \$352,250 as of September 2016, Riverside draws many families pursuing the American Dream. Young couples and on-the-go professionals are also drawn by the City's many affordable condos.

**CHART 1 – MEDIAN HOME PRICE COMPARISON<sup>1</sup>**

Businesses are taking advantage of Riverside's lower land cost, strategic location, and established transportation networks as a key portal for the movement of goods and services between the greater Los Angeles area and the rest of North America. The City is home to major industries such as advanced manufacturing, health and medical services, and retail and professional firms. As the region's largest city and the county seat of California's fourth largest county (Riverside County), legal and government services also are a significant presence.

**CHART 2 -2014 INDUSTRY OF THE EMPLOYED<sup>2</sup>**

Also reflecting its evolution as a high-technology community, the City's SmartRiverside nonprofit provides qualified low income families throughout the City with free computers and computer training

through its Digital Inclusion program. To date, over 7,500 families have benefitted from this important program.

## POPULATION, HOUSEHOLD INCOME, AND RETAIL SALES

Centered in one of the nation's fastest-growing regions, Riverside has grown steadily in recent years both in area and population. Between 2001 and 2016, the City's population increased by 22 percent, reflecting a 1.48 percent per year growth rate. Similarly, the City has grown through annexations to more than 81 square miles during the same period. Currently, the City's population is approximately 322,424.

Riverside is an important retail center in Southern California with nearly \$5.7 billion in taxable annual sales. The City has become a magnet for high-end retail establishments, reflecting the changing demographics in the City.

While the City's roster of upscale stores is diverse, Riverside retailers have one thing in common: success. Official sales numbers from such popular outlets as California Pizza Kitchen, Trader Joe's, and Panera Bread Company have shown that these Riverside locations are consistently among the best performing in their district, region, or chain. Recently, the Riverside Plaza, one of the region's most successful retail centers, expanded its building footprint to accommodate several new tenants including the Coffee Bean and Tea Leaf. This is on the heels of welcoming the Nordstrom Rack, Joanne's Fabrics, and Marshalls.

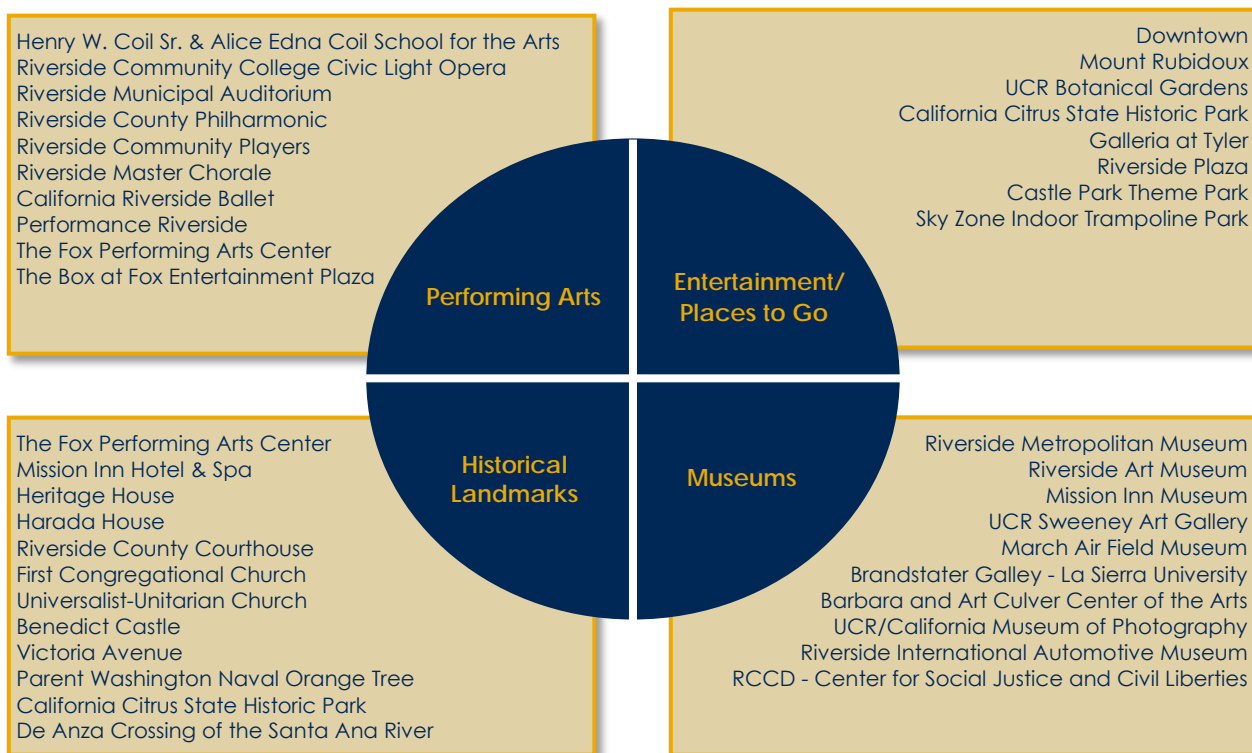

## TOURISM AND MAJOR EVENTS

The City of Riverside is a focal point for tourism in the Inland Empire. The Riverside tourism industry is supported by the Riverside Convention Center and a variety of local hotels, such as the historic Mission Inn Hotel and Spa. An assortment of historical landmarks, performing arts centers, museums, shops,

restaurants, and places of entertainment are available for visitors to explore. Besides the many permanent attractions available to visitors, Riverside is also host to many annual events.

**FIGURE 3 –PERMANENT ATTRACTIONS IN RIVERSIDE**

The City's Arts and Cultural Affairs Division has created several popular arts and entertainment activities, including the Downtown Farmers Market, held every Saturday, where shoppers can purchase fresh organic produce and beautiful flowers while enjoying chef demonstrations; and an expanded annual Festival of Lights, with family-friendly activities and entertainment surrounded by more than four million holiday lights. The Festival of Lights was named USA Today's Best Holiday Festival in 2015 and was the winner of the 10 Best Reader's Choice Award for Best Public Lights Display in 2014.

## TRANSPORTATION

The City of Riverside is strategically situated among major transportation links. Included in these links are major highways, commuter train stations, and airports. With its proximity to ports, railroads, and freeways, Riverside is establishing itself as a leader in Southern California's international trade economy. Also contributing is the March Global Port – formerly March Air Force base. The March Global Port is home to air cargo facilities as well as an expansive foreign trade zone (FTZ), where products and goods can be stored duty free. Most firms participating in the FTZ program save hundreds of thousands of dollars annually. It should come as no surprise that Riverside is viewed by many as the economic engine of the Inland Empire.

### FREEWAY ACCESS

The City of Riverside can be accessed via Interstates 215 and 15 from the north and south, and via State Routes 91 and 60 from the east and west. Through these connections, the City is connected to Southern California's freeway network, providing easy access to Los Angeles, San Diego, Orange County, the Coachella Valley, and beyond.

### BUS AND TAXI SERVICE

Riverside is served by Greyhound Trailways Lines, the Southern California Rapid Transit District, and the Riverside Transit Agency (RTA). Private charter bus companies and taxicab services are also available. The RTA provides fixed route bus service throughout a 2,500-square mile area in Western Riverside County, including within the City of Riverside. Additionally, the City's Parks, Recreation, and Community Services Department provides special transportation for seniors 60 years of age or older and for persons with disabilities.

## PASSENGER/COMMUTER AND FREIGHT RAILROAD SERVICE

For rail travelers and commuters, the Metrolink system offers a network of commuter trains that connect Los Angeles, Orange, Riverside, San Diego, San Bernardino, Ventura, and Kern Counties. The Metrolink system currently has three stations in the City – Downtown (near Mission Inn Avenue and Park Avenue), La Sierra (near La Sierra Avenue and Indiana Avenue), and Hunter Park (near Columbia and Marlborough Avenues). From these stations, travelers can reach almost any Southern California Metrolink destination in a short time, as well as connect to Amtrak trains. An Amtrak station is also located in the downtown area.

The BNSF and Union Pacific Railroad lines run through the City, providing dependable daily freight service to Riverside businesses. Reciprocal switching agreements exist between the companies.

## AIRPORTS OFFERING PASSENGER AND CARGO SERVICE

Located just 16 miles northwest of Riverside, Ontario International Airport provides passenger service to cities all over the world, as well as highly accessible cargo service. Commuter services are also available at the airport. Several major airfreight carriers, as well as AeroMexico Airlines, Alaska Airlines, American Airlines, Delta Airlines, Southwest Airlines, United/United Express Airlines, and Volaris Airlines serve Ontario. In addition, within approximately one hour's drive of the City are the Los Angeles International, John Wayne (Orange County), Long Beach, Bob Hope (Burbank), and Palm Springs Airports.

### RIVERSIDE AIRPORT

The City boasts its own airport, which has been serving the community for over 50 years. Originally designated as the Arlington Airport, the Riverside Municipal Airport has been transformed from a single, dirt runway airfield serving light aircraft into a corporate aviation and business facility unique in its varied services to the Inland Empire. Today, Riverside's main runway (5,400 feet), as well as its second, cross-wind runway, serves the daily needs of small aircraft, business jets, cargo aircraft, and helicopters – easily handling 110,000 annual flight operations.

## **INFRASTRUCTURE**

Cities must provide the critical facilities that enable their inhabitants to live, work, and play. As many Southern California cities are creating new “downtowns,” Riverside is fortunate to have an established core area characterized by unique, independently-owned fine dining establishments and eclectic shopping options, made more attractive by modern touches. Downtown Riverside is truly defined by charm, history, commerce, and entertainment. One of the prominent goals of the City's various capital projects is to protect and enhance these distinctive elements of the downtown. Capital projects include the recent renovation and expansion of the Riverside Convention Center the Main Street Pedestrian Mall, and restoration of the historic Fox Theater into a state of the art performing arts center. The Fox Performing Arts Center is drawing more people downtown for first class entertainment, on par with any top theaters.

*Imperial Lofts Project*

In addition, private development plans call for upscale residential lofts, condos, and townhouses, as well as retail space. The transformation of the remainder of the block housing the Fox Performing Arts Center, into the Fox Entertainment Plaza, continues with a new and exciting retail and dining space in addition to

multi-level parking and a Black Box theater. Finally, hotel options continue to expand as an additional hotel is currently in the planning stages.

In addition to the downtown projects, citywide infrastructure improvements have been made, including the rehabilitation of many existing parks, recreation facilities, and community centers, as well as the addition of new facilities to serve the growing community. Public safety enhancements include the addition of the new Downtown fire station and improvements to existing stations. The City has also recently remodeled existing Police Department facilities. These improvements show that the City is continuing to invest in infrastructure and public facilities to ensure that Riverside remains one of the best places to live and work in Southern California.

Reliable municipal utility service is important to residents and businesses alike. Riverside Public Utilities continues to invest in its electric and water infrastructure, and is engaged in a strategic visioning process to transform itself into the utility of tomorrow. To keep Riverside on the move, the City has undertaken multiple railroad grade separation projects, several freeway interchanges, and citywide beautification projects that have or will improve numerous City streets and bicycle lanes, repair or add sidewalks, and enhance medians with landscape improvements.

# STRATEGIC BUDGET PRIORITIES

## OVERVIEW

Strategic planning is a vital process that allows the City to take control of and shape its future. It is also proactive. It is about thinking, planning, and anticipating the kinds of things the City will need to do in order to achieve its vision and goals. Effective strategic planning involves an understanding of the services provided, identifying the customers served, and measuring how well the City is meeting customer expectations and needs.

Strategic planning allows the City to better align its services with City Council and community priorities. Through the strategic planning process, the City collectively formulates goals, expectations, and strategies for improving life within its borders. When done well, strategic planning involves input and participation from a broad cross-section of the community and employees. This guarantees that the best resources available are harnessed into the planning of the City's future. It also provides important forum for civic participation, ownership, and engagement. Strategic planning ensures the wise and effective utilization of city resources.

The 2016-18 Biennial Budget reflects the City's and community's vision and mission, the City Council's Strategic Goals, and City Management's Principles of Effective Government as outlined on the following pages. This Biennial budget has been developed in the context of a broader five-year financial plan. With a more expansive view of the City's needs, the five-year plan helps guide future policy and programmatic decisions by the City Council and City management.

## THE CITY'S MISSION

The City of Riverside is committed to providing high quality municipal services to ensure a safe, inclusive, and livable community.

## THE CITY'S VISION: SEIZING OUR DESTINY

"*Seizing Our Destiny*" is Riverside's vision for the future. It envisions a prosperous future for Riverside through a shared commitment of community, business and civic leaders working together to creatively tackle local issues, implement innovative solutions, and promote the City's success stories. The Vision has four primary aspects for Riverside: to nurture *Intelligent Growth*, to function as a *Catalyst for Innovation*, to be a *Location of Choice*, and to evolve into a *Unified City*.

### INTELLIGENT GROWTH

Riverside promotes an outstanding quality of life for all through intelligent growth. This means that Riverside embraces economic growth and guides this growth in a manner that maintains and improves the community's quality of life. An example of this intelligent growth is the repurposing of historic structures to provide jobs and support businesses while service as a steward of the City's heritage and natural beauty. Riverside makes every effort to maximize its position as the gateway to the United States and the world through trade and transportation networks.

### CATALYST FOR INNOVATION

Riverside is a catalyst for profound discoveries and creativity in the arts, technology, research, and business innovation. The community leaders collaborate to address issues, which lead to more inventive and multi-disciplinary approaches. The people and educational institutions of Riverside

cultivate and support useful and beneficial ideas, research, products, scholars, businesspeople, artists and entrepreneurs. Creativity and innovation permeate all that of the City activities, which makes the community a trendsetter for the region.

### LOCATION OF CHOICE

Riverside is a location of choice and attracts creative, entrepreneurial, dynamic and diverse people as residents, workers, business owners and visitors. An unmatched landscape, year-round outdoor activities, ample recreational options and attention to healthy living make Riverside one of the most inspiring, livable, healthy and adventurous cities to live in or visit. The community provides an abundance of opportunities for visitors and residents to be amazed, inspired and entertained including: arts and cultural offerings; well-defined, welcoming neighborhoods; well-paying jobs in strong companies; and diverse education. Our central location means we are within 60 minutes of beaches, lakes, mountain snow, apple picking, horseback riding, backpacking, mountain biking and more.

### UNIFIED CITY

Riverside is committed to unifying its diverse community in pursuit of the common good. One of community's increasing strengths is the celebration and value placed on the diversity of its neighborhoods and communities. The City promotes activities and events that embrace the various backgrounds, cultures and interests of its residents. This respect for diversity encourages community engagement that is reflective of the City's diverse population.

## **THE CITY COUNCIL'S STRATEGIC GOALS**

In February 2015, the City Council approved the Riverside 2.0 Strategic Plan, which established new City Council Strategic Goals that align with the four pillars of "Seizing our Destiny". These Strategic Goals are:

- Enhanced Customer Service: Improved quality of life.
- Economic Development: Continue to develop an economically vibrant City.
- Community Services: Providing appealing, accessible and safe venues.
- City Transportation Program: Continue to develop efficient transportation systems and provide affordable options for community mobility.
- Improve Housing Diversity and Options.
- Improve Teamwork and Communication.
- Reduce Taxpayer Liability and Reduce Costs Wherever Possible.

## **THE PRINCIPLES FOR EFFECTIVE GOVERNMENT**

This budget – and the overall management of the City – incorporates the following principles for effective government. These principles are:

- Accountability
- Transparency
- Responsiveness
- Financial Prudence
- Decisiveness

Please refer to the City Manager's Office section (Page 417) for a description of these principles.

## **BUDGET GUIDING PRINCIPLES**

The development of the Biennial budget is guided by a commitment to encourage greater public involvement, while providing increased understanding of, and transparency to, the City's financial position. It is therefore critical to the success of this effort that a system be put in place to ensure all

financial reporting is accurate and consistent with best practices. City staff is committed to this and recognizes that maintaining financial responsibility is critical to the City's core mission of providing high-quality municipal services. Equally important, the Biennial budget must reflect a fiscal discipline that strengthens the City's financial position over the short- and long-term. This will provide the City Council a greater opportunity to make timely adjustments when necessary.

Below are the five guiding principles for the 2016-18 Biennial Budget:

- **Accuracy:** The principle of accuracy is reflected in a comprehensive effort to fully understand and diligently project the City's Biennial and five-year revenues and expenditures at the most detailed level. For revenues, this increased level of analysis includes comparing historical trends to information provided by consultants and the City's business community. Additionally, revenues have been thoroughly vetted through City departments, including looking into future policy/operations decisions and impacts on the City's bottom line. For expenditures, this effort included involving City departments in the analysis of their current and projected financial needs, resulting in increased accountability over budget numbers, better analysis of fiscal impacts, and accurately preparing for the City's unfunded needs.
- **Financial Responsibility:** One aspect of financial responsibility is to ensure the City understands its unfunded needs and critical/important funding requirements when proposing solutions and/or programs for consideration. Financially responsible decisions are based on the City's policy priorities and are in line with the City's finances. Departmental responsibility over their budgets is reflected in the ability to expend funds within the City Council-approved budget allocations.
- **Fiscal Discipline:** The principle of financial discipline demands that City departments operate within their budget targets. Not only does this include oversight, but requires transparent relationships among departments, Finance Department staff, and the City Manager's Office to proactively address any potential issues. Both the fiscal responsibility and fiscal discipline principles will be further demonstrated through quarterly financial updates to the City Council.
- **Management Action:** Effective management action can only happen if accurate and timely information is provided to the City's management team about potential financial issues on the horizon. Management will then make timely recommendations to the City Council to address any financial issues confronting the City. Although the City will be placing an increased effort with respect to accuracy and financial responsibility/discipline, unforeseen economic events can still impact the City's fiscal position. In order to address such circumstances efficiently, management action must be swift and decisive, but based on accurate information pertaining to both financial calculations and operating impacts.
- **Transparency:** The principle of transparency centers on increased communication with City officials, staff and employee unions, residents and the business community. This includes increased financial position presentations to the City Council (e.g. quarterly updates); encouraging community participation through the City's open data portal (EngageRiverside.com) and community meetings; and, developing a budget document that provides in-depth views on the City's revenue and expenditure assumptions, and the changes and challenges facing the City's departments.

# GUIDE TO THE BUDGET

## WHAT IS THE BUDGET?

The Biennial Budget sets forth a strategic resource allocation plan that addresses the City Council's Strategic Goals. For the fiscal year that will begin on July 1, 2016, we are converting our City from an Annual budget to a Biennial budget. The Budget is a policy document, financial plan, operations guide, and communication device all in one.

The City's Budget accomplishes the following:

- Determines the quality and quantity of City programs and services;
- Details expenditure requirements and the estimated revenue available to meet these requirements;
- Connects the activities of individual City Departments to the City Council's Strategic Goals;
- Sets targets and provides a means of measuring actual accomplishments against goals; and
- Serves as a communication device that promotes the City's vision and direction, fiscal health and vitality, and what the public is getting for its tax dollars.

Through the Biennial Budget document, the City demonstrates its accountability to its residents, customers, and the community-at-large. Additionally, the Biennial Budget provides the legal authority for expenditures and a means for control of municipal operations throughout the fiscal year. Accordingly, the City Charter mandates that a budget be adopted prior to the beginning of the fiscal year.

The budget process furnishes departments with an opportunity to justify departmental work programs, to propose changes in services, and to recommend revisions in organizational structure and work methods. It also enables the City Manager to review these aspects and make appropriate recommendations to the City Council.

Presentation of the budget to the City Council provides an opportunity to explain municipal programs and organizational structures. It also allows the Council to judge the adequacy of the proposed operating programs, to determine basic organizational and personnel staffing patterns, and to establish the level of municipal services to be rendered with the available resources.

In order to accomplish these objectives, the budget must combine a detailed explanation of anticipated financial resources for the ensuing fiscal year with proposed expenditures, supported by sufficient information on the proposed programs and activities to assess the appropriateness of the recommended levels of services.

## THE OPERATING BUDGET, CAPITAL BUDGET, AND CAPITAL IMPROVEMENT PROGRAM

The Biennial Budget document contains information about both the City's operating and capital budgets for a particular fiscal year. Typically, when one refers to the City's Biennial Budget, the meaning is the combination of the operating and capital budgets. The operating budget details the funding for the day-to-day operations and obligations of the City for a particular fiscal year such as personnel costs, vendors and contractors, utilities, building maintenance, and debt payments. The capital budget details planned expenditures for the same fiscal year to construct, maintain, or improve City facilities such as fire and police stations, parks, recreation centers, sewers, and electric and water infrastructure.

The Capital Improvement Program (CIP) is a separate five-year planning document that details planned capital expenditures. Capital projects range from road maintenance or construction to the renovation of municipal buildings, recreation centers and ball fields, to water main and sewerage system replacement. The CIP relates these capital projects' needs to the financial sources that will support their realization and the timeframe in which both the financing and work will take place. With a life span of five years, capital improvement projects typically carry considerable future impact. They are often financed over a longer period of time, in effect spreading the cost of the project across

generations of users. Because of the more long-term nature of the CIP and the sometimes complex nature of capital project financing, the CIP is presented in a separate document. However, the first two years of the CIP are integrally related to the Biennial Budget document, and so a summary of the CIP is provided in Section J.

Most expenditures found in the first two years the CIP are included in the Biennial Budget's capital budget component. However, certain projects for which funding is not yet secure or planning is not complete are budgeted through supplemental appropriations later during the fiscal year. Additionally, debt-financed projects are typically reflected twice in the Biennial Budget as an original capital expenditure from the proceeds of the debt and as payments of principal and interest over a number of years. For example, the City's Measure G Bond Initiative funded construction of various projects for the Riverside Fire Department several years ago. Because bonds were issued to fund these projects, payments of principal and interest are still shown in the Biennial Budget each year until fully paid off.

## HOW IS THE BUDGET DEVELOPED?

The City of Riverside's fiscal year begins each July first and concludes on June 30. In accordance with fundamental democratic principles, the City embraces the notion and practice of citizen participation, especially in key planning and resource allocation activities. Therefore, the development of the budget process begins early in the prior fiscal year to ensure adequate planning and community input into that planning. Departments obtain citizen input through Boards and Commission meetings, Mayor's Night Out forums, community meetings, public hearings, online forums, and other forms of written and oral communication.

The development of the Biennial Budget is comprised of three distinct phases.

- Phase One: Strategic Program Assessment
- Phase Two: Budget Directive and Departmental Submittal
- Phase Three: Budget Preparation and Adoption

Phase One is the planning phase. Departments focus on the what, why, how, and how well they deliver individual services. This phase can begin as early as the start of the previous fiscal year. Phase Two consists of the City Manager's Budget Policy Directive and Departmental Budget Submittal, and runs from December through February. Phase Three covers the period when preliminary financials are presented publicly and then the Preliminary Budget is prepared and presented to the City Council through Budget Adoption.

### PHASE ONE: STRATEGIC PROGRAM ASSESSMENT

Program Assessment is a crucial component of the Budget Development process. It engages City staff in linking past assumptions and decisions with current issues before focusing on dollars. Program Assessment is also designed to elicit evaluation of current service delivery efforts, as well as to provide baseline and performance information on the services (activities) that a Department currently provides. Program Assessment is conducted around five main themes: the What, Why, How, How Well, and Impact of the program in question.

### PHASE TWO: BUDGET DIRECTIVE AND DEPARTMENTAL SUBMITTAL

The City Manager establishes a Budget Directive based on short and long-term financial and organizational goals. The Directive is issued to the departments in December at a meeting attended by the City's Departmental Budget Coordinators and key staff from the Finance Department and Administration Division of the Office of the City Manager. Policy directives, general budgeting guidelines, and the technical and procedural aspects of preparing the budget are discussed. The Budget Preparation Manual, distributed to each departmental representative in electronic format, provides the information necessary to prepare the Budget Submittal in an accurate and timely manner. Departments have approximately two months to prepare their budgets based on the City Manager's Budget Directive.

A City Manager Review is then conducted for each Department including the City Manager or applicable Assistant City Manager, key staff from the Finance Department and Administration Division of the Office of the City Manager, Department Heads, and Departmental Budget Coordinators. Staff presents an overview of the department's adopted budget, including increases, reductions, and/or other significant budgetary changes.

### PHASE THREE: BUDGET PREPARATION AND ADOPTION

This phase consists of the preparation of the City Manager's recommended Budget through Budget Adoption. Early on, before the budget is fully formulated, the phase also includes presentation of the preliminary financials and contemplated budget reduction measures.

Included in this phase is also the publication of various easy-to-read budget publications for wider distribution to the general public. Although the City strives to avoid as much technical language as possible, budget documents can still be rather cumbersome and dense in nature. The user-friendly summarized budget brochures provide financial summaries for the various internal and external constituents. Once the City Manager Reviews have taken place and all departmental budget issues are resolved, the Finance Department prepares the Recommended Budget.

The City Manager presents the Recommended Budget to the City Council in one or more workshop sessions typically held in April and May. Public comment is encouraged throughout the process, and a budget specific Public Hearing is expressly held for public participation in June. Subsequent to the Public Hearing, the City Manager will ask the City Council to adopt the Biennial Budget with any necessary revisions made between the time of the publication of the Budget and the date of adoption. The Biennial Budget is effective July first, and the printed document is available as soon as the year-end accounting and final cost allocation plan are completed.

### **HOW TO READ THE BUDGET**

Budgets play a crucial role in communicating to elected officials, city employees, and the public the City's plans for the use of its resources. Yet budgets are complex documents that can be difficult to grasp at first glance. Although the City has made every effort to make the document as easy to navigate as possible, this section provides the reader with some basic understanding of the constituent components of the Biennial Budget document. Additional sections to which the reader should refer are the Budget Summary Tab and the Glossary of Terms Tab.

The Budget Document is comprised of the following 12 main sections:

- City Manager's Budget Message
- Community Profile
- Strategic Budget Priorities
- Guide to the Budget

**FIGURE 4 –  
BUDGET PROCESS AT A GLANCE**

- Budget Summary
- Fund Balance Summary
- Revenue Summary
- Expenditure Summary
- Departmental Summaries
- Capital Improvement Program Summary
- Personnel Detail
- Glossary of Terms
- Appendices and Index

**City Manager's Budget Message:** The City Manager's Budget Message is a transmittal letter addressed to the Mayor and City Council that introduces the Biennial Budget. The Budget Message outlines the organizing principles of the budget and the assumptions on which the budget was developed (e.g., economy, strategic plan requirements, revenues, and expenditure needs) to accomplish the City's objectives for the year.

The City Manager's Budget Message aims to provide the reader with highlights of the operating and capital budgets and a sufficient context to understand how and why budgetary changes occurred between fiscal years.

**Community Profile:** The Community Profile provides a snapshot of the City's community. The purpose of this section is to give the reader an at-a-glance look at the City's main assets, including information on tourism, transportation, and City heritage, as well as demographic data and basic infrastructure statistics.

**Strategic Budget Priorities:** The City's Biennial Budget is expressly shaped by the City's mission and vision, and the City Council's Strategic Goals. The City's taxpayers can be assured that resources are allocated wisely and effectively toward meeting the Strategic Goals. This section describes the linkage between the City's Mission, Vision, and Strategic Goals, on the one hand, and the budget allocation, on the other hand.

**Guide to the Budget:** The Guide to the Budget allows the reader to understand the purpose of the budget, how the budget is developed, how to read the budget, and the financial and operational policies that guide the budget development and planning processes as a whole.

**Budget Summary:** The Budget Summary provides a concise and informative narrative summary of the Biennial Budget including fund descriptions, planned expenditures, and estimated revenues. The following sections then expand upon this summary to provide additional detail:

**Fund Balance Summary:** The Fund Balance Summary provides a citywide summary of beginning and projected year-end balances for each of the City's funds.

**Revenue Summary:** The Revenue Summary provides a citywide summary of projected and historical revenues.

**Expenditure Summary:** The Expenditure Summary provides a citywide summary of projected and historical expenditures.

**Departmental Summaries:** The Departmental Summaries contain detailed budget information for the basic organizational units of the City, its Departments. The Departments are presented in alphabetical order. Each departmental summary presents the following information:

- Mission Statement – Each department has formulated a Mission Statement that presents “the what, for whom, and why” the department exists.

- Department Overview – This section provides detailed information on the breadth and scope of the Department's work. It also lists the Department's long-term strategic goals and the related accomplishments for the prior fiscal year and objectives for the current fiscal year. These accomplishments and objectives are also linked to the City Council's Strategic Goals.
- Organizational Chart and Personnel Summary – This section includes an organizational Chart diagrams the relationships of the Divisions comprising a department. The total number of Full Time Equivalents (FTEs) in each Division is also shown. The purpose of this chart is to highlight programmatic activities rather than to portray reporting relationships among staff. It also includes a table provides comparative information on budgeted personnel for four fiscal years for each of the Divisions presented in the Organizational Chart. Percentage change data between the prior and current fiscal years is also provided.
- Budget Overview – This section provides an overview of the department's budget including comparative information, details about budget balancing measures as well as unmet needs, and budget summary tables.
  - Key Changes in the Department Budget – This section includes a table provides comparative information on budgeted expenditures for four fiscal years for each of the divisions presented in the Organizational Chart, as well as Divisions without personnel. Percentage change data between the prior and current fiscal years is also provided.
  - Department Budget Balancing Measures and Unfunded Needs – This section provides information about the department's budget balancing measures as well as unmet needs. Includes tables that reflect both of these topics.
  - Department Budget Summaries – This section includes tables that provide a budget overview for the department. It includes budget overview table by fund and division. It also includes a table that provides an expenditure budget summary by fund and object group. This will illustrate the cost of personnel, capital projects, debt service, and other key expenditure groupings in aggregate for the entire Department.
- Departmental Budget Detail – This section provides line item detail for each Division and Section with the Department.

**Capital Improvement Program Summary:** This section looks at the City's five-year Capital Improvement Program including funding sources, project highlights, and the specific projects for which funds are allocated for the fiscal year detailed in the Biennial Budget. A more in-depth Capital Improvement Program document is available online and in print in the Finance Department.

**Personnel Detail:** The Personnel Detail section includes the titles and job codes of the full-time and part-time positions authorized for each Department. A comparative table that provides four years of historical data and a citywide organizational chart are also presented in this section.

**Glossary of Terms:** Budget documents may be difficult to read and may contain terms unfamiliar to the reader. This section attempts to cover the key terms used throughout the Biennial Budget document and in the budgeting process, in general.

**Index:** The index is an alphabetical list of names and topics with a reference to pages where the item occurs.

**Appendices:** The Appendices contain detailed information related to items in the budget that may be of interest to the reader. It also includes a list of tables and charts as well as a list of acronyms used in the budget document.

## **BASIS OF BUDGETING**

### ACCOUNTING VERSUS BUDGETARY BASIS

The modified accrual basis of accounting is used by all General, Special Revenue, Debt Service, and Capital Projects Funds. This means that revenues are recognized when they become both measurable and available. Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when liabilities are incurred, except that principal and interest payments on long-term debt are recognized as expenditures when due. The accrual basis of accounting is utilized by all Enterprise and Internal Service Funds. This means that revenues are recorded when earned and that expenses are recorded at the time liabilities are incurred.

The City's basis for budgeting is consistent with accounting principles generally accepted in the United States of America and with the City's financial statements as presented in the Comprehensive Annual Financial Report (CAFR). Exceptions are as follows:

- Capital expenditures within the Enterprise Funds and Internal Service Funds are recorded as assets on an accounting basis but are shown as expenditures on a budgetary basis.
- Depreciation of capital assets and amortization of various deferred charges are recorded on an accounting basis only.
- Principal payments on long-term debt within the Enterprise Funds and Internal Service Funds are applied to the outstanding liability on an accounting basis but are shown as expenditures on a budgetary basis.

The budget appropriates revenues and expenses for all of the City's funds (General, Special Revenue, Enterprise, etc.).

### ACCOUNTING STRUCTURE AND TERMINOLOGY

The complexities of the account structure utilized by the City do not lend themselves to a narrative and straight-forward description. However, some brief discussion is warranted to assist with reviewing the City's budget. In the Departmental Budget Detail sections of the Biennial Budget, expenditures are shown by General Ledger (GL) account. In certain other sections of the Biennial Budget, such as the Revenue Summary, GL accounts may also be shown. These GL accounts are the fundamental building blocks through which the budget is constructed. The City's GL structure includes two primary components: key and object.

GL keys are seven digit numbers representing the location of the expenditure (such as the Police Department). For expenditures, the first two digits are the Department number of the organizational unit, digits three and four are the Division (an organizational unit within a Department), digits five and six are the Section (an organizational unit within a Division), and the final digit is used for various purposes. Data is presented in the Departmental Budget Detail at the Section level. Additionally, certain projects have their own GL key starting with the number nine and will be shown with the budget for the responsible Department. For revenue, GL keys typically begin with four zeros and end with the three-digit number of the applicable fund.

GL objects are six digit numbers indicating the type of expenditure or revenue (such as telephone expense). Each of these objects has a text description. For expenditures, this description can be found next to the individual line item in the Departmental Budget Detail. For revenues, the object description is the category of revenue.

## **COST ALLOCATION PLAN AND DIRECT CHARGES**

The City employs a complex multi-step plan for distributing the costs of internal services to various Departments and funds. Through these allocations, a more realistic picture of the cost of doing business for the City's various organizational units and services is obtained.

For example, the budgets for internal service Departments (such as Human Resources and Information Systems) are allocated to public service Departments (such as the Police Department and Public Works Department). This allocation of costs adjusts each Department's budget to a truer representation of the cost for providing its services to the City's citizens and customers. Any fees or charges set for city Services are then based upon the expenditures of this adjusted budget, which includes an appropriate amount of overhead or allocated costs.

Allocated costs are primarily determined through the City's Cost Allocation Plan (CAP). The CAP uses various statistical data to distribute the identified service costs to the appropriate Departments and funds. Additionally, in certain circumstances direct charges from one organizational unit to another are included in the budget outside of the CAP. Direct charges are typically utilized when the origin and destination of a specific cost are readily apparent and fixed.

## **FINANCIAL AND OPERATIONAL POLICIES**

The City's budget development is shaped by several financial and operational policies. These policies promote and ensure organizational continuity, consistency, transparency, and responsibility from year to year. This section identifies some of the major short and long-term planning documents, financial and operational policies, and fiscal management tools that the City of Riverside employs in order to guarantee fiscal and programmatic integrity and to guide the development of the City's Biennial Budget.

### **FIVE YEAR GENERAL FUND FINANCIAL PLAN**

The City's Five Year Financial Plan projects the fiscal health of the City's General Fund and allows the policy makers and management to understand the fiscal gaps that may exist between revenue projections and projected expenditure requirements.

Revenue estimates for the five-year plan are prepared through an objective, analytical process based on year-to-date trends, prior years' data, and anticipated one-time adjustments. In all instances, the City provides reasonable revenue projections to prevent undue or unbalanced reliance on certain revenues and to ensure the ability to provide ongoing services.

Using the Five Year General Fund Financial Plan as a guide, the Finance Department issues budget targets to Departments in order to submit budget proposals that are constrained by the resources anticipated to be available in the upcoming fiscal year.

### **PROPOSITION 4 (GANN) APPROPRIATION LIMIT**

In the late 1970s, Paul Gann and other spending-limit advocates drafted a spending-limit initiative to restrict growth of tax-funded programs and services. The measure was placed on the November 1979 ballot as Proposition 4 or the "Gann Initiative." The Gann initiative passed and Article 13-B was added to the California Constitution. In the late 1980s/early 1990s, additional amendments were made to improve the legislation.

For state and local governments, the California Government Code (beginning section 7900) mandates that the total annual appropriations subject to the limitation shall not exceed the prior year appropriations Limit. This limitation can be adjusted for the change in cost of living and population, except as otherwise provided in the government code. Section 7910 of the code provides that the governing body of each jurisdiction shall annually establish its Appropriations Limit by resolution.

The Appropriations Limit is calculated by determining appropriations financed by proceeds of taxes in the 1978/79 base year and adjusting the limit each subsequent year for changes in the cost of living and population. This Appropriation Limit is the maximum limit of proceeds from taxes the City may collect or spend each year. Appropriations financed by proceeds of taxes are limited to actual revenues collected if they are lower than the limit. The Appropriations Limit may be amended at any time during the fiscal year to reflect new data.

The cost of living adjustment may be based upon the changes in the California per capita personal income or the percentage change in the local assessment roll from the preceding year due to the addition of local nonresidential new construction. The population adjustment may be based on the changes in the City population or population growth within the County. The annual adjustment factors used for the 2016/17 calculation uses the change in California per capita income and the change in the City's population.

In June 2016, the City Council adopted a resolution to establish the City of Riverside's annual Appropriations Limit at \$307.2 million for FY 2016/17. Actual proceeds from taxes available for appropriations as estimated in the FY 2016/17 budget are \$204.5 million which is \$102.6 million or 33 percent less than our limit. The FY 2017/18 Appropriations Limit is expected to be established in June 2017.

For more detail about the GANN Limit calculation, please see Appendix C: City of Riverside Appropriation Limit Calculation through Appendix D: City of Riverside Permitted Appropriation Growth Rate.

### BALANCED BUDGET

The City's policy is to adopt a balanced budget, which means that planned expenditures do not exceed planned funds available. Available funds may include the use of fund balances on hand, provided that in the case of the General Fund the available Reserve is at the 15 percent level or measures are identified to replenish the Reserve.

### ADJUSTMENTS TO THE ADOPTED BUDGET

Per the City Charter, Section 601 (d), the City Manager shall "keep the City Council advised of the financial condition and future needs of the City and make such recommendations as may seem desirable to the City Manager." In order to accomplish this mandate, the City Manager Biennially presents a mid-year fiscal review to the City Council, typically in February. This review includes needed adjustments to personnel and non-personnel budgets that have been identified by staff since the adoption of the Biennial Budget. Additionally, at any meeting after the adoption of the budget, whether before or after the Mid-Year Review, the City Council may amend or supplement the budget by motion adopted by the affirmative votes of at least five members to authorize the transfer of unused balances appropriated for one purpose to another purpose or to appropriate available funds not included in the budget. The Biennial Budget, as adopted by the City Council, establishes the total appropriation provided for each city department's operations. To ensure that the expenditures of each Department do not exceed the departmental appropriation, expenditures for each Department are legally limited to the amounts authorized by the City Council in the budget document, plus carryover amounts and supplemental appropriations individually approved by the City Council. The City Manager is legally authorized to transfer budgeted amounts between Divisions and accounts within the same Department and Fund over the course of a fiscal year. Transfer of appropriations between Departments or funds and increased appropriations must be authorized by the City Council. Thus, expenditures may not legally exceed budgeted appropriations at the Department level within a Fund. City Council approval is also required for all transfers from unappropriated fund balances or contingency reserves.

### CONTINUED/CARRYOVER APPROPRIATIONS

The City's Municipal Code states that all unexpended or unencumbered appropriations shall lapse at the end of the fiscal year, except for appropriations for capital projects that are required for the completion of the approved project. Other encumbered funds from the previous fiscal year are carried over to the current fiscal year through a list of continued appropriations. Additionally, the City has established a carryover review process during which Departments submit justification for unencumbered, available funds that are requested for carryover. The final list of continued appropriations, including both encumbrances from the previous year and unencumbered funds

approved for carryover, is then adopted by the City Council and becomes part of the City's Biennial Budget. These continuing appropriations are not included in the Biennial Budget document.

### DEPARTMENTAL MANAGED SAVINGS

Following a long-standing practice, this budget continues relying on managed savings to help forecast anticipated positions and spending efficiencies, and utilize them for budget balancing. While in prior years, managed savings represented negative expenditures at the bottom line of the General Fund overall expenditures, this Biennial Budget for the first time allocates specific savings target to each city department, and contains specific plans to achieve those targets.

### GENERAL FUND RESERVE

The City strives to maintain a General Fund reserve amount equivalent to 15 percent of the General Fund expenditure budget. This reserve is intended to provide a cushion against fluctuations in revenue and expenses. The 15 percent level is a minimum threshold required by bond rating agencies and recommended by the Government Finance Officers Association (GFOA).

### ONE TIME REVENUES

The City's policy is to avoid the use of one time revenues to fund ongoing operations. Usage of one time revenue may be occasionally appropriate to bridge short-term gaps in available resources.

### CASH/INVESTMENT MANAGEMENT

One of the City's highest fiscal management priorities is maintaining the value of its cash and investment assets. The City values its cash and investments in accordance with the provisions of Government and Accounting Standards Board (GASB) Statement No. 31, "Accounting and Financial Reporting for Certain Investments and External Investment Pools (GASB 31)," which requires governmental entities, including governmental external investment pools, to report certain investments at fair value in the statement of net assets/balance sheet and recognize the corresponding change in the fair value of investments in the year in which the change occurred. Fair value is determined using published market prices.

Cash accounts for all funds are pooled for investment purposes to enhance safety and liquidity while maximizing interest earnings. Investments are stated at fair value. All highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered cash equivalents. Cash and investments held on behalf of proprietary funds by the City Treasurer are considered highly liquid and are classified as cash equivalents for the purpose of presentations in the Statement of Cash Flows.

### DEBT MANAGEMENT

#### **Debt Management Overview**

The California Constitution requires that long-term debt pledged by the full faith and credit of the City can only be approved by voter referendum. Per State of California statute, the City's debt limit is set at 15 percent of total adjusted assessed valuation of all the real and personal property within the City. Currently, the City's total General Obligation Debt is significantly below its debt limit. The City also carries bonded debt secured by specific revenue sources, and Certificates of Participation secured by interests in city assets.

#### **City Debt Profile**

According to the City of Riverside's Comprehensive Annual Financial Report for the fiscal year ended June 30, 2015, net bonded debt equaled \$1.6 million. The calculated legal debt limit for the City for general obligation bond related debt was \$670,013. The following are some of the credit ratings maintained by the City as of July 2016:

	Standard and Poor's Financial Services, LLC	Fitch Ratings Inc.	Moody's Investors Service
General Obligation Bonds	AA-	AA	Not Rated
Electric Revenue Bonds	AA-	AA-	Not Rated
Sewer Revenue Bonds	A+	Not Rated	A1
Water Revenue Bonds	AAA	AA+	Not Rated

### Debt Limit

Of the \$1.85 billion in debt currently outstanding, only \$12.4 million is supported by tax revenues (the Measure G Fire Facility Projects Bonds) and is therefore subject to the legal debt limit. The City's assessed valuation for the current fiscal year is \$18.5 billion, resulting in a debt limit of \$694.0 million and a current ratio of debt to assessed value of 1.8 percent. The remaining outstanding debt detailed in the Expenditure Summary Section is supported by other specific revenue streams and is not subject to the legal debt limit.

### RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Internal Service Funds have been established to account for and finance the uninsured risks of loss. Various insurance policies are carried by the City to cover risks of loss beyond the self-insured amounts covered by the Internal Service Funds. Using an internally developed allocation model, the cost of the various insurance coverage, whether self-insured or externally insured, are allocated to city departments.

# BIENNIAL BUDGET OVERVIEW

## OVERVIEW OF THE BIENNIAL BUDGET

The City's 2016-18 Biennial Budget totals \$979.5 million in FY 2016/17 and \$960.6 million in FY 2017/18. The following are the City's major funds, with expenditure budgets noted:

	FY 2016/17	FY 2017/18
• The General Fund	\$267.0 million	\$270.6 million
• The Electric Fund	\$403.9 million	\$404.1 million
• The Water Fund	\$90.4 million	\$76.0 million
• The Sewer Fund	\$77.0 million	\$74.0 million

## SUMMARY OF SIGNIFICANT BUDGET ADJUSTMENTS

Detailed listings by department of significant budget adjustments can be found in the departmental sections of this budget. This summary is intended only as a high-level overview of significant structural changes to the budget or organization. Please refer to each department for a detailed discussion of specific budgetary adjustments at the department level.

### FUND REORGANIZATIONS

Funds 751, 753, and 757 have been inactivated due to the maturity of related debt for the Orangecrest and Highlander Community Facilities Districts. These funds remain in various schedules with prior year activity included for historical purposes. There were no other material changes to the City's fund structure. Funds 759, 760, and 761 were added to account for the Visa, Highlands and Kunny Ranch Community Facilities Districts.

### DEPARTMENT REORGANIZATIONS

During FY 2014/15 or effective at the beginning of FY 2015/16, the following reorganizations occurred throughout the City. A reorganization can be defined as the transfer of a particular function from one department to another department or one fund to another fund that has no impact on the net Annual Budget.

The Broadcasting Division of General Services was moved to the Communications Division of the Office of the City Manager to better align common areas of service. Additionally, the Intergovernmental and Public Relations operations were moved from the Communications Division to their own Divisions to track performance and costs associated with each area.

The Innovation and Technology department moved from one main division (Administration) to seven divisions (Administration, Project Management, Cybersecurity, Client Services, Network, Operations, and GIS). As an Internal Service Department, the move the multiple divisions will allow the Innovation and Technology Department to better track expenditures, cost allocation, and performance of each division.

### PROGRAMMATIC AND STAFFING CHANGES

The 2016-18 Biennial Budget marked a move to changing authorized positions citywide. With minor exception, all full time equivalents (FTE's) located in the Personnel Detail Section of this budget, will represent funded positions starting with FY 2016/17. Previously, there were many unfunded positions, which had the potential to cause confusion and allow departments to fill unfunded vacancies. As a result, approximately unfunded 84 FTE's were eliminated from the budget. Each department's summary outlines the reasons for the increases or decreases in personnel.

## INTERFUND TRANSFERS

Throughout the Annual Budget reference is made to Interfund transfers. An Interfund transfer is a transfer of funds from one city fund to another city fund. These transfers appear as a resource in the fund receiving the transfer and as a budget requirement in the fund that is sending the transfer. While

this does result in the revenue and expenditure being "double counted" in the Annual Budget, this presentation provides a truer picture of the actual expenditures for the City's Enterprise Funds, from which the transferred funds originate. Transfers for FY 2016/17 are budgeted at \$39.6 million from the Electric Fund to the General Fund and \$5.5 million from the Water Fund to the General Fund. Transfers for FY 2017/18 are budgeted at \$40.1 million from the Electric Fund to the General Fund and \$5.7 million from the Water Fund to the General Fund. Both transfers are made per City Charter Section 1204(f) and Section 1204.1.

# FIVE-YEAR FINANCIAL PLAN

## GENERAL FUND FIVE-YEAR FINANCIAL PLAN OVERVIEW

This Biennial Budget is the City's first budget that incorporates two fiscal years, and was developed in the context of a five-year financial plan for General Fund spending. During this process, the City identifies factors (known or anticipated) that may have a significant effect on future revenues, expenditures, or staffing levels. The analysis is based on past city revenue and expenditure trends, general and relevant economic trends and outlooks, input from the city departments who oversee those specific expenditure and revenue streams, and consultation with outside economists and revenue experts. The biennial budget projections reflect the first two years of the financial forecast.

### REVENUE AND EXPENDITURE FORECASTING METHODOLOGY

Citywide revenues and expenditures are projected using two forecasting techniques: qualitative analysis, and quantitative analysis.

Qualitative analysis projects future revenues and/or expenditures using non-statistical techniques. These techniques rely on human judgment rather than statistical analysis to arrive at revenue projections. Qualitative forecasting is essential for projecting revenue or expenditure components that are unstable, volatile, or for which there is limited historical information. To facilitate sound qualitative analysis, Riverside seeks input from outside sources such as the Riverside Convention and Visitors Bureau.

Quantitative analysis involves looking at data to understand historical trends and causal relationships. One kind of quantitative analysis is time series analysis; it is based on data which have been collected over time and can be shown chronologically on graphs. When using time series techniques, the forecaster is especially interested in the nature of seasonal fluctuations which occur within a year, the nature of multiyear cycles, and the nature of any possible long-run trends. Causal analysis is another type of quantitative analysis; it deals with the historical interrelationships between two or more variables. One or more predictors influence, directly or indirectly, the future revenue or expenditure (e.g. TOT revenues' effect on sales tax).

### KEY REVENUE AND EXPENDITURE ASSUMPTIONS

To prepare the five-year forecast, a comprehensive analysis of the components of the City's revenues and expenditures is performed. These major components are projected on the basis of various relevant assumptions. For example, projections for sales tax, the single largest source of revenues for the City's General Fund, are done based on economic reports from Beacon Economics, insights from the City's sales tax consultant, Hinderliter, de Llamas and Associates, and a review of past revenue history. Similarly, forecast of the expenditures is performed by separately analyzing individual expenditure categories (e.g. salaries, retirement, medical, etc.) based on forecast cost increases (e.g. pay-step increases, CalPERS retirement rates, union negotiations, etc.).

General assumptions relating to the five-year plan can be found below. More detailed assumptions for these items can be found at the Revenue Summary and Expenditure Summary section of the 2016-18 Biennial Budget.

#### **Revenue:**

- Major General Fund Revenues: 50 percent of the City's General Fund revenues are based on information provided by Beacon Economics and Hinderliter, de Llamas and Associates.
- Utility Users Tax and General Fund Transfer: These revenue sources are largely based on information provided by the Riverside Public Utilities' Finance staff.
- Charges for Services: In addition to historical and economic trends, revenues associated with development relates fee revenue are vetted with the Community and Economic Development staff.

- Licenses and Permits: Revenue assumptions are based on input from the City's departments and historical trends.
- Fines and Forfeits: Revenue is based on assumptions from the Police and Community and Economic Development departments.
- Intergovernmental Revenues: Revenue is based on staff estimates from various departments (e.g. Mutual Aid – Fire Department / Training Reimbursement – Police Department).
- Special Assessments: Special Assessment revenue is based on information from the Finance Department and departments that administer the special assessment district activity (e.g. Weed Abatement – Code Enforcement)

**Expenditures:**

- Salaries: Based on negotiated/anticipated salary increases and contractually obligated step and merit increases.
- Retirement: Based on actuarial studies from CalPERS and negotiated or anticipated changes to employee contributions.
- Union Compensation Model: This budget reflects fiscal impacts of a proposed employee compensation model, currently being discussed with employee unions. The model is based on the balanced revenue index (BRI) model, whereby future increases in pay are linked to the BRI performance of the City's key revenues, and partially offset with employees paying a greater percentage of their retirement contribution.
- Medical Benefits: Based on information from the Human Resources Department and insurance broker, HUB International.
- Non-Personnel: Based on historical expenditure trends and nominal future price escalations.
- Special Projects: Based on historical expenditures. Most special project expenditures are fully or partially offset with revenue (e.g. Live Nation, Convention Center, etc.).
- Debt: Based on the debt service schedule, including Interfund loans.

# FUND BALANCE OVERVIEW

## FUND STRUCTURE

The City organizes its resources into seven main fund categories: General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds, Enterprise Funds, Internal Service Funds, and Agency Funds. Within each category are multiple funds that each relate to a city department or more than one city departments.

### GENERAL FUND

The General Fund is the City's primary operating fund where core city services such as police, fire, parks, recreation, and street maintenance are budgeted. The General Fund is described in more detail later in this Section.

### SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for specific monies that are legally restricted for use for a particular purpose. Funds included in this category relate to the following city departments:

- In the Community and Economic Development Department, Special Revenue Funds are used to account for Federal grants received from the Department of Housing and Urban Development (HUD) for the development of a viable urban community by providing decent housing, a suitable living environment, and expanding economic opportunities principally for persons of low and moderate incomes.
- The Public Works Department's budget includes three Special Revenue Funds. These funds include:
  - The Special Gas Tax Fund, used to account for the construction and maintenance of city streets funded by the City's share of State gasoline taxes;
  - The Air Quality Improvement Fund, used to account for qualified air pollution reduction programs funded by the South Coast Air Quality Management District; and
  - The National Pollution Discharge Elimination System (NPDES) Fund, used to account for storm drain maintenance and inspection required for California storm water permits funded by a special assessment district of Riverside County.

A final fund included in this category is the Successor Agency Administration Fund. Subsequent to the dissolution of the Redevelopment Agency, this fund has been used to track administrative expenditures related to the Successor Agency.

### DEBT SERVICE FUNDS

Debt Service Funds are used to account for the accumulation of resources and payment of long-term debt obligations of the City and related entities.

### CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for the acquisition and construction of major capital facilities other than those financed by Enterprise Funds or the General Fund.

The Public Works Department's budget includes four Capital Projects Funds. These funds include:

- The Storm Drain Fund, used to account for the acquisition, construction, and installation of storm drains in the City;
- The Capital Outlay Fund, used to account for the construction and installation of street and highway capital improvements;
- The Measure A Fund, used to account for transportation improvements funded by the one half of one percent sales tax approved by Riverside County voters in 1988; and

- The Transportation Development Impact Fees Fund, used to account for transportation improvements funded by impact fees.

The Parks, Recreation, and Community Services Department's budget includes two Capital Projects Funds:

- The Local Park Special Capital Improvements Fund, used to account for capital projects to construct parks and recreation facilities funded by impact fees; and
- The Regional Park Special Capital Improvements Fund, used to account for capital projects to construct regional parks and recreation facilities funded by impact fees.

### ENTERPRISE FUNDS

Enterprise Funds are used to account for activities that are financed and operated in a manner similar to private businesses. The City's intent is that the operational and capital costs of providing these services be recovered primarily through user fees and charges.

The Riverside Public Utilities' budget includes four Enterprise Funds:

- The Electric Fund, used to account for expenditures of the City's electric utility.
- The Electric Public Benefits Charge Fund, used to account for public benefits funds related to the City's electric utility.
- The Water Fund, used to account for expenditures of the City's water utility.
- The Water Conservation and Reclamation Program Fund, used to account for public benefits funds related to the City's water utility.

The Public Works Department's budget includes three Enterprise Funds:

- The Refuse Collection Fund, used to account for expenditures associated with the City's refuse collection services.
- The Sewer Service Fund, used to account for expenditures related to the City's sewer system.
- The Public Parking fund, used to account for expenditures related to the various parking facilities operated by the City principally in downtown Riverside.

The Parks, Recreation, and Community Services Department's budget includes one Enterprise Fund. The Special Transit fund is used to account for expenditures related to the City's fleet of minibuses, which are used to transport senior citizens and disabled persons.

Finally, operations of the Riverside Airport, a Division of the General Services Department, is entirely budgeted in an Enterprise Fund.

### INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the operational and capital cost of providing centralized services to city departments. The costs of these services are recovered through the City's Cost Allocation Plan or other cost reimbursement methods. Funds in this category include the City's insurance-related funds, which are budgeted in the Human Resources Department and Finance Department. They are the Workers' Compensation Insurance Trust Fund, the Unemployment Insurance Trust Fund, and the Liability Insurance Trust Fund. Riverside Public Utilities' budget includes the Central Stores Fund, used to account for purchases; and the General Services Department's budget includes the Central Garage Fund, used to account for vehicle maintenance and motor pool functions.

### AGENCY FUNDS

Agency Funds are used to account for funds held by the City as an agent for another entity.

A number of Agency Funds, budgeted in the Finance Department, are used to account for debt service payments for the various assessment districts (ADs) and community facilities districts (CFDs) located throughout the City.

The Community and Economic Development Department's budget also includes various Agency Funds, which are used to account for financial obligations related to the Successor Agency to the City's former Redevelopment Agency.

## FUNDS NOT BUDGETED

There are certain city funds that do not appear in the budget and that have not been described in this Section, either because they are no longer active or because they are never budgeted in the Annual Budget. Funds in the second category include the Capital Projects Funds related to the City's assessment districts and CFDs, certain Public Works Capital Projects Funds, and certain Capital Projects Funds used to account for expenditures associated with bond or certificate of participation issues completed mid-year in prior budget years. Appropriations were or are made to these funds on an as-needed basis throughout the fiscal year, with the approval of the City Council.

## **BUDGETED USE OF FUND BALANCE**

The tables below are a summary of budgeted revenue and expenditures for the FYs 2016/17 and 2017/18 as well as the projected changes to fund balances for city funds included in the budget document.

## MAJOR CHANGES TO FUND BALANCE

Some major changes (greater than 10 percent) to fund balance are projected for both budgeted fiscal years.

### MAJOR CHANGES TO FY 2016/17

The Public Utilities funds (Electric, Water, Sewer, and Airport), have several projects in progress or planned for the future. The change in fund balance is related to the planned project expenditures.

### MAJOR CHANGES TO FY 2017/18

The Public Utilities funds (Electric, Water, Sewer, and Airport), have several projects in progress or planned for the future. The change in fund balance is related to the planned project expenditures.

# REVENUE OVERVIEW

## GENERAL FUND REVENUE OVERVIEW

### OVERVIEW OF REVENUE PROJECTIONS

General Fund revenues are projected based on history, known or anticipated future changes, input from city departments and outside sources (such as consultants and hotel operators). The forecast considers trend analysis, economic modeling and qualitative assumptions about future performance of revenues.

Various externally prepared forecasts are reviewed in the development of the City's revenue estimates, produced by Beacon Economics and Hinderliter, de Llamas and Associates Companies. Specifically, Beacon Economics assist with forecasting 50 percent of the General Fund revenues including the projections for Sales Tax, Property Taxes, Transient Occupancy Tax, Business Tax and Property Transfer Tax. Beacon's forecasts incorporate national, state and regional trends and outlooks. Hinderliter, de Llamas and Associates forecast Sales Tax revenues at each retail outlet level.

The following table compares Beacon Economics forecast for the 50 percent of the General Fund revenues to the assumptions eventually used by city staff in the five-year plan. Hinderliter, de Llamas and Associates (HdL) assumptions are noted. The percentages represent growth rates.

### GENERAL FUND REVENUE ANALYSIS

The following is a discussion of specific factors and assumption considered in the preparation of the City's revenue projections.

#### Sales and Use Tax:

The Sales and Use Tax is the largest single revenue source for the General Fund. For FY 2016/17, Sales and Use Tax represents 25.0 percent of the total revenue budget. The revenue for FY 2016/17 is projected to increase by 5.4 percent for revenue of \$66.6 million with FY 2017/18 revenue projected to increase by 4.8 percent at \$70.1 million. For Fiscal Years 2018/19, 2019/20 and 2020/21, revenue is projected to increase by 4.8 percent, 4.6 percent and 4.5 percent, respectively, for future estimated revenues in this category of \$73.5 million for FY 2018/19, \$76.9 million for 2019/20 and \$80.4 million for FY 2020/21.

**TABLE 6 – SALES AND USE TAX REVENUE TREND**

<b>Fiscal Year</b>	<b>Sales and Use Tax Revenue</b>	<b>Change from Previous Fiscal Year (%)</b>
Actual 2013/14	\$55,096,218	-
Actual 2014/15	\$59,437,483	7.88%
Estimated 2015/16	\$62,949,000	5.91%
Projected 2016/17	\$66,567,942	5.75%
Projected 2017/18	\$70,140,574	5.37%
Projected 2018/19	\$73,498,523	4.79%
Projected 2019/20	\$76,877,237	4.60%
Projected 2020/21	\$80,339,483	4.50%

Sales and Use Taxes are based on three components that are accounted for separately: Main Sales and Use Tax, Motor Vehicle License Fee in Lieu, and Public Safety half-cent Sales Tax. Sales and Use Taxes are based on a current tax rate of 8 percent. Of this 8 percent, the City of Riverside receives three types of Sales Tax: Local General Fund (Bradley-Burns), Statewide Proposition 57 Fiscal Recovery Act, and Countywide Public Safety Augmentation Funds.

- State General Funds: 3.9 percent
- Statewide Proposition 30 School Funds: 0.25 percent

- Countywide Transportation Fund: 0.25 percent
- County Realignment – Mental Health/Welfare/Public Safety: 1.6 percent
- Countywide Measure A Transportation Tax: 0.5 percent
- Local General Fund (Bradley-Burns): 1.0 percent
- Countywide Public Safety Augmentation Fund: 0.5 percent

#### *Main Sales and Use Tax (Bradley-Burns and Prop 57, 1 Percent Total)*

The City of Riverside receives 1.0 percent of Local General Fund (Bradley-Burns) sales and use tax that is imposed upon retailers who sell or rent tangible property. Sales tax is not applicable to the sale of real estate, services that do not result in a finished product, food purchased for home consumption, good purchased for resale, prescription medication, common carrier aircraft, utilities or goods sold to the federal government.

Sales Tax revenue projections are based on recommendations from Beacon Economics and Hinderliter, de Llamas and Associates Companies, staff's own trend analysis and discussions with Community and Economic Development staff regarding future anticipated retail changes.

#### *Motor Vehicle License Fee in Lieu*

Vehicle License Fees (VLF) are a tax imposed by the state on ownership of a registered vehicle, which is considered personal property. In 1998, the State of California began reducing this tax; however, the State backfilled these funds with State General Funds, called In Lieu fees. In FY 2004/05, cities and counties began receiving these in-lieu funds. Effective FY 2005/06, Vehicle License Fee in Lieu is subject to changes in assessed valuation of taxable property in each jurisdiction.

Projected revenues for Vehicle License Fee in Lieu are based on staff's trend analysis, discussions with the County of Riverside and economic analysis prepared by Beacon Economics

#### *Public Safety One Half of a Percent Sales Tax*

In November 1993, Proposition 172 was enacted by California voters to establish a permanent statewide half-cent sales tax for support of local public safety functions in cities and counties. The purpose of Proposition 172 was to maintain public safety funding levels due to ERAF property shifts. State law assigned approximately 4.5 percent of this revenue to cities.

Projected revenues for Public Safety on half of one percent Sales Tax are based on discussions with the County of Riverside and economic analysis prepared by consultants. It is anticipated that the methodology of allocation by the County of Riverside may be changing in the future; therefore, the amounts are assumed flat for the next five years.

### **Property Taxes**

Property Tax revenue is comprised of several components, including Motor Vehicle License Fee in Lieu, Current Secured Property Tax, Successor Agency Property Tax, Measure G Property Tax, Measure I Property Tax, Unsecured Property Tax and Supplemental Property Tax.

For FY 2016/17, Property Tax revenue represents 21.3 percent of the total revenue budget. The revenue for FY 2016/17 is projected to increase by 4.9 percent, with revenue at \$56.7 million, and FY 2017/18 revenue projected to increase by 5.3 percent at \$59.7 million. For Fiscal Years 2018/19, 2019/20 and 2020/21, revenue is projected to increase by 4.6 percent, 4.4 percent and 3.9 percent respectively, for future estimated revenues in this category of \$62.5 million for FY 2018/19, \$65.2 million for FY 2019/20 and \$67.7 million for FY 2020/21.

**TABLE 7 – PROPERTY TAX REVENUE TREND**

<b>Fiscal Year</b>	<b>Property Tax Revenue</b>	<b>Change from Previous Fiscal Year (%)</b>
Actual 2013/14	\$48,827,024	-
Actual 2014/15	\$52,256,688	7.02%
Estimated 2015/16	\$54,084,782	3.88%
Projected 2016/17	\$56,730,769	4.89%
Projected 2017/18	\$59,713,414	5.26%
Projected 2018/19	\$62,481,932	4.64%
Projected 2019/20	\$65,213,974	4.37%
Projected 2020/21	\$67,731,329	3.86%

#### *Current Secured Property Tax*

Current Secured Property Tax is an ad valorem, also known as value based, tax on the assessed value of real property. In 1978, Proposition 13 limited property tax to a total maximum rate of 1 percent, based on the assessed value of the property being taxed, not including voter-approved rates to fund debt. With a few exceptions, property is only re-assessed at the time it transfers to a new owner. Current Secured Property Tax represents the basic levy for property taxes. For City of Riverside residents, property taxes include the basic levy and voter approved debt service.

Effective 2014, the City adopted the Teeter Plan. Under the Teeter Plan, property tax revenues are allocated based on the amount of property taxes billed, but not yet collected. This enables the City to receive 100 percent of receivable secured property tax. The County of Riverside advances cash in an amount equal to the current year's delinquent property taxes; and in exchange, the County receives all penalty and interest revenue.

Projected revenues for Current Secured Property Tax are based on staff's trend analysis, discussions with the County of Riverside and economic analysis prepared by Beacon Economics.

#### *Successor Agency*

The Successor Agency to the Redevelopment Agency (RDA) of the City of Riverside is a separate legal entity, which was formed to hold the assets and liabilities of the former Redevelopment Agency. The Redevelopment Agency was dissolved on February 1, 2012. Funds that were previously distributed to the RDA as tax increment are now deposited into a redevelopment trust fund, known as the Redevelopment Property Tax Trust Fund (RPTTF). This fund is used to pay obligations listed on the Recognized Obligation Payment Schedule (ROPS), which are for enforceable obligations developed prior to dissolution of the RDA, pass through payments to taxing entities and the County administrative fees.

After the enforceable obligations, pass through payments and County administrative fees are paid, the remaining funds in the RPTTF are proportionally distributed to the tax entities, which include the City. Property tax for the Successor Agency reflect the amount of projected annual distribution of these funds.

Projected revenues for Successor Agency Property Tax are based on staff's trend analysis, discussions with the Community and Economic Development Agency, and the County of Riverside and incorporate economic analysis prepared by Beacon Economics.

#### *Property Taxes for Measure G*

Measure G was approved by the voters in November 2003, as a Fire and Emergency Facilities Bond, securing nearly \$20 million for construction and renovation of fire stations throughout the City. The bond represents a general obligation of the City, payable from an additional ad valorem property tax

assessment, at a rate not to exceed \$12 per \$100,000 of assessed value. The amount of the annual ad valorem tax levied by the City to repay the bonds is determined by the relationship between the assessed valuation of taxable property in the city and the amount of debt service due on the bonds in any year. Variations in the annual debt service, combined with changes in assessed valuation of taxable property in the City, result in a fluctuation of the Actual annual tax rate. As a result, Measure G ad valorem tax revenue is projected to meet the debt service requirements of the general obligation bond.

#### *Property Taxes for Measure I*

Measure I was originally approved by the voters in 2002, and renewed for ten years in 2012, as a \$19 annual parcel tax. Measure I funds are designated for use by the Library for community based programs. This is a flat tax assessed by parcel and the revenue stream is projected to remain flat for the duration of measure.

#### *Unsecured Property Tax*

Unsecured property taxes are an ad-valorem property tax assessed on personal property. The tax is called unsecured because it is a lien against an individual, rather than real property. Some typical items assessed and collected on the unsecured roll include: Boats, jet skis, airplanes, real estate improvements, business property and possessor interests. Historically, revenues from Unsecured Property Tax has remained relatively flat. As such, future revenues are projected with no increases.

#### *Supplemental Property Tax*

Supplemental Property Tax revenue results due to a change in the base value of a property, which occurs after a change in ownership or completion of construction.

Projected revenues for Supplemental Property Tax are based on staff's trend analysis, discussions with the County of Riverside and economic analysis prepared by Beacon Economics.

#### **Utilities Users Tax**

The City of Riverside applies a Utility Users Tax (UUT) on various utility services. The tax imposed is 6.5% of the amount billed to customers for use charges.

Electric and Water Utilities Users Tax is based on projections of customer use charges provided by Riverside Public Utilities (RPU). Utility Users Tax for Southern California Gas, Pacific Bell, Cable Television, Cellular and Other Telephone, Western Municipal Water District and Southern California Edison are based on historical trend analysis and anticipated or known future changes.

For FY 2016/17, Utility Users Tax represents 10.7 percent of the total revenue budget. The revenue for FY 2016/17 is projected to increase by 0.8 percent, with revenue at \$28.4 million, and FY 2017/18 revenue projected to increase by 1.8 percent at \$28.9 million. For Fiscal Years 2018/19, 2019/20 and 2020/21, revenue is projected to increase by 2.2 percent, 1.5 percent and 2.8 percent, respectively. The increases reflect analysis and assumptions on the individual components of the UUT, as described above.

**TABLE 8 – UTILITIES USERS TAX REVENUE TREND**

<b>Fiscal Year</b>	<b>Utilities Users Tax Revenue</b>	<b>Change from Previous Fiscal Year (%)</b>
Actual 2013/14	\$28,092,419	-

Projected 2019/20	\$29,962,131	1.51%
Projected 2020/21	\$30,786,915	2.75%

### Franchise Fees

Franchise Fees are collected by the City in Lieu of rent for use of city streets and public right of way. The Franchises category primarily relates to fees collected for refuse collection and Taxi service. Additionally, there is a separate category for Cable Television and ATT Cable. The revenue projections for these categories are based on historical trend analysis.

For FY 2016/17, Franchise revenue represents 2.1 percent of the total revenue budget. The revenue for FY 2016/17 is projected to increase by 1.6 percent, with revenue at \$5.6 million and FY 2017/18 revenue projected to increase by 1.7 percent at \$5.7 million. For Fiscal Years 2018/19, 2019/20 and 2020/21, revenue is projected to increase by 1.7 percent for all years. Like UUT, these increases reflect analysis of the individual revenue components.

**TABLE 9 – FRANCHISE FEE REVENUE TREND**

Projected 2019/20	\$5,876,526	1.70%
Projected 2020/21	\$5,977,822	1.72%

### Transient Occupancy Tax

Transient Occupancy Tax (TOT) is a tax levied by the City, on people staying for 30 days or less in a hotel, inn, or other lodging facility. The tax rate is 13.0 percent and is collected and transmitted by the hotel operators.

Projected revenues for Transient Occupancy Tax are based on trend analysis, discussions with the Convention Center staff and local hotels, consideration for hospitality expansion and economic analysis prepared by Beacon Economics.

For FY 2016/17, Transient Occupancy Tax represents 2.5 percent of the total revenue budget. The revenue for FY 2016/17 is projected to increase by 5.0 percent with revenue at \$6.5 million and 2017/18 revenue projected to increase by 5.0 percent at \$6.9 million. For Fiscal Years 2018/19, 2019/20 and 2020/21, revenue is projected to increase by 5.0 percent for all years.

### Property Transfer Tax

A property transfer tax is imposed when there is a change in title to a secured property, generally when a sale occurs. The property transfer rate, for Counties in California under the Transfer Tax Act, is \$0.55 for each \$500 property interest conveyed. However, the City of Riverside, along with 31 other chartered cities in California, has enacted their own transfer tax ordinance with the tax rate at \$1.10 for each \$500 of property interest conveyed.

Projected revenues for Property Transfer Tax are based on staff's trend analysis, discussions with economic development staff and economic analysis prepared by Beacon Economics.

For FY 2016/17, Property Transfer Tax represents one percent of the total revenue budget. The revenue for FY 2016/17 is projected to increase by 1 percent, with revenue at \$2.7 million, and FY 2017/18 revenue projected to increase by 10 percent at \$3.0 million. For Fiscal Years 2018/19, 2019/20 and 2020/21, revenue is projected to increase by 10 percent, 8 percent and 8 percent respectively.

### General Fund Transfer

General Fund Transfer represents transfers from Riverside Public Utilities (RPU) for Electric and Water Services, per the City Charter. For Electric, the amount is based on 11.5 percent of Retail Sales, Transmission Revenue and Other Operating Revenue, less Bad Debt. For Water, it is based on 11.5 percent of Retail Sales and Other Operating Revenue, less Bad Debt and Outside Service Area Surcharge. The amount transferred is based on the audited revenue stream from the prior year. Projections take in account anticipated future changes in consumption and rates, provided by RPU staff.

For FY 2016/17, General Fund Transfer revenue represents 16.9 percent of the total revenue budget. The revenue for FY 2016/17 is projected to increase by 0.6 percent, with revenue at \$45.1 million and FY 2017/18 revenue projected to increase by 1.7 percent at \$45.9 million. For Fiscal Years 2018/19, 2019/20 and 2020/21, revenue is projected to increase by 2.3 percent, 2.1 percent and 1.2 percent, respectively.

### **Charges for Services – Building, Planning and Code Enforcement**

#### *Building*

Based on construction trends, industry experts and revenue trends, is anticipated that construction activity will continue to increase at a more modest pace, when compared to the previous two fiscal years. Demand for new single-family homes remains tempered throughout the State, while recovering marginally without a significant increase in the foreseeable future. However, increased demand for rental housing remains strong in the region, evidenced by several mixed-use rental projects in the downtown area and various others through the City.

The commercial sector also remains a driving force, with an increase in medical, retail and industrial facilities anticipated in the future. This includes projects, such as the Stalder building, various Ratkovich development projects, at least two hotels, the future Canyon Springs Hospital campus, and continued development at California Baptist University, including the Building of Engineering. Additionally, multiple improvements are anticipated at the Tyler Mall, Olivewood Medical Office Building.

The new Building and Safety fee schedule was adopted in November of 2015, and a future Building and Safety Fee Methodology update, along with a proposed building permit penalty fee are anticipated to be presented to the City Council in the fall of 2016. These fee updates will have positive impact on the Development and Building revenue.

Building Department Revenue is regulated by California Government Code 66014-66016. Building Fee Revenue projections consider anticipated permit activity, as well as consideration for current, known development activity and the opinion of industry experts.

#### *Planning*

Revenue projections for FY 2015/16 assumed adoption of new land use entitlement fees for the Planning Division. In October 2015, the City Council approved new fees, effective November 2015 for some Planning cases; however, fees for the following nine case types were stayed:

- Minor Conditional Use Permits
- Conditional Use Permits
- Minor Conditional Use Permits – Alcohol/Entertainment/Housing
- Conditional Use Permits - Alcohol/Entertainment/Housing
- Planned Residential Development
- Administrative Sign Review
- Single Family Residential Plot Plan/Elevations – Minor Review
- Single Family Residential Landscape/Irrigation Plans
- Administrative Design Review - Report

Because of the stayed fees, revenues are lower than projected for the FY 15/16. Most significantly, conditional use permits and minor conditional use permits, which comprise approximately 55 percent of total case volume, are anticipated to be 10 percent below projected revenues for FY 2015/16. Revenue from Variances, a high-volume case type that was not stayed, is anticipated to be approximately 35 percent higher than expected.

Two internal factors are anticipated to significantly affect projected revenues: Streamline Riverside and a Revised Fee Schedule. At the direction of the City Council and the City Manager, the Planning Division has been tasked with streamlining the development review process. An ordinance presented to the City Council in May 2016, which would be effective July 1, 2016, is anticipated to significantly reduce regulatory processes, and in the process, will also reduce Planning fee revenue. Streamlining efforts will eliminate Conditional Use Permits for various land use types and resulting in an expected 25 percent reduction in conditional use permit volume. Streamlining will also eliminate the Variances for various case types, resulting in an expected 20 percent reduction in Variance volume. Projects requiring Administrative Design Review will result in an expected 15 percent reduction in volume. Planning fees for redundant cases for Lot Line Adjustments, Lot Mergers, Lot Consolidations, Street/Alley Abandonments and Traffic Pattern Modifications will be eliminated.

The revised fees schedule includes modifications for stayed fees, elimination of fees mentioned above and new fees for administrative plan check fees associated with building permits that do not require Administrative Design Review.

#### *Code Enforcement*

Code Enforcement revenue shows a marked decrease because of the improving economy and the end of the foreclosure crisis. In the past, vacant, neglected homes, produced by foreclosures, generated significant abatement fine revenue. Additionally, State drought legislation, along with the City adopted water conservation ordinance, prevents the City from assessing fines related to brown/dry landscape. In the past, this was one of the primary case types that generated revenue for Code Enforcement. Overall, as Building and Planning activity increases, Code Enforcement fines should decrease

Other fees in this category include: Inspection Fees, Plan Review Water Quality, Management Plan Fees, Grading Permits, Street Tree Plan Check Fees, Sale of Maps and Diagrams, Plans and Specification Fees and Inspection Fees. Fire Department Plan Check and Inspection Fees are also included in this category.

For FY 2016/17, Charges for Services – Development and Building represents 1.7 percent of the total revenue budget. The revenue for FY 2016/17 is projected to increase by 9.2 percent, with revenue at \$4.5 million and FY 2017/18 revenue projected to increase by 5.2 percent at \$4.7 million. For Fiscal Years 2018/19, 2019/20 and 2020/21, revenue is projected to increase by 2.0 percent for all years.

### **Intergovernmental**

Intergovernmental revenues come from other government agencies, primarily the state and federal governments. These revenues include general or categorical support, such as grants for specific projects, reimbursements for state mandates and various subventions. Intergovernmental revenue includes: Mutual Aid Reimbursement, Homeowner's Exemption, State Mandated Claims, Vehicle License in Lieu in Excess, Code Enforcement Revenue Sharing, Police Officer's Training, Vehicle Abatement Surcharge and Storm Drain Damage reimbursement. The revenue projections are developed by the departments and reviewed by Finance.

For FY 2016/17, Intergovernmental revenue represents 0.6 percent of the total revenue budget. The revenue for FY 2016/17 is projected to decrease by 30.6 percent, with revenue at \$1.5 million and FY 2017/18 revenue projected to increase by 0.3 percent at \$1.5 million. The decrease between FY 2015/16 and 2016/17 is primarily due to lower expected Mutual Aid Reimbursements, which offset Personnel costs. For Fiscal Years 2018/19, 2019/20 and 2020/21, revenue is projected to increase by 2.0 percent for all years.

### Other Miscellaneous Revenue

Other Revenue represents revenues that are not previously listed in other categories and include: Property Tax Settlement Payments, Interest Income, Interfund Loan Receivable on Pension Obligation Bonds, Land and Building Rentals/Leases, Sale of City Property, Sale of Successor Property and Other Miscellaneous Revenue. The revenue projections are developed by the departments and reviewed by Finance.

For FY 2016/17, Other Revenue represents 4.0 percent of the total revenue budget. The revenue for FY 2016/17 is projected to increase by 33.6 percent, primarily due to expected sales of city properties. Revenue for FY 2016/17 is projected at \$10.7 million and FY 2017/18 revenue projected to decrease by 28.9 percent to \$7.6 million due to variance in expected sale of city properties. For Fiscal Years 2018/19 and 2020/21, revenue is projected to increase by 24.1 percent and 55.5 percent, respectively, with an expected decrease of 18.5 percent in FY 2019/20. The fluctuations in revenue for Other are mainly due to the one-time nature of scheduled sales of city properties.

# EXPENDITURE OVERVIEW

## OVERVIEW OF BUDGETED EXPENDITURES

Forecasting the City's expenditures involves analyzing past actuals and anticipated future trends at the category level (e.g. personnel, special projects, etc.).

Each department has provided its budget for FY 2016/17 and 2017/18. The total budgeted expenditures are \$979.4 million for the first fiscal year of the biennial budget and \$960.6 million for the second year.

## GENERAL ANALYSIS OF EXPENDITURES BY DEPARTMENT

Current operating costs account for about \$707.8 million of the total budget for FY 2016/17. Other costs total \$979.5 million and represent long-term operating costs for each department. For FY 2017/18, current operating costs are \$717 million of the total budget while \$960.6 represent long-term operating costs.

A more detailed analysis on each one of these areas can be found at each department's budget section.

## GENERAL ANALYSIS OF EXPENDITURES BY OBJECT

The City's adopted Biennial Budget includes total expenditures in FY 2016/17 of \$991 million and expenditures in FY 2017/18 of \$971 million. More than 29 percent of these expenditures are related to non-personnel expenses which includes services and supplies needed to operate each department. Personnel costs represent the next largest portion of the budget with about 25 percent of spending expected to go towards these costs. Debt service related expenditures represented more than 11 percent of the budget. The following chart provides an overview of the expenditure allocation by object.

**CHART 4 – FY 2016/17 AND FY 2017/18 CITYWIDE OPERATING EXPENDITURE ALLOCATION BY OBJECT<sup>18</sup>**

## PERSONNEL EXPENDITURES

Citywide personnel costs (e.g. salaries, retirement, medical, etc.) of \$301.7 million in FY 2016/17 and \$309.4 million in FY 2017/18 make up approximately one-fourth of the citywide budget, while General Fund personnel costs of \$192.2 million in FY 2016/17 and \$206.6 million in FY 2017/18 represents more than 71 percent of the General Fund biennial budget (\$558.5 million). The following provides an overview of personnel expenditures by department and fund for the Biennial budget.

## Salaries

Salaries account for about 60 percent of total personnel costs. The budget includes assumptions related to salaries for sworn and non-sworn personnel that are consistent with the City's memoranda of understanding (MOU) with its bargaining units. The budget also reflects Cost of Living Adjustments (COLA) for applicable MOU's as follows: 1) 2.5 percent for all sworn police and non-management fire personnel; and 2 percent for sworn Fire Management. As other agreements covering the Biennial

budget cycle have not been reached with the City's other bargaining units no COLAs are assumed in the baseline budget. However, certain salary increases and changes in retirement costs are assumed in the budget per the union compensation model. The details are discussed in the Union Compensation section on page 113 and in the budget summary section that begins on page 52.

**TABLE 23 – CITYWIDE SALARY COST OVERVIEW**

<b>Fund</b>	<b>FY 16/17</b>	<b>FY 17/18</b>

<i>Percentage of Budget Labor Costs</i>	<i>61.4%</i>	<i>58.4%</i>

### Retirement

The City of Riverside participates and pays for defined benefit retirement plans through CalPERS, a statewide retirement program administrator. CalPERS expenditures comprise 22 percent of all personnel costs, and are the fastest growing of all personnel costs.

**TABLE 24 – CITYWIDE RETIREMENT COST OVERVIEW**

<b>Fund</b>	<b>FY 16/17</b>	<b>FY 17/18</b>

<i>Percentage of Budget Labor Costs</i>	<i>21.5%</i>	<i>21.8%</i>

The City's and employees' retirement contributions (e.g. payments into the CalPERS Fund) are based on an actuarial study is done every two years by CalPERS. Although CalPERS identifies an "employer" contribution and "employee" contribution for retirement deposits, the actual cost sharing between the City and employees is a bargained arrangement codified in Memoranda of Understanding (MOUs) between the City and employee unions. The budget assumes that the arrangement currently in place would continue, except as noted in the Union Compensation Model Section.

Based on CalPERS report, the following increases are projected for the next five years.

**TABLE 25 – CITYWIDE CALPERS INCREASE SUMMARY**

2020/21	\$55,207,663	\$26,210,229	\$81,417,891	1.4%

## Fringe Benefits

Employee fringe benefits are comprised of many components, including health insurance, workers' compensation, dental and vision insurance, disability insurance, unemployment insurance, and others. Cost sharing between employer and employee on fringe benefits is also a bargained arrangement. The budget assumes that the arrangement currently in place would continue. To determine the costs of the fringe benefits, the Finance and Human Resources Departments meet with the City's insurance broker, HUB International to estimate costs over the next five years.

Fringe benefits include cost allocations for the City's workers' compensation costs. The total required funding for workers' compensation is \$6 million for FY 2016/17 and FY 2017/18. Workers' compensation charges to departments are based on three factors: actual four-year paid loss history (60 percent), gross annual payroll (30 percent) and number of vehicles 10 percent). All funds and departments of the City participate in cost sharing.

## Union Compensation Model

The City is currently negotiating with all bargaining groups. Currently, 75 percent of employees do not contribute towards their pension. For these employees, the City pays between the eight to nine percent employee portion of the pension contribution as well as the employer portion of the contribution. All other employees pay the employee portion of the pension contribution which ranges from seven to twelve percent of their salaries. The City's Union Compensation Model accomplishes two goals:

- It links salary increases to city employees to the performance of the City's core revenues (Sales Tax, Property Tax, Transient Occupancy Tax, and Utility Users Tax); and
- Equalizes retirement contributions by gradually increasing the amounts paid by the employees that are not paying the employee portion of the pension contribution.

The estimated net costs to the General Fund over the next five years are presented below. These amounts were not included in the baseline 2016-18 Biennial Budget. The impact of these items on the budget are addressed in the budget summary which begins on page 52 and the Five-Year Financial plan on page 56.

## NON-PERSONNEL

Budgeted non-personnel expenditures include, but are not limited to: professional services, travel, training, subscriptions, general office supplies, outside legal costs, special department supplies, and utilities. These types of costs can be broken down further into two main areas: discretionary expenditures and contractual obligations. The 2016-18 Biennial Budget forecasting follows that all contractual obligations have been captured at the department levels and all discretionary spending would remain the same or slightly down than in prior years.

In FY 2016/17, non-personnel expenditures total \$352.0 million of which \$63.1 million are related to the General Fund. Similarly, in FY 2017/18, non-personnel expenditures total \$354.6 million of which \$62.7 million are related to the General Fund. The following is a summary of non-personnel expenditure by

department and fund. Detailed information on these costs can be found in the departmental budget summaries that begin on page 129.

### General Liability Claims and Related Costs

All funds of the City participate in the Risk Management program and make payments to the Liability Internal Service Funds based on actuarial estimates of the amounts needed to fund prior and current year claims and settlements, as well as applicable legal costs and insurance premiums.

The total required funding for general liability costs is \$7.4 million for FY 2016/17 and FY 2017/18. Liability cost are distributed to departments based on the same three factors as worker' compensation, with different weighting: actual four-year loss history (50 percent), gross annual payroll (40 percent) and number of vehicles (10 percent). Additionally, the total amount needed to fund the prior and current year claims and incidents that have been incurred by not yet reported is reduced by street trees (\$1.5 million for FY 2016/17 and FY 2017/18), which are directly charged to the Public Works Department. The workers' compensation costs are referenced in Personnel Expenses, as discussed on page 110.

### SPECIAL PROJECTS

Special Project related expenditures represent several different expenditure types. In FY 2016/17, Special Project expenditures total \$36.3 million of which \$16 million are related to the General Fund. Similarly, in FY 2017/18, Special Project expenditures total \$36.6 million of which \$16.2 million are related to the General Fund. Departments with the largest Special Project expenditures are Public Utilities, Non-Departmental, Community Development, and Public Works.

For the Public Utilities Department, these expenditures are mostly related the State mandated publicly-owned utilities electric surcharge for public benefit and local mandated Water Conservation Surcharge. Specifically, the expenditures are related to energy efficiency, low-income assistance, renewable energy, research/development, and water conservation programs. For Non-Departmental, these expenditures are mostly related to the City's Animal Control contract with the County of Riverside and the City's contractual obligations with Live Nation (Fox Theatre and Municipal Auditorium) and Raincross Hospitality Corporation (Convention Center, Riverside Convention and Visitors Bureau, and Sports Commission. For Community and Economic Development, these expenditures are mostly related to neighborhood events, Community Development Block Grant (CDBG) projects, and Housing Opportunities for Persons with Aids (HOPWA) projects. Special Project expenditures related to Community and Economic Development in FY 2016/17 also include one-time expenditure related to key development projects (e.g. Chow Alley, One-Stop Center, etc.) that are offset by one-time revenues. For the Public Works Department, Special Projects are most associated with Air Quality Management District (AQMD) projects, the City's private solid waste hauler contract, and sewer system maintenance agreements.

## DEBT

The Finance Department's Fiscal Resources and Accounting Divisions are responsible for the City's debt administration in accordance with the City's debt management policies (see page 48). Estimated future debt service expenditures are based on the City's debt repayment schedule. A summary of the debt schedule for the biennial budget is as follows:

<sup>20</sup> During FY 2016/17 the City anticipates entering two new capital lease agreements for the Computronix permitting software and the Public Safety Communication System (PSEC) both of which are included in the projected ending balance.

For more detailed data about the City Debt Schedules, please see:

- **Appendix I: FY 2016/17 Detailed Debt Schedule**
- **Appendix J: FY 2017/18 Detailed Debt Schedule**

During FY 2015/16, one debt transaction was completed. The General Fund completed an annual renewal of the City's 2005 pension obligation bonds. Bond proceeds totaling \$73.7 million are included in the Electric Fund, Water Fund, and Sewer Fund portions of the adopted 2016-18 Biennial Budget that relate to various debt issues. These funds are reflected as a resource in the various revenue tables but are not included in revenue to avoid skewing historical comparisons, as bond proceeds are not included in historical revenues.

## CAPITAL OUTLAY

The City's 2016-18 Biennial Capital Improvement Plan (CIP) provides detail on the funded and unfunded capital projects of the City over the next five years. Generally, the Capital Outlay expenditure category is related to CIP. Additional information on each Department's capital outlay can be found on page 790.

## CHARGES TO/FROM:

### **Cost Plan:**

Since December 2013, the City has contracted with NBS Government Finance Group (NBS) to prepare and update the City's cost allocation plan (Cost Plan) in accordance with the Federal Government's guideline (located in Title 2 of the Code of Federal Regulations, Part 200 - previously Office of Management and Budget Circular A-87). Generally, the Cost Plan facilitates the dissemination of administrative costs in the City's budget to the areas that receive benefit.

### **UTILIZATION CHARGES:**

Utilization charges are used when one department/division is allocated a specific cost for a specific period to another department/division. Utilization charges differ from the cost plan charges and they are typically shorter term in nature and the actual costs for the allocation go through a true-up process at the end of the year. For example, the Community and Economic Development Department used the utilization charges to allocate specific personnel costs to applicable grants (e.g., CDBG).

<sup>21</sup> FY 2016/17 and FY 2017/18 Cost Plan amounts will be updated prior to final budget adoption upon completion of the Cost Plan by NBS. As noted in the Budget Summary Section, amounts benefiting the General Fund are estimated to increase by approximately \$400,000 to \$600,000.

## MANAGED SAVINGS

The City has utilized the concept of managed savings in the General Fund for more than 10 years. Historically, this amount has represented the amount of money needed to close the gap between on-going revenues and on-going expenditures. Managed savings has historically been budgeted at the fund level and tracked through budget to actual performance of the departments. Historically, the City has missed its managed savings target by approximately \$1 million.

To provide greater oversight, beginning in with the 2016-18 Biennial Budget, managed savings have been budgeted in each General Fund department. The overall total of \$5.4 million represents approximately 2 percent of the General Fund budget and was allocated to each department based on that department's historical budget to actual performance. Balancing measures developed by each department to meet the assigned managed savings targets can be found in the departmental summaries and the Budget Reduction section of the budget.

**TABLE 34 – BUDGETED MANAGED SAVINGS TREND, GENERAL FUND ONLY**

## USE OF ONE-TIME REVENUES TO FUND ONGOING EXPENDITURES

A structurally balanced budget uses current on-going revenues that are equal to meet current on-going expenses.

---

### **City's External Auditor (MGO):**

*"...one-time revenues should not be counted on to support on-going operational expenses or be relied upon for balancing future budgets...should just be limited to fund one-time expenses."*

### **ICMA PM Magazine (May 2009)**

*"The only sound financial practice is to use one-time revenues or budget savings to fund one-time expenses, both operating and capital, as appropriate.... Using one-time revenues and budget savings to finance operating expenses merely exacerbates an organization's fiscal problems in the future."*

---

The City's 2016-18 Biennial Budget includes one-time revenues to pay for one-time projects and initiatives. Specifically, the sale of land should net the City approximately \$3.8 million in FY 2016/17 and \$150,000 in FY 2017/18. The City has budgeted to spend the one-time funds on one-time expenses in the Community and Economic Development (operational) and General Services (CIP) budgets.

# BUDGET BALANCING MEASURES

## BUDGET BALANCING MEASURES OVERVIEW

In the beginning of the budget process, all General Funded departments were given budget reduction targets necessary to balance the 2016-18 Biennial Budget. The targets included:

**Managed Savings:** Savings targets were assigned to each department to reflect their typical historical savings. Overall, the managed savings total 2 percent of the General Fund budget.

**Four Percent Budget Balancing Reduction:** During the budget development process, the City projected a \$10 to \$12 million structural shortfall the General Fund for FY 2016/17. To address the gap, each department was asked to reduce their General Fund operational budget by four percent. The Four percent reductions are in addition to each department's annual managed savings target, and represent an additional \$10.5 million in necessary balancing measures.

City departments presented their plans to achieve the Managed Savings and 4 percent reduction targets during the April 19, April 26, May 3, and May 10 City Council meetings in 2016. The following table summarizes the reduction and managed savings target for each department as approved by the City Council.

# UNFUNDED OPERATIONAL NEEDS

## UNFUNDED OPERATIONAL NEEDS OVERVIEW

The Unfunded Operational Needs Section of the biennial budget reflects the result of a new process. This process involves the identification of the citywide unfunded needs that are not part of the Capital Improvement Program (CIP). The intent is to provide a snapshot of the estimated critical needs, so when funding is available, policy decisions could be made quickly and effectively to fund them.

All City departments were requested to perform an in-depth assessment of their operations and identify truly critical items that are currently not funded. These critical needs, as identified by the departments include, but are not limited to, additional positions, new software and/or hardware, small equipment purchases, and special project funding.

Staff was mindful not to have duplicate requests between the unfunded operational needs and unfunded CIP requests. However, even as the two unfunded requests are exclusive of each other, they may be correlated. For example, there can be a CIP request to expand a facility that is directly correlated to additional positions to run that facility in the operational budget request. Another example is a CIP request for a new Police headquarters that may decrease the operational budget request for additional maintenance for the old Police headquarters.

The unfunded operational requests have been prioritized according to highest, high, and important needs. While each department prioritized their needs according to their operations and while each department's needs are different relative to other departments, this prioritization is a valuable tool to aid the City Council in future policy decisions.

The unfunded operational needs schedule is the most comprehensive the City has ever had, yet it is not a complete list. The unfunded operational needs will evolve and change as the City's operations and priorities change. The Unfunded Operational Needs Summary Table below shows the highest, high, and important needs by department. For more detailed information for each department, please see the department summaries section beginning on page 129.

## **CITY COUNCIL**

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The City Council serves as the elected legislative and policy-making body of the City, enacting all laws and directing any actions necessary to provide for the general welfare of the community. The City Charter states: "All powers of the City shall be vested in the City Council except as otherwise provided in this Charter (Section CH. 406)." As part of the ward districted boundary system of government, each Council Member represents a different ward, ensuring that the citizenry receives equal representation.

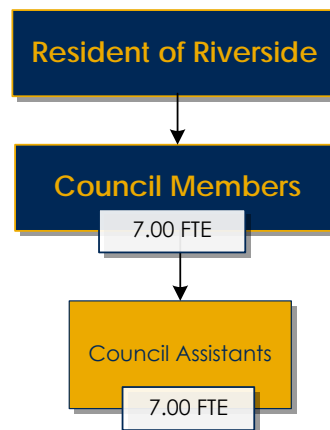

### BUSINESS GOALS

The City Council's business goals are incorporated into citywide policies that are implemented by city departments. These goals reflect the City Council's strategic priorities as outlined on page 37. Each department's goals are detailed in its section of this budget document.

## BUDGET OVERVIEW

The Department's total recommended budget for FY 2016/17 and FY 2017/18 is \$1.2 million. The Personnel Budget is 91.1 percent of the department's budget for both years. The Non-Personnel Budget accounts for 8.9 percent and 8.7 percent in FY 2016/17 and FY 2017/18 respectively.

The Personnel Budget is \$1.1 million for 14 FTEs during both fiscal years. Total FTEs include the seven Council Member positions and the corresponding seven Council Assistants. The Council Members' salaries and benefits are about \$480,000, 44.8 percent of the total Personnel budget for FY 2016/17, the remaining \$600,000 or 55.3 percent is for the Council Member Assistants.

The Personnel Budget decreased by 1.4 percent from FY 2015/16 to FY 2016/17 and increased by 2.8 percent from FY 2016/17 to FY 2017/18. The Non-Personnel Budget for FY 2016/17 is \$74,408 and FY 2017/18 is \$74,732. The Non-Personnel Budget decreased by 45.8 percent from FY 2015/16 to FY 16/17 and increased by 0.4 percent from FY 2016/17 to FY 2017/18. The key non-personnel items for this department include Office Expenses, Travel/Meetings and an apportioned share of the citywide Liability costs.

## KEY CHANGES IN THE DEPARTMENT BUDGET

### Personnel Budget Changes

*Changes FY 2015/16 to 2016/17*

The FY 2016/17 Personnel increased by \$15,134 or 1.4 percent from the FY 2015/16 Adopted Budget of \$1.1 million. The budget decrease is due to lower salaries and associated benefits.

*Changes FY 2016/17 to 2017/18*

The FY 2017/18 Personnel Budget increased by \$30,162 or 2.8 percent from the FY 2016/17 Budget. The budget increase is due to merit increases anticipated for the Council Assistants and associated benefit cost increases.

### Non-Personnel Budget Changes

*Changes FY 2015/16 to 2016/17*

The Department's FY 2016/17 Non-Personnel Budget is \$74,408, a decrease of \$62,959 or 45.8 percent from the FY 2015/16 Adopted Budget of \$137,367. The budget decrease is partially due to:

- Periodicals and Dues increased from \$0 to \$8,267.
- Allocation of citywide Liability costs decreased \$39,726 or 79.4 percent.

<sup>22</sup> City Council does not have budget or personnel data in any other funds outside the General Fund.

### Changes FY 2016/17 to 2017/18

The Department's FY 2017/18 Non-Personnel Budget is \$74,732, an increase of \$324 or 0.34 percent from the FY 2016/17 Budget of \$74,408.

COMMUNITY & ECONOMIC  
DEVELOPMENT DEPARTMENT

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The Community and Economic Development Department exists to serve the public and is dedicated to enthusiastically and responsively working with residents, businesses, property owners, developers, community organizations, elected and appointed officials, and public agency staff to accomplish investment that contributes to economic development and advances our city's outstanding quality of life.

### BUSINESS GOALS

The Department's Business Goals are:

- To attract, protect and increase private investment to stimulate the economy, increase the number of jobs, and elevate residents' prosperity in the City;
- To increase, preserve and protect the City's housing stock to ensure available housing for all residents;
- To provide valued city planning, urban design, and building services that contribute to orderly and responsible growth, revitalization and development of the built and natural environment; and,
- To revitalize and stabilize neighborhoods through timely, responsive strategic investment, community-based Neighborhood outreach and engagement, and effective code enforcement of property maintenance concerns.

### DEPARTMENT DIVISIONS AND SECTIONS

The Community and Economic Development Department includes the following Divisions and Sections:

**Administration:** This division provides administrative support, oversight and leadership to the nine divisions in the Community and Economic Development Department. The Division's primary responsibility is to manage the department's general operations to ensure efficient and effective service delivery while ensuring alignment with the City's Strategic Plan, goals, and objectives.

**Building and Safety:** This division protects and enhances the built environment by ensuring all construction within the City complies with adopted State and local Codes and Standards. This is done through the review of Building Plans and specifications for code compliance, issuance of construction permits and the completion of various building inspections throughout a project. After project completion and approval by the Building and Safety Division, a Certificate of Occupancy is issued.

**Code Enforcement:** This division serves the citizens of Riverside by ensuring compliance with all adopted city codes that govern the proper use and maintenance of private properties. This division receives requests for service for property maintenance and health and safety concerns. The main objectives are to enhance the quality of life in our neighborhoods, protect property owner's investments, educate residents, perform community outreach and promote public health, safety and welfare.

**Economic Development:** This division is responsible for the attraction and retention of businesses to the City. Promote the City through targeted collateral materials and website, host or sponsor outreach events and attending tradeshow/conventions.

**Housing Grants:** This division oversees the management of two federal programs: the Community Development Block Grant Program and the Housing Opportunities for Persons with AIDS (HOPWA).

**Housing Authority and Homeless Outreach:** This division provides homeownership opportunities and develops quality affordable housing opportunities for individuals and families while promoting self-sufficiency and neighborhood revitalization. In addition, this division provides access to services and

housing for homeless individuals and families; and links homeless individuals and families to the appropriate housing intervention and supportive services.

**Neighborhood Engagement and Historic Preservation:** This division is responsible for connecting Riverside's citizens to activities and programs that lead to a better quality of life including, but not limited to, the following: Riverside Neighborhood Partnership, Riverside Community Garden Council, Our Riverside Our Neighborhoods, and Fit Fresh Fun.

**Planning:** This division is responsible for the implementation and maintenance of the City's General Plan/Zoning Code, developing vision plans for future growth and development, updating the City's Specific Plans and Zoning Ordinances, reviewing and routing of outside agency proposals for land development and policy documents. The division consists of three teams: Advanced Planning and Special Projects; Current Planning; and, the Planning Information team. The Planning Division is responsible for a broad range of programs and projects developing and implementing land use planning tools for the City, including the General Plan, the Zoning Code, Specific Plans, and Design and Sign Guidelines.

**Property Services:** This division acquires real property interests necessary for construction of the City's public projects and disposes of surplus city-owned land. Real Property Services staff prepare right-of-entry agreements to access city property, resolve title issues related to ownership of real property, provide real property valuations and estimates, administer appraisal review, purchase required real property interests, and other property matters.

**Successor Agency:** This division is responsible for winding down the former Redevelopment Agency activities through implementation of the Long Range Property Management Plan.

The FY 2016/17 Personnel Budget for the Department is \$12.1 million, an increase of \$382,144 or 3.3 percent from the FY 2015/16 Adopted Budget of \$11.7 million for personnel costs. The budget increase is due to bargaining unit's negotiated salary increases and cost of living adjustment.

### *Changes FY 2016/17 to 2017/18*

The FY 2017/18 Personnel Budget for the Department is \$12.5 million, an increase of \$418,408 or 3.5 percent from the FY 2016/17 Adopted Budget of \$12.1 million for personnel costs. The budget increase/decrease are due to bargaining unit's negotiated salary increases and cost of living adjustment.

## Non-Personnel Budget Changes

### *Changes FY 2015/16 to 2016/17*

The Department's FY 2016/17 Non-Personnel Budget is \$2.4 million, a decrease of \$195,546 or 7.4 percent from the FY 2015/16 Adopted Budget of \$2.6 million. The budget decrease is due to managed saving items the department expects to realize during the budget year.

### *Changes FY 2016/17 to 2017/18*

The Department's FY 2017/18 Non-Personnel Budget is \$2.4 million, a decrease of \$36,514 or 1.5 percent from the FY 2016/17 Adopted Budget of \$2.4 million.

# FINANCE DEPARTMENT

The mission of the Finance Department is to provide fiduciary control of the City's assets, perform fiscally related services, and provide accurate, timely, and useful financial information to support the delivery of municipal services to the City organization and the public. The Finance Department consists of the Administration, Accounting, Financial Resources, Financial Systems, and Purchasing & Risk Management Divisions.

The Finance Department administers the financial affairs of the City of Riverside. The department manages the City's revenues, expenditures, investments, purchasing, accounting, budgeting, and debt. As such, the department provides the City's departments and residents with dependable and efficient quality services in billing and collection of City services, cash management, and other fiscal functions in accordance with legal and professional standards.

## FINANCE DEPARTMENT

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The Finance Department is responsible for all financial record keeping and reporting functions required by the City Charter. Finance functions include centralized accounting, preparing the City's annual budget and capital improvement program, revenue and investment management, debt administration, financial systems management, purchasing, and risk management.

The Department is committed to the delivery of quality, courteous and responsive services, treating all citizens with fairness, dignity and respect. It seeks to achieve an optimal level of effectiveness and compliance in the administration and collection of local taxes, fines, and fees, to ensure equity and transparency in the application of applicable laws and policies.

### BUSINESS GOALS

The Department's Business Goals are:

- To ensure the safety and security of the City's assets;
- To provide the financial resources necessary to support goals and operations of city departments;
- To develop sound financial strategies for business decisions; and,
- To actively support the local business economy.

### DEPARTMENT DIVISIONS AND SECTIONS

The Finance Department includes the following Divisions and Sections:

**Administration Division:** This division provides administrative support, oversight and leadership to the four divisions in the Finance Department. The Division's primary responsibility is to manage the department's general operations to ensure efficient and effective service delivery while ensuring alignment with the City's Strategic Plan, goals, and objectives.

Financial Systems is part of the Administration Division. Financial Systems maintains and supports enterprise applications and databases, such as IFAS, the City's Enterprise Resource Planning financial system, which supports Financials, Payroll, and Benefits; Oracle/SPL, the City's work order system; TeamBudget, the City's budget system; enQuesta and iNovah, the revenue management systems; PCard Works, the procurement management system; and ClientLine, the merchant account management system. This division designs, develops and implements program solutions for enterprise applications; provides support for performance monitoring of enterprise resources and performance capacity.

**Accounting Division:** The Accounting Division provides timely and accurate financial information that supports and enhances the effective, responsive and courteous delivery of services to the citizens and residents of Riverside, businesses, the Mayor, City Administration, and City Departments. The Section maintains strong internal controls, ensuring transparency, adhering to established financial policies and procedures and complying with legal fiscal reporting requirements. Services include: financial analysis and reporting, budget management, accounts payable processing, centralized billing, and accounts receivable tracking.

Accounting plans and coordinates the year-end audit process and prepares the Comprehensive Annual Financial Report (CAFR) as well as the Single Audit Report. It also completes several legislative mandated measures year-end audits. It completes the State-Mandated Cost Claim Report, the State Controller's Report, and the Riverside Redevelopment Successor Agency Audit. This Section also reconciles and interfaces payroll and back accounts to the General Ledger, manages the City's fixed assets, processes debt services payments, manages the City's overall financial system (Oracle), and conducts fiscal monitoring of grant sub-recipients.

- **Accounts Payable Section:** The Accounts Payable Section processes the city departments' payables (including invoices, grant payments, travel requests, reimbursements, and refunds annually), thereby ensuring vendors are paid timely and departments are able to procure supplies and services needed to continue the operations, services, and programs benefiting the citizens of Riverside. The Section handles the sales tax reporting to the State Board of Equalization and 1099 Miscellaneous reporting for city vendors to the Internal Revenue Service.
- **Accounts Receivable Section:** The Accounts Receivable Section provides accounting, fiscal monitoring, and financial and specialized reporting for all city departments, thereby allowing them to perform timely grant drawdowns, and securing new grants. The Section also manages a centralized billing and receivable system that keep track of all accounts receivables.
- **Payroll Section:** The Payroll Section processes and distributes biweekly all aspects of payroll including benefits and taxes, maintains and upgrades payroll systems, and processes year-end reports and production of W-2's and 1099R's.
- **Treasury Section:** The Treasury Section promotes the conditions for fiscal prosperity and stability in Riverside and provides support services to all city departments. Treasury services include: financial management and maintenance of the City's cashier functions, receipt and deposit of payments and cash receipts and other revenue stream; account for, verify and allocate recovered monies to appropriate funds and accounts for all city departments and programs; and perform general banking and depository services and safekeeping.

**Financial Resources Division:** The Financial Services Division is responsible for the preparation and development of the City's Biennial Budget, Five-Year Financial Plan, and the Capital Improvement Program Biennial Budget and Five-Year Financial Plan. It is also responsible for the application and management of the City's debt service, Community Facilities Districts, Assessment Districts, and other such funding mechanisms. This Division is also responsible for providing Business Tax and Licensing services.

- **Budget Section:** The Budget Section develops a fiscally responsible budget that meets council priorities and community needs; produces timely and accurate analysis of program revenues and expenditures; provides consultative services city departments to ensure programs are efficient and effective. Compiles and produces the Biennial Budget and prepares the Adopted Policy Budget.
- **Business Tax and License Section:** The Business Tax and License Section reviews tax and fee ordinances to ensure equitable and fair application of taxes and fees paid to the City by residents, businesses, and visitors. This Section collects, records, and reports on all city revenues; enforces and monitors the provisions of the City's ordinances; complies with the State of California reporting requirements for sales tax, business tax, utility users' tax, occupancy tax, business improvement district fees.
- **Debt Service Section:** The Debt Service Section manages the City's debt portfolio and provides support to the Successor Agency's debt expectations and needs including issuing new debt, maintaining and restructuring current/existing debt; responding to debt information requests from the public, and managing day to day debt service responsibilities.

**Purchasing/Risk Management Division:** This division supports the procurement of materials, equipment and services essential to providing governmental services for the citizens of Riverside. The division promotes the most effective use of city funds in the acquisition of commodities, procurement of supplies and services for city departments. The Section prepares specifications and requests for formal bids and request for proposals in collaboration with city departments.

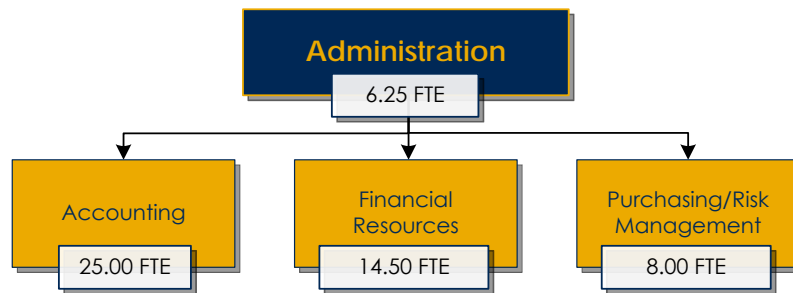

## DEPARTMENT OBJECTIVES

Objectives	Status	Financial and Operational Challenges to Implement Objective
1. Transition Risk Management Administration in-house.	Initiated the hiring of a Risk Management Supervisor.	Implementing the structure and direction of the unit.
2. Recommend appropriate and necessary financial policies to the City Council.	General Fund reserve policy presented to the Finance Committee February 2016. Additional policies being researched are Liability funds reserve, Sewer Fund reserve, balanced budget, and long-term planning policies.	Prioritizing the development of the policies when there are other competing priorities.
3. Develop an "Extreme Customer Service" Strategy.	Key staff attended the "Lessons from the Mouse" training with David Snow. Continuing to encompass the concept of "exceptional customer service" as the standard for all employees - not an exception.	Ensuring employees practice the extreme customer service strategy.
4. Develop a comprehensive Vehicle and Equipment Funding Strategy.	Some departments identified and projected replacement costs in the 5-Year plan.	Accomplishing the long-term goal of a self-sustaining Replacement Fund funded by a fee or contribution charged to departments for vehicles purchased. Vehicles and equipment will be replaced once enough funds have been set aside.
5. Develop a Grant Administration Resource to assist departments with grant compliance.	Finance is working with the Innovation and Technology department to create a website, which will be used to track grant related expenditures and compliance.	Prioritizing the development of the resource when there are other competing priorities.
6. Communicate with the City Council regarding financial matters via periodic workshops.	Updates on the city's Finances have been presented to the City Council, the community and employees through numerous meetings and workshops. Quarterly financial updates will continue to be presented to City Council.	Ensuring the information presented adequately assists City Council with decision making.
7. Develop a process that assures control of payments within contract limits	City Attorney's office is formalizing Purchase Orders for outside attorney services to allow improved contract management.	Prioritizing the development of the process when there are other competing priorities.

# FIRE DEPARTMENT

The mission of the City of Riverside Fire Department is to protect life, property, and the environment by providing exceptional and progressive, all-hazard emergency services, public education, and safety programs.

The Riverside Fire Department is committed to stand ready to assist Riverside in times of need 24/7 with compassion, professionalism, respect and dignity.

The Department has a proud history of serving our community for over 125 years. That spirit of service continues as we move forward into the future.

## FIRE DEPARTMENT

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The Fire Department is responsible for providing fire suppression, emergency medical services (EMS), hazardous materials mitigation, and rescue services of all types. Deployed from fourteen fire stations strategically spanning the City's 81 square miles, the Department responds to over 34,000 emergency calls for service annually. Non-emergency services include fire code enforcement, fire inspection of buildings and facilities, public fire life safety education and disaster preparedness planning and community emergency response team (CERT) training.

In addition, the Fire Department stages and operates two State of California/Office of Emergency Services fire engines, one for use on structure fires and one for use on wildland incidents, for mutual aid deployment throughout the state.

### BUSINESS GOALS

The Department's Business Goals are:

- To respond quickly to Fire, EMS, and hazardous materials related incidents to minimize the loss of life, damage to property, and economic impact to the community;
- To use technology to expand and improve the services and abilities of the Department;
- To ensure that the City and its residents are prepared to effectively respond to major disasters by providing information and education in fire safety and emergency preparedness;
- To perform fire life safety inspections for Riverside businesses and facilities to prevent injuries, deaths, business disruption and property damages relating from fires; and
- To develop and implement strategies to navigate economic challenges to sustain fire and EMS services.

### DEPARTMENT DIVISIONS AND SECTIONS

The Fire Department includes the following Divisions and Sections:

**Administration Division:** Fire Administration houses the Office of the Fire Chief, and provides organizational oversight, policy direction, internal affairs, financial management, ambulance administration, and community relations for the Department. The Division's primary responsibility is to manage the Department's general operations to ensure efficient and effective service delivery while ensuring alignment with the City's Strategic Plan, goals and objectives.

**Fire Prevention Division:** The Fire Prevention Division is responsible for coordinating the fire inspection program, fire plans review for new construction and tenant improvements, and the Business Emergency Plan Program (BEP) to regulate the business generation and storage of hazardous materials. The primary focus for this Division is to protect the community from fire and related hazards through proactive enforcement of the fire code.

**Operations Division:** The Fire Operations Division provides fire suppression, Emergency Medical Services/Paramedic Program, Hazardous Materials, Urban Search and Rescue, Fire Investigations, and public education outreach. This Division directly supports the Department's primary mission to respond quickly to fires and other emergency incidents to preserve life and property.

**Special Services Division:** The Special Services Division administers a comprehensive all-hazards community based emergency management program. This Division is responsible for planning for emergencies, incidents and events that will have an impact on the City of Riverside. Special Services maintains a robust preparedness effort through Community Emergency Response Team (CERT) training and resident and City employee public education events. This Division also coordinates response and recovery efforts through the activation of the City's Emergency Operations Center (EOC).

**Training Division:** The Training Division coordinates ongoing training for all sworn fire personnel in order to meet National Fire Protection Association, Occupational Safety and Health Administration, and other safety standards. This Division supports core emergency operations programs by providing essential manipulative and proficiency instruction for personnel, including New Firefighter Orientation.

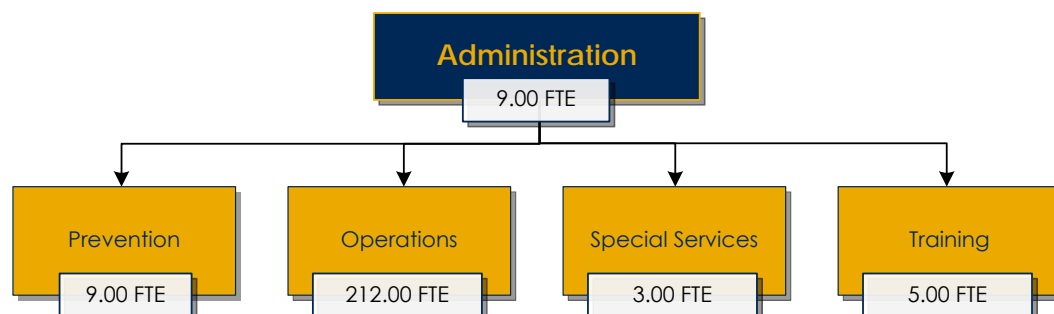

## DEPARTMENT OBJECTIVES

## Personnel

### Changes FY 2015/16 to 2016/17

The FY 2016/17 Personnel Budget for the Department is \$43.6 million, an increase of \$ 782,574 or 1.8 percent from the FY 2015/16 Adopted Budget of \$42.8 million.

### Changes FY 2016/17 to 2017/18

The FY 2017/18 Personnel Budget for the Department is \$44.5 million, an increase of \$890,677 or 2.0 percent from the FY 2016/17 Adopted Budget of \$46.0 million. The budget increase is due to:

- Increase of \$108,857 for salaries related to step increases and MOU provisions;
- Increase of \$800,236 for pension increases related to anticipated CalPERS increases based on the latest actuarial analysis.

## Non-Personnel

### Changes FY 2015/16 to 2016/17

The Department's FY 2016/17 Non-Personnel Budget is \$3.3 million, an increase of \$96,870 or 1.9 percent from the FY 2015/16 Adopted Budget of \$3.3 million.

### Changes FY 2016/17 to 2017/18

The Department's FY 2017/18 Non-Personnel Budget is \$3.4 million, an increase of \$27,349 or 0.8 percent from the FY 2016/17 Adopted Budget of \$3.3. The budget increase is due to an Increase of \$31,112 related to increases in liability insurance charges from the self-insurance fund.

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The General Services Department provides a variety of internal services to support city departments. General Services' primary internal service functions are to maintain the City's fleet and buildings and manage construction and repair of city facilities. The Department also manages the Riverside Municipal Airport, one of the largest general aviation airports in southern California.

General Services strives to provide exceptional customer service to enable all city departments to maximize services to Riverside's residents, businesses and visitors.

### BUSINESS GOALS

The Department's Business Goals are:

- To ensure the City's facilities are safe, functional and comfortable;
- To provide outstanding service to all customers;
- To develop a clean fleet and fuel strategy for city vehicles and the public and,
- To actively support economic development throughout the City through business-friendly leasing strategies at city properties and the Airport.

### DEPARTMENT DIVISIONS AND SECTIONS

The General Services Department includes the following Divisions and Sections:

**Administration:** This Division provides leadership, administrative support and fiscal management for each of the other divisions.

**Airport:** The Airport Division is responsible for ensuring safe municipal and corporation aviation operations on more than 525 acres.

The Division oversees the Airport leasing program which includes more than 120 leases, manages the Airport capital improvement program, infrastructure maintenance, and provides administration of Federal Aviation Administration policies and procedures.

**Building Services:** The Building Services Division maintains the function, appearance and safe access to nearly 125 city buildings. This Division also provides new facility design, construction specifications and project management services for both new construction and improvements to existing facilities.

**Capital Projects:** The Capital Projects Division provides project management services for the citywide capital improvement program. This team manages minor capital projects, such as small roof repairs, flooring replacements, and facility rehabilitation. In addition, this team oversees major capital projects, such as renovation of the Riverside Convention Center, and historic Fox Theater as well as new construction of essential city facilities (i.e. fire and police stations or libraries).

**Fleet Services:** The Fleet Services Division is responsible for maintaining the City fleet of nearly 1,400 sedans, light/heavy duty vehicles and equipment, and fire apparatus. In addition, Fleet is responsible for buying vehicles for the City at the most cost competitive price available. Also, known as a Green Fleet, Riverside Fleet Services is a national leader in the use of alternative fuel technologies for both public and private use.

**Property Services:** The Property Services Division is responsible for managing 134,982 square feet of city-owned building space and 41 cell towers. This Division ensures city properties are well taken care of, collects rents and recruits new tenants for available space. This Division manages approximately \$2.3 million in annual revenue to the City.

**Publishing Services:** The Publishing Services Division processes the City's mail and daily routing. This Division processes 1.5 million utility bills, 336,000 pieces of first class mail each year.

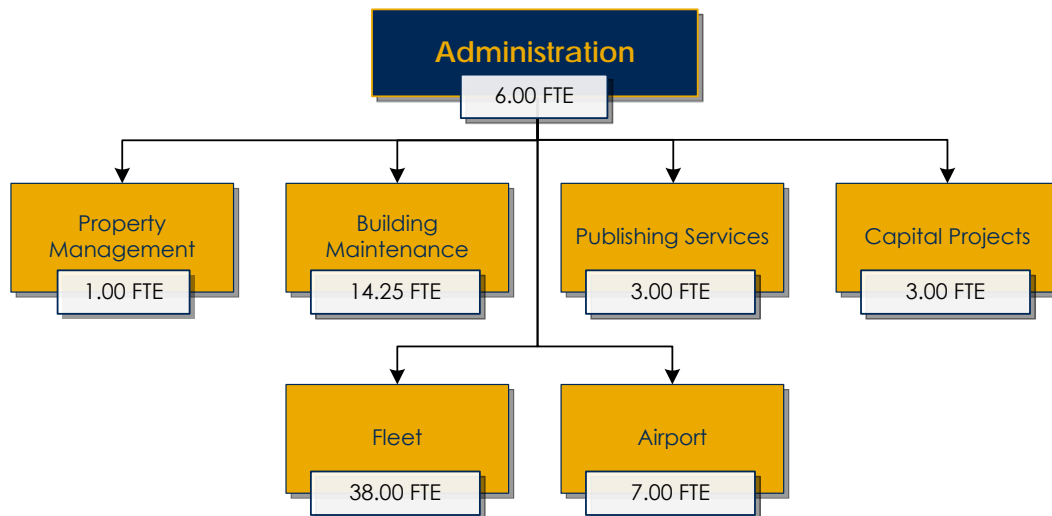

## DEPARTMENT OBJECTIVES

Objectives	Status	Financial and Operational Challenges to Implement Objective
1. Expand electric vehicle charging infrastructure and EV vehicles in the fleet.	Purchases of electric vehicles ongoing; working with Riverside Public Utilities to develop an EV Charging Station policy; developing infrastructure plan to install additional EV charging stations.	Limited funding available to ensure infrastructure to expand EV chargers for growing demand.
2. Expand hangar complex at Fixed Based Operator (FBO) at Airport.	With 100 percent occupancy, Airport staff continues to work with FBO to facilitate new development to increase Airport capacity.	Financing challenges limit amount of development FBO can facilitate; performing work in phases contingent upon funding.
3. Facilitate capital improvement projects and facility maintenance citywide.	Conducted a citywide Needs Assessment to determine scope of projects; received City Council approval to relocate Main Library; evaluating Security program for city facilities.	The primary challenge to this division is financial resources to keep pace with preventative maintenance, major repairs and new essential facilities.
4. Implement energy efficient upgrades at facilities citywide.	Implementing Siemens energy management data system; ongoing upgrade of inefficient components with energy efficient components.	While energy efficiency buildings are the long-term goal, efficiencies often require newer technologies which can be costly in the short term. Change is incremental due to funding limitations.
5. Maximize leasing opportunities at city-owned facilities and Airport.	With less than two percent vacancy citywide, City continues to work to attract successful and reliable tenants to city properties; implemented Master Leasing Program for efficient lease processing.	Increasing competition in the retail and commercial leasing market; airport hangars are 100 percent occupied resulting in space limitations except for larger development projects.
6. Seek economic development opportunity for West Side Development of Airport.	Pursing active negotiations with potential developer of West Side of Airport.	Lack of infrastructure on the west side limits feasibility of developments.
7. Seek opportunities to become more cost effective and efficient in the delivery of departmental services.	Fleet Division implemented various process changes resulting in increased productivity and reduced operating costs by nearly \$300,000 in one year.	While efficiencies save money in the long run, short-term costs to implement and lack of personnel are the primary challenges to create efficiencies.

## BUDGET OVERVIEW

The Department's total recommended FY 2016/17 Budget is \$17.5 million and FY 2017/18 is \$17.5 million. The Personnel Budget in FY 2016/17 is 42.3 percent of the Department's total budget and in FY 2017/18 it comprises 41.7 percent of the total budget. The Non-Personnel Budget accounts for 44.0 percent and 43.4 percent in FY 2016/17 and FY 2017/18, respectively.

The Personnel Budget for FY 2016/17 is \$7.1 million for 72.25 FTEs and \$7.3 million in FY 2017/18 for 72.25 FTEs. Total FTEs include full-time positions and may also include part-time, seasonal, temporary positions and may also reflect workforce charged to or from other departments or funds. The Personnel Budget increased by 1.8 percent from FY 2015/16 to FY 2016/17 and increased by 3.3 percent from FY 2016/17 to FY 2017/18.

The Non-Personnel Budget for FY 2016/17 is \$7.7 million and FY 2017/18 is \$7.6 million. The Non-Personnel Budget decreased by 5.9 percent from FY 2015/16 to FY 2016/17 and decreased by 0.6 percent from FY 2016/17 to FY 2017/18. The key non-personnel items for this department include building maintenance materials and services, fleet fuels, professional services for maintenance and capital improvements and other miscellaneous supplies.

#### Personnel

*Changes FY 2015/16 to 2016/17*

The FY 2016/17 Personnel Budget for the Department is \$7.1 million, an increase of \$121,834 or 1.8 percent from the FY 2015/16 Adopted Budget of \$7.0 million. The budget increase is due to:

- Increase \$48,000 (less than 1 percent) of total Personnel budget to fund a new Airport Customer Service Representative
- Increases in CalPERS retirement and projected personnel and cost of living adjustments across all divisions

<sup>25</sup> (Personnel and Non-Personnel only), FY 15/16 includes carryover amounts.

### Changes FY 2016/17 to 2017/18

The FY 2017/18 Personnel Budget for the Department is \$7.3 million, an increase of \$235,603 or 3.3 percent from the FY 2016/17 Adopted Budget of \$7.1 million. The budget increase is due to increases in PERS retirement and projected personnel and cost of living adjustments across all divisions

### Non-Personnel

#### Changes FY 2015/16 to 2016/17

The Department's FY 2016/17 Non-Personnel Budget is \$7.7 million, a decrease of \$484,408 or 5.9 percent from the FY 2015/16 Adopted Budget of \$8.2 million. The budget decreases are due to:

- Decrease \$508,100 (27.9 percent) due to revised estimate for motor fuels and lubricant expenditures for Fleet
- Decrease \$27,000 (less than 1 percent) to defer equipment purchases
- Decrease \$40,000 in professional services for Building Services
- Increase \$71,000 to maintenance repair of buildings

#### Changes FY 2016/17 to 2017/18

The Department's FY 2017/18 Non-Personnel Budget is \$7.6 million, a decrease of \$48,731 or 0.6 percent from the FY 2016/17 Adopted Budget of \$7.7 million. The budget decreases are due to:

- Decrease \$56,000 for maintenance and repair of buildings
- Minor increases in other operating line items

### DEPARTMENT BUDGET BALANCING MEASURES AND UNFUNDED NEEDS

**TABLE 62 – GENERAL SERVICES BUDGET REDUCTIONS**

Budget Reductions	Impacts and how the Department plans to achieve the reductions	Reduction Amount
1. Transfer General Fund staff to Fleet Division	Charge unallocated 25% for Project Coordinator to Fleet Fund to oversee fleet facilities and infrastructure projects. This may impact oversight of General Fund capital projects.	\$30,500
2. Defer recruitments for vacant positions	Reduction in internal service and overall maintenance of facilities.	\$86,500
3. Decrease maintenance purchase orders	This will result in service reductions to internal departments. General Services will continue to prioritize maintenance projects and delay the least critical, but these reductions will further inhibit the Department's ability to complete critical maintenance functions.	\$68,000
4. Delay purchase of publishing equipment	May impact mail processing efficiency.	\$15,000
<b>Managed Savings Total</b>		<b>\$200,000</b>
1. Transfer 72 percent of Management Analyst from Admin to Fleet Fund	Improves services to Fleet, may result service impacts to Administration.	\$86,630

# HUMAN RESOURCES DEPARTMENT

The mission of the Human Resources Department is to be an innovative professional strategic business partner that values integrity, confidentiality, and diversity; while continuing to provide a variety of resources to past, present and future employees.

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The Human Resources Department is responsible for providing administrative support to the City's departments related to the hiring and development of city staff. This includes recruiting to fill vacant positions, maintaining employee personnel files and salary information, managing the City's Workers' Compensation Program, overseeing the City's Safety Program, providing training and employee development opportunities, managing cases of employee grievances and complaints, and administering employee health and wellness programs.

### BUSINESS GOALS

The Department's Business Goals are:

- To ensure a discriminatory free work environment for all employees and external customers;
- To provide highly progressive personnel services as a business partner with city departments and the Community;
- To develop staff members and enable them to perform their work to a high standard of competence and efficiency; and,
- To actively support the City to meet goals through effective delivery.

### DEPARTMENT DIVISIONS AND SECTIONS

The Human Resources Department includes the following Divisions:

**Administration:** This division is responsible for developing and administering the department budget, maintaining records management, processing employee transactions and ensuring requests to fill positions are accurate and within budget. This division also maintains and updates salary schedules as required by the Fringe Benefit and Salary Plan and Memorandum of Understanding.

- **Benefits/Wellness:** The division oversees the administration and implementation of all city fringe benefits for employees, including Health, Dental, Vision, Retirement, Deferred Compensation, Life/Additional Life, Long Term Disability, Flexible Spending Accounts and Employee Assistance Program. In addition, the Benefits Division oversees and coordinates the citywide Wellness Program.
- **Employee and Labor Relations:** The Employee and Labor Relations division negotiates, adopts and administers agreements between the City and employee groups/bargaining units. This division promotes effective communication and relations in the workforce. In addition, the Employee and Labor Relations Division oversees Classification and Compensation to ensure compensation is comparable to our surrounding cities and ensures the organization's structure is internally aligned.
- **Recruitment and Selection:** The Recruitment and Selection division is responsible for attracting the most highly qualified, talented workforce for employment with the City of Riverside, while providing a level of consistency throughout city government in compliance with all federal and state requirements, and to administer valid and unbiased testing processes for all departments.
- **Safety/Training and Development:** This division's main function is to implement preventive and corrective measures to maintain a safe work environment. This division ensures compliance with regulatory agencies and coordinates safety specific training. In addition, this division also oversees all soft skills training and professional development opportunities as well as mandatory training for all city employees. This division oversees coordination of the Municipal Volunteer Program and Annual Employee Service Awards.

**Workers' Compensation:** The Workers' Compensation division is committed to making certain that injured workers and their dependents in the event of their death, receive promptly and accurately the full measure of compensation to which they are entitled.

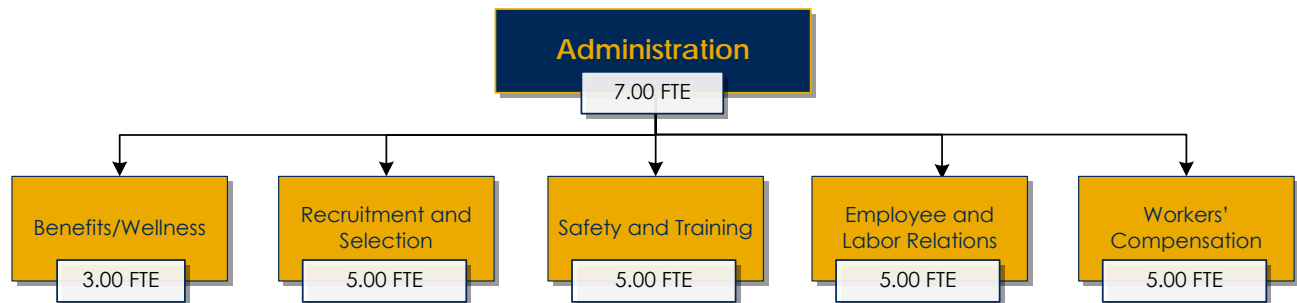

## DEPARTMENT OBJECTIVES

Objectives	Status	Financial and Operational Challenges to Implement Objective
1. Talent Management/ Succession Planning	The Human Resources Department has increased the number of Business Writing Courses being offered due to the high demand among employees.	Due to the department's limited funding, training can only be provided on an as-requested basis for non-mandatory trainings. The Human Resources Department has deferred two positions due to budget constraints.
2. Improve Recruitment and Selection/Hiring Process	Developed and implemented new procedures for hiring seasonal Park and Recreation employees. This process allowed most seasonal employees to be hired within one day.	Recruitment and Selection needs an integrated system to track and identify potential skill gaps for the organization.
3. Collaboration with Finance and Leadership on HR Decisions	Continue collaborative efforts with the Finance Department to reconcile position control.	None
4. Team Building (Retreats/Morale) with Employee Organizations	Begin preparation for the next teambuilding assignment.	None
5. Technology Growth and Improvement	Developed a new webpage for Customer Service Training.	Human Resources currently does not have a Learning Management System to track and manage succession planning.
6. Develop a Plan to Conduct Classification Studies, Including Salary Review for all Positions	The Human Resources Department completed the training of 10 non-Classification and Compensation Division employees on Class and Comp.	Currently, Human Resources is unable to fill one budgeted position, due to budget reductions, to perform in-house studies, therefore most studies are contracted with an external consultant.

## BUDGET OVERVIEW

The Department's total recommended budget for FY 2016/17 is \$8.6 million and FY 2017/18 is \$8.8 million. The Personnel Budget in FY 2016/17 is 34.9 percent of the Department's total budget and in FY 2017/18 it comprises 36.4 percent of the total budget.

The Personnel Budget for FY 2016/17 is \$3.0 million for 32.50 FTEs and \$3.2 million in FY 2017/18 for 35.50 FTEs. Total FTEs include full-time positions and may also include part-time, seasonal, temporary positions and may also reflect workforce charged to or from other departments or funds. The Human Resources Department has requested two Office Specialists and two Examination Proctors in FY 2016/17. The FTE increase in FY 2017/18 includes three personnel requests that include one Human Resources Analyst and two additional Office Specialists. The Personnel Budget increased by 8.1 percent from FY 2015/16 to FY 2016/17 and increased by 4.9 percent from FY 2016/17 to FY 2017/18.

The Non-Personnel Budget for FY 2016/17 is \$5.4 million and FY 2017/18 is \$5.4 million. The Non-Personnel Budget decreased by 1.2 percent from FY 2015/16 to FY 2016/17 and remained relatively flat with a

slight increase of less than 1 percent from FY 2016/17 to FY 2017/18. The key non-personnel items for this department include professional and legal services, recruitment expenses, workers' compensation claims and liability insurance charges.

The Special Projects Budget will remain relatively unchanged from FY 2016/17 and 2017/18. This includes monies from healthcare vendors for wellness related programs.

#### Personnel

##### *Changes FY 2015/16 to 2016/17*

The FY 2016/17 Personnel Budget for the Department is \$3.0 million, an increase of \$227,707 or 8.1 percent from the FY 2015/16 Adopted Budget of \$2.8 million. The budget increase is due primarily to an Increase \$218,784 for salaries of three additional positions that include one Human Resources Analyst and two additional Office Specialists

##### *Changes FY 2016/17 to 2017/18*

The FY 2017/18 Personnel Budget for the Department is \$3.2 million, an increase of \$150,524 or 4.9 percent from the FY 2016/17 Adopted Budget of \$3.0 million. The budget increase is due primarily to the following:

- Increase \$62,644 in salaries associated with step increases and other compensation adjustments
- Increase \$60,246 in pension costs associated with anticipated increases in the employer rate based on the latest actuarial analysis

<sup>27</sup> (Personnel and Non-Personnel only), FY 15/16 includes carryover amounts.

## Non-Personnel

### Changes FY 2015/16 to 2016/17

The Department's FY 2016/17 Non-Personnel Budget is \$5.4 million, a decrease of 65,755 or 1.2 percent from the FY 2015/16 Adopted Budget of \$5.6 million. The budget increase is due primarily a reduction in the allocated liability insurance premiums attributed to the department from the self-insurance fund.

### Changes FY 2016/17 to 2017/18

The Department's FY 2017/18 Non-Personnel Budget is \$5.4 million, an increase of \$796 or less than 1 percent from the FY 2016/17 Adopted Budget of \$5.4 million. The budget is essentially the same as the prior year with no significant changes anticipated.

## DEPARTMENT BUDGET BALANCING MEASURES AND UNFUNDED NEEDS

**TABLE 68 – HUMAN RESOURCES BUDGET REDUCTIONS**

Budget Reductions	Impacts and how the Department plans to achieve the reductions	Reduction Amount
1. Delayed Hiring	The Human Resources Department will achieve the managed savings by delaying the hiring process for one vacant Senior Human Resources Analyst (Training and Development). Delaying the hiring process for this budgeted position will result in service impacts to internal staff as the Human Resources Department will be unable to formulate the training program.	\$100,000

The table below reflects the expenditure budget summary and includes Charges to, Charges From, and Operating Transfers. The table provides an overview of the department's spending as well as its managed savings, utilization charges, and transfers. The net expenditures total represents a spending deficit or surplus that will be offset by departmental revenue or an impact to fund balance. It should be noted that negative expenditure totals will be adjusted during the year or will increase fund balance.

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The Innovation and Technology Department is a full service technology department providing the following services: network support, server and datacenter operations, applications, help desk, desktop, cybersecurity, geographic information systems, and project management. The Department strives to work collaboratively with other departments and organizations to improve the quality of life in the City through economic development; achieve innovative, practical, and reliable solutions to city problems; and optimize processes through information technology leadership and professional services.

Information technology plays an ever-increasing role in helping the City deliver services. It enables increased productivity, around-the-clock operation, and improved relationships with residents, businesses, organizations and visitors. One of the primary roles of the Innovation and Technology Department is to guide the use of technology for the City. IT listens to the business and operational needs of departments and makes recommendations that fit into a common framework that will benefit the whole.

The Innovation and Technology Departments is embracing technology at a rapid pace as we pursue our goal to establish the City of Riverside as an internationally recognized center for innovation. The IT Department has aligned with other city Departments to make this a reality. Here are just a few examples of the City's innovative programs:

The City has a 24 x 7 virtual city hall whereby almost any service that can be offered in person is also available online at [Riversideca.Gov](http://Riversideca.Gov). Also, a web site called [EngageRiverside.com](http://EngageRiverside.com) was created to promote information accessibility and civic collaboration, making it easier to citizens to access important government information, learn about how our government works, and get involved in the process. On [EngageRiverside.com](http://EngageRiverside.com), site visitors also have access to the City's open data portal, where raw data from various internal systems is regularly published to the site. Open data has the potential to crowd source creativity, allowing outside software developers to develop new insights, services, and products for the betterment of society. The City has also implemented leading-edge mobile applications, such as Explore Riverside, a visitor and tourist friendly app, 311 Riverside, an app that encourages the reporting of issues such as graffiti and potholes, and Riverside Tour Guide, a fun and technically advanced way to explore the monuments along Main Street. IT has championed additional resident services including free wireless at libraries and various community centers; video security in numerous parks, intersections, and facilities; an advanced 311 system for citizen reporting and inquiries; a Reverse 911 solution to notify citizens about power outages and emergencies; and an advanced Traffic Management Center to monitor bottlenecks in real-time, to name a few. Riverside has become a nationwide leader in innovation. The City's IT department has won numerous awards, published national articles, and regularly speak to groups nationwide, bringing positive attention to the City and its incredibly innovative programs.

### BUSINESS GOALS

The Department's Business Goals are:

- Provide a secure, reliable technology infrastructure to our 2300+ end users
- Improve cyber security and internal controls
- Begin work on a citywide Comprehensive Continuity of Operations Plan (COOP)
- Modernize the City's Geographic Information Systems (GIS)
- Advocate for residents/businesses to attain faster internet access options
- Expand [EngageRiverside.com](http://EngageRiverside.com) with new features, open data sets, and dashboards
- Continue to narrow the digital divide and empower the community through technology and education
- Complete projects on time within budget using the Project Management Institute's (PMI) best practices

## DEPARTMENT DIVISIONS AND SECTIONS

The Innovation and Technology Department includes the following Divisions and Sections:

**Administration:** The Administration Division is responsible for managing the Innovation and Technology Department operations. This includes providing departments with innovative solutions to improve economic development and/or departmental efficiencies. This team establishes long-term strategic technology direction, facilitates project ranking through the Executive Leadership Team (ELT), oversees all approved projects, releases requests for proposals (RFPs), evaluates proposals, manages the departmental budget, establishes policies and procedures, sets customer service standards, and seeks ways to bring positive attention to the City of Riverside's innovative initiatives.

**Network:** The Network Division is responsible for management of the City's local and municipal area networks, including copper, fiber, and wireless; video surveillance; and telecommunication services. The group also assures adequate security measures are in place to protect the City's network from unauthorized access.

**Operations:** The Operations Division is responsible for system administration, storage administration, and operation services, including email. The Division focuses on system design, disaster preparedness, conformance to standards, and maximizing system performance.

**Applications:** The Applications Division is responsible for support of enterprise applications and systems, web and mobile development, integration of new commercial-off-the-shelf (COTS) solutions, maintenance and upgrade of existing systems, and establishment and maintenance of software standards. The team is comprised of staff experienced in the development of complex computer systems, software and database architectures, internet and mobile technologies, implementation methodologies, business system process design and review, and analysis and integration. The Applications Division provides expert knowledge of the City's operating environment, core applications, operating systems, databases and support systems.

**Client Services:** The Client Services Division is responsible for help desk and desktop services. The help desk receives incident and service calls, tracks and routes the calls to appropriate IT staff for timely resolution. The group installs and supports desktop and laptop computers and standard desktop applications, such as Microsoft Office and Outlook.

**Cybersecurity:** The Cybersecurity Division is responsible for architecting, designing, implementing and maintaining citywide information security programs based on industry and regulatory standards. The Division manages staff security awareness training, technical security controls, auditing and monitoring systems. The Division also advises IT, the City, and the community on technology and business operational security compliance and best practice.

**Geographic Information Systems:** The Geographic Information Systems (GIS) Division is responsible for GIS layer maintenance and inventory, support of enterprise GIS systems, selection leadership and integration of new GIS solutions, maintenance and upgrade of existing systems, architectures, software and GIS database standards, and GIS services development. GIS Division staff develop and maintain GIS data, tools, models, metadata and support for spatial and web applications. They customize spatial data for map based web applications, generate data layers, provide cartographic output, distribute GIS related software and licensing, conduct training, and centrally store and manage GIS data.

**Project Management:** The Project Management Division is responsible for creating a foundation for consistent project success through the development of a strong and pervasive project management discipline. This division's responsibilities include: standardizing project management methodologies, building a project management culture and maturity, improving internal and external communication; building a project information system that tracks project status, budget, and resource allocations; and

monitoring compliance in delivering successful technology projects through best practices in project management.

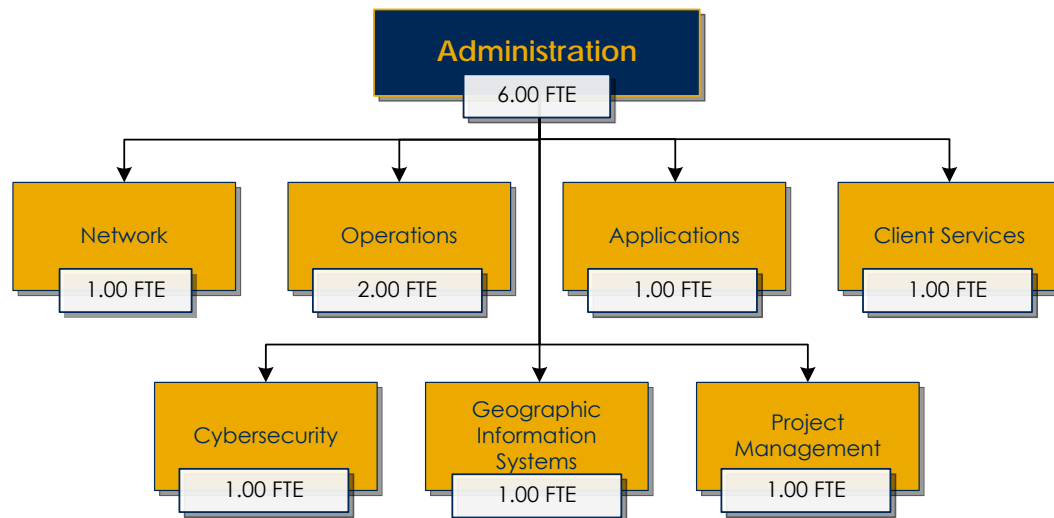

## DEPARTMENT OBJECTIVES

Objectives	Status	Financial and Operational Challenges to Implement Objective
1. Improve Cybersecurity Defenses to Protect citywide Infrastructure.	The IT Department installed new tools which will improve cyber security defenses, further enhance the city's communication networks, and reduce downtime due to viruses.	Network attacks have become significantly more advanced. Obtaining funding for additional security resources continues to be a challenge.
2. Create a citywide Comprehensive Continuity of Operations Plan (COOP)	Staff conducted a project kickoff with all city departments. IT staff created a form on The Hive to track COOP planning documents, allowing departments to define critical business processes and create manual instructions each function.	Complexity of plan implementation. Obtaining funding for COOP and hardware and software licenses needed to implement disaster recovery (DR) upgrades anticipated because of the plan.
3. Modernize the City's Geographic Information Systems (GIS)	A high-level assessment of the resources needed to move off of the old CADME system has been completed.	Obtaining funding for the final phase of replacing the City's legacy GIS solution CADME.
4. Advocate for Residents/Businesses to Attain Faster Internet Access Options	Staff completed a Request for Proposal (RFP) for a citywide Wi-Fi enhancement project, which would provide 123 upgraded or new hotspots for both staff and public access.	Obtaining funding for the City's network refresh and cybersecurity tools.
5. Expand EngageRiverside.com with New Features and Open Data Sets	IT and the City Clerk's Office completed the implementation of the new Riverside Public Records Portal for automated public record request routing. Expanded the "Share Your Ideas" section on EngageRiverside.com to incorporate "Prosecution and Crime Reduction Program" and "Biennial Budget." Published Riverside 2.0 strategies on Engageriverside.com.	Obtaining funding for needed infrastructure and system upgrades.

## BUDGET OVERVIEW

The Department's total operating budget recommended/adopted FY 2016/17 Budget is \$10.7 million and FY 2017/18 is \$10.9 million. The Personnel Budget in FY 2016/17 is 62.6 percent of the Department's total budget and in FY 2017/18 it comprises 64.2 percent of the total budget. The Non-Personnel Budget accounts for 39.3 percent and 38.5 percent in FY 2016/17 and FY 2017/18 respectively.

The Personnel Budget for FY 2016/17 is \$6.8 million for 14 FTEs and \$7.0 million in FY 2017/18 for 14 FTEs. Total FTEs include full-time positions and may also include part-time, seasonal, temporary positions and may also reflect workforce charged to or from other departments or funds.

The Non-Personnel Budget for FY 2016/17 is \$4.2 million and FY 2017/18 is \$4.2 million. The changes to both the personnel and non-personnel budgets are due primarily to permanently hiring staff that previously provide services as an outsourced function for IT.

**TABLE 75 – INNOVATION AND TECNOLOGY SUMMARY OF SIGNIFICANT UNFUNDED NEEDS (NON-CIP) WITH IMPACTS AND CHALLENGES**

**FY 2016/17 AND 2017/18**

<b>HIGHEST</b>			
Highest Unfunded Needs	Impacts and Challenges	FY 2016/17	FY 2017/18
1. Insourcing of Xerox Staff (City Staff)	Expected to reduce long-term costs overall. Greatest challenge is developing draft job descriptions and preliminary salary ranges to determine the estimated fiscal impact or insourcing the remaining staff.	\$318,052	\$397,451
2. Additional Staff: Principal Analyst (City)	During the FY 2015-16 budget process, the Human Resources Department studied and found the need for an additional analyst position. Internal Audits confirmed the need in a recent inventory audit. Delay in obtaining analyst impacts operations.	\$139,200	\$147,900

HIGHEST			
Highest Unfunded Needs	Impacts and Challenges	FY 2016/17	FY 2017/18
3. Network Upgrades - 5 Year Plan	Most of the City's network equipment is between eight and ten-years-old and is at or nearing end-of-life and support from manufacturer. Currently, the City's network lacks redundancy and technology to support much needed business continuity, bandwidth and security threats. This request includes critical components required for the City's network, a new network engineer, professional services for a strategic plan, support/maintenance on the new equipment, new firewalls for Police and new uninterruptable power supply (UPS) devices.	\$246,700	\$2,708,100
4. Additional Staff: SharePoint Developer	Many city departments have requested IT's help to automate workflow, forms, and reports to increase employee efficiency. Developing solutions with Microsoft SharePoint has eliminated the need to purchase costly off-the-shelf products. An addition position will help meet department demands in a more timely manner.	\$125,000	\$130,000
5. Police Department Storage	PD video and retention requirements are growing at a steady rate of 15 to 20 percent per year. Additional storage is needed to accommodate this growth.	\$77,000	\$32,000
6. Additional Staff: Two Client Services Techs	Two additional tech positions are required to improve service levels in City Hall, Public Utilities and Police. The position would service police service systems, provide services which address inventory processing, and provide additional HelpDesk support for various non-public safety departments.	\$117,200	\$120,700
7. Cybersecurity Tools	Current cybersecurity tools should be improved to mitigate IT security risks that could be costly. IT needs to purchase tools that will benefit the entire city, including Police and Public Utilities.	\$400,000	\$450,000
8. Additional Staff: Two Security Analysts	Security systems require continuous monitoring, tuning, and auditing. Currently, staff is focused on operations and new initiatives. Validation of the effectiveness, integrity and tuning of current systems needs additional staff. The request adds one staff member in FY 16-17 and an additional one in FY 17-18.	\$136,000	\$285,600
9. CADME Replacement	The City has been using its current CADME hardware for 13 years. ESRI has discontinued support for the current version as of January 1, 2016. System replacement is important to ensure system can be maintained. The request includes, software, ArcFM Utility ELA, support, 2 GIS Analysts, and professional services.	\$657,100	\$439,200
Highest Unfunded Needs Total		\$2,216,252	\$4,710,951

HIGH			
High Unfunded Needs	Impacts and Challenges	FY 2016/17	FY 2017/18
1. System Upgrade: SPL - City's Work-Order/Payroll System	This system has many users, approximately 1,800 and needs to be upgraded for optimal performance.	\$125,000	\$130,000
2. System Upgrade: IFAS - City's Financial/Payroll System	An upgrade of the current system will be mandatory in the next two years as the vendor is moving away from some existing legacy software components. Costs included in this request are software, professional services, and one additional staff member. The project will take approximately two years to complete.	\$190,000	\$215,000
3. VoIP Upgrades – 5 Year Plan	The initial purchase of VoIP did not include plans to replace all legacy equipment. These parts must be replaced. The plan includes system improvements, a phone engineer to help with the high volume of traffic, phone call encryption, service/maintenance agreement, and a new call center module	\$441,700	\$1,196,100
4. Datacenter: Operational Needs	The City currently maintains a main datacenter, a Public Safety datacenter and Disaster Recovery site (EOC). IT must replace and update aging equipment in all locations to meet the City's growing technology demands.	\$290,000	\$758,300
5. Network Security Tools	Several Network cyber security enhancements are need to protect the City's IT infrastructure from attacks. The tools will include network monitoring tools (proactive notice of outages), and device authentication tools.	\$157,000	\$50,000
6. Datacenter: Continuity of Operations Plan (COOP)	IT's strategic initiatives in Riverside 2.0, include a Continuity of Operations Plan (COOP) to allow the continuation of operation during a natural disaster, fire, or other emergency. These expenditures will allow IT to improve and add process in compliance with COOP.	\$116,500	\$941,900
7. Additional Staff: Mobile Developer	There has been an increase in requests for mobile applications from the City's departments and public. At least one full-time mobile developer is needed to spearhead the projects for mobile applications.	\$125,000	\$130,000
8. Additional Staff: Systems Administrator	An additional system administrator will address large project demands from all the City's departments. This position will assist with data storage and virtual environment configurations as well as prevent project delays and costly overruns due to staff unavailability due to illness.	\$98,525	\$103,500
9. Additional Staff: Project Coordinator	The IT Department has more than 125 active projects at any given time. A project coordinator is needed to help manage IT's projects and assist with the increasing demands of staff citywide.	\$126,675	\$133,100
High Unfunded Needs Total		\$1,670,400	\$3,657,900

IMPORTANT			
Highest Unfunded Needs	Impacts and Challenges	FY 2016/17	FY 2017/18
1. Hardware: PC, Laptop, Tablet Replacement	Many of the IT Department PCs, laptops, and tablets are over 5 years old. Additionally, some staff are using personal devices to accomplish their daily job requirements. New equipment is needed to allow employees to do their jobs more effectively and increase cybersecurity.	\$140,000	\$30,000
2. Training	Currently the IT Department has \$15,000 in training for 60+ employees (\$250/employee). IT staff must keep up to date on more than 100 systems and countless hardware and software items. To accomplish this adequately, additional spending for training is required.	\$105,000	\$105,000
3. User/Account Management - Security	Estimated cost improvements to user security and account management. An implementation would greatly improve efficiency for the Operations, Applications, and Client Services divisions.	\$145,000	\$30,000
4. Security Camera Maintenance and Upgrade	The City has accumulated more than 1,200 video cameras. With a small Network Division, the City does not have a dedicated security camera employee capable of making all the repairs necessary. This upgrade will allow IT to provide these services plus a semi-annual inspection of devices.	\$135,000	\$35,000
5. Email Retention: 2-Year Option	Allows the City's to increase its email retention from 30-day optional retention to a 2-year mandatory retention. It would require additional licensing, professional services, storage capacity, and server hardware requirements.	\$410,000	\$40,000
6. Video Retention: 1-Year Option	Allows the City's policy of video retention from 30-day mandatory retention to the 1-year mandatory retention as specified by state law. It would require additional licensing, professional services, storage capacity, and server hardware requirements.	\$450,000	\$45,000
7. Citywide Computer Replacement	Currently, the City does not have a coordinated PC hardware replacement program. Based on 2,350 full-time employees, the estimated cost to replace a PC/Laptop/tablet, including monitors, and peripherals (e.g. docking stations, etc.) will cost approximately \$2,500 per employee. This estimate assumes additional part-time employees will be provided with older devices.	\$1,175,000	\$1,233,750

(This Page Left Intentionally Blank)

# MUSEUM AND CULTURAL AFFAIRS DEPARTMENT

The mission of the Museum & Cultural Affairs Department is to collect the history, tell the stories and create memories for the Riverside region.

# Museum and Cultural Affairs

## Beyond the Arches

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The Museum and Cultural Affairs Department is responsible for: stewardship of the region's history, anthropology, natural history and archival collections; oversight of three museums and four performing arts venues; arts and cultural affairs events; management of the film and event permit process; collaboration with regional arts organizations and administration of the City sponsorship program.

The Department serves over 632,000 visitors and residents annually through exhibits, educational programs and special events. Per a 2015 Economic Impact Report by the UC Riverside Center for Economic Development and Innovation, the Festival of Lights event has an economic impact to the City of Riverside of 47 million dollars.

### BUSINESS GOALS

The Department's Business Goals are:

- To ensure the region's natural and cultural heritage is preserved and celebrated;
- To pursue customer service excellence;
- To increase community participation;
- To provide innovative exhibits, programs and events;
- To develop strategic partnerships with educational institutions, arts organizations and community partners; and
- To actively support the City of Riverside as the City of Arts and Innovation.

### DEPARTMENT DIVISIONS AND SECTIONS

The Museum and Cultural Affairs Department includes the following Divisions and Sections:

**Administration:** This division is responsible for administrative support and oversight for the Museum Facilities and Operations and Arts and Cultural Affairs Divisions. The Administration Division oversees department progress toward the City's strategic goals, policies and procedures, fund development, budget preparation and accounting functions.

**Museum Facilities and Operations:** This division provides educational programming, exhibits and is the steward for the over 210,000 objects in the Department's collections. The Museum Facilities and Operations Division also oversees Museum historic structures including the National Historic Landmark Harada House, Riverside Metropolitan Museum, Heritage House Museum and Robinson House.

**Arts and Cultural Affairs:** This division is the liaison between the City of Riverside and the arts community. Arts and Cultural Affairs provides oversight and guidance for four entertainment venues (Fox Performing Arts Center, The Box, Showcase and Riverside Municipal Auditorium), collaborates with arts organizations throughout the region, oversees film and event permitting for the City and manages the City sponsorship program.

### DEPARTMENT OBJECTIVES

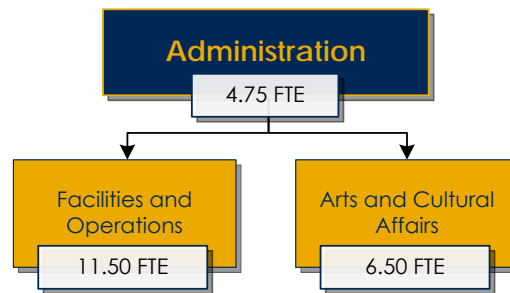

Objectives	Status	Financial and Operational Challenges to Implement Objective
1. Expand and enhance strategic partnerships	Strengthened relationships with California Association of Museums, American Alliance of Museums and Smithsonian Affiliates Program. Enhanced business partnerships through California Association of Festivals.	Operational challenges to implementing this objective include inadequate funding to participate in and support strategic partnerships.

Objectives	Status	Financial and Operational Challenges to Implement Objective
2. Initiate customer service program	Implemented customer service surveys for additional programs and events.	No operational challenges to implementing this objective at this time.
3. Upgrade to Argus.net	Developed internet portal for general public and academic researchers to access collections data.	Operational challenges to implementing this objective include limited staff resources to devote to this project.
4. Consolidation of City Historical Archives	Pending additional resources.	Operational challenges to implementing this objective include lack of adequate funding and staff resources to devote to this project.
5. Museum Membership Program	Exploring program options with key partners.	Operational challenges to implementing this objective include lack of adequate funding and limited staff resources to devote to program development.
6. Create annual maintenance and project plans	Developing maintenance inspection schedule and inspection documents. Evaluation of National Historic Landmark Harada House completed, evaluation of other sites planned.	Operational challenges to implementing this objective include limited staff resources to devote to this project and lack of funding to appropriately address items identified during inspections of both historic and non-historic structures.
7. Festival of Lights enhancement	Updating vendor applications, bidding out key event services, expanding event footprint, meeting with key stakeholders.	Operational challenges to implementing this objective include lack of funding to enhance the event and address security and logistics issues.
8. Secure re-accreditation	Accreditation evaluation committee site visit in Summer 2016.	Operational challenges to implementing this objective include lack of funding to appropriately address educational programming, exhibits, and subject-matter expert needs for re-accreditation.
9. Increase revenue generation from Fox Performing Arts Center and Riverside Municipal Auditorium	Continue to monitor Profit and Loss statements and activity to decrease expenses and increase revenue.	Operational challenges to implementing this objective include industry competition and national political and economic factors.

#### Personnel

##### *Changes FY 2015/16 to 2016/17*

- The FY 2016/17 Personnel Budget for the Department is \$2.1 million, an increase of \$104,446 or 5.4 percent from the FY 2015/16 Adopted Budget of \$1.9 million. The budget increase is due to:
- Net increase of \$104,446 is due to the following:
- Elimination of a \$205,000 salaries adjustment factor imposed on the Department by the City in the form of a Personnel budget reduction in FY2015/16
- Net decrease of \$87,182 or 1 percent in salaries accrued payroll and benefits due to personnel changes including staff increases approved after the FY 2015/16 budget was adopted and moving funding for 1.75 FTE from Personnel to Non-personnel, with an anticipated budget adjustment to fill these positions in FY 2017/18
- Decrease of \$27,657 or 11.0 percent in insurance charges
- Increase of \$14,285 or 3.7 percent in deferred compensation and retirement
- Total authorized FTE did not change from FY2015/16 to FY2016/17, with an anticipated budget adjustment in FY17/18 to fill these positions

##### *Changes FY 2016/17 to 2017/18*

The FY 2017/18 Personnel Budget for the Department is \$2.1 million, an increase of \$72,505 or 3.5 percent from the FY 2016/17 Adopted Budget of \$2.1 million. The budget increase is due to:

- Increase of \$22,474 due to mandated salaries and benefits increases or 1.6 percent.
- Increase of \$12,252 or 5.5 percent due to increases in insurance charges

<sup>32</sup> (Personnel and Non-Personnel only), FY 15/16 includes carryover amounts.

- Increase of \$37,779 or 9.4 percent due to increases in deferred compensation and retirement
- Total authorized FTE did not change from FY2016/17 to FY2017/18

## Non-Personnel

### *Changes FY 2015/16 to 2016/17*

The Department's FY 2016/17 Non-Personnel Budget is \$768,212, an increase of \$167,553 or 27.9 percent from the FY 2015/16 Adopted Budget of \$600,659. The budget increase/decrease is due to the following:

- Increase \$138,646 or 70.4 percent in Professional Services for contract services for fundraising and natural history transferred from Personnel
- Increase \$8,709 or 13.7 percent in communications and utilities charges
- Increase \$15,300 or 382.5 percent in Computer Equipment to replace staff computers that are due for replacement
- Increase \$4,898 or 1.5 percent for department operations support including advertising and building maintenance

### *Changes FY 2016/17 to 2017/18*

The Department's FY 2017/18 Non-Personnel Budget is \$751,347, a decrease of \$16,865 or 2.2 percent from the FY 2016/17 Adopted Budget of \$768,212. The budget increase/decrease is due to the following:

- Decrease (\$12,800) or -66.3 percent in Computer equipment purchases of less than \$5,000. The reduction is because the majority of staff computers requiring replacement will have been replaced with funding in FY16/17 and requests for additional staffing in FY 2017/18 have been deferred
- Decrease (\$3,000) or 60.0 percent in budget associated with Maintenance and Repair
- Decrease (\$1,000) or -8.5 percent in Periodicals and Dues

# OFFICE OF THE CITY ATTORNEY

The mission of the Office of the City Attorney is to provide excellent and ethical legal advice, effective legal representation, and other quality legal services for the City Council, City officers, and City employees in order that they may lawfully attain the City Council's goals and other department program outcomes without undue risk to the City.

The City Attorney's Office represents and advises the City Council and all City officers in matters of law pertaining to their offices; represents and appears for the City in actions or proceedings in which the City is concerned or is a party; and represents and appears for any City officer or employee, or former City officer or employee, in actions and proceedings in which such officer or employee is concerned or is a party for acts arising out of his employment or by reason of his official capacity.

## OFFICE OF THE CITY ATTORNEY

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The City Attorney's Office strives to provide excellent and ethical legal advice and representation to City Council and city departments. The City Attorney also serves as general counsel to the Successor Agency of the City of Riverside, and provides representation of the City before various boards, commissions, and judicial tribunals.

The City Attorney's Office provides general legal services including, but not limited to, civil litigation defense and prosecutions; rendering of legal advice; preparation of various types of legal documents including ordinances, resolutions, agreements and security instruments.

Although one division, there are two distinct services sections; litigation and municipal services. Both play an active and fundamental role in providing timely advice and services on issues as they arise, ensure that actions are legal and enforceable, reduce the risks from contemplated actions, defend the City in a variety of matters, and numerous transactional matters. In addition to these services, a community livability program exists to ensure that the goals and objectives of the City Council continue to be met through the prosecution of municipal code violations. The members of the Office have varied expertise and represent their client departments in complex and challenging issues facing the City and its residents.

### BUSINESS GOALS

The Department's Business Goals are:

- Continued implementation of the Neighborhood Livability and Community Livability Municipal Prosecution Programs to improve neighborhood livability and quality of life issues
- To improve neighborhood livability
- To reduce outside legal expenses
- To enhance support to client departments
- To increase efficiency, external accessibility, and transparency
- To attract, develop, and retain quality staff

### DEPARTMENT DIVISIONS AND SECTIONS

The City Attorney's Office includes the following divisions:

**Municipal Services:** The Municipal Services Division reviews, drafts and analyzes a wide variety of contracts, leases, and other transactional documents. This Division also prepares resolutions, ordinances, recommends changes to the Riverside Municipal Code, and researches a wide range of issues involving municipal governments, including various policies and procedures. The attorneys staff the various city Boards and Commissions. This Division also handles CEQA and land use litigation.

**Litigation:** The Litigation Division analyzes claims to assess liability and defends the City and its employees against claims of personal injury, property damage, constitutional and civil rights, and employment discrimination. The Division also provides general legal counsel to the Human Resources Department and represents the City in administrative appeals related to the discipline of city employees. The Division also works closely with Riverside Police and Fire Department management on legal issue issues involving constitutional law, criminal law and procedure, civil liability, and employment law. The Division also provides counsel to the Code Enforcement Division and initiates actions against code violators where efforts to informally resolve disputes have failed.

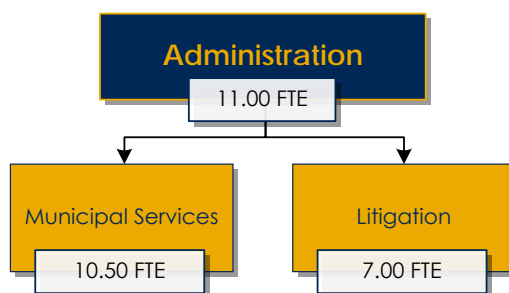

## DEPARTMENT OBJECTIVES

Objectives	Status	Financial and Operational Challenges to Implement Objective
1. Continue implementation of Neighborhood Livability Program	Successful completion of 50 receivership actions to rehabilitate distressed properties	Challenges include identifying distressed and blighted properties within the City limits. This is an ongoing and highly successful program
2. Provide legal support to city Departments to help them accomplish their goals and objectives	Processed approximately 3000 requests for service for client departments in 2015	Operational challenges increase as additional requests are received and adequate staffing does not exist
3. Create criminal prosecution unit	Measure A to be decided by voters in June 2016	Increased staffing and minimal operational costs after start up
4. Reduce outside legal expenses	Litigation costs are unpredictable, however, there is a decline in the use of outside counsel as more matters are retained in house and handled by staff attorneys	Operational challenges will increase as more matters are kept in house and trial preparation requires additional staffing and resources
5. Improve quality of life issues through prosecution of the RMC	The community livability program prosecuted 1859 misdemeanor RMC violations since inception	Challenges arise as violations increase and adequate staffing and resources do not exist in order to address the issues

## Personnel

### *Changes FY 2015/16 to 2016/17*

The FY 2016/17 Personnel Budget for the Department is \$4.2 million, an increase of \$93,367 or 2.3 percent from the FY 2015/16 Adopted Budget of \$4.1 million. The budget increase is due to:

- Net increase of \$33,069 or 1.1 percent in Regular and Part Time Salaries
- Increase \$59,183 or 7.6 percent in pension costs based on anticipated increases in employer rates per the latest actuarial study
- Increase \$9,300 or 38.3 percent in Deferred Compensation
- Increase \$8,415 or 3.0 percent in Health Insurance

### *Changes FY 2016/17 to 2017/18*

The FY 2017/18 Personnel Budget for the Department is \$4.4 million, an increase of \$165,119 or 3.9 percent from the FY 2016/17 Adopted Budget of \$4.2 million. The budget increase is due to:

- Increase \$61,122 or 2.1 percent in regular salaries based on step increases and other compensation agreements
- Increase \$76,780 or 9.1 percent in pension costs based on anticipated increases in employer rates per the latest actuarial study
- Increase \$16,066 or 5.5 percent in Health Insurance
- Increase \$8,400 or 25.0 percent in Deferred Compensation

## Non-Personnel

### *Changes FY 2015/16 to 2016/17*

The Department's FY 2016/17 Non-Personnel Budget is \$564,258, an increase of \$371,294 or 192.4 percent from the FY 2015/16 Adopted Budget of \$192,964. The net budget increase is due to two primary factors:

- First time increase of \$411,035 for Land and Building Rental.
- Decrease \$39,741 or 51.5 percent in Liability Insurance allocated to the department.

### *Changes FY 2016/17 to 2017/18*

The Department's FY 2017/18 Non-Personnel Budget is \$565,037, an increase of \$779 or 0.1 percent from the FY 2016/17 Adopted Budget of \$564,258. The budget increase is due to Increase \$779 or 2.1 percent in Liability Insurance

### Personnel

#### *Changes FY 2015/16 to 2016/17*

The FY 2016/17 Personnel Budget for the Department is \$1.1 million, an increase of \$22,949 or 2.2 percent from the FY 2015/16 Adopted Budget of \$1.1 million. The budget increase is due primarily to increase in pension costs of \$23,456 from anticipated increases in the employer rates based on the latest actuarial analysis.

#### *Changes FY 2016/17 to 2017/18*

The FY 2017/18 Personnel Budget for the Department is \$1.1 million, an increase of \$39,234 or 3.6 percent from the FY 2016/17 Adopted Budget of \$1.1 million. The budget increase is due primarily to two factors:

- Increase of \$11,455 in budgeted salaries based on step increases and other adjustments.
- Increase of \$18,362 in pension costs from anticipated increases in the employer rates based on the latest actuarial analysis.

### Non-Personnel

#### *Changes FY 2015/16 to 2016/17*

The Department's FY 2016/17 Non-Personnel Budget is \$631,893, an increase of \$97,948 or 18.3 percent from the FY 2015/16 Adopted Budget of \$533,945. The budget increases/decreases are due to:

- Increase of \$90,500 or 25.9 percent to fund elections for Mayor and possible measures compared to 2015/16 election costs.
- Increase of \$10,000 or 1.8 percent to records management due to increased activity.

<sup>36</sup> (Personnel and Non-Personnel only), FY 15/16 includes carryover amounts.

Changes FY 2016/17 to 2017/18

The Department's FY 2017/18 Non-Personnel Budget is \$515,158, a decrease of \$116,735 or 18.5 percent from the FY 2016/17 Adopted Budget of \$631,893. The budget decreases are due to decrease of \$112,000 or 25.4 percent to fund elections for Wards 2, 4, and 6 and possible measures compared to 2016/17 election costs

# OFFICE OF THE CITY MANAGER

The mission of the City Manager's Office is to provide leadership, direction, and support to City Departments in implementing City Council's strategic goals and directives, and to promote a City organization that is customer and results-focused in the provision of City services.

## OFFICE OF THE CITY MANAGER

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The City Manager's Office carries out the policies and goals formulated by the City Council through the strategic and financial leadership of the entire city organization. The Office works in collaboration with all city departments as well as outside parties to develop and implement solutions to various internal and external challenges, identify and carry out new and innovative efforts, facilitate local economic development, and ensure organizational compliance with laws and policies throughout the City.

### BUSINESS GOALS

The City Manager's Office relies on and carries out the following principles of effective governance:

- **ACCOUNTABILITY** - Government officials must always keep in mind that they are working for the residents and businesses that pay the taxes that run the City. Every municipal employee should be expected to produce real value for the public and to solve, rather than merely process, the problems assigned to them. Employees who fail to add value, or worse, abuse the public's trust, need to be retrained or, in extreme cases, released from service.
- **TRANSPARENCY** - The government belongs to the people of the City. Decisions must be made in the open, not just because transparency is ethically correct in a democracy, but because government operates most effectively when it operates in the open. While there are several understandable exceptions to the rule for openness in government (personnel privacy, real estate negotiations, and matters in litigation are the most common of these), these exceptions should be applied as narrowly as possible. Local government leaders must be on guard against the use of these exceptions merely to keep embarrassing information from the public or to rehearse for each other the arguments that they should only have in front of the general public.

A truly transparent government gives its leaders and the public enough time to review all material relevant to the decision being considered. Allowing ample time for review helps defeat notions, usually based in fear rather than in fact, that a particular policy or decision is being pushed forward by unethical motives.

- **RESPONSIVENESS** - Every inquiry received by the City should be acknowledged within one business day. This does not mean that the City should have to provide a substantive answer to the inquiry instantaneously, but it is important that residents and local businesses know that they have been heard and that their government is working to provide them with a meaningful response as soon as possible. Nothing is more damaging to a city's reputation than a reputation for not caring about the questions of its residents.

Responsiveness means that inquiries should be answered materially and promptly. Responsiveness does not mean that a resident has to be given the answer she or he wants to hear. And responsiveness does not require City Hall to perform original analyses, or re-index records or documents into a new format to please the person asking for those records or documents. Responsiveness is about a mutually respectful dialogue with a goal of improving city policy and performance. Disagreement is not a problem – there are many ways to view policy and performance. Disrespect, on either side of the dialogue, is a problem – and should not be tolerated.

- **FINANCIAL PRUDENCE** - Over the past half-century, government has all too often been marked by a willingness to spend money on programs while piling debt onto future generations. California cities are now seeing the beginnings of a fiscal reckoning that has been decades in the making. Public spending must be viewed with the utmost restraint. Government needs to keep in mind that they are spending the people's money, not their own. Even more importantly, debt should always be viewed with skepticism. Incurring debt to invest in assets (infrastructure, for instance) that build a community's quality of life and/or provide a clear monetary rate of return is laudable; using debt to cover for ongoing budgetary shortfalls is not. It is financially unsound and it is damaging to a city's ability to float debt when it is actually appropriate to do

so. To this end, it is essential for a city to maintain a good bond rating, just like a family needs to keep an eye on its credit score. A favorable bond rating means better interest rates when borrowing is appropriate. More money for assets. Less money wasted on interest payments.

- **DECISIVENESS** - While government should operate in the open and while every person who wishes to be heard should be heard, too many modern municipal governments get paralyzed by process. When confronted with a difficult decision, it is all too easy to prolong the process and put off having to make the difficult decision, and hence bring the people's business to a halt. Sometimes it almost seems that no decision can be made unless there is consensus on a particular direction. This is a recipe for doing nothing. While we should always seek to establish consensus, the solutions to the challenges facing modern government cannot wait for unanimous public acceptance. The thorniest issues require strong action and consensus impels us to half measures and solutions more symbolic than real. If it were otherwise, the problems would have already been solved.

## DEPARTMENT DIVISIONS AND SECTIONS

The City Manager's Office includes the following Divisions and Sections:

**Administration:** This division, consisting of the City Manager and Assistant City Managers, provides leadership, direction, and support to city departments in carrying out the policies and goals formulated by the City Council and required by the City Charter. The City Administration oversees the city departments' efforts to research, identify and implement innovative and cost-effective solutions to various internal and external challenges.

**Community Police Review Commission:** This division receives and independently reviews complaints alleging misconduct against sworn employees of the Riverside Police Department (RPD) and, when deemed appropriate by the Commission or Manager, conducts an independent investigation of citizen complaints, makes policy recommendations to RPD, conducts public outreach to educate the community on the purpose of the Commission, and reviews and investigates the death of any individual arising out of or in connection with the actions of a sworn police officer.

**Communications:** This division supports departments across the City with graphic design services, photography, video and marketing tools, and manages the City's social media network and website. The division also manages the City's television station – GTV- which provides 24/7 content including coverage of City Council and committee meetings, local sporting events and public service announcements.

**Internal Audit:** This division conducts performance audits of various city departments and functions, the results of which are used by the City Council and Mayor in policy making, and by city management in identifying and correcting performance issues, and improving effectiveness of city operations. The division also investigates inquiries and requests from the city employees and the public regarding alleged or potential fraud, waste and abuse in city government.

**Public Information:** This division leads the City's communications and public information efforts. The Communications Officer is the first point of contact for media inquiries that concern most city departments and provides resources as needed to other city departments (Police, Fire, Public Utilities) that handle their own media inquiries. The division also provides communications services to the city Manager's Office, citywide communications help to the Mayor's Office and assists City Council members and department heads with talking points and presentations to community groups on issues of importance to the City.

**Intergovernmental Relations:** This division is responsible for developing, managing and implementing the City's legislative and intergovernmental efforts with local, state and federal partners. This includes advocating the City's legislative priorities as well as engaging neighboring jurisdictions and partner agencies on issues of mutual and regional interest.

## DEPARTMENT OBJECTIVES

Objectives	Status	Financial and Operational Challenges to Implement Objective
1. Implement a customer service initiative to instill a culture of helpfulness throughout all departments and employees	With guidance from the City's executive management, the Human Resources and Public Utilities departments led a citywide customer service training initiative for over 500 attendees. Additional training for additional employees is in the planning stages.	Funding for dedicated customer service positions does not exist.
2. Establish regular survey process to obtain feedback from the public regarding city services and activities. Survey will also identify needs and priorities and provide feedback from city employees.	During the Biennial budget development process input was sought and received from the city employees, residents and businesses on city's budget and policy priorities, through meetings, an online dialogue and City Council discussions.	The City lacks resources – both dedicated employees and funding to develop and conduct surveys.
3. Create a culture of continuous improvement and innovation in the workplace through regular process improvement activities, rewarding innovative practices and regular review of department operations on a triennial basis	<p>A peer review was completed for the city's Internal Audit function. Consequently, changes were made to the governing structure and rules to strengthen and enhance effectiveness of the function.</p> <p>Performance and financial audits of the Finance and Human Resources Departments, and Public Utilities were completed and presented to the City Council in July 2016. Additional audits and reviews will be completed.</p>	Performance and financial audits require focus and commitment from the executive management and the departments that are audited. With resources stretched citywide, this is often a challenge.
4. Undertake process improvement initiatives related to communication tools; entitlement process; claims process; employee recruitment and selection; permit processing/one stop counter and virtual assistance; virtual meetings	For communication tool improvements, staff has focused on low-cost mediums such as social media and YouTube to create content and provide information quickly and efficiently. Meetings with the working group have been scheduled to improve the entitlement process. Efforts are under way to enhance claims process customer service. Additionally, the Finance and Human Resources departments presented its first claim and financial status reports. The HR recruitment and selection division has mapped and began implementing a streamlined process. A working group formed with permit customers and inter-departmental staff to improve the permitting process.	Funding is lacking for both personnel and technology that could help make further improvements in the areas listed on the left.

Objectives	Status	Financial and Operational Challenges to Implement Objective
5. Create economic development focus areas for process improvement, updated specific plans, and focused attraction/retention/ expansion with Downtown, University and the Marketplace as the first phase.	The City Council directed staff to prepare a specific plan for the Northside neighborhood of Riverside. City staff began outlining an approach for a consolidated update to the Downtown, Marketplace, and University Avenue Specific Plans. Signed agreement with Kosmont to lead review of financing opportunities. Northside RFQ/RFP issued. Updates to other Specific Plans have not been initiated. Council to review Streamline Riverside on May 17, 2016; Planning Commission recommended approval on March 17, 2016	In order to advance economic development efforts, additional funding is needed. There is limited funding for the Northside Specific Plan. All Specific plan budgets were reduced to meet managed savings target.
6. Conduct feasibility reviews of proposed community facilities	Council has authorized the relocation of the Main Library, and planning process has started for the new location. Additional needs have been identified, such as Police Downtown headquarters and a collections facility for the Museum.	There is currently no funding for any new facilities, while the needs are significant. The February 23, 2016 report from General Services outlined the needed new critical facilities and estimated costs to construct them.
7. Develop metrics to measure community and city progress	Quality of Life Survey was completed in 2015. A comparison to the 2013 study will be completed by the end of fiscal year 2015/16.	The City lacks funding for personnel and consultants to dedicate to this important function.
8. Strengthen internal and external communications with all audiences including residents, local businesses and media, with streamlined messaging and cross-departmental collaboration	During the Biennial budget development process, input was sought and received from the city employees, residents and businesses on city's budget and policy priorities, through meetings, an online dialogue and City Council discussions. Videos on the budget were also produced and made available online and through the government television channel. Efforts are also underway, led by the Office of Communications to increase outreach to department directors regarding success stories or other messages to share with audiences inside and outside of City Hall, both through the "telling our story" effort	As marketing and communications continue to evolve, they become more labor intensive and with limited labor resources we have to pick and choose which mediums we utilize and the frequency in which we can connect with residents. The costs of traditional marketing tools continues to be cumbersome and limits the exposure we have across the city regarding programs and initiatives.
9. Coordinate legislative and intergovernmental efforts with key local agencies including, but not limited to, advocating for local control of the Ontario Airport	Under the direction of the City Manager, the new Intergovernmental Relations Officer is working to strengthen relationships and improve communication with Riverside's neighboring jurisdictions and partner agencies to foster a greater level of collaboration, not just to advance the City's legislative priorities, but to serve as an advocate for the Inland Southern California region as well.	Ability to regularly engage all neighboring jurisdictions and partner agencies is limited based on the evolving priorities of the City and region

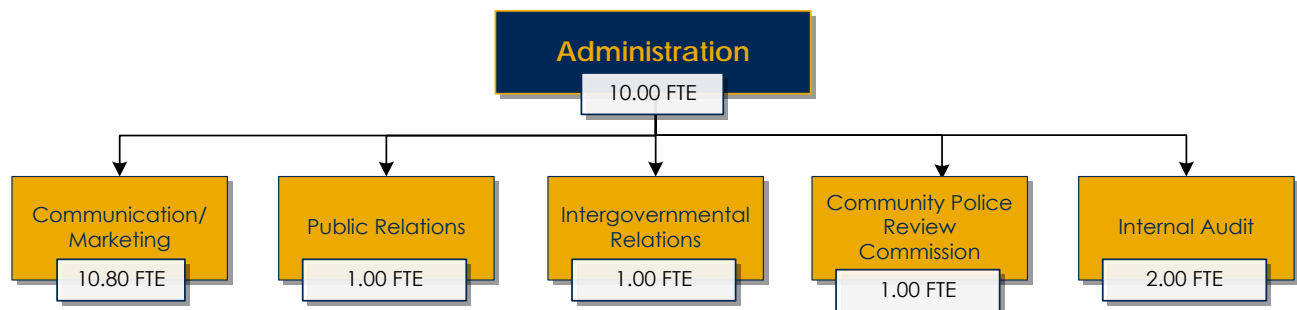

Objectives	Status	Financial and Operational Challenges to Implement Objective
10. Open a new production studio to consolidate GTV staff and enhance capabilities	Studio is complete, continuing to identify opportunities for use above the daily needs of the City.	While dedicated funds have covered the capital improvements to the studio staff time is unfunded. The addition of committee meetings this year leaves staff spends limited time to produce in the studio.
11. Broaden variety and quality of GTV programing for diverse city audience	Staff is identifying topics and content that will appeal to a variety of audiences and also meet the City's overall priorities and goals.	With the priority being Council and committee meetings, staff has limited time to spend on creating new content.

The table below reflects the expenditure budget summary and includes Charges to, Charges From, and Operating Transfers. The table provides an overview of the department's spending as well as its managed savings, utilization charges, and transfers. The net expenditures total represents a spending deficit or surplus that will be offset by departmental revenue or an impact to fund balance. It should be noted that negative expenditure totals will be adjusted during the year or will increase fund balance.

# OFFICE OF THE MAYOR

The Office of the Mayor carries out a threefold mission. First, it provides leadership and works with the City Council to develop public policy that furthers the vision, and the reality, of Riverside as an attractive, diverse, urban, and successful city. Second, the Office of the Mayor provides leadership and support to residents by representing their interests within the City organization, facilitating opportunities to work together on mutually beneficial issues and communicating the shared vision. Third, the Mayor acts as the chief spokesperson and ambassador for the City.

The Office of the Mayor represents all residents in the City of Riverside.

Through public input processes and best practices analysis, the Mayor's office facilitates programs and policy that serve to protect the quality of life for Riverside residents and to provide an environment where businesses can flourish.

The Office of the Mayor serves as a bridge for Riverside's residents, along with local businesses and property owners, and advocates on their behalf within the city organization.

The Office of the Mayor provides leadership for many of the City's boards and commissions.

The Office of the Mayor serves as the spokesperson for the City, facilitating high-profile media opportunities and local, state, and federal events.

## OFFICE OF THE MAYOR

## DEPARTMENT OVERVIEW

### KEY FUNCTIONS

Key functions of the Office of the Mayor include:

- Provides leadership and works with the City Council to develop public policy. The Mayor's Office conducts best practices analyses, consults with the community, and proposes policy to the City Council for approval.
- Facilitates working groups and taskforces around key issues.
- Serves as the chief spokesperson and ambassador for the City at the local, region, state, and federal levels. The Mayor participates in leadership roles on Boards and Commissions including the Riverside County Transportation Commission, the Western Riverside Council of Governments and the Southern California Association of Governments, amongst others, to ensure that we have a strong intergovernmental voice in shaping the future of our city.
- Chairs City Council meetings.

### BUSINESS GOALS

The Business Goals for the Mayor's Office are:

- To ensure Riverside's economic and environmental viability.
- To ensure Riverside meets the diverse parameters of a livable community, maintaining low crime, valuing diversity, optimizing health, providing diverse and safe transportation options, fostering strong educational and civic opportunities, and ensuring a high quality of life.
- To connect Riverside's 50,000 college students with the City and its local community leaders, with the aim of encouraging the students to consider Riverside as their permanent residence and place of employment.
- To provide a business-friendly environment and to promote entrepreneurship, creativity, and innovation.

### DEPARTMENT DIVISIONS AND SECTIONS

The Office of the Mayor includes the following Divisions and Sections:

**Administration:** This division administers the Office of the Mayor, the city's Sister city Program, the city's ceremonial tasks and coordinates the Mayor's schedule. This division also provides customer service, coordinates community needs, serves on community boards, and manages the budget for the Office of the Mayor.

**Community Relations:** This division performs community outreach, as part of the Mayor's charter role to serve as the spokesperson for the city. In addition, this division provides leadership for the Model Deaf Community program, the Commission on Aging, the Human Relations Commission, the Multi-Cultural Forum, the College Council and Fit, Fresh, Fun effort. The primary aim of this division is to foster diversity, inclusivity and give the opportunity for all Riverside constituents to have a voice into city government.

#### Personnel

*Changes FY 2015/16 to 2016/17*

The FY 2016/17 Personnel Budget for the Department is \$11.2 million, an increase of \$148,751 or 1.3 percent from the FY 2015/16 Adopted Budget of \$11.0 million. The budget increase/decrease are due to:

- Increase for charges related to salaries for existing positions due to aging workforce and related merit/step increases. No new FTEs added.
- Increase for charges related to benefit categories (e.g. CalPERS, Insurance) for existing positions. No new FTEs were added.
- Increase for charges related to overtime based on historical expenditure patterns and current projections. Shift in allocation to this area is offset by decreases in non-personnel. The overall

<sup>45</sup> (Personnel and Non-Personnel only), FY 15/16 includes carryover amounts.

baseline budget did not increase as a result. Also, the department will implement measures to curtail overtime spending to achieve Managed Savings.

#### *Changes FY 2016/17 to 2017/18*

The FY 2017/18 Personnel Budget for the Department is \$11.4 million, an increase of \$254,763 or 2.3 percent from the FY 2016/17 Adopted Budget of \$11.2 million. The budget increase/decrease are due to:

- Increase charges related to salaries for existing positions due to aging workforce and related merit/step increases. No new positions were added.
- Increase charges related to benefit categories (e.g. CalPERS, Insurance) for existing positions. No new FTEs were added.

### **Non-Personnel**

#### *Changes FY 2015/16 to 2016/17*

The Department's FY 2016/17 Non-Personnel Budget is \$9.5 million, a decrease of \$541,347 or 7.4 percent from the FY 2015/16 Adopted Budget of \$10.0 million. The net budget decrease is due to:

- Decrease for professional services/contracted services. Shifts from this category is to better align with historical expenditure patterns and meet budget targets. Department will also closely monitor existing agreements and contracted work to achieve Managed Savings.
- Decrease for charges related to utilities. Shifts from this category is to better align with department's efforts to be energy efficient, reflects current efforts to curtail water usage, and meets budget targets.
- Increase for motor pool, central garage, equipment rental charges. Shift in spending to this category is based on estimates from Fleet services for existing vehicles and current service levels.
- Increase for costs associated with printing, postage, computer equipment and general office expenditures. Shifts to this category (within baseline budget target) is to cover inflationary costs and better align with historical and anticipated spending patterns for advertising and marketing programs such as Activity guides, flyers, brochures, banners, signage. The Department will also monitor spending in this area to achieve Managed Savings.
- Increase for costs associated with Uniforms, Fuel, Recreation Supplies for programs, events, and activities. Shift in spending allocation to this category (within budget targets) is to cover inflationary cost and better align with historical and anticipated spending patterns. The Department will also monitor spending in this category to achieve Managed Savings.
- Increase for costs associated with training. Shift in spending to this category is intended to support professional development and enhanced customer service as well address succession planning. Department will also monitor spending in this category to meet Managed Savings.
- Increase percent for Liability Insurance.

#### *Changes FY 2016/17 to 2017/18*

The Department's FY 2017/18 Non-Personnel Budget is \$9.5 million, an increase of \$40,999 or 0.4 percent from the FY 2016/17 Adopted Budget of \$9.5 million. The budget increase is due to:

- Increase for motor pool, central garage, equipment rental charges based on estimates from Fleet services for existing vehicles and service levels.
- Increase for costs associated with Fuel based on estimates from Fleet services for existing service levels.
- Increase for Liability Insurance.

**TABLE 110 – PARKS, RECREATION, AND COMMUNITY SERVICES BUDGET REDUCTION**

Budget Reductions	Impacts and how the Department plans to achieve the reductions	Reduction Amount
1. Managed Savings	Combination of salary savings due to turnover and selectively holding positions vacant along with closely monitoring and curtailing expenditures across various line items including overtime, contracted services, supplies, marketing and advertising.	\$400,000
<b>Managed Savings Total</b>		<b>-</b>
1. Reduce printing for Explore Riverside/Activity Guide	Fewer Explore Riverside/Activity Guides available for distribution. May result in lower participation rates.	\$15,000
2. Eliminate Free Fireworks Shows	Eliminate La Sierra Fireworks show starting in 2016 and Mt. Rubidoux show starting in 2017.	\$72,750
3. Eliminate Free Fishing Derby	Eliminate free one-day event at Fairmount Park starting 2016	\$11,817
4. Close Arlington Pool	Close one pool site and leave six others open. Re-direct residents in this area to Hunt Pool or Villegas Pool.	\$35,000
5. Terminate Agreement for RCC Aquatics Complex	User groups using city allotted time will need to reserve facility directly with RCC	\$80,000
6. Extend water reduction measures	Reduce watering of passive turf areas, continue with turf conversion and implementation of water-wise technologies, water play features remain off.	\$367,000
7. Reduce gas utilities	Purchase covers for two heated pools (Sippy Woodhead and Shamel) to curtail gas usage.	\$22,500
8. Reduce allocation for Janet Goeske Senior Center	Reduce funding for Janet Goeske Senior Center by 4 percent on par with rest of department.	\$15,000
9. Discontinue PRIME Time program in partnership with AUSD and RUSD	Schools will need to seek other agency partners to continue program.	\$17,000
10. Increase picnic shelter rental rates by 10 percent	Current rate for a standard picnic shelter would go from \$75 to \$83 for 8 hours of use, etc.	\$8,000
11. Increase facility rental rates by 10 percent	Current rate for a Tier 1 Ballroom for a resident would go from \$200 per hour to \$220 per hour, etc.	\$50,000
12. Increase ball field lighting rates from \$4 per hour to \$9 per hour.	User groups would incur additional costs and/or use fields more sparingly and efficiently	\$90,000
13. Adjust various program fees within current Council-approved cost recovery rates of 50 percent.	For example, proposed new fee for Mini Day camp would go from \$38 to \$55 per session. This still works out to be less than \$2 per hour of service which includes a meal, snacks, supplies, t-shirt, and excursion. Alternative would be to eliminate the programs.	\$45,000

# RIVERSIDE POLICE DEPARTMENT

The Riverside Police Department dedicates ourselves to becoming leaders in the police profession. We are committed to developing innovative solutions to the challenges we face and to becoming the best law enforcement agency in the nation. We recognize that our fellow employees and our community are our most treasured assets. We devote ourselves to being part of the community we serve through improved communication, greater partnerships, and a shared commitment to neighborhood safety. We embrace the principles of community policing, as we seek the participation of law-abiding citizens to reduce crime, the fear of crime and the perception of crime. We commit ourselves to securing and maintaining public safety through the dedicated efforts of police officers and civilian employees who are trained and equipped to fight crime and foster public confidence in a respectful, efficient and ethical manner. We respect the Constitutional rights of all people to liberty, equality, and justice.

It is the priority of the Department to promote continued education to maximize training opportunities for our officers, command staff, and civilian employees. Technical advancements and the ongoing development of comprehensive data collection programs are also essential for the most efficient delivery of services, improved public safety, and departmental accountability. With a renewed commitment to excellence and a focus on state of the art technology, the Riverside Police Department plans to be well prepared to meet the challenges ahead.

## RIVERSIDE POLICE

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The Police Department is responsible for providing not only reactive services necessary to ensure public safety, but also the proactive services that will enhance the unity within our community. By listening to our collective voices, both internally and externally, the Riverside Police Department and the citizens of Riverside will build bridges of trust that encourage mutual respect and positive change in the 21<sup>st</sup> Century.

### BUSINESS GOALS

The Department's Business Goals are:

- To reduce crime, the fear of crime, and the perception of crime in our community;
- To integrate the ideals of community policing throughout the department;
- To develop and mentor personnel to ensure they are prepared to lead the department in the future;
- To enhance the department's service to youth; and
- To achieve operational excellence and efficiency.

### DEPARTMENT DIVISIONS AND SECTIONS

The Police Department includes the following Divisions and Sections:

## Personnel

### *Changes FY 2015/16 to 2016/17*

The FY 2016/17 Personnel Budget for the Department is \$85.1 million, an increase of \$4.1 million or 5.0 percent from the FY 2015/16 Adopted Budget of \$81.0 million. The budget increase is due merit increases, CalPERS Retirement and negotiated raise contracted with Riverside Police Officer's Association.

### *Changes FY 2016/17 to 2017/18*

The FY 2017/18 Personnel Budget for the Department is \$87.5 million, an increase of \$2.4 million or 2.8 percent from the FY 2016/17 Adopted Budget of \$87.5 million. The budget increase is due to merit increases, CalPERS Retirement and negotiated raise contracted with Riverside Police Officer's Association.

## Non-Personnel

### *Changes FY 2015/16 to 2016/17*

The Department's FY 2016/17 Non-Personnel Budget is \$9.0 million, an increase/decrease of \$784,846 or 9.5 percent from the FY 2015/16 Adopted Budget of \$8.2 million. The budget increase is due to increased Outside Legal Services, Liability Insurance, Equipment Maintenance and Repair, General Office Expenses, Outside Printing Expenses, Clothing/Linen/Supplies, Special Department Supplies, Training/POST Training, Periodicals and Dues, and Motor Fuels and Lubricants.

### *Changes FY 2016/17 to 2017/18*

The Department's FY 2017/18 Non-Personnel Budget is \$8.9 million, a decrease of \$93.321 or 1 percent from the FY 2016/17 Adopted Budget of \$9.0 million. The budget decrease is due to decrease funding for Outside Legal Services, Special Department Supplies, Non-Stock Inventory and Training.

**FY 2016/17 AND 2017/18**

<b>HIGHEST</b>			
Highest Unfunded Needs	Impacts and Challenges	FY 2016/17	FY 2017/18
1. Six Additional Officers Per Year (includes officer equipment as well as psychological and medical exams, background investigation)	This will reduce future overtime costs and increase quality of services provided to the City and improve quality of life for all Department personnel.	\$1,096,514	\$1,156,514

HIGHEST			
Highest Unfunded Needs	Impacts and Challenges	FY 2016/17	FY 2017/18
2. Funding for officers hired under COPS grant.	This will add funding for officers hired under the COPS Grant, which requires that salaries/benefits be paid by General Fund for at least 12 months three years of funding by the grant.	\$553,260	\$158,621
3. One Additional Dispatcher for Every Five Officers Hired	This impacts the ability to handle implementation of 911 texting and continued growth of the Riverside community, which will increase call volume.	\$111,533	\$111,533
4. Fleet – Vehicle Replacement	This will meet Finance replacement recommendations of 51 vehicles/yr., which includes marked/unmarked, K-9 Units, Motorcycles, and reserve vehicles.	\$1,734,000	\$1,786,020
5. Purchase New Vehicles	This will provide one new vehicle with emergency equipment for each 4 officers hired. Cost represents purchase of 1.5 vehicle/yr.	\$62,708	\$62,708
6. Offsite Storage for Body Camera Data	This will provide storage capabilities and reduce paperwork, while increasing accuracy and accountability.	\$70,000	-
7. Helicopter Replacement/FLIR	This will meet Finance recommendation to replace one of three Department helicopters every five years.	\$2,400,000	-
8. FLIR for Helicopter	If a helicopter is not purchased, the FLIR (infrared camera system) will need to be updated. Current system is almost ten years old and additional equipment will be needed to perform with mission equipment.	\$400,000	-
9. Police Facility/Lease Costs	This will accommodate Department's current needs and allow for future expansion over a 50-to 75-year period. Until funding is obtained for a new facility, lease costs will need to be paid at current location.	-	\$292,000
Highest Unfunded Needs Total		\$6,428,015	\$3,567,396

HIGH			
High Unfunded Needs	Impacts and Challenges	FY 2016/17	FY 2017/18
1. Pre-Action Fire System for Magnolia Server Room	This will prevent fire sprinklers from immediately activating in the event of a fire in the Data Center, which could potentially ruin hundreds of thousands of dollars of computing, network, telecommunications and radio equipment and would disable PD/Fire emergency dispatch.	\$40,000	-
2. Computer Servers	This will replace two virtual server systems with racks, one Net Motion server, and two additional LTO tape drives and cartridges with labels.	\$250,000	-

HIGH			
High Unfunded Needs	Impacts and Challenges	FY 2016/17	FY 2017/18
3. SWAT Safety Equipment	Per RPOA MOU, the Department must replace expired ballistic helmets and tactical vests, which have a maximum life span of five years.	\$20,000	-
4. Police Officer Safety Equipment	Per RPOA MOU, the Department must replace approximately 50 officer vests per years, which have a maximum lifespan of five years.	\$50,000	-
5. Overtime Costs	This will provide sufficient budgeting for overtime costs, which is often incident driven.	\$560,000	-
6. Compensatory Time Payoff	Per RPOA MOU, the Department must remit related pay downs for compensatory time.	\$110,000	-
7. Toughbooks	This will provide funding to replace the Department's Mobile Data Computers, which will be five years old in September 2017 and will no longer be supported under maintenance agreement.	-	\$550,000
8. Computers/Monitors/Peripherals	This will meet IT's recommendation to replace computers every 3-5 years, with approximately 150 being replaced yearly.	-	\$170,000
9. Training for Pilots	This will provide sufficient funding for training for replacement pilots, to include initial training for pilot ground school, initial flight school, and initial emergency procedures training and transition course.	-	\$25,000
High Unfunded Needs Total		\$1,030,000	\$745,000

IMPORTANT			
Highest Unfunded Needs	Impacts and Challenges	FY 2016/17	FY 2017/18
1. Evidence Testing	This will provide funding for testing of Gunshot Residue Kits and DNA, which assists with identification and prosecution of suspects.	\$10,000	-
2. CAL-ID	This will provide sufficient funding for contractual agreement with CAL-ID for automated fingerprinting service.	\$52,550	-
3. Miscellaneous Training	This will allow for mandatory week-long training for all SWAT and Sniper officers.	\$8,000	-
4. GPS Tracker	This impacts the ability to perform technical surveillance. Upgrades are needed due to battery depreciation and technological advances, along with monitoring fees.	\$4,000	\$4,400
5. Narcotics Detection K-9 Training and Supplies	This will provide monthly K-9 training, supplies, vet visits and food.	\$7,000	-
6. Website Memberships	This will provide membership fees to monitor vice activity of various websites.	\$400	-
7. Gun Buy-Backs	This will allow for handgun replacement every 7-10 years.	\$15,000	\$15,000

IMPORTANT			
Highest Unfunded Needs	Impacts and Challenges	FY 2016/17	FY 2017/18
8. SWAT Motorhome Technology	Technology upgrades are needed in order to effectively resolve critical incidents.	\$50,000	\$50,000
9. SWAT Motorhome	In lieu of technology upgrade, replacement of current 1998 model would allow for reassignment to Emergency Negotiations Team.	\$500,000	-
10. Armed Response Vehicle (ARV)	This would provide one additional ARV, which is more appropriate for the size of the city, and would be beneficial should the city fall victim to a terrorist event.	\$500,000	-

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The Public Works Department maintains, operates, and improves the City's infrastructure, including a 40 million gallon a day sewerage treatment plant, 800+ miles of sewers, 870+ miles of streets, 300+ miles of storm drains, and 360+ traffic signals. Provides solid waste collection and enhancements through the Clean Up Riverside's Environment (C.U.R.E.) program. Addresses public health issues through street sweeping, storm drain cleaning, and vector control. Additionally, provides construction permitting, inspection, and plan checking services to assure compliance with city standards.

### BUSINESS GOALS

The Department's Business Goals are:

- To improve and restore the aging infrastructure, including the urban forest and improve the quality of the City's neighborhoods.
- To become a leader in environmental innovation.
- To enhance employee safety and disaster preparedness.
- To enhance employee satisfaction and obtain and retain qualified personnel.

### DEPARTMENT DIVISIONS AND SECTIONS

The Public Works Department includes the following Divisions and Sections:

**Administration:** This division provides administrative support, oversight and leadership to the divisions in the Public Works Department. Additionally, it oversees contracts for Animal Control and School Crossing Guard services. The Division's primary responsibility is to manage the department's general operations to ensure efficient and effective service delivery while ensuring alignment with the City's Strategic Plan, goals, and objectives.

**Engineering Services:** This division strives to ensure the City of Riverside has the vital infrastructure in place to maintain its standing as the premiere community in the region. This involves managing the engineering design and construction related to transportation, parking, sewer, and storm water facilities, as well as reviewing and approving land development and construction activity within the public right-of-way. This Division also facilitates the safe and efficient movement of traffic within the City by optimizing traffic flow on arterial streets; enhancing roadway, neighborhood, and school zone safety; and improving traffic management citywide.

- **City Engineering:** This section provides for the planning, design, and construction management of street, storm water and sewer collection improvements, including right-of-way acquisition and environmental compliance assuring the City's infrastructure will meet existing and future needs of the citizens of Riverside.
- **Contract Administration:** This section provides contract administration of city capital improvement projects and provides inspections for both private and public development.
- **Land Development:** This section ensures private development projects are constructed in accordance with city standards by determining appropriate offsite improvements and reviewing construction plans in an effective and efficient manner. The section also oversees the issuance of various permits within the public right-of-way.
- **Survey/Land Records Management:** This section provides survey and land records management services in support of all sections within the Division.
- **Traffic Engineering:** This section Traffic Engineering provides plan checking and plan preparation as well as traffic signal system timing and maintenance for the development community and public in order that they may proceed with the implementation of appropriate traffic control infrastructure assuring safe and efficient use of city streets.

**Field Services:** This division provides maintenance of public right-of-way for residents and the general public as well as support services to other city departments. Their goal is to provide safe and efficient movement of vehicular and pedestrian traffic through proper maintenance of roads, storm drains, signs, and provide an attractive environment through the maintenance of streets, medians, removal of weeds and abatement of graffiti.

- **Administration:** This section provides administrative support, oversight and leadership to the Field Services Division in the Public Works Department. The Sections's primary responsibility is to manage the division's general operations to ensure efficient and effective service delivery while ensuring alignment with the City's Strategic Plan, goals, and objectives.
- **Streets Maintenance:** This section provides maintenance for city rights-of-way, barricading, sandbagging and storm debris removal. Maintenance includes:
  - Sidewalk, curb and gutter installation and repairs
  - Pothole and asphalt rehabilitation (paving)
  - Street and curb painting
  - Traffic control signage
  - Graffiti removal
  - Guardrail repair
  - Weed abatement
  - Remove mud, palm fronds and debris from the streets
  - Water conveyance ditches in front of drains and culverts
- **Forestry and Landscape:** This section provides landscape maintenance in public right-of-ways, reverse frontages and medians. The city uses independent contractors for landscape and street tree maintenance and tree trimming for utility line clearance. They also work with private contractors, volunteer organizations and citizens when working in and around trees and landscaping within the city jurisdiction.
- **Storm Drain Maintenance:** This section maintains the City's drainage systems in order to facilitate a clean and healthy environment and to assist in the prevention of flooding conditions.
- **Traffic Signal Maintenance:** This section provides maintenance of all of the City's traffic signals, inspection of all traffic signal construction projects and repair of damaged traffic signal equipment as needed to ensure they operate for optimum pedestrian and motorist use.

**Solid Waste Services:** This division provides high quality trash and recycling services and the street sweeping program. Residential solid waste services are provided with city crews to about two-thirds of the City and by contract forces to the remaining one-third. Additionally, the City oversees franchise agreements for commercial services to ensure quality affordable services.

- **Administration:** This section provides administrative support, oversight and leadership to the Solid Waste Services Division in the Public Works Department. The primary responsibility is to manage the division's general operations to ensure efficient and effective service delivery while ensuring alignment with the City's Strategic Plan, goals, and objectives.
- **Collection:** This section provides trash collection to promote a clean, healthy and beautiful environment through curbside and drop-off trash collections. Convenient curbside and drop-off trash collection services promote a healthy, clean and beautiful environment. Several disposal options are available for residents, from regularly scheduled trash, green waste and recyclables pick up to special pick up services for bulky items, appliances and used oil. There are also several Clean-Up Riverside's Environment (C.U.R.E.) collection events held throughout the year to assist residents with the proper disposal of household items.
- **Refuse Disposal:** This section provides services required to maintain the closed landfill including maintaining and complying with proper State and Federal permits.

- **Street Sweeping:** This section provides bi-weekly street cleaning service along streets with curb and gutter improvements and increased levels in high traffic areas such as downtown. Sweeping is provided not only to beautify the City, but also to comply with Federal Clean Water requirements which require the City to take measures to prevent debris and contaminants from entering our waterways. Street sweeping is one of the most effective ways to meet this goal, and required under our permit to discharge water from storm drains into the Santa Ana River.
- **Sundry/General Government:** This section supports the Services of Keep Riverside Clean and Beautiful (KRCB). KRCB is a nonprofit organization which coordinates community volunteer events throughout the year for city residents including litter pick up, tree plantings and graffiti paint outs, and beautification projects. They also administer the Adopt-a-Street and Adopt-a-Trail programs to encourage volunteers to help keep our streets and trails clean and beautiful.

**Wastewater Services:** This division operates and maintains a wastewater facility and collection system serving a population of more than 300,000 within the City and surrounding areas. The City provides wastewater treatment services for the Jurupa, Rubidoux, and Edgemont Community Service Districts. More than 800 miles of public sewers convey wastewater from residences and businesses to the Riverside Regional Water Quality Control Plant (WQCP). At the treatment facility, wastewater is processed using advanced wastewater treatment systems before it is reused for irrigation or discharged to the Santa Ana River.

- **Administration and Regulatory Compliance:** This section provides administrative support, oversight and leadership to the Wastewater Services Division in the Public Works Department. The Section's primary responsibility is to manage the division's general operations, finances, and regulatory reporting to ensure efficient and effective service delivery while ensuring alignment with the City's Strategic Plan, goals, and objectives.
- **Collection System Maintenance:** This section provides sewer maintenance and repair activities for City of Riverside customers in order to minimize the number of complaints, reduce the frequency of wastewater overflows, and respond to service requests in a timely manner while protecting public health, the environment, and meeting regulatory requirements.
- **Treatment Services:** This section provides for the efficient and effective utilization of personnel and resources for the treatment and recycling of the Community's wastewater in compliance with all federal, state, and local regulations/requirements. This includes handling Public Works 311 customer service calls 24 hours per 7 days per week.
- **Environmental Compliance:** This section administers and implements the City's EPA required Pretreatment Program and provides services to the City's commercial and industrial business so they will meet all regulatory water quality requirements for discharge to the City sewer system.
- **Plant Maintenance:** This section provides machinery and equipment maintenance, repair and replacement (planned, preventive, and emergency) for the Wastewater Services Division in order to optimize the useful life and operation of all treatment operational processes and assets.
- **Electrical and Instrument Maintenance:** This section provides electrical and instrument maintenance (planned, preventive, and emergency) for the Division in order to optimize the useful life and operation of all Sewerage Division operational processes and assets.
- **SCADA and SPL:** This section provides installs, configures, tests, and troubleshoots control equipment such as Programmable Logic Controllers (PLCs), computer network servers, and related software. They also supervise and provide direction and inspection of contractors performing repair or installation and programming of PLCs and related software. They develop, program, test, and troubleshoot PLC control logic.

- **Warehouse:** This section orders, receives, accepts, and unpacks incoming equipment and supplies to support of plant operations and maintenance activities. They also check delivery receipts with purchase orders, assign stock numbers to incoming supplies and materials, placing items in their assigned location. Staff in this section maintains stock records and assists in periodic inventories of the warehouse.
- **Laboratory Services:** This section provides accurate and timely laboratory analysis and information for the Division in order that they may monitor and ensure compliance with all federal, state, and local regulation/requirements.
- **Co-Generation/Fuel Cell:** This section provides thermal energy, reduce overall energy costs and provide reliable backup power for critical treatment plant electrical loads.
- **Capital Engineering Services:** This section provides for the planning and design of wastewater facilities improvements, including construction activities, so that the City's infrastructure and assets will meet existing and future needs of the citizens of Riverside.
- **Plant Construction Support:** This section administers the Wastewater Services Division capital improvement construction projects contracts and inspections activities in an efficient and timely manner.

**Public Parking Services:** This division promotes and maximizes public parking opportunities that contribute to improving the quality of life in residential and commercial areas citywide. This includes management oversight for contract services for operation and maintenance of the city's public parking facilities, parking meters, and providing parking enforcement for schools, street sweeping activities and citywide parking restrictions.

## DEPARTMENT OBJECTIVES

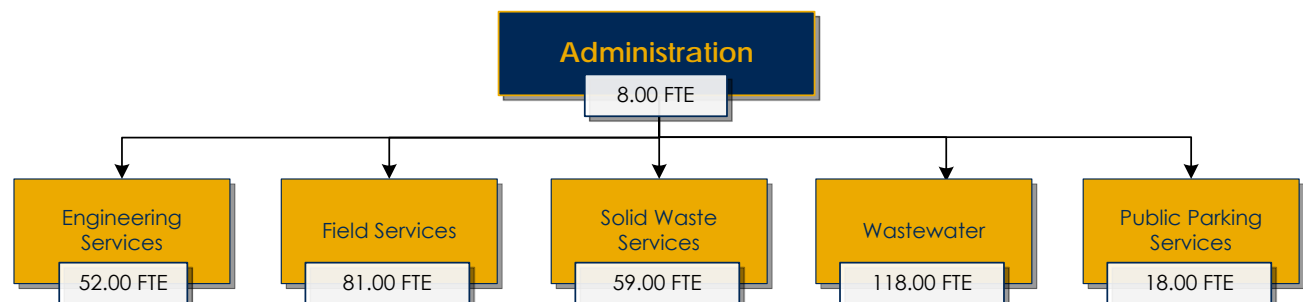

Objectives	Status	Financial and Operational Challenges to Implement Objective
1. Work with RPU on recycled water and green power generation	There is renewed interest by local agencies to rehabilitate the Hidden Valley Wetlands for environmental benefits. A task force is being formed to evaluate partnerships and funding possibilities. Wastewater treatment improvements, Van Buren and Jackson Street Phase 1 recycled project, and new 1.4 mega-watt fuel cell are all under construction.	Determining reuse strategies beneficial to the City for treating waste water and bio-gas could have an impact on utility rates.
2. Improve refuse service (i.e. reduce complaints regarding cans, manual routes)	RFP has been issued for new trucks. Internal processes are being updated.	New trucks and better route tracking/mapping is required.
3. Continue implementation of walkability, bicycling, accessibility and congestion relief on the transportation system	Public Works collaborated with the Riverside Community College District (RCCD) to design and construct a new traffic signal at University Ave at Fairmount Blvd. The project which is now complete will make it easier for students, staff, and the public to access the new Centennial Plaza and allow students and faculty to easily reach nearby restaurants and	Increasing non-car transportation options in the city (while addressing existing roadway congestion) may not be accepted by the community. Funding sources would be required.

Objectives	Status	Financial and Operational Challenges to Implement Objective
	businesses. A construction contract has been awarded to add sidewalks to the east side of Riverside Avenue between Laura Lane and Carlsbad Way.	
4. Purchase the first vacuum sweeper for improved street sweeping performance	The first sweeper has been purchased and is scheduled for delivery mid-May. A second vacuum sweeper is planned to be ordered in the 4th quarter of FY 15-16, as budgeted.	No internal challenges. However, manufacturing issues have led to several delivery delays.
5. Continue enhanced pavement maintenance program	During the 3rd Quarter, 6.63 miles of roadway were improved (5 arterial roads and 5 local streets), through various treatments such as slurry sealing, cape sealing or asphalt overlays. Construction is underway on the Indiana Avenue Maintenance Improvements from Vallejo Street to Auto Center Drive. Construction is underway for preservation, maintenance and rehabilitation work on the following arterial roadways: University Avenue between Orange Street and Park Avenue; Olivewood Avenue from 14th Street to Prospect Avenue; Riverside Avenue from Central Avenue to the SR 91 off-ramp; and, Central Avenue from Brockton Avenue to Streeter Avenue.	Improving the condition of city roadways requires coordination with RPU. Funding is a significant barrier to maintaining current conditions. In order to accurately access and analyze the City's roadways, and develop an effective strategy for pavement improvement and maintenance, the City needs to implement a comprehensive and proactive Pavement Management System.

**BUDGET OVERVIEW**

The Department's total recommended budget for FY 2016/17 is \$139.5 million and FY 2017/18 is \$135.6 million. The Personnel Budget in FY 2016/17 is 25.0 percent of the Department's total budget and in FY 2017/18 it comprises 26.5 percent of the total budget. The Non-Personnel Budget accounts for 26.0 percent and 26.7 percent in FY 2016/17 and FY 2017/18, respectively.

The Personnel Budget for FY 2016/17 is \$34.8 million for 336 FTEs and \$36.0 million in FY 2017/18 for 336 FTEs. Total FTEs include full-time positions and may also include part-time, seasonal, temporary positions and may also reflect workforce charged to or from other departments or funds. The Personnel Budget decreased by 0.5 percent from FY 2015/16 to FY 2016/17 and increased by 3.0 percent from FY 2016/17 to FY 2017/18.

The Non-Personnel Budget for FY 2016/17 is \$36.2 million and FY 2017/18 is \$35.9 million. The Non-Personnel Budget increased by 1.2 percent from FY 2015/16 to FY 2016/17 and decreased by 0.1 percent from FY 2016/17 to FY 2017/18.

### Personnel

*Changes FY 2015/16 to 2016/17*

The FY 2016/17 Personnel Budget for the Department is \$34.8 million, a net decrease of \$169,114 or 0.5 percent from the FY 2015/16 Adopted Budget of \$35.0 million. The budget changes are due to the following:

- General Fund – The department is eliminating 15 FTE positions from FY 2015-16 to FY 2016-17, several positions of which were vacated or eliminated during the prior year. As such, the remaining net increases are due primarily to the following:
  - Increases in salaries due to merit increases and other adjustment per the provisions of the respective labor agreements
  - Increases totaling in pension costs due to projected increases in the employer rate based on the latest actuarial analysis
  - Decreases in leave payoffs and other benefits costs due to reduction in expected turnover as a result of reduction in workforce that

<sup>49</sup> (Personnel and Non-Personnel only), FY 15/16 includes carryover amounts.

- All Other Funds – decrease due primarily to reduction in workforce of 16 FTE total in Wastewater operations, net of anticipated increases in pension costs and other salary adjustments of remaining personnel, as indicated above.

#### *Changes FY 2016/17 to 2017/18*

The FY 2017/18 Personnel Budget for the Department is \$35.9 million, an increase of \$1.1 million or 3.0 percent from the FY 2016/17 Adopted Budget of \$35.9 million. The budget changes are due to the following:

General Fund – Increase due primarily to the following:

- Increases in salaries due to merit increases and other adjustment per the provisions of the respective labor agreements
- Increases in pension costs due to projected increases in the employer rate based on the latest actuarial analysis
- Decreases in leave payoffs and other benefits costs due to reduction in expected turnover as a result of reduction in workforce that

All Other Funds – decrease due primarily to the following:

- Increases in salaries due to merit increases and other adjustment per the provisions of the respective labor agreements
- Increases in pension costs due to projected increases in the employer rate based on the latest actuarial analysis
- Increases in health insurance costs based on projected increases in premium rates and benefits provided under the respective labor agreements

### **Non-Personnel**

#### *Changes FY 2015/16 to 2016/17*

The Department's FY 2016/17 Non-Personnel Budget is \$36.2 million, an increase of \$423,404 or 1.2 percent from the FY 2015/16 Adopted Budget of \$36.1 million. The budget changes are due to the following:

General Fund – The increases are due primarily to the following:

- Increases in motor pool equipment rental due to increases in fleet charges
- Increases in liability insurance charges resulting from increases from the self-insurance fund
- Decreases in water costs due to conservation efforts in the forestry/landscape division
- Decreases in streets maintenance construction and maintenance materials

All Other Funds – decrease due primarily to the in professional services for Public Parking and Wastewater operations.

#### *Changes FY 2016/17 to 2017/18*

The Department's FY 2017/18 Non-Personnel Budget is \$36.2 million, a decrease of \$36,671 or 0.1 percent from the FY 2016/17 Adopted Budget of \$36.2 million. The budget changes in the General Fund and All Other Funds are relatively minor and represent carryover budgets

## DEPARTMENT BUDGET BALANCING MEASURES AND UNFUNDED NEEDS

**TABLE 122 – PUBLIC WORKS BUDGET REDUCTIONS**

Budget Reductions	Impacts and how the Department plans to achieve the reductions	Reduction Amount
1. Eliminate funding for asphalt materials and supplies	Primarily impacts preservation and rehabilitation of minor streets.	\$600,000
2. Increase work related to waterline repairs	Address Public Utilities/Water waterline repair backlog.	\$300,000
3. Reduce street tree grid trimming	Reduce street tree grid trimming by 25% and lengthens trimming cycle. Emergency trimming to continue. May increase risk for claims.	\$200,000
4. Reduce cost for water usage due to prior turf replacement	Limited watering for turf replacement with drought tolerant landscaping.	\$100,000
<b>Managed Savings Total</b>		<b>1,200,000</b>
1. Reduce landscape repairs	Severely limits plant material replacement. Reduce frequency for litter pick up.	\$250,000
2. Eliminate 6.0 FTE - funded and vacant positions	Reduction in services, maintenance and repairs, storm cleanup, and asphalt repairs. May reduce the effectiveness of the traffic management center operations	\$322,921
3. Reduce funding for traffic signal repairs and spare parts	Limits emergency repairs. Limits annual replacement of battery backup for traffic signals.	\$16,000
4. Eliminate funding to replace computers for work related to engineering, design, and construction inspection	Delay in replacing aging desktop and laptop computers.	\$21,804

<b>HIGHEST</b>			
<b>Highest Unfunded Needs</b>	<b>Impacts and Challenges</b>	<b>FY 2016/17</b>	<b>FY 2017/18</b>
1. Pavement Management Program – Streets Infrastructure Analysis	A comprehensive Pavement Management Program will maximize available road funding by applying a proactive planning and budget process for citywide road maintenance and rehabilitation projects.	\$194,000	\$100,000
2. Replacement - Heavy Duty Trucks and Equipment	There is a significant need to replace aging equipment and trucks needed for work performed by field forces – Street Maintenance, Storm Drain Maintenance, and Traffic Signal Maintenance operations.	\$3,018,000	\$2,200,000
3. Replacement – Land Surveying Instruments	Two complete sets of land surveying instruments are beyond their useful life - no longer supported by the manufacturer and spare parts are not available.	\$240,000	-
4. Landscape Maintenance – Turf Replacement (Water wise)	Due to the State mandate, the City must restrict water usage on existing medians with turf landscaping. Because of this, it is imperative that these medians be converted to drought tolerant landscaping.	\$500,000	\$500,000
5. Street Tree Maintenance	Increasing the trimming frequency will likely reduce liability claims related to falling branches.	\$500,000	\$500,000
6. (REFUSE FUND) Staffing – Route Based Coverage and Cleanups	Meeting the challenge of providing daily customer service for trash pickup at the current staffing level has proven to be difficult with increased services for homeless clean-ups, bulky pick-ups and other special clean ups. Additional staff would help meet these needs and minimize the need to pull staff from the more routine route based, daily trash pickup.	\$309,817	\$309,817
7. (PUBLIC PARKING FUND) Replacement – Pay Station Parking Meters	The manufacturer will no longer provide maintenance support in mid- 2017, and parts are no longer available.	\$750,000	-
8. (PUBLIC PARKING FUND) Replacement – Single Head Parking Meters	The manufacturer will no longer provide maintenance support and parts will no longer available in mid-2018.	\$124,000	-

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The Riverside Public Library supports the circulation of a collection of over 442,365 items to cover 272,782 borrowers. The Library delivers its services through the Main Library and seven neighborhood branches: Arlanza, Arlington, Casa Blanca, Eastside, La Sierra, Marcy and Orange Terrace.

Supported with grant funds from the California State Library, the Literacy program actively recruits volunteer tutors to support adult learners and their young families. Other volunteers deliver library materials to incapacitated adults and registered family child care providers through Home Delivery Service Program. Via the Storymobile, a children's library on wheels, the Library brings early learning opportunities such as story time and puppet shows to registered partners serving low-income preschool age children. The Library enhances local service with reciprocal borrowing agreements through the Inland Library System.

### BUSINESS GOALS

The Department's Business Goals are:

- To create safe and attractive public spaces;
- To cultivate Library use by residents, with an emphasis on self-directed, lifelong learning to produce a highly literate and educated community;
- To support the City's youth through programs and services with an emphasis on technology and media literacy, including summer learning, teen services, and outreach to schools;
- To serve as the Riverside information and technology center, ensuring equitable access to public technology and resources; and,
- To serve as cultural arts, literacy, and learning center, with a focus on special collections.

### DEPARTMENT DIVISIONS AND SECTIONS

The Library Department includes the following Divisions:

**Administration:** This division provides planning, organizing, recruitment, coordinating and directing department operations and developing staff.

**Neighborhood Services:** This division is responsible for the direct delivery of library services to the community, including collection acquisition and maintenance, access to information and technology, and programs for all ages and interests.

### DEPARTMENT OBJECTIVES

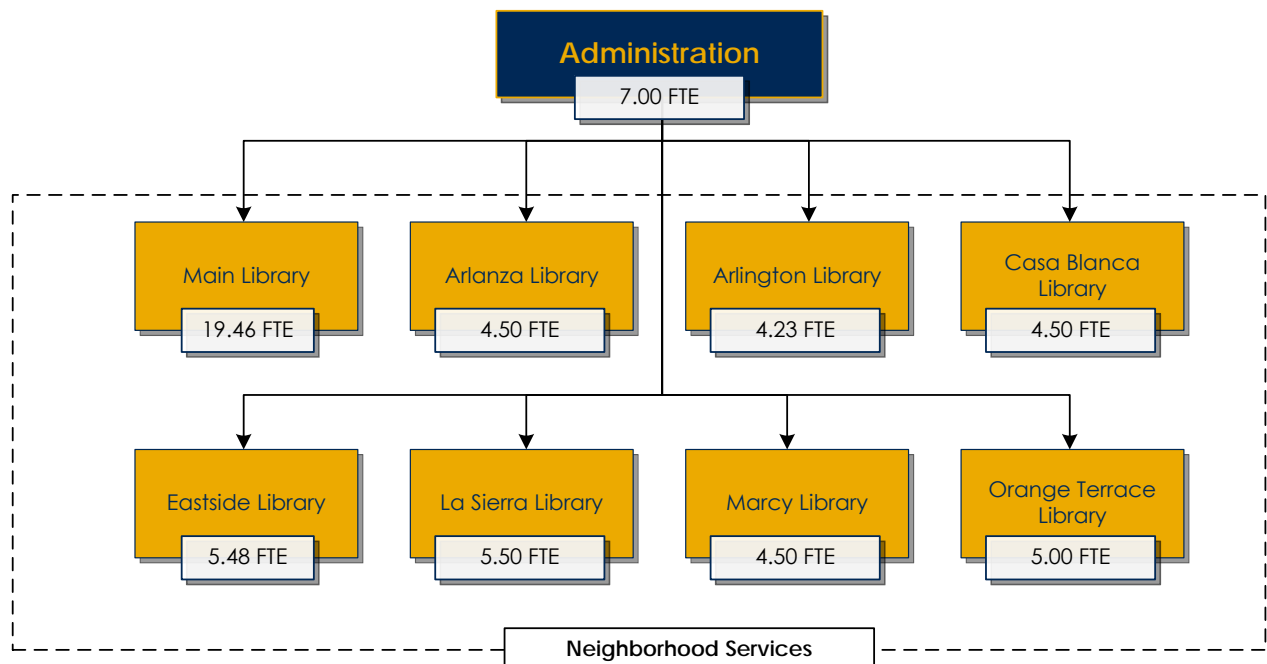

Objectives	Status	Financial and Operational Challenges to Implement Objective
1. Source: Riverside 2.0 Strategic Plan - Fund and complete main library rehabilitation project	February 2016, the City Council received a report for the proposed relocation of the Main Library and an Exclusive Negotiating Agreement with the Discovery Cube begin planning the new Main Library.	Operational challenges are whether to partition the site or develop the library inclusive of other site development.
2. Source: Riverside 2.0 Strategic Plan - Implement asset based community development delivery initiative	Polaris, a new 21st Century Integrated Library System (ILS), was implemented and went live in March 23, 2016.	Challenges include refining internal and customer loan processes for optimal customer service and ongoing staff training on intermediate and advanced ILS functions.

Objectives	Status	Financial and Operational Challenges to Implement Objective
3. Source: Riverside 2.0 Strategic Plan - Open Veterans Resource Center at Arlanza Library	Secured \$300,000 in grants and donations	Reporting to CalVet and the California State Library on grant project status.
4. Source: Riverside 2.0 Strategic Plan - Fund and open a library makerspace	Staff trained on 3D Printing and Music Studio recording and editing. 3D Printer policy and fee schedule approved by the Board of Library Trustees in January 2016. Opening of Makerspace for Public use at Main Library	The fee schedule needs City Council approval during the annual approval of the Master Fee and Charges Schedule Resolution.
5. Source: Riverside 2.0 - Complete and implement library department strategic plan	This item scheduled to begin FY 2016	Financial challenges include the funding of \$220,000 for consultant to assist with strategic plan.
6. Library Polaris Integrated Library System - provides an enhanced Public Access Catalog for Customers	The Library Department implemented a new Integrated Library System. The Online Public Access Catalog (OPAC) comes with additional features that improves processes and improves customer service..	Operational challenges include ongoing technical coordination with Innovation and Technology and additional hardware requirements for self-check stations are needed to provide a complete customer experience.

The table below reflects the expenditure budget summary and includes Charges to, Charges From, and Operating Transfers. The table provides an overview of the department's spending as well as its managed savings, utilization charges, and transfers. The net expenditures total represents a spending deficit or surplus that will be offset by departmental revenue or an adjustment to fund balance. It should be noted that negative expenditure totals will be adjusted during the year or will increase fund balance.

The Public Utilities Department is committed to the highest quality water and electric services at the lowest possible rates to benefit the community

# Riverside Public Utilities

The Public Utilities Department values safety, honesty and integrity, teamwork, professionalism, quality service, creativity and innovation, inclusiveness and mutual respect, community involvement and environmental stewardship.

## DEPARTMENT OVERVIEW

### SERVICES PROVIDED

The Public Utilities Department is responsible for providing electric and water service to customers with a service area population of approximately 317,000, encompassing 82 square miles.

Electric service is provided to 109,300 metered customers. The Public Utilities Department owns, maintains, and operates 99 circuit miles of transmission lines, 1,328 circuit miles of distribution lines, 14 substations, and three power generating plants totaling 265.5 megawatts. The Department acts competitively, by providing the highest quality, reliable electric utility services for our customers at the lowest rates possible to benefit the community, while maintaining a financially sound utility. Compared to other local utilities, Riverside's rates are lower, reliability is higher, and more funds are returned to the local community in the way of low-income assistance, rebates, and community support. The Department is committed to renewable power, energy conservation, and community education.

Water service is provided to 64,900 metered customers. The Department maintains its own distribution system, which contains approximately 1,000 miles of pipeline ranging from 2 inches to 72 inches in diameter, 55 domestic wells, 15 active reservoirs, with a capacity of 109 million gallons (equivalent to an emergency supply of 3 days), and 14 miles of canals in Riverside. The Department is responsible for providing adequate water supplies to its customers at the lowest possible cost. This includes assuring continued access to water resources while maintaining a high quality water supply and a reliable water distribution system. The Department is committed to keeping Riverside "water independent" and free of reliance on imported water supplies while ensuring improved reliability.

### BUSINESS GOALS

The Department's Business Goals are:

- To contribute to the City of Riverside's economic development while preserving the Public Utilities Department's financial strength;
- To maximize the use of technology to improve utility operations;
- To impact positively legislation and regulations at all levels of government;
- To develop and implement electric and water resource plans;
- To create and implement a workforce development plan;
- To employ state-of-the-art technology to maximize reliability and customer service;
- To foster economic development and job growth in the City of Riverside;
- To communicate effectively the accomplishments, challenges and opportunities for the full utilization of electric and water resources;
- To develop fully low-cost, sustainable, reliable electric and water resources;
- To enhance the effective and efficient operation of all areas of the Public Utilities Department.

### DEPARTMENT DIVISIONS AND SECTIONS

The Public Utilities Department includes the following Divisions and Sections:

**Administration:** The Administration Division provides administrative oversight, leadership and support to all divisions in the Public Utilities Department. The Division's primary responsibility is to ensure the overall fiscal health of the Department, while ensuring alignment with the City's Strategic Plan, goals, and objectives.

- **Management Services:** The Management Services Section includes the General Manager's Office responsible for oversight of all operations of the Utility, in addition to carrying out plans, goals and objectives as directed by the Board of Public Utilities and City Council. This Section is also responsible for overseeing all utility financial-related activities, including operating and capital budgets, accounting and financial reporting, financial planning, debt management, internal and external audits, rate structuring and rate administration. This Section administers the Department's safety program, as well as maintenance of facilities to ensure a safe workplace for the Department's employees.

- **Workforce Development:** The Workforce Development Section is responsible for ensuring a ready labor force to implement Utility 2.0. This includes identifying, assessing, and bridging competency gaps that result from workplace and technology changes. The Section works in partnership with the Human Resources Department to address recruitment and training, evolve job specifications to meet the Public Utilities Department's needs, and adjust expectations for a new workforce.
- **Office of Operational Technology:** The Office of Operational Technology Section is responsible for successfully implementing strategic technology projects under Utility 2.0. The Section will accomplish this by overseeing the Strategic Technology Plan and coordinating the strategic technology project "portfolio". This includes streamlining daily operations within the Public Utilities Department by defining who is responsible for solving technology problems and by providing the Innovation and Technology Department a single point of contact with whom to coordinate technology issues.
- **Business Support:** The Business Support Section is responsible for maintaining internal software programs for the Public Utilities Department, in partnership with the Innovation and Technology Department. Specifically, the Section is responsible for maintaining the Customer Information System (CIS), Siebel System (311), Work and Asset Management System (WAM), and systems which interface with the Customer Information Systems (CIS); PragmaCad System, WebConnect System, Kubra Online System, Inovah System and the Multi-Vendor Reading Systems (MVRS, MV90).
- **Utility Billing:** The Utility Billing Section is responsible for ensuring the accuracy for billing of utility services on behalf of the City by evaluating customer billings and working collaboratively with other divisions. Services include electric, water, sewer, and refuse, resulting in over 112,000 monthly bills and collecting more than \$400 million in annual revenue.
- **Field Services:** The Field Services Section is responsible for the physical initiation of services, reading of electrical and water meters, investigation of energy diversion instances, and delivery of 48-hour shut off notices for non-payment. Each fiscal year, this Section conducts over 2 million meter readings, processes over 100,000 service orders for service initiation or termination, conducts over 300 energy theft cases, and delivers over 120,000 48-hour notices.
- **Customer Services:** The Customer Service Section provides the first point of contact for residential customers in Riverside. The Section handles approximately 463,000 calls and 163,000 walk-in customers annually. Customer Service supports requests for electric, water, sewer, and sanitation services, as well as credit and collections, write-offs, UTILICARE (medical assistance), SHARE and HEAP (low-income assistance), as well as payment option programs such as the Level Pay Program. The Section also take calls for street light repairs, electric and water dispatch emergency calls, and oversee the City's 311 Call Center for non-emergency calls and emergency referrals.
- **Marketing Services:** The Marketing Section is responsible for creating internal and external marketing and advertising materials, including public awareness campaigns for water and energy utilities, as well as citywide sustainability initiatives program. The Section creates and distributes informative materials to customers about Public Utilities Department projects, rates, updates, and Public Benefit rebate programs. The Section also handles media contact, press releases, and social media for the Department, as well as prepares a variety of internal and external presentations and annual reports, and manages and updates the Web and intranet sites for content. The Section also administers employee loyalty programs, sponsorships, special events, promotions, Back of Bill newsletter and bill insertions, annual bottled water distribution to schools and non-profit organizations, and school education programs.
- **Public Benefit Program:** The Marketing Public Benefits Section is responsible for administering both residential and commercial programs and services funded through the state mandated Public Benefit charge for energy efficiency, renewable energy, research, demonstration and development projects and low income assistance. The Section is responsible for managing in-house all aspects of receipt and approval of submitted program rebate applications, including

authorization of payment, and scheduling of inspections for program compliance. The Section also tracks and monitors kilowatt hour (kWh) savings associated with energy efficiency programs and solar rebates provided to customers. Program results for energy efficiency and solar are reported annually to the California Energy Commission as required by the State. This Section is also responsible for managing the Department's Key Account Customer Program for large commercial electric accounts.

- **Legislative and Regulatory Risk:** The Legislative and Regulatory Risk Section is responsible for legislative advocacy efforts at the local, State, and Federal level, as well as maintaining regulatory compliance with respect to Federal Reliability Standards by documenting general policies, procedures, and guidelines.

**Electric:** The Electric Division is responsible for contract and asset management, project coordination services for new electric services, mapping of electric facilities, planning and coordinating major projects, maintenance of electric substations, maintaining the overhead and underground transmission and distribution electric lines, maintaining internal generation facilities, and procuring, maintaining and managing wholesale and renewable power.

- **Production and Operations:** The Electric Production and Operations Section is responsible for the maintenance and operations of electric substation equipment such as power transformers and circuit breakers. This Section also tests and maintains relays and Supervisory Control and Data Acquisition (SCADA) to substations. The Section installs all three-phase commercial meter systems. The Section also includes the dispatch center which monitors and controls the system, responds to customer calls, and dispatches field crews on a 24/7/365 basis.
- **Field Operations:** The Electric Field Operations Section is responsible for system constructs and maintaining the overhead and underground transmission and distribution electric lines that serve the utility energy customers. This Section also provide electrical emergency response and maintains the City's street lighting system.
- **Energy Delivery Engineering:** The Energy Delivery Engineering Section is responsible for planning adequate transmission and distribution capacity to supply the needs of all electric customers. The reliability of service at a system level is reviewed and recommendations are made for improvements, which are eventually translated into the Capital Improvement Program for Transmission and Distribution Projects.
- **Power Supply and Generation:** The Power Supply and Generation Section is responsible for the operation and maintenance of the Springs, Riverside Energy Resource Center (RERC), and Clearwater Cogeneration electric power plants. The Section is also responsible for procuring, administering, and managing the utility's wholesale power (including renewables) portfolio, while meeting or exceeding all state/federal mandates and utilizing data to drive decision making for efficient and effective operations. This includes assessing both short and long-term power needs and negotiating and administering power-supply related contracts. The Section also schedules, validates, verifies and analyzes charges regarding Riverside's power portfolio with the California Independent System Operator (CAISO) to deliver these resources to meet the needs of the electric customers.

**Water:** The Water Division is responsible for the production and distribution of domestic, irrigation, and recycled water to meet the daily demand for utility customers. The Division also estimates future water demands projections and develops cost effective water supply alternatives to meet future demands.

- **Production and Operations:** The Water Production and Operations Section is responsible for production and distribution of domestic, irrigation, and recycled water to meet the daily demand of the water system. The Section maintains all the assets necessary to produce and deliver water to the City's customers effectively and efficiently. This includes ensuring optimal water supply management and storage for maximum day and emergency demands.
- **Field Operations:** The Water Field Operations Section is responsible for the construction and maintenance of water transmission and distribution systems. This includes coordination of daily

planning, supervision, and general administration for construction and maintenance. The Section is also responsible for water main replacements, system connections, fire hydrant installations, and installations of new and replacement water services. The Section also maintains the existing transmission, distribution, and irrigation/canal systems. The Field Operations Section also installs, replaces and maintains water meters, as well as tests new and existing meters for accuracy.

- **Water Engineering:** The Water Engineering Section is responsible for all long-range facility planning, including future water resources supply projections and developing cost effective water supply alternatives to meet future demands, managing and safeguarding the quality and quantity of the City's water resources, Capital Improvement Program budgeting, preparation of environmental documents, grant writing, planning design, construction, management, and mapping/archiving of construction-related documents. The Section also handles coordination of all development-related activity and infrastructure.
- **Water Conservation Program:** The Water Conservation Program Section is responsible for administering residential and commercial programs and services funded through the City Council adopted Water Conservation Surcharge for water efficiency and drought response. The Section is responsible for managing in-house all aspects of receipt and approval of submitted rebate applications, including authorization of payment, and scheduling of inspections for program compliance. The Section also tracks and monitors hundred cubic feet (CCFs) water savings associated with water efficiency programs provided to customers. Program results are included in the Water Engineering Section reports provided to the State and other agencies.

**Central Stores:** The Central Stores Division provides warehousing and accounting control of supplies and materials on behalf of all city departments. The Division orders, receives, stores, issues, and provides inventory control of stock item requirements. This Division also aids in material delivery and Hazmat clean-up as required in emergency response situations.

## DEPARTMENT OBJECTIVES

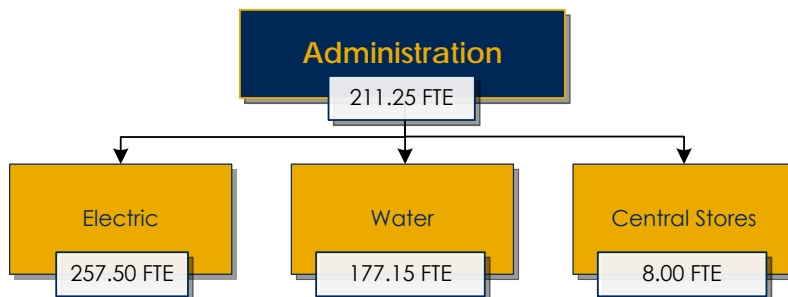

Objectives	Status	Financial and Operational Challenges to Implement Objective
1. Implement Utility 2.0 strategic plan as conceptually approved by the City Council, including public outreach.	Costs are being evaluated through cost of service studies and 10-year pro-forma. Public outreach to begin in summer 2016	It has been approximately six years since the last rate increases and bond funds are depleted. Use of reserves can only be a short-term benefit.
2. Present to the Board of Public Utilities and City Council results of cost of service studies, 10-year pro-forma and rate recommendations.	Anticipated to be presented to the Board of Public Utilities and City Council in third and fourth quarters of 2016.	An adoption of a rate plan is vital and essential for the Water Utility and extremely important for the Electric Utility.
3. Monitor and comply with drought mandates on an ongoing basis and create and develop customer related water conservation programs.	Implemented drought regulations as issued by the Governor and California State Water Resources Control Board – 21 percent reduction achieved.	Water revenues are down 21 percent compared to 2013 and outside funding has been cut or eliminated which has impacted ability to fund water conservation rebate programs.
4. Develop and implement plans for light-emitting diode (LED) streetlight program.	Fee negotiations with highest ranked consultant for professional services	No significant operational challenges are anticipated, except for the need to obtain Historical Preservation Certificates of Appropriateness.

Objectives	Status	Financial and Operational Challenges to Implement Objective
5. Develop and implement plans for automated metering infrastructure for commercial and industrial customers.	Preliminary exploration of automated metering infrastructure options.	Currently in the early exploration process. Financial and operational challenges will be determined as options are being evaluated.
6. Complete the Intermountain Power Project (IPP) replacement strategy.	On-going	Significant challenges remain regarding extending transmission service contracts; on-going analysis on Plan B (IPP alternative solution).
7. Implement Phase 1 of the Fiber Business Plan.	Completed the Fiber Enterprise Study and received approval for Phase 1.	Phase 1 costs are included in current budget. Implementation is under way.
8. Develop, in collaboration with city Innovation and Technology Department, a cyber-security plan; and in parallel, implement applicable recommendations of the physical security plan.	City retained consulting firm Securicon and is reviewing draft report and recommendations.	Specific recommendations requiring capital outlay to be addressed in rate plans, other operational improvements to be implemented using current budgeted funds and staffing.
9. Implement the Workforce Development Plan, including establishment of the Office of Operational Technology Division and data analytics group.	The Office of Operational Technology Section will be created with personnel and non-personnel funding as part of the FY 2016/17 budget.	A rate plan for both electric and water is necessary to fully implement the Utility 2.0 roadmaps for these Sections.

# NON DEPARTMENTAL

The Non Departmental budget represents activities that are not budgeted within a specific General Fund department. These items are typically large in nature, are required to be funded, and are therefore not subject to budget cuts. As a result, they are budgeted here in Non-Departmental in order to avoid inflating the General Fund budgets of other Departments.

## OVERVIEW

The Non-Departmental items include activities that do not belong to any one department or activities that serve either the entire city or many departments at once. Such activities include the following:

- Riverside Convention Center operations
- Fox Performing Arts Center operations
- Municipal Auditorium operations
- Street Lighting Assessment District activities
- Animal control contract
- City Hall building maintenance and occupancy costs
- Crossing Guards contract

## BUDGET OVERVIEW

The Non Departmental total recommended FY 2016/17 Budget is \$36.8 million and FY 2017/18 is \$36.4 million. This represents a 3.5 percent decrease which is largely driven by a reduction pursuant to the Live Nation agreement as well as the UUT refund agreement which ends in September of 2016.

## Personnel

The Non Departmental does not have a Personnel Budget.

## Non-Personnel

### Changes FY 2015/16 to 2016/17

The Department's FY 2016/17 Non-Personnel Budget is \$13.5 million, a decrease of \$92,303 or 0.7 percent from the FY 2015/16 Adopted Budget of \$13.6 million. The budget decrease is largely due in pursuant to the Live Nation agreement.

### Changes FY 2016/17 to 2017/18

The Department's FY 2017/18 Non-Personnel Budget is \$13.1 million, a decrease of \$428,329 or 3.2 percent from the FY 2016/17 Adopted Budget of \$13.5 million. The budget decrease is due to the net of:

- Decrease in building maintenance, repair, and improvements for One-Stop Shop one-time expenditure
- Decrease in Development Agreements as a result of the two-year UUT refund which concludes in September of 2016.
- Increase in Direct Insurance Charges

Overall, the remaining \$22.4 million which is comprised of Special Projects, Capital Outlay, and Charges To/from expenditure categories will largely remain unchanged from FY 2016.

The table below reflects the expenditure budget summary and includes Charges to, Charges From, and Operating Transfers. The table provides an overview of the department's spending as well as its managed savings, utilization charges, and transfers. The net expenditures total represents a spending deficit or surplus that will be offset by departmental revenue or an adjustment to fund balance. It should be noted that negative expenditure totals will be adjusted during the year or will increase fund balance.

# CAPITAL IMPROVEMENT PROGRAM SUMMARY

## THE CAPITAL IMPROVEMENT PROJECT AND THE CITY'S BIENNIAL OPERATING BUDGET

Fiscal Year (FY) 2016/17 marks the transition of the CIP from an annual budget to a biennial budget to parallel the City's Biennial Operating Budget. Both the City's Biennial Operating Budget and the CIP will be counterparts, and supplement to each other, both with a Biennial budget and five-year plan that goes further to identify the funded and unfunded needs of the City. Although the two budgets are similar, the approval of the CIP Plan does not signify appropriation of funds. Rather, the CIP Plan serves as a planning instrument for both budgeting and infrastructure development. The actual appropriations are made for capital projects when the City Council approves the City's biennial budget.

The CIP Plan's first two years reflect the highest priority capital projects that are included in the Biennial Operating Budget for Fiscal Years 2016/17 and 2017/18. The remaining three Fiscal Years 2018/19 through 2020/21 reflect staff's recommendation to fund higher priority projects and/or are a continuation of projects that span more than one year. These projects three years out are subject to review and revision every two years by the City Council as part of the biennial budget process.

### FUNDING SOURCES

The City employs a combination of approaches to fund its capital projects. For many smaller improvement projects, funds are appropriated from cash on hand. Large-scale capital projects are funded through a variety of methods including long-term financing, user fees, proceeds from bond issues, grants, assessments, impact fees, and tax levies certificates of participation (COPs), and reserve balances. Since the City's various Departments are budgeted within numerous Funds, each potentially with multiple revenue streams, the CIP departments are responsible to manage the revenue and expenditure budgets of their CIP projects.

The Funds in which capital improvements are budgeted and the various funding sources that provide revenue to these Funds are described below by CIP program section. General Fund revenue sources are not described, due to the complex nature of sources providing revenue to the General Fund. The General Fund's major support comes from the sales tax, property tax, fees for services rendered, the utility users tax, and transfers from the Electric and Water Funds. General Fund projects are budgeted on an availability of funds basis and funded from annual revenues.

### **Airport**

Capital expenditures for the Riverside Municipal Airport are budgeted in the Airport Fund (530), which is an enterprise fund. The Federal Aviation Administration (FAA) will fund up to 95 percent of eligible projects. And, under the California Department of Transportation (CALTRANS) Division of Aeronautics' grant program, the City can apply for 2.5 percent matching funds for FAA-approved projects. Revenue sources include:

- Rent Revenues – revenue from rented facilities.
- Landing and Tie Down Fees – fees assessed on aircraft operating at and based at the Airport.
- Fuel Sales – revenue from the sale of fuel purchased from the Airport.
- Fuel Flowage Fees – fees charged on fuel purchased at the Airport.
- Non-Commercial Aircraft Tax – funds generated from taxes imposed on non-commercial aircraft.
- CALTRANS Grants – grant proceeds received from the Division of Aeronautics.
- Airport Improvement Program (AIP) Grants – grant proceeds received from the FAA.

## Electric

Capital expenditures for the City's Electric Utility are budgeted in the Electric Fund (510), which is an enterprise fund. Revenue sources include:

- Electric Rates – revenue from rates.
- Contributions In Aid of Construction – funding contributions by private parties.
- Bond Proceeds – proceeds from the sale of revenue bonds.

## Municipal Buildings and Facilities

Projects included in the Municipal Buildings and Facilities CIP are funded primarily from the General Fund (101). In certain cases, projects are funded from other Funds when a project impacts a non-General Fund Department (such as Public Utilities).

## Parks, Recreation, and Community Services

Capital expenditures for the Parks, Recreation, and Community Services Department are budgeted in the General Fund (101), the Local Parks Fund (411), and the Regional Parks Fund (413). Neighborhood park improvements are funded through the Local Parks Fund, while regional park improvements are funded through the Regional Parks Fund. Major revenue sources include:

- General Fund Revenues.
- Development Fees – portions of fees charged when property is developed that are dedicated to the funding of local and regional parks and recreation facilities.

Local Park Fee and Regional Park Fee revenues are dependent on development. Therefore, the CIP only shows projects as funded for which fee revenues are already available and/or that are annual funding obligations. As funding becomes available, the Parks, Recreation, and Community Services Department will request that the City Council appropriate funds for projects contained in the Unfunded Capital Projects list.

## Public Parking

Capital expenditures for the City's Public Parking facilities are budgeted in the Public Parking Fund (570), which is an enterprise fund. Revenue sources include:

- Rent Revenues – revenue from rented facilities.
- Garage, Lot and Meter Fees – fees charged for parking.
- Parking Fines – fines assessed for parking violations.
- Bond Proceeds – proceeds from the sale of revenue bonds.

## Sewer

Capital expenditures for the construction and improvement of the City's sewer system are budgeted in the Sewer Fund (550), which is an enterprise fund. In addition to capital expenditures, operational expenditures related to the operations and maintenance of the City's sewer system are budgeted in the Sewer Fund. Revenue sources include:

- Sewer Connection Fees – fees charged when property is developed that are dedicated to the funding of sewer infrastructure projects.
- Service Charges – funds that are generated from service charges to users of the City's sewer system.
- Community Services District (CSD) Payments – payments from Community Services Districts for which the City provides sewage treatment services.
- State Revolving Loans – low interest loans provided by the State to fund capital improvements.
- Bond Proceeds – proceeds from the sale of revenue bonds.

## Storm Drain

Capital expenditures for the construction and improvement of storm drains are budgeted in the Storm Drain Fund (410). Revenue sources include Storm Drain Fees – fees charged when property is developed that are dedicated to the funding of storm drain infrastructure projects.

## Transportation and Railroad-Related Projects

Capital expenditures for the construction and improvement of transportation infrastructure are budgeted in the General Fund (101), the Special Gas Tax Fund (230), the Capital Outlay Fund (430), the Measure A Fund (432), the Transportation Development Impact Fees Fund (433), and the Transportation Uniform Mitigation Fees Fund (434). The revenues to the 230, 430, 432, 433, and 434 Funds are restricted and as such have to follow strict spending regulations and reporting guidelines. In the detailed tables found in the Transportation program section of the CIP document, the revenue sources include:

- Signal Mitigation Fees – a city funding source generated from portions of fees charged when property is developed that are dedicated to funding new and upgraded traffic signals.
- Transportation Impact Fees – a city funding source generated from portions of fees charged when property is developed that are dedicated to funding local transportation capacity improvements.
- Measure A Sales Tax Revenue – a city and County funding source generated from Riverside County's half-cent sales tax dedicated to transportation projects that is allocated directly to the City of Riverside through the Riverside County Transportation Commission.
- Transportation Uniform Mitigation Fees (TUMF) – a regional funding source generated from portions of fees charged when property is developed that are dedicated to funding regional transportation capacity improvements.
- State Gas Tax Revenue – revenue generated by the State's tax on gasoline sales that is dedicated to local transportation capacity improvements.
- State Proposition 42 Revenue – revenue generated by additional gas tax revenues allocated to transportation projects by voter initiative.
- State Proposition 1B Revenue – revenue generated by the sale of bonds authorized by voter initiative for transportation improvements.
- Congestion Mitigation and Air Quality (CMAQ) Improvement Program – a Federal funding program authorized by the Intermodal Surface Transportation Efficiency Act (ISTEA) that provides grants primarily for traffic signal projects, transportation demand management projects, and transit projects.
- Surface Transportation Program (STP) – a Federal funding program authorized by ISTEA that includes two funding mechanisms – one is a population formula program where local agencies receive funds for transportation improvement projects according to their respective populations and the other provides grants for projects that reduce traffic congestion, improve transportation circulation, and maintain transportation infrastructure.
- Surface Transportation Program Local (STPL) – STPL is similar to STP, except that funds are dedicated to local street improvements.
- Demonstration (DEMO) Funds – allocations of STP funds for specific projects earmarked by congress.

- Congressional Earmarks – project-specific appropriations made by congress to fund transportation capacity improvements.
- California Public Utilities Commission Grade Separation Program – a funding program administered by the California Public Utilities Commission that provides funding for railroad grade separations.
- Railroad Funds – private funding from the Union Pacific and BNSF railroads to assist with the construction of railroad grade separations.

## Water

Capital expenditures for the City's Water Utility are budgeted in the Water Fund (520), which is an enterprise fund. Revenue sources include:

- Water Rates – revenue from rates.
- Contributions In Aid of Construction – funding contributions by private parties.
- Bond Proceeds – proceeds from the sale of revenue bonds.

## FUNDED CAPITAL IMPROVEMENT PROJECTS

The Capital Improvement Program covers a five-year period, beginning in FY 2016/17 through FY 2020/21. The first two years, FY 2016/17 and 2017/18, have a total budget of \$92.4 million and \$64.8 million respectively. There are 87 funded CIP projects in the first year and 70 projects in the second year. The CIP projects are related to the maintenance and replacement of existing facilities, as well improvements to facilities that are needed to comply with State and Federal mandates, such as water conservation measures and accessibility for the disabled. Other projects involve construction of new facilities, the expansion of existing facilities to accommodate growth or are existing facilities that are expanded to accommodate growth.

The highest priority projects are budgeted in FY 2016/17 and 2017/18 and are planned in FY 2018/19 through 2020/21. The five-year CIP plan includes \$348.1 million worth of funded capital projects.

## UNFUNDED CAPITAL IMPROVEMENT PROJECTS

The projects that were identified, but for which no current funding exists, are categorized as unfunded. These unfunded projects are further categorized by: added value/increase efficiency, cost reduction, enhancement/beautification, health and safety, and legal mandate. These unfunded CIP projects capture the CIP needs of the City to the extent they can be identified at this point in time.

Unfunded CIP Projects total \$1.1 billion. The table below shows the unfunded projects by department and, within each department, by needs category.

**TABLE 144 – UNFUNDED CIP PROJECTS BY DEPARTMENT**

## PERSONNEL OVERVIEW

The Personnel Detail serves as the central point of position control for tracking all authorized positions throughout the City. A citywide summary is provided on the following two pages. The detailed pages that follow list each authorized full-time and part-time position by Department and Section.

All positions, both full and part-time, are shown in Full-Time Equivalents (FTE). A Full-Time Equivalent (FTE) is defined as a position that works 2,080 hours per fiscal year. For example, a full-time employee who works 2,080 hours per year would equal 1.00 FTE. A part-time employee who works 1,040 hours per fiscal year would equal 0.50 FTE.

**CHART 23 – CITYWIDE PERSONNEL BY DEPARTMENT FY 2016/17 AND 2017/18**

## PERSONNEL DETAIL

The Personnel Detail is updated to reflect City Council actions that have taken place since the previous year's Annual Budget was adopted, as well as any changes proposed by the City Manager through the budget development process. Position changes previously approved by the City Council will be indicated in the footnotes by the date of the Council action. All other additions, deletions, transfers, or reclassifications were authorized with the adoption of the Budget by the City Council in June 2016. All positions that are to be deleted are vacant unless otherwise noted.

For each authorized position, the following fields are shown in the pages that follow:

1. **GL Key:** The General Ledger Key for the home Section of the position.
2. **PCN:** The Position Control Number for the position, which is made up of the following three components:
  - Loc: The Location for the position, which is uniquely related to the GL Key for the Section.
  - Job: The position's Job Code, which is uniquely related to the position title.
  - Type: The position's Assignment Number, which represents the type of position and related benefits: F for full-time, benefited; T for three-fourths time, benefited; H for one half time, benefited; and N for part-time, non-benefited.
3. **Description:** The position's job title.
4. **Footnotes:** References to footnotes describing changes between the current year's Annual Budget and the prior year's Annual Budget.
5. **Authorized 2015/16:** The total FTE count for each position authorized at the time of adoption of the prior year's Annual Budget.

6. **Adopted 2016/17 (Authorized):** The total FTE count for each position to be authorized following adoption of the current year's Annual Budget.
7. **Adopted 2017/18 (Authorized):** The total FTE count for each position to be authorized following adoption of the current year's Annual Budget.

# GLOSSARY OF TERMS

**Accrual Basis of Accounting**

The basis of accounting by which revenues are recorded when earned and expenditures are recorded as soon as they result in liabilities for benefits received.

**Appropriation**

A specific amount of money authorized by the City Council for an approved work program or individual project.

**Assessed Valuation**

A dollar value placed on real estate or other property by Riverside County as a basis for levying property taxes.

**Balanced Budget**

A budget in which planned expenditures do not exceed planned funds available.

**Basis of Budgeting**

Budgets are adopted on a basis consistent with accounting principles general accepted in the United States of America. Annual appropriated budgets are adopted for all departments within the general, special revenue and capital projects funds.

**Beginning/Ending Fund Balance**

Unencumbered resources available in a fund from the prior/current year after payment of the prior/current year expenses.

**Bond**

A certificate of debt issued by an entity, guaranteeing payment of the original investment, plus interest, by a specified future date.

**Budget**

An annual financial plan that identifies revenues, types and levels of services to be provided, and the amount of funds that can be spent. The City of Riverside's budget encompasses one fiscal year.

**Budget Calendar**

The schedule of key dates or milestones, which the city follows in the preparation and adoption of the budget.

**Budget Message**

A general discussion of the preliminary/adopted budget presented in writing as part of, or supplement to, the budget document. Explains principal budget issues against the background of financial experience in recent years and presents recommendations made by the City Manager.

**CalPERS**

The California Public Employees Retirement System, which is the agency providing pension benefits to all city employees.

**Capital Expenditures**

Typically are expenditures related to major construction projects such as roads, buildings, and parks. These expenditures are typically capitalized and depreciated over time.

**Capital Improvement Program**

A multi-year financial plan containing proposed construction of physical assets, such as park, street, sewerage, cultural, and recreation facilities. This program has identified all projects, which are the responsibility of the City between the present to build out.

**Capital Projects**

Projects that purchase or construct capital assets. Typically a capital project encompasses a purchase of land and/or the construction of a building or facility.

**Capital Outlay**

Equipment (fixed assets) with a value of \$5,000 or more (or \$1,000 for electronic equipment) and an estimated useful life of more than one year, such as automobiles and office furniture, which appear in the Operating Budget.

**Central Services Fund**

A fund that provides services to all city departments and bills the various other funds for services rendered. Examples of Central Services Funds include Finance, Human Resources, and General Services.

**Community Development Block Grants (CDBG)**

Funds established to account for revenues from the federal government and expenditures as prescribed under the Community Development Block Grant program.

**Comprehensive Annual Financial Report (CAFR)**

Financial report organized by fund, which provides a balance sheet that compares assets with liabilities and fund balance. The CAFR is also an operating statement that compares revenues with expenditures.

**Contingency**

An appropriation of funds to cover unforeseen events that occur during the fiscal year, such as federal mandates, shortfalls in revenue, and similar eventualities.

**Council-Manager Form of Government**

An organizational structure in which the Mayor and City Council appoint an independent City Manager to be the chief operating officer of a local government. In practice, a City Council sets policies and the city manager is responsible for implementing those policies effectively and efficiently.

**Continuing Appropriations, or Carryovers**

Funding approved in the current budget but not expended during a particular fiscal year. These appropriations are carried forward into the next fiscal year for their original intended purpose.

**Cost Allocation**

A method used to charge General Fund overhead costs to other funds, such as enterprise funds and internal service funds.

**Debt Service**

The payment of principal and interest on borrowed funds, such as bonds.

**Department**

An organizational unit comprised of programs or divisions. Examples include the Police Department, Library, and Human Resources Department.

**Encumbrance**

A legal obligation to expend funds for an expenditure that has not yet occurred.

**Enterprise Fund**

A fund type established to account for the total costs of selected governmental facilities and services that are operated similar to private enterprises.

**Equipment Outlay**

A category of expenditures that captures purchases of capital equipment, such as furniture, vehicles, large machinery, and other items.

**Estimate**

Represents the most recent estimate for current year revenue and expenditures. Estimates are based upon several months of actual expenditure and revenue experience and consider the impact of

**Expenditure**

The actual spending of funds set aside by appropriation for identified goods and services.

**FBO**

A fixed base operator, which is the location on an airport that services and provides fuel to private aircraft.

**Fee**

A general term used for any charge levied by government for providing a service or performing an activity.

**Fines, Forfeitures, and Penalties**

Revenue category that contains monies resulting from violations of various city and state laws, and from damage to city property.

**Fiscal Year**

A twelve-month period of time designated as the budget year. The City of Riverside's fiscal year is July 1 to June 30.

**Full-Time Equivalent (FTE)**

A position converted to the decimal equivalent of a full-time position based on 2,080 hours per year. For example, a part-time Typist Clerk working 20 hours per week would be equivalent to one-half of a full-time position, or 0.50 FTE.

**Fund**

A set of inter-related accounts to record revenues and expenditures associated with a specific purpose.

**Fund Balance**

The amount of financial resources in a given fund that are not restricted to fund existing commitments and are therefore available for any use permitted for the fund.

**GANN Limit (Proposition 4)**

Under this article of the California Constitution, the City must compute an annual appropriation limit that states a ceiling on the total amount of tax revenues the City can appropriate annually.

**Generally Accepted Accounting Principles (GAAP)**

Uniform minimum standards used by state and local governments for financial recording and reporting that have been established by the accounting profession through the Governmental Accounting Standards Board (GASB).

**General Fund (101)**

The primary fund used by the City for which revenues and expenditures are not legally restricted for use. Examples of departments operating within the General Fund include Fire, Police, and City Manager.

**Governmental Accounting Standards Board (GASB)**

The Governmental Accounting Standards Board (GASB) was organized in 1984 by the Financial Accounting Foundation (FAF) to establish standards of financial accounting and reporting for state and local governmental entities. Its standards guide the preparation of external financial reports of those entities.

**Grant**

Contributions of cash or other assets from another governmental agency or other organization to be used or expended for a specific purpose, activity or facility.

**HUD**

The United States Department of Housing and Urban Development.

**Infrastructure**

Facilities that support the daily life and growth of the City, for example, roads, water lines, and sewers.

**Interfund Transfers**

A transfer of funds between departments/ funds for specific purposes as approved by the appropriate authority.

**Internal Service Funds**

A fund for financing and accounting for a department's (or division's) work for other fund transfers.

**Levy**

To impose taxes, special assessments, or charges for the support of city activities.

**Licenses and Permits**

Revenue category that accounts for recovering costs associated with regulating business activity.

**Mission Statement**

A broad statement that describes the reason for existence of an organization or organizational unit, such as a department.

**Non-Personnel Expenses**

Expenditures related to professional services and supplies.

**NPDES**

The National Pollution Discharge Elimination System, which is a permitting process with which the City is required to comply to ensure that storm water runoff is not contaminated.

**Objective**

Describes an outcome to be accomplished in specific well defined and measurable terms and is achievable within a specific timeframe. Generally, departmental programs have objectives.

**Ordinance**

A formal legislative enactment by the governing board (City Council) of a municipality. If it is not in conflict with any higher form of law, an Ordinance has the full force and effect of law within the boundaries of the municipality to which it applies.

**Operating Budget**

The annual appropriation of funds for on-going program costs, which include salaries, benefits, maintenance, operation, and capital outlay items.

**Performance Measures**

Statistical measures, which are collected to show the impact of dollars, spent on city services.

**PERS**

The California Public Employees Retirement System, which is the agency providing pension benefits to all city employees.

**Personnel Expenses**

An expenditure category that captures expenses related to employee compensation, such as salaries and fringe benefits. Personnel expenses include salaries, pensions, retirement, special pay, and insurance for full-time and part-time employees of the City

**Preliminary Budget**

A balanced budget presented to the City Council by the City Manager. Any City Council changes to the preliminary Budget are incorporated into the final adopted budget.

**Program**

Represents major areas or support functions; defined as a service provided to citizens, other departments, or other agencies.

**Request for Proposals**

A written solicitation issued by a Using Agency which generally describes the Goods or Services sought to be Procured by the City, sets forth minimum standards and criteria for evaluating proposals submitted in response to it, generally describes the format and content of proposals to be submitted, provides for negotiation of terms and conditions of the Procurement Contract and may place emphasis on described factors other than price to be used in evaluating proposals.

**Revenues**

Funds received from the collection of taxes, fees, permits, licenses, interest, and grants during the fiscal year.

**RORF**

A Redevelopment Obligation Retirement Fund, which is a requirement of the legislation dissolving California Redevelopment Agencies. The assets and liabilities of each former Redevelopment Project Area are now housed in individual RORFs.

**Routine Fund Balance Change**

A routine fund balance change is one that occurs year-to-year due to the nature of the fund. For example, the City's Central Garage Fund routinely has fluctuations in available fund balance as a result of periodic acquisitions of vehicles. For those funds where changes greater than 10% are frequent, the specific reasons for the change are not discussed in the Annual Budget in detail.

**Schedule**

A summary of expenditures, revenues, positions, or other data that reflects funding sources and spending plans of the budget and capital improvement programs.

**SEIU**

The Service Employees International Union, which is the union representing the majority of the City's non-public safety and non-management employees.

**SERAF**

References the Supplemental Education Revenue Augmentation Fund, to which the City was required by the State to contribute various funds to assist in balancing the State budget. Certain Low and Moderate Income Housing Funds were loaned to make the payment, which will be repaid over several years.

**Special Project**

An account created for operating expenditures that relate to a specific project or program and should therefore be segregated from general expenditures in the Section housing the Special Project.

**Special Revenue Funds**

Revenues received that have specific purposes for which they are earmarked.

**Transfers**

Authorized exchanges of money, positions, or other resources between organizational units or funds.

**Transient Occupancy Tax (TOT)**

A tax that is levied on occupants of hotel and motel rooms in the City.

**VLF**

Vehicle license fees, which are collected by the State of California when vehicles are registered with the California Department of Motor Vehicles and distributed to various public agencies, including the City.

<sup>60</sup> This line reflects FY 2015/16 departmental savings that will be "carried over" to the next fiscal year. This amount is not reflected because City Council approval does not recommend until after the budget is adopted and the year-end fiscal procedures have been completed.

<sup>61</sup> See page 112 for more information

<sup>62</sup> The City anticipates the update will result an improvement in the allocation of general fund costs. See page 43 for more information about the cost allocation plan.

<sup>63</sup> Riverside Public Utility anticipates reduction in water conservation costs due to changes in drought restrictions– see page 377 for more information.

<sup>64</sup> This represents the percentage of spending that the fund balance represents.

<sup>1</sup> Excludes water stock acquisition rights, copier leases, development agreements, and amortization of premiums and discounts on outstanding debt, none of which are material.

<sup>2</sup> 48.3% of the debt service for these bonds is allocated to other Funds based on the percentage of miscellaneous CalPERS plan employees budgeted in those Funds.

<sup>3</sup> 25.4% of the debt service for these bonds is allocated to the Parking Fund for the construction of Garage 6 and to the Successor Agency for the construction of the University Village garage.

<sup>4</sup> Debt service for this loan is primarily funded from a voter-approved increase in the transient occupancy tax rate from 11% to 13%.

<sup>5</sup> A portion of the debt service for this loan related to non-parking facilities is funded by the General Fund.

<sup>6</sup> Under the terms of an existing development agreement, increased incremental sales tax resulting from the expansion of the Auto Center funds the debt service on these bonds.

<sup>1</sup> Excludes water stock acquisition rights, copier leases, development agreements, and amortization of premiums and discounts on outstanding debt, none of which are material.

<sup>2</sup> 48.3% of the debt service for these bonds is allocated to other Funds based on the percentage of miscellaneous CalPERS plan employees budgeted in those Funds.

<sup>3</sup> 25.4% of the debt service for these bonds is allocated to the Parking Fund for the construction of Garage 6 and to the Successor Agency for the construction of the University Village garage.

<sup>4</sup> Debt service for this loan is primarily funded from a voter-approved increase in the transient occupancy tax rate from 11% to 13%.

<sup>5</sup> A portion of the debt service for this loan related to non-parking facilities is funded by the General Fund.

<sup>6</sup> Under the terms of an existing development agreement, increased incremental sales tax resulting from the expansion of the Auto Center funds the debt service on these bonds.
